## OSCAR DE PRIEST GIVES TALK TO A. & T. STUDENTS

Noted Negro Congressman in Favor of Military Training.

### PRES. BLUFORD SPEAKS

Plans to Return Parham to West Point Until Able to Make Grade in Math.

Honorable Oscar DePriest, representative from the first Illinois district, the only negro holding a seat in the United States Congress, was a speaker at the regular chapel exercises Tuesday, May 19. The white-haired political wizard, serious in nature, consistently drew applause from an interested audience which jammed the new Dudley hall auditorium.

The Congressman and his party composed of Messrs. R. L. Campbell, Reid Fisher, Gibbs, Oxley, and Reverends Greene and Weatherly were met at the college arch entrance by the A. and T. band which played a patriotic march as the group moved toward Dudley Hall.

On the beautiful white steps of the Administration building Mr. DePriest was formally introduced by President Bluford who officially welcomed him to our campus.

The entire substance of Mr. DePriest's address centered around military training. He encouraged the college to put even more emphasis upon military training as a necessary equipment of every race. On several occasions he referred to Parham, a student whom he had sent to West Point to receive such training but who had failed. He stated his intention to keep sending black students to both West Point and Annapolis until they finally remained.

The address was both inspiring and educational.

After the address, Mr. DePriest posed for pictures, with his party and with a few of the co-eds.

## A. & T. LOSE AND GAIN IN GOOD FACULTY MEMBERS

Profs. Crutcher and Jones Return in June to Take Up Where They Left Off Last September.

### PURYEAR TO GRADUATE SCHOOL

At the end of the school year the A. and T. faculty will lose and gain, in that two valuable members in the person of Dr. Carson and Dean W. H. Puryear will leave for Harvard and the University of Pennsylvania, respectively.

Dr. Carson head of the department of Biology and instructor of veterinary sciences has made quite a record while here and is loved by all.

Dean Puryear, "our own," came here from Whiteville high school, where he went after graduation from this institution in 1929, with honors. During the same year serving as president of the student body and assistant in English.

On the returning list we find Professor T. B. Jones, registrar, who has been studying at Columbia for his doctor's degree, and Professor B. H. Crutcher, who has also been on leave to study at Cornell. He will resume his position as head of biology and bacteriology.

With the return of the latter mentioned persons; the loss of Dr. Carson and Dean Puryear with expectation of their return, we feel that our faculty will be second to none in any college.

## TO LEAD COMMENCEMENT PROCESSION

PRESIDENT F. D. BLUFORD

Pictured above is our dear beloved president who will lead the 33rd commencement procession, 2:30 p. m., Tuesday, May 2, 1931.

President Bluford, a native of Capahosich, Va., during the period of his presidency at A. and T. has brought the institution from "C" standing to a recognized "A" rating. This is sufficient to characterize a successful administration.

## 26 SENIORS TO GRADUATE IN 33RD COMMENCEMENT

Four Greensboro Students to Come With Group to Finish at Local Institution.

### THREE COME FROM BEAUFORT

A class of 26 is to graduate at the thirty-third annual commencement exercises of the Agricultural and Technical college, Tuesday, May 2, 1931. It is interesting to note that the class members come from states included in the territory between Tennessee and the Atlantic and Massachusetts and South Carolina.

The class roll is as follows: N. C. Allen, Columbia, S. C.; N. P. Anderson, Beaufort, N. C.; J. N. Armstrong, Rogersville, Tenn.; P. G. Bembry, Hertford, N. C.; E. F. Corbett, Greensboro, N. C.; G. E. Crenshaw, Method, N. C.; C. U. DeBerry, Greensboro, N. C.; E. A. Draughan, Tarboro, N. C.; Frank Faison, Clinton, N. C.; Miss J. M. Gidney, Shelby, N. C.; H. P. Jewell, Cambridge, Mass.; Miss Minnie Johnson, Lynchburg, Va.; G. R. Jordan, Elizabeth City, N. C.; Nolan Little, Newport News, Va.; G. V. McCallum, Greensboro, N. C.; J. C. McLaughlin, Raiford, N. C.; N. C. McPhail, Greensboro, N. C.; C. C. Miller, Greensboro, N. C.; W. A. Peddy, Durham, N. C.; E. L. Peterson, Fredricksburg, Va.; C. W. Pickett, Beaufort, N. C.; J. A. Streater, Cheraw, S. C.; G. T. Swinson, Snow Hill, N. C.; J. R. Thomas, Method, N. C.; W. H. Whitted, Goldsboro, N. C.; F. A. Williams, Beaufort, N. C., and C. W. Pickett, Beaufort, N. C.

## MUSIC DEPT. GIVEN NEW STEINWAY GRAND PIANO

Instrument Valued at \$2,000 Is Received by Prof. L. A. Walls, Who Is Well Satisfied.

### INSTRUMENT OF THE IMMORTALS

Prof. L. A. Walls, on the part of the Music department was the happy recipient of a new Steinway grand piano. He was so pleased that the remainder of the afternoon was spent at the "Instrument of the Immortal," playing the most difficult of the classics. This was a concert in itself.

The Steinway Grand, reputed as being the finest in piano manufacture, is a very beautiful instrument. The one that now adorns our auditorium rostrum is hand carved carrying a very fancy design. It is of ebony finish with a blackness that rivals the blackness of coal. The tone, according to Prof. Walls, approaches favorably the best that he has heard, and the improvement that is expected through usage should outstrip many.

"The resonance," said Prof. Walls, "is perfect, but the keys are a little stiff, but they will be all right in a few days." The instrument represents a cost of \$2,000. It was bought from the Greensboro Music Co., the same firm from which the band instruments were bought.

### Choral Club Gives Concerts

The A. and T. Choral club, directed by Prof. L. A. Walls, gave two concerts at Wilmington, Monday and Tuesday of last week.

## RADIO STATION IS INSTALLED AT A. & T.

W4ASX, a radio station operated by student W. A. Armwood, Jr., went on the air May 15, 1931. This station, a short wave affair, consists of two units; a transmitter and receiver. Both units were completely built by Armwood in connection with the electrical engineering department of the institution. During the short period of its operation, several distant contacts have been made, which shows that W4ASX is demanding the respect of that vast fraternity of "Hams" (a novice in radio operation) throughout the nation.

Amateur radio stations have international, national and local value. "Hams" all over the globe are in constant touch with each other, directly or indirectly, discussing problems of common interest. The English language is being adopted as the universal medium of communication.

Much credit is due Student Armwood for the establishment of this radio unit. This makes the second of its kind in active operation on the campus.

It seems as though the campus is going radio crazy.

## NEWLY FORMED BAND IS IMPROVED

Organized Only Since October Combination Can Play Difficult Numbers.

### 'DEEP' HENDERSON LEADS

The A. and T. band, an organization consisting of 35 individuals, has made such progress that it requires the commendation of the entire student body. The band of this year was first organized about October 1, with Mr. Ahern as director.

The band has made several public appearances, at which times it was directed by "Deep" Henderson, a freshman at this institution. At each performance a radical improvement has been shown.

This musical organization is composed of the following individuals: Dupree, Withers, Barnes, Luck, Barge, Winslow, Burnside, Grimes, Monroe, Henderson, Speller, Outlaw, Eliot brothers, Manning, Harris, Hawkins, Peay, Bullock, Burgess, Brown, Dudley, Harper, Walls, Foust, Hallomond, and Walker.

## NEGRO BUSINESS WEEK OBSERVED BY SIGMAS

Several Good Speakers Give Talks on Problems Connected With Small Businesses.

Eta chapter of Phi Beta Sigma fittingly observed Bigger and Better Negro Business week, its annual project.

Bro. J. A. Tarpley, principal of J. B. Dudley high school; Brother R. T. Weatherly, pastor St. Matthew's church, and Brother M. F. Spaulding, dean of the Agriculture department, were the speakers of the week.

At the conclusion of the week, the chapter presented President Bluford a cash scholarship to be awarded to some student entering school here each year. After which President Bluford spoke at length in favor of the movement, during which he highly commended the chapter on such a constructive program in carrying out its motto: "Culture for Service, and Service for Humanity."

## HIGH SCHOOL DEPT. TO BE DISCONTINUED AT END OF YEAR

About Thirty-One Students Affected in Action—21 to Finish.

### H. S. IN STATE IMPROVED

Been in Operation for Forty Years; Will Close on Account of Costs Lost to Graduate.

The A. and T. high school department which at present has a total enrollment of 52 students, is to be totally discontinued, according to reports recently issued. The department which has been in active operation since 1891, has served an enormous purpose for those seeking training in the great commonwealth of North Carolina. This year's senior class of 21 students is to be the last to receive high school certificates from the institution.

The course of this action may be attributed to two main reasons. In the first place, the high school improvement campaign in the state of North Carolina, which has been waged for the last few years has, in a great measure, brought secondary training to the very doors of Negro children. This makes the high school department, in connection with a college, a practically unnecessary thing.

In the second place, the operation of a high school department which serves such a small number of pupils as 52, would prove too expensive.

Ordinarily, only about 32 students will be affected, since the graduating class is composed of 21.

Just another step in "Bigger and Better A. and T."

## ALPHAS TAKE FIRST PLACE IN ORPHEUM

First Attempt Goes Over Big as Various Organizations Participate for Prizes.

### OMEGAS' STUNT GETS SECOND

Never before has such a galaxy of talent been displayed as at A. and T. was on a recent Thursday night, when Y. W. C. A. presented "The Orpheum," a program consisting of short acts from the "frats" and clubs of the school. The act receiving the strongest applause was awarded \$5, next \$1.50.

The Alpha Phi Alpha fraternity presenting "Just Two," starring "47" Williams, "Monk" Little and "J. D." Howard, won first prize, while Omega Psi Phi, with "Guess Who," featuring Troy Williamson, W. H. Monroe, E. F. "Chief" Corbett, B. H. Thornton, "Bill" Whitted, "L. D." Fitzgerald, R. E. Jones, and E. S. "Half Pint" Houston, took second honors.

All presentations were well received. Phi Beta Sigma had "Wedding Bells," a womanless marriage, and created much laughter when Rev. Parnell united "Channey" and Lassiter as man and wife. Preceding the ceremony, Geo. Willis as a lady, sang "At Dawning."

"Registration Day at Hickory College" was the Men's Athletic club's contribution; Love in a Tux, the Dramatic club; Smoke Screen and Dusty, the Originals, by Y. M. C. A.; and "When the Cat's Away," Girls' Athletic club.

Miss E. Johnson, directress and adviser to Y. W. C. A., expressed her satisfaction in regards to results and further expressed her appreciation for co-operation of all participants.

**PARAGRAPHS**

"'Tis an ill wind that blows nobody good" is a good saying to be applied to the beautiful Dudley Memorial hall.

Oscar DePriest is convinced that the negro should vote for the party which is in power in his particular locality.

"The two things that cover a multitude of sins are charity and ginger ale."—*from the Record.*

The three R's still indicate current stands, but now they stand for rum running, racketeering and robbery.

A moral man is one who lives where accepted standards happen to fit his conduct.

It seems as though the game of casena has replaced bridge, which and "coon con" in Morrison hall. In this respect George Willis and Ellis Corbett are the biggest antagonists.

Theses—theses—theses have been the rage of the seniors during the past month.

**An Acknowledgment**

The Editor-in-Chief of the REGISTER takes this opportunity, upon his retirement, to express appreciation for the co-operation of his staff members during the past year. The matter of newspaper writing is, ordinarily, no easy task, but it offers excellent opportunity for good use of leisure. Without such co-operation as I have received from my co-workers, the REGISTER would have been a complete failure by far.

In every line of activity one always finds several who do just a little more than others. Not unlike these, we find the same existing condition in the case of the REGISTER. To those who went just a little further, I would like to offer special thanks.

May the REGISTER of next year be bigger and better!

E. F. CORBETT, Editor.

**Inter-Collegiate Debating**

It seems as though the tendency in present day inter-collegiate debating, as to judging, is becoming "rotten." I don't mean to say that the results in the last triangular debating contests between South Carolina State, Virginia State and A. & T., were necessarily unfair, but it is a peculiar thing that in a good many cases—or the majority, the home team is winner. This brings about the question: "Are judges usually partial to the home

team?" It is very exceptional that you get them when they're not.

As a remedy to this problem I would offer a suggestion for the prevention of such a thing as a "home team." In other words, the practice of holding all debates on neutral "soil" would in a great measure relieve all possibilities of unfairness. This could be easily handled by having "X" team debate "Y" team at "Z" school, and so on.

This impresses me as a good idea to be entertained by the debating committees of the various schools.

**Disorder in the Library**

The constant "buzz" of talking and general disorder in the beautiful and well equipped library in Dudley hall has reached an alarming state. It has become such a nuisance that study is next to impossible. There was, probably, some excuse for some of this in the cramped environs of the old library but with the convenient arrangement of our present location no possible basis can be given.

We wonder if the guilty parties are really aware of the mistake they are making. It can't be, because no thinking individual would do such.

Now, the seniors are busy at work on their theses and since this activity calls for an added amount of work, the utmost concentration is necessary. From this one angle if none, alone, we are appealing to the thinking students to do their utmost in preserving quietness in the library.

So, let each one of us start a crusade to "cut" all confusion in this place of study.

**CLASS VISITS FIRM**

The class of Secretarial Science of A. and T. college visited the office of Remington Rand last Tuesday afternoon, and listened to a demonstration on most modern office equipment.

The demonstration included a lecture and some practice on the latest models of Dalton Adding and Bookkeeping machines.

The classes in Secretarial Science as well as the entire department of business administration have been very active in other things than class work itself. A good deal of credit for this work may be attributed to Professor L. A. Wise, who heads the department.

**Honor Roll**

Winter Quarter, '31

The Honor Roll for the winter quarter is as follows: In the Freshman class for that quarter there were no honor students.

The ranking students were:  
(Miss) Zena Bluford.  
Mr. George Clarke.  
Mr. Arnold A. Walker.  
Miss Hazel Whitlock.

The honor students for the Sophomore class were:  
T. Wilkins Washington.  
D. A. Williams.

The honor students for the Junior class were:  
Miss Hattie Diffay.  
Mr. Harry L. Faggeret.  
Mr. Jack W. Moore.

The honor students for the Senior class were:  
Mr. E. L. Peterson.  
Mr. C. C. Miller.  
Mr. F. A. Williams.  
Mr. W. H. Whitted.  
Mr. Edward Draughta.

Mr. F. A. Williams had the highest honors having secured 91.35

**SOCIETY**

**Track Team Banquet**

Coach Cecil B. Cooper and his cinder stars are to banquet at the People's Annex, popular dancing and dining salon of the city, Tuesday night, May 26. The banquet is the first tendered the track team during the two years of its existence.

The feature of the evening will be an address by Attorney H. O. Bright, a former trackster of Howard university. Attorney Bright was a member of the famous Howard Mile Relay team in 1925, running "anchor."

Coach Cooke is to act in the capacity of Master of Ceremonies. Several musical numbers are to take place. After the captain of the ensuing year is elected the announcement of the appointment of the new manager will be made.

All awards will be made on this occasion.

**Sphinx Club Entertains**

Every one seemed to have enjoyed the hours spent at the Sphinx club annual dance given to entertain the members of the Beta Epsilon chapter, at Friendly Lake on May 15, 1931.

The hall was beautifully decorated in Black and Gold, the colors of the Alpha Phi Alpha fraternity.

After the intermission there was an all Alpha, an all Sphinx and a dance to the Guest.

Phil Jones and his Musical Aces offered some new compositions.

Many out-of-town faces were seen gliding across the floor.

After the dance many visited the People's Annex to have a light breakfast before spending the rest of the night with Morpheus.

**Sigmas to Hold Annual Ball**

Invitations are off the press for the Annual Phi Beta Sigma Ball. This promises to be one of the frat high lights for the year, and one of the number of "real formals" held thus far this spring.

According to the social committee, headed by "Pete" Bembry, no pains will be spared to make this a long remembered affair.

Members of the Gamma Beta Sigma, graduate chapter of this city, Iota Chapter of Shaw university and Upsilon Chapter of Livingstone are expected to be on hand as well as the Zetas in this section.

The affair is to be at Friendly Lake on May 29, when examination worries will be east aside.

**Omega Formal on 28th**

"Bids" have already been issued for the Third Annual Omega Formal which is to take place Thursday night, May 28th, at Friendly Lake ball room. The affair looked forward to by social lovers every year, promises to be even bigger than ever before.

The social committee of Mu Psi chapter of Omega Psi Phi fraternity, which is headed by B. H. Thornton, is working very enthusiastically to put the annual over.

Miller and his Southern Troubadours are slated to offer a group of new "stuff" in the line of jazz, to make the affair an enjoyable one.

**Junior-Senior Prom**

Plans are being made for the Junior-Senior Prom to be held on Monday night, May 25th in the Agricultural auditorium.

The Prom an annual affair at the local institution, promises to be one of the greatest ever held.

Phil Jones and his Musical Aces will furnish the music for the occasion.

Mr. B. H. Thornton, president of the junior class, is working hard to make the Prom a success.

The Juniors of Bennett college fittingly banqueted their Senior class on Friday, May 1. Never before has the Robert S. Stelle hall been so beautifully decorated.

Among the guests were visitors from Johnson C. Smith university and A. and T. College. Music was furnished by Phil Jones and his Tar Heel Sycopators. When the melodious tune of "Home

Sweet Home," ended every one was boasting of having spent a most delightful evening.

**Alphas Give Formal**

The Beta Epsilon chapter of the Alpha Phi Alpha fraternity gave its spring ball Friday, May 22, at Friendly Lake. The unique decorations represented an Egyptian temple. Phil Jones and his Tar Heel Sycopators were at their best this season as they strummed their melodious tunes until the wee hours of the morning. There were about 30 out-of-town guests including Alphas from Raleigh, Charlotte, Danville, Winston-Salem, and High Point.

**All Student Banquet**

The annual All Student A. and T. Banquet is to be held Wednesday, May 27, 6:30 p. m. in the spacious Murphy hall, with President F. D. Bluford acting as Master of Ceremonies. The affair tendered every year about this time, by the President of the institution, is a big thing in the minds of the students. The various officers of the student body are to be elected at this occasion.

**STUDENT PULSE**

**FAREWELL BUT NOT FORGOTTEN**

As my academic career draws to a close and I am about to step into the arena of life, I think it is befitting that I should say something as a way of appreciation for the many benefits that I have received at the Agricultural and Technical college of Greensboro, North Carolina.

The time and space will not permit me to say something about all of those whose exemplified lives and teachings have been a source of inspiration and encouragement to me.

It is my intention then, friends, to acquaint you with a noble character whose teachings and high ideals will follow me all the days of my life. Dr. F. D. Bluford is a man of sterling and unblemished character whom we might place among the pioneers of Negro education.

At the time when Doctor Bluford was elected head of the Agricultural and Technical College of Greensboro, North Carolina, many of the colored schools I dare say, veered from courses prescribed by the Boards of Education, and I can fairly say neither had there been development and concert of thought in the colored schools of this state. The age was quiet. The spirit of the pioneer had just begun. He was not a dreamer but a doer. His untiring efforts and quick action has placed the Agricultural and Technical College of Greensboro, North Carolina, among the leading Negro institutions of America.

It is not my intention to show you all the noble qualities engrained and so beautifully practiced by this man, but to place before you certain of his outstanding qualities, and indeed if I be but fair to call them virtues—scholarship, Perseverance, Manhood, as the fourth that of uplift. He practiced uplift in the fullest sense of the word.

I hope and trust that when the scholar from the Orient comes forth and takes his stand upon London bridge to list the ruins of St. Peter's may Doctor Bluford's name be among the pioneers of Negro Education.

G. R. JORDAN, '31.

**CAN YOU RECOGNIZE THESE?**

"Now give the purpose the scope, and antiated bibliography."

"Careful, careful."

"Now, Mr. Smith, you can't carry a schedule as heavy as that."

"If the students whose names appear on this list haven't paid their bill, kindly send them out."

"Choral club practice today 4:30."

"Between the devil and the deep blue sea."

"Marnager—Marnager! Get this and get it right!"

"I am happy, therefore, to present—"

"You 'auto' know that."

**Poet's Corner**

**SAVE THE UNION WAS HIS CRY**

We are living today in a free man's age. And the world no longer shut in like a cage.

It's free to trade with nations of the lands, Which brought about production at a great demand.

Factories were built for products all; Inventions increased at needful calls. Then in the inland country the farmer is the man

That dug up the earth and tilled the land,

Which caused the towns to begin to grow,

In building storehouses for good, you know.

There were plantations in the Southern land

Where slaves toiled feeling lower than a man.

Like cattle they were handled and sold in bands,

Until there came divided parties of the land.

Then arose the question, "The Union Must Be Saved."

And Lincoln as president of the United States was made,

He was born a poor man but for his country stood

As a surveyor, a lawyer, a debater, from the woods.

Save the Union; was his cry, to the country wide.

We will save it, co-operate it, and nothing hide.

If saving the Union freed the slaves, then free they go

For united we stand for the land, and so Battles were fought and lives were lost,

But saving the Union was well worth the cost.

So today in this twentieth century we read

Of the great men of that day, who stood in the lead

They are heroes to us as we read the pages,

And realize that today's progress thrived from ages.

A government we have one of the best in the land.

And we as good citizens for America doth stand.

We travel over the land at a rapid speed.

We help feed other countries from tiny seed.

We hear the voices from nations afar, And aid each other with tradesmen ear.

Homes for comfort have been well planned.

We as a nation are upbuilding the land. What ever you start keep the Union at heart!

Our country, our nation, our land, we will not part.

Written January, 1931.

—ROSA B. LEWIS, '31.

**Kollege Kracks**

By Hattie Diffay, '32

It is said that more "math" is used at "Joyner's Joint" calculating averages of checker aspirants, than in Dean Washington's tech department.

Spring weather, with its balmy influence has caused several to join "Benny" Jenkins in deciding who will be the most popular "Rip Van Winkle" on the campus. Among the contestants are: "Westmoreland" Powell, Webster and "Monk" Little.

Did the "Kollege Sweet Shop" go into the hands of receivers?

Who has the biggest head, Pollard or Lefty Taylor?

Blalock: "Doc I want a dose of castor oil fixed so it can't be tasted."

Doc: "Sure, won't you have a soda on me while I fix it?"

Blalock: "Yessir."

Doc: "Now will you have something else?"

Blalock: "No sir, where's the oil?"

Doc: "You drank it."

Blalock: "Oh me! and that was for my 'ole' lady."

## STERLING WINS DASH IN 9.9 AT STADIUM

A. and T. Is Second in First Annual Negro Track and Field Carnival.

### LEWIS BREAKS A L E G

Morgan college, of Baltimore, won the first annual negro track and field carnival sponsored by A. and T. college and staged at the Greensboro Memorial stadium yesterday. Over 150 athletes took part. Morgan was high with 43 points; A. and T. was second with 25 1-2; Howard was third with 24, being followed by Hampton, St. Paul and N. C. college.

Henderson Institute won the school division with Dudley high second.

The local Aggies lost one of their best bets, Curtis Lewis, with dramatic and tragic suddenness. Lewis won the opening meet, broad jumping nearly 22 feet and then when he entered the mile, he fell to the track after the first lap and examination showed he had sustained a broken leg. Coach Cecil Cooke believes Lewis must have injured his leg in the jump. He was carried to the Richardson Memorial.

Sterling was clocked in the century dash at 9.9. Sterling ran a perfect race and appeared to be within the time. The high jump was good, going to Cheney, of Howard, at six feet and half an inch. Hampton won the mile relay in the fast time of 3:30.8.

#### THE SUMMARY

Running broad jump: Won by C. Lewis, A. and T., second Winfield, A. and T. and Spruil, State tied, third Bell, Morgan. Distance, 21 feet, 6 1-2 inches.

Running high jump: Won by Cheney, Howard second Tucker, A. and T.; third Cottman, Morgan, 6 feet, 6 inches.

100: Won by Sterling, Morgan; second, Mack, Howard; third, Larry, of Howard. Time, 9.9 seconds.

440: Won by Cheney, Howard; second, Cottman, Morgan; Jewell, A. and T. Time 51.2 seconds.

880: Won by Hammond, Morgan; second Parker, Howard, Fernandes, Howard. Time, 2 min. 3.6 seconds.

120 low hurdles: Won by Cottman, Morgan; second, Harris, Hampton, third, Drew, Howard. Time, 14 seconds.

50-yard dash (girls): Won by M. Graves, A. and T. second Washington, Henderson, Wren, Henderson. Time, 6.8 seconds.

16 lb. shot: Won by Conrad, Morgan, 36 ft. 4 ins.; second, Cotton, A. and T., 35 ft. 7 in.; third Stanback, A. and T., 35 ft. 4 ins.

60-yard dash (H. S.): Won by Copening, Dudley; second, Littlejohn, Mury Potter; third Baker, Henderson. Time, 6.6 seconds.

440 relay: Won by A. and T. (Brown, Hazel, Arledge, Graves); second, Henderson Inst., 59.2 seconds.

1,000 Run (H. S.): Sandifer, Dudley; Jones, Mary Potter; Marable, of Henderson. Time, 2 min. 42.4 seconds.

440 college relay: Won by Morgan (Thompson, Cottman, Conrad, Hammond); second, A. and T.; third, St. Paul. Time, 44 seconds.

Mile: Won by Staten, St. Paul; Ball, Morgan; Fernandes, Howard. Time, 4 minutes, 49 seconds.

220: Won by Sterling, Morgan; Haden, A. and T.; Mack, Howard. Time, 22.4 seconds.

600: (H. S.): Won by Falls, Henderson; second, Hunnysuckle, Henderson; Johnson, Dudley. 1 minute, 28.4 secs.

300: (H. S.): Won by Herring, Dudley; second, Booker, Henderson; Burton, Henderson. Time, 34.6 seconds.

880 relay (H. S.) for Coble Hardware trophy: Won by Dudley H. S. (Hollaman, Scales, Brooks, Costello); second Henderson; third, Mary Potter. Time, 1 min., 39.6 seconds.

College mile relay for G. M. C. trophy: Won by Hampton (Tull, Harris, Tucker, Early); second A. and T.; third, St. Paul. Time, 3 min., 39.8 secs.

## COACH JEFFERSON ENDS SUCCESSFUL YEAR

Coach Harry R. Jefferson director of physical education, A. and T. college has completed his first term in this capacity. Coach Jefferson came here from Bluefield Institute, where he moulded national champions in football.

Considering that a "brand new" system, a new coach and in addition new students and athletes, we might term his first year a huge success. Much of which is due to co-operation of Assistant Coach Eagleson, Indiana State.

Now that his system has been well inaugurated, there is no reason not to expect a championship team for 1931-32.

## MEDALS ARE AWARDED TO TRACKSTERS AT CHAPEL

Gives Report of Entire Event and Praises Efforts of Team to Win First Place Medals.

### THE PRESIDENT CONGRATULATES

On Monday, April 19th, chapel goers were given the pleasure of witnessing the award of medals to the mile relay team which had journeyed to the Quaker City to win the coveted honors of third place.

Before presentation Coach C. G. Cooke made a detail report on the whole event, stating possibilities of winning first place another year. Coach Cooke paid compliments individually, then made display of the beautifully designed bronze medals bearing inscriptions of Benjamin Franklin congratulating a relay team.

The team, composed of Bennie Hazell, Doris Forney, Harold P. Jewell and Lassiter were called forward amid a heavy applause and were presented the medals, accompanied by a hearty handshake.

President Bluford then gave words of compliments to the team and Coach Cooke for such progress in two years.

## DRAMATIC CLUB GIVES MYSTERY PRODUCTION

The Play, "In the Next Room," Well Taken by Interested Audience on Last Thursday.

The Dramatic club, under the personal direction of Miss Doris E. Ringels, instructor in physical education for women, presented a very unusual mystery drama, Thursday night, May 21, 1931 in Dudley Memorial auditorium. The play, "In the Next Room," held the interest of the audience throughout, with a suspense that kept everyone guessing.

The production was centered around a mystery chest which had fallen into the hands of an antique collector. The chest contained some valuable letters which were very necessary to the clearing of the name of a foreign woman, who was being sued for divorce by her husband. In another compartment of the chest there was contained a very valuable jewel, which was being sought by a criminal. The play ended with the arrest of the criminal and the return of the valuable letters to the lady. All through the play there came about several deaths as a result of poison generated by the mystery chest.

The Dramatic club has made this year an unusually good record under the leadership of Miss O. Brown, its president. Those taking part in the drama were: O. Arledge, H. Whitlock, V. Walker, R. J. Cabatt, P. G. Bemby, P. Pearson, D. J. Vick, C. W. Williamson, F. T. Woods, and J. N. Armstrong.

Saslow point trophy: Won by Morgan, Baltimore, 43; A. and T. 25 1-2; Howard, 24; Hampton 8; St. Paul 7; N. C. college 1 1-2.

Carolina Times trophy won by Henderson Institute of Henderson, N. C., Dudley high was second.

## THREE CHEERS FOR IMPROVED CAMPUS

Newly Grown Grass, Rebuilt Walks, Remodeled Pools All Contribute to Beauty.

### FOUNTAINS IN CONDITION

It seems as though, with the completion of the new Dudley hall, the campus has taken on an added beauty. Flowers which were planted earlier in the season have come into full bloom. The entire campus is covered with an even coating of green grass. The beautiful red brick Administration building forms a most conspicuous background for the beautiful shrubbery which has been placed here and there in spots.

Not only has "Mother Nature" been given encouragement to take her course, but new, more convenient walkways have replaced the old ones. Where once the busy students had to tread through muddy pathways to reach their classes, well built gravel walks have been substituted. Several have been constructed to each building.

The pools on the campus have been reconstructed and cleaned. New beautiful gold fish have been placed in them, and with the improvement in the plumbing, the fountains once again spray water.

## High Lights on Baseball Season

Only the C. I. A. A. baseball combinations proved to be real competition for the Aggie Bulldogs. They barked victories from such weaklings as Shaw and Hampton, but were compelled to do a bit of real biting to snatch contests from Union, N. C. College and Livingstone.

The Shaw Bears proved to be mere Cubs, losing three to Coach Jefferson's Kennel tenants by scores of 18-5, 15-3, and 18-2, respectively.

The N. C. Eagles proved "Eaglets" in the first fracas, when "Ma Rainey" Deberry, handed them 10-0 defeat in the "Bull pen." But at the local stadium, the Eaglets showed signs of maturity, but Lefty Taylor, "Greensboro's own," led the Aggies to a 7-8 victory.

The "Iron men from Hampton" are still dressing wounds from two defeats handed them by the local outfit, 17-3 here and 18-2 on Armstrong field.

En route from Hampton to the "Boro," the Aggies dropped in on the Union "Pauthers" for a 10-inning game, winning 5-4, with Colton, a new recruit on the mound.

"But you haven't heard anything yet." The Livingstone "Blue Bears" were simply ferocious. "Ma Rainey" captained his nine down to Salisbury for a game to decide full eligibility for championship, and were given a hot reception. "Ma" himself twirled, pitched, shot 'n batted for 14 frames to outdo the famous Tucker to the count of 6-5. This made a total of eight C. I. A. A. games.

But news that the Virginia State is also a strong contender for honors has arrived in camp. Then a telegram to Coach Jefferson, then an answer to their coach. All of this only meant A. and T. and Virginia State play for honors on Saturday, May 23rd, on Virginia soil.

Umph, umph. Some speed. The Aggies have made their journey to the Virginia State college and back. The score being 6-2 in favor of the Virginians. Hence, C. I. A. A. championship.

Chief Corbett: "Remember the play, 'Love in a Tux', that was presented in the A. and T. Orpheum in which '47 and Frank Woods starred?"

Red Jones: "Yep, why?" Chief: "They tell me it was repeated at the Alpha dance the other night."

## TENNIS IS ORGANIZED; ENTERS SMITH MEET

The A. and T. tennis team, coached by Prof. A. C. Bowling has made a good showing, considering its organization so late in the school year.

The team, composed of Foggett, Canady, "Dub" Jones, "Peewee" Davis and Jewell entered the Smith meet but were eliminated in the early part of the event.

## SENIORS SUBMIT THESES; SHOW EXCELLENT FORM

Most of Subjects Deal With Negro Activity or Problems—To Be Deposited in Library Later.

### MR. DICKERSON ACTS AS ADVISER

May 1, 1931 was the final day for the submitting of completed theses, as partial requirements for graduation. Prof. E. D. Dickerson, thesis director for the class, gave the statement to the effect that he was highly satisfied with the finished products. The theses on a whole showed a comparative exhaustive study of the various subjects.

The majority of the contributions were confined to subjects dealing with Negro activity.

The finished product made a neat little thing. The binding was a brown leatherette finish being printed in black. The cover carried the title of the thesis, name of the author, school and date.

According to reports they will be deposited in the library in time for use in summer school.

Below we find the title of the theses already presented, with the author's name: "The Negro in South Carolina During the Reconstruction," by J. A. Streater.

"The Growth of Industries in America From 1607 to 1920," by Mrs. R. H. Harris.

"Biological Factors As a Cause of Crime," by P. G. Bemby.

"The Negro, a Factor in American Civilization," by E. L. Peterson.

"Some of the Problems of Maladjustment Affecting the Negro Families in Greensboro," by W. C. Allen.

"The Acquisition of Wealth As a Solution to the Race Problem," by W. H. Whitted.

"The Negro As a Business Man Since the Civil War," by Miss R. B. Lewis.

"Heredity Versus Environmental Factors in Relation to Crime," by J. N. Armstrong.

"The Drama of Shakespeare," by G. R. Jordan.

"Germany and Its Literature," by H. P. Jewell.

"A Study of Some of the Effects of Social Conditions Upon Negro Elementary Schools in North Carolina," by Miss J. M. Gidney.

"Some of the Ethical Phases of the Labor Question," by C. U. DeBerry.

"Negro Migration Since 1815," by E. F. Corbett.

"Masters of the English Novel," by Miss M. E. Johnson.

"A Study of Farm Machinery in Mt. Zion Community," by W. P. Anderson.

"A Study of Certain Phases of Economic and Social Conditions of the Negroes in Leaksville Township of Rockingham County," by F. Faison.

"A Study of Extra-Curricular Activities on the A. and T. College Campus," by E. W. Draughn.

"A Study of the Economic and Social Conditions of the Negro in Caswell County," by G. V. McCallum.

"A Suggested Landscape Gardening Plan for Brown Summit Community," by C. G. Crenshaw.

"Home Gardening As a Relief to N. C. Farmers," J. C. McLaughlin.

"A Suggested Plan for a Course in Farm Shop Work for Madison and Monroe Townships of Guilford County," by F. A. Williams.

In one of the major ball sessions held on the campus, one was forced to be carried to a class in economics to prove to F. O. Woodard and "47" Williams that figures lie.

## A. & T. TEAM PLACES 3RD AT PENN RELAYS

Improvements Shown Since Last Year; Team Is Only Two Years Old; Going Strong.

### LINCOLN U. TAKES FIRST

The crack mile relay of A. and T. college, coached by Prof. C. G. Cooke, of Syracuse university fame, upon its second year's attendance at the worldwide popular Penn Relay carnival took away third place honors. The meet looked to by sports lovers throughout the world is a highlight, went over in big style, having more than 60,000 spectators. Virtually, all the events were carried through in a drizzle of rain, on the 24th and 25th of April.

The "Aggie" quartet composed of Jewell, captain, Lassiter, Forney and Hazel, with the absence of C. Lewis, a mainstay on the track team, who was out on account of a broken limb, made a reputable showing, beating out such teams, as Villanova, Morgan, Drexel and others. "Bennie" Hazel, running "anchor" for the locals, finished just five yards to the rear of the Lincoln "anchor" man, who broke the tap first. St. Josephs, a white institution finished second.

C. Winfield, a good quarter-miler, was alternate in the trip. Three cheers for the relay team.

## A. & T. LOSES DECIDING GAME FOR C.I.A.A. FLAG

Virginia State Too Much for Aggie Players—Locals Had Won Eight in a Row—Cup Back to Va.

The fast "Aggie" nine, reckoned as the best ball club of the C. I. A. A. association, was defeated for the championship, by the Virginia State aggregation on the latter's soil by 6-2, Saturday, May 23. According to official reports the battle was an interesting one from start to finish.

Upon the printing of this issue of the REGISTER, a full account of the game could not be had. It has been said that the "Virgilians" were just a little more than expected by the "Bulldogs."

## SPORTS DOPE

Deberry has made a record in athletics that has not been heard of in years. He will graduate this year at age of 21.

Had Lewis not sustained a broken leg in mile relay, A. and T. would have placed first in the First Annual Track meet and first place instead of third at Penn Relay.

A. and T. college has participated in track activities two years and has entered Penn relay two years, winning third place in 1931, was forced not to enter Hampton and Howard meets due to injuries of three mainstays, Jewell, Hazell and Lewis.

Pete Jewell added another medal to his collection upon return from Penn relays, making a total of 55.

A. and T. baseball team played eleven games this season, won ten games. Made 125 scores to the opponents' 39.

Cotton's first game in his college career, he pitched a 17-3 victory over Shaw.

Odessa Arledge, 32, Oveta Brown, 32, and Mervell Graves, were the first girls to represent A. and T. at a track meet and won 440 relay at Memorial Stadium.

"If you seem to be losing the uphill fight against nature," twinkled Dr. Carson by way of counsel to his future farmers, "take a tip from the Chinese and see no weevil, hear no weevil, think no weevil."

## A. & T. JUDGING TEAM PLACES AT S. C. STATE

**Poultry, Seed and Livestock Students Compose Team Taking Third Place.**

### FLA. A. & M. NEXT YEAR

The A. and T. Judging team, accompanied by Professors Cooke, Small and Smith journeyed to South Carolina State college on Thursday.

The team composed of W. H. Slade, W. D. Knight and T. H. Holland, although not winning first place, made a wonderful showing.

Judging of seed, poultry and livestock was involved. First place in seed judging was taken when "our men", W. H. Slade excelled all other competitors in this field by a wide margin.

Florida A. and M. college will be host to such teams next year, at which time we hope to bring home all honors.

## PRES. BLUFORD ATTENDS TUSKEGEE ANNIVERSARY

**Students There Perform in Very Beautiful Pageant and Other Numbers Feature.**

### PRES. HOOVER MAKES ADDRESS

President F. D. Bluford tendered courtesy on behalf of A. and T. college of Tuskegee, by his presence at the latter's Golden Anniversary. As was reported the anniversary was put over in a very elaborate style, having present many of the leading negroes and whites of the nation.

The feature of the celebration was a special address by President Herbert Hoover, which was delivered over the NBC network of radio stations. President Hoover congratulated the growth of the institution to the highest and gave respect to its founder, Booker T. Washington.

The anniversary program consisted in a number of things. A very beautiful pageant was presented by the students, depicting the growth of the institution during the past 50 years.

The president took with him Mrs. F. D. Bluford, Miss Hattie Dickey, and Mrs. G. H. Willis.

## A. & T. SUMMER SCHOOL TO CONVENE JUNE 6TH

**Record Enrollment Expected for Thirty-fourth Session With Dean W. T. Gibbs as Head.**

### ONLY ONE SESSION THIS YEAR

The thirty-fourth session of the A. and T. Summer School will convene June 6 and extend through July 17, 1931. The Summer School committee is as follows: Dean W. T. Gibbs, chairman; S. B. Simmons, M. F. Spaulding, H. R. Jefferson and G. L. Washington.

Courses in academic, professional, commercial, industrial and agricultural training will be offered, and will offer an opportunity for teachers to raise their certificates and at the same time obtain collegiate credit.

According to the committee, in view that only one session is being held, a record enrollment is expected. Already more applications have been filed than at the same period last year.

### "AGGIE" RESULTS

- A. and T. 17—Shaw 3.
- A. and T. 15—Shaw 5.
- A. and T. 17—Shaw 3.
- A. and T. 10—N. C. College 0.
- A. and T. 8—N. C. College 7.
- A. and T. 17—Hampton 3.
- A. and T. 11—Hampton 2.
- A. and T. 5—Union 4 (10 Innings).
- A. and T. 6—Livingstone 5. (14 Innings.)
- A. and T. 9—Camel City Monarchs 0.
- A. and T. 2—Virginia State 6.

## WISE CRACKS

By Minnie Johnson & "47" Williams

Carrie Johnson isn't partial to the high school fellows.

Did absence make the heart grow fonder or yonder for Nora Fenster and Warren.

Mark Little has subtracted one more of Vivian Walker's fellows and his right hand.

What is the "red coupe" on the campus missing. (D. Va.)

"You ought to know" always smiles when on his way to Bank St.

Twenty hours a week of chemistry have put some students in bed.

Mary Jane Kelly is having a hard time finding her ideal on the campus.

Martha White seems very pleased on seeing her boy friend at a distance.

Ruth Hull can't understand why Armstrong has to go behind the building when he leaves the campus.

Frank Wood who was on a leave of absence to study Home Economics has returned with a more constructive program.

The Bennett Co-eds are about to welcome Mr. W. H. Whitted as a lodger in Jones hall, as he is seen every time the doors open.

Draughn, Whitted, R. E. Jones, no doubt will get their masters degree in chemistry lab. by June.

Who's taking Library science now?

Willie Holt and Pickard are seen in secrecy.

Ask L. F. what P. Wallace and Lee are doing?

"Monk" Little and Eddie "Red" Jones have affiliated themselves with the United Order of Sleepers of America "Incorporated."

Ruth Hall decided to change her way of living, that is to be modern. She has agreed to play opposite Neil Armstrong in "Go Get Your Man."

Don't you think Pearl Parker is good to have Walker report every afternoon at 4:30 to ride with her and her brother to the post office and then walk back in time to serve supper?

"Nat" Boskerville and Jessie Mae Gidney are doing research work in trying to find out what is love.

Frank Woods left us some months ago to major in Home Economics. He found it very difficult to make a dress. We notice that he is back and still interested in Home Economics.

"Dad-Bum-It" Jones claimed to another student that he is a candidate for graduation because he has majored in college algebra. He says "I took it four years and only got five hours for it, wherein I made 60 hours to get five."

## CURTIS LEWIS BREAKS LEG IN TRACK MEET

**Star Half-Miler Receives Injury in Mysterious Manner During Local Carnival.**

Curtis Lewis, junior at A. and T. college and popular track star, while running the half-mile event in the A. and T. track meet, sustained a broken leg in a most mysterious manner. Lewis, who had just a few minutes before, won first place in the broad jump, was rounding the bend on the second lap when the two bones of his right leg snapped. He was well ten yards ahead of the second man when the unfortunate incident happened.

He was rushed immediately to the L. Richardson Memorial hospital by Sharpe's ambulance, where he received medical attention.

Mr. Lewis' home is in the eastern part of the state.

## "AG" DEPT. GIVES POINTS FOR EXTRA-CURRICULA

**School of Agriculture Expects to Offer Additional Opportunity to Students Next Year.**

### 18 MEMBERS IN "AG" ASSOCIATION

The following students have been recommended for extra-curricular grade points from the activities of the agricultural department. The list may not be accurate but serves as a beginning in this practice this year.

It is hoped next year the department will be able to offer points for projects in other practical fields such as terracing, rural engineering, etc.

Judging team members are as follows: Grimes, W. T., Johnson, W. T., Brown, and Buffalo (Second team each receiving a point of two). Third team, McCoy, Lawrence C., Mitchell and White receiving a point of two. Fourth team, Jenkins, Mason, McLeod, and Leak, receiving a point of two. Fifth team, Lyons, Lassiter, Brown, W. R., and Hinton, receiving a point of two.

Varsity Team: Browning, J. C., five points; Holland, T.H., five points; Slade, W. H., (Capt.) six points, and Knight, D. J., five points.

Agricultural Essay Contest: Young, C., three points; Blue, J. H., three points; Draughn, three points, and Johnson, W. T., three points.

Agricultural Fair: Williams, Fred, three points; Draughn, three points, and McLaughlin, J., three points.

Agricultural Association Officers: Browning, J. C., president, four points; Jenkins, C. A., secretary, three points; Johnson, W. T., treasurer, three points; Draughn, E. W., vice-president, four points; Dixon, C. A., chaplain, three points; Williams, F. A., editor, three points; McLaughlin, J. C., program committee, three points, and Thomas, J. R., social committee, three points.

Members: Blalock, J. C., one point; Browning, J. C., one point; Brown, W. R., one point; Brown, C., one point; Anderson, W. P., one point; Dickson, C. A., one point; Draughn, E. W., one point; Johnson, W. T., one point; Jenkins, C. A., one point; Jones, W. H., one point; Jones, R. E., one point; Lawrence, C., one point; McLeod, A., one point; Mitchell, J. J., one point; McLaughlin, J. C., one point; Slade, W. H., one point; Williams, F. A., one point, and Thomas, J. R., one point.

## NEWS BRIEFS

A. and T. College Summer School Bulletin has been issued.

Mr. John Robinson, Baltimore, Md., was a guest at the Omega Frat house for a few days. He was visiting Miss Waring on Dudley street.

M. E. Patterson and C. C. Miller, popular athletes and graduates of this institution, were welcomed guests at room four, Morrison hall, the "Sigmus" hangout."

The A. and T. band broadcasted over WBIG, the local radio station, Wednesday, May 13.

The final checker tournament of the school year is to be held at "Joyner's Joint," Tuesday, June 2, 1931. The public is invited.

Mr. "Brer" Avant, popular Smith university student and athlete, dropped in on the Omega boys at their home Sunday afternoon.

Messrs. Daniels and Holt, of classes '29 and '30, respectively, were visitors on the campus last week.

Mr. E. L. Fair, '30, arrived Friday from Snow Hill where he taught this year.

Genora (Flushy) Little, '29, student of Harvard Medical School, was among the I. D. K. guests on May 8.

R. W. Newsome, '30, is a frequent visitor on the campus.

## Commencement Calendar

The present graduating class marks the thirty-third commencement of the Agricultural and Technical college.

The baccalaureate sermon will be preached Sunday, May 31st by Rev. W. P. Hayes, D.D., pastor of Mt. Olivet Baptist church, New York City.

On Monday morning the seniors have a surprise for us, we do not know what it is going to be, but I have learned through reliable sources that it is something different and better.

Monday at 2:30 there will be a band concert. Monday at 3:30 dedication of Dudley Memorial building. D. M. C. S. Noble will deliver the address. 8:30 p. m., annual musical.

Tuesday, June 2, 10 a. m., business meeting of Alumni association; at 12:30 p. m. alumni luncheon.

At 2:30 p. m., the commencement exercises will be held. Address by Mr. Gordon B. Hancock, A.M., professor of sociology, Virginia Union university, Richmond, Va.

## GAMMA TAU FRATERNITY FOUNDED AT A. & T.

**Organized to Promote Scholarship and Good Standing Among Juniors and Seniors.**

### R. E. JONES ELECTED PRESIDENT

The Gamma Tau Honorary Scholarship fraternity has been organized on the campus. The fraternity operating under the direction of Professor W. U. Eagleson, head of the department of chemistry, has for its main purpose the encouragement of scholarship through a medium of organization. Its members are to be composed of only juniors and seniors, registered in the schools of sciences or agriculture.

R. E. Jones, the newly elected president, stated in a recent interview, that elaborate plans for the ensuing year are rapidly taking form. He anticipates that by next year only those of senior standing will be admitted.

The present roster includes: R. E. Jones, president; O. Brown, vice-president; H. E. Dickey, secretary; B. H. Thornton, treasurer; C. Hill, sergeant-at-arms; N. Foster, editor, and J. N. Armstrong, M. Johnson, F. A. Williams, E. F. Corbett, W. C. McPhail, E. W. Draughn, W. H. Whitted, and P. Jewell.

## Clubs and Organizations

### PHI BETA SIGMA INITIATES

By E. J. JONES

On Monday, May 11, at 1 a. m. Eta Chapter issued into the mysterious folds of Sigma, H. L. Faggett, T. Darden, J. Martin, Mr. Lassiter, Percival Luck and our own Professor T. S. Smith, but were able to attend classes in spite of the gruesome morning.

The initiation was attended by Bro. E. M. Reddick, J. B. Small and O. G. Donnell, of Gamma Beta Sigma Chapter. Brother "Bear" Davis Upsilon Chapter of Livingstone and Eta Chapter 100 per cent including Brothers Cannon and Max Gibson who left up in '29 and '30 respectively.

The ceremonies were followed by a weiner roast with that "delish" Bembry made lemonade. As the famous Shakespeare said: "All's well that ends well."

### EPITAPH

(From the Forge)

Madly we loved

Just for a day;

Sadly we lived,

Always, always.

—Frances R. Angus

Loretta F.: "Did you ever take chloroform?"

Drew: "No, who teaches it?"

## TEACHERS' ASSOCIATION HELD IN WINSTON-SALEM

**Noted Educators Attend in Large Numbers—Satisfactory Results in N. C. Education.**

### DAVIS TO LEAD ORGANIZATION

The North Carolina Teacher's association held its Fiftieth Anniversary convention at the Winston-Salem Teachers College of Winston-Salem, North Carolina for a period of three days including the second, third and fourth of April. The convention was one of great educational value, guided by its president, Dr. Davis, who is an outstanding leader in the field of education throughout the state of North Carolina and the entire South.

This association is the oldest of its kind in the country and has done more for the uplift of education than any other association of teachers in the country. The association is composed of teachers in all classes of schools and the various fields of education; that is it includes those who teach in the elementary and secondary schools and also those who teach in those schools of higher education.

The speakers of the association were from the leading schools of the state and also those who stand foremost in education be it general or vocational. The problems discussed were purely cosmopolitan in their nature and of course of fundamental importance in the state of North Carolina where educational trends are advancing day by day with unceasing rapidity. Some of the questions that were considered are: Salaries, Better Working Conditions for Negroes, and Vocational and Educational Guidance in Negro High Schools.

Thus let us forever keep on our minds the work of this great organization and let it never cease to have its annual celebration.

## "REGISTER" TO LOSE TWO EDITORS BY GRADUATION

**Editor-in-Chief and Miss Johnson, Contributor to "Wise Cracks," to Finish With Senior Class.**

### CORBETT HAS NEWSPAPER JOB?

Athletics and other extra-curricular organizations will not be the only sufferers as a result of graduation. The college REGISTER staff will also fall in this line.

Editor-in-Chief E. F. Corbett and Minnie Johnson, co-author of "Kollege Kracks," will be missed by the staff which has done wonderful work, and has published several newsy issues this year.

It has been rumored that Editor Corbett may land a newspaper job next year, which proves that participation in extra-curricular doings is valuable. Mr. Corbett has so done his job as editor that even outside persons have paid him and his staff high complements. And feel that he can do just as well in the real newspaper game.

It behooves the students to take the vacancy of such office under serious consideration, that the REGISTER may maintain the standard that Editor Corbett set.

We wonder why "Flo Back" stopped dressing up to go to his English class.

"Slick" Williams still has his girl friend in seclusion.

B. H.: "What's the idea, no lights here?"

Cop: "I'm the light at this corner, lady."

B. H.: "Then turn green so I can cross."

"Do you think," said a meek and submissive boyfriend, turning like the proverbial worm, "that you rule the whole of the universe?"

"No," replied his girl friend, with a toss of her head; "but I rule the first of it!"
