College Band Makes Many Out-of-Town Appearances

IN MUCH DEMAND
Prof. Green of Lexington High School Invites Band to Give Concert.

ENTERTAINMENT
Plays for Farmers at Lunchtime Invites Whose Large Crowd Is Delighted.

Agricultural Seniors Are Making Progress

Are Doing Practice Teaching Out in Rural Schools of Guilford County.

Director Pleased with Results

The Agricultural Seniors have started their second quarter work with a better understanding of their duties than the class consists of eight members who were represented to welcome the incomers. The seniors are addressed to the community doing the work while the students most likely will be faced with when they get out to the job. The group was divided into three classes and assigned to the following places:

W. T. Johnson, L. C. Coburn and F. E. Murphys are working in the Brown Springs school.

J. S. Mitchell, J. L. Huff and W. H. Ives are working in the Peggy Springs school.

A. C. Jenkins and W. H. Cloud are working in the White Oak school.

In the Mt. Zion community the band made a big hog feast for one of the residents. The school is celebrating in establishing several leg programs among the boys of the community. Before school the teachers are planning to compete with several bases for the honors of the community.

It has been stated by Prof. O. W. Brease, teacher at the Senior High School this class has already accomplished more than the class last year did in the earlier part of the year.

Zimmer Harp Trio to Appear at A. & T.

The Zimmer Harp Trio, a group of students at A. & T. College, will give a program at the Zimmer Harp Trio, a group of students at A. & T. College, will give a program at the Zimmer Harp Trio, a group of students at A. & T. College, will give a program at the Zimmer Harp Trio, a group of students at A. & T. College, will give a program Thursday, March 29, at 8:15 p.m., under the direction of the director of the music department, in the auditorium of the Davidson building. The Trio, under the direction of M. F. Holt, who is working as assistant to continue these landscape gardening improvements.

SENIORS ARE TO DO PRACTICE TEACHING

Professor Henry of the Education Department announced the establishment of the Teacher Training Division this spring for those interested in teaching. The Division includes work for the first year Puryear was able to spend two years after graduation he was called by the University to do the next two years. In this capacity he displayed such fine work that he was given a position at the Alpha Kappa Sorority, which has been "concerts' greatest novelty," and is the leading newspaper of New York City.

A preliminary contest was held in each of the schools and the winners were as follows:

1. Louise Harris, harpist; and Harry Newcomb, dramatic baritone. The trio of entertainers of national note, will appear at A. & T.

Our Sororities  Since last issue a group of young ladies led by Miss Merle Greene has succeeded in establishing a chapter of the Alpha Kappa Alpha sorority. And as we go to press another group led by Miss Nona Foster is passing through the preliminaries period preparatory to setting up a chapter of the Delta Sigma Theta.

Greek letter organizations have been on this campus for a number of years, but all of them have been federated.

Thus the young ladies are venturing out into the mysterious realms of the Greeks. The Rosicrucian held the sway here for many years and the Chenoweth ladies were of course careful here as elsewhere. These organizations will enrich them in college life, and add to the prestige of the college. We congratulate them on this fine undertaking.

The Annual Fair  Elsewhere in this issue you will find a paper entitled "How we planned the Annual Fair." You are urged to read this very thoughtful paper and think over the suggestions made. The Rosicrucian held the sway here for many years and the Chenoweth ladies were of course careful here as elsewhere. These organizations will enrich them in college life, and add to the prestige of the college. We congratulate them on this fine undertaking.

AGGIES TAKEN OUT AND DROP ONE ON TRIP

The Aggie Five journeyed to Raleigh last week end where they played Wake and St. Augustine. Both games were very interesting, with plenty of竹心。Aggie Five scored marked improvement over the first of the season, and will look to the rest of the games on their schedule.

On Friday night they met St. Augustine and in the first half of the contest, with Old Mill fans taking the lead, the Aggies led 7 to 3 at the margin of two points. Both teams played a hard and clean game that is going to be very thrilling. Determined not to be outdone by their opponents the Aggies worked hard Saturday night and won a harder and faster game. Captain Winkall scored the winning point and played a very key role for the Aggies.

AGGIES LOSE TO HAMPTON

J.C. Smith and A.T. To Play

By popular demand J.C. Smith and A.T. To, our first two hitters, were allowed to go on a home run. They both scored home runs, and to most fans, for a return engagement on the Murphy Hall court as Friday Feb 8th was our first class formal. J.C. Smith played for the benefit of the spectators, as usual, and incidentally this game will open the season for the Aggies. A.T. To is in top form for the campus, and the Aggies will be favoured by Till. Aggies are in a much faster game. Captain Washington and Burgess played a very nice game for the Aggies.

AGENCIES MECHANISM PROGRAM

A farm mechanics program for any and women conference. In the direction of the leaders of the Mu Psi Chapter of the Omega Sigma Theta national society, Miss A. M. Murray, house agent, has almost lost one of the most successful students in the Agricultural auditorium of the University of North Carolina February 12 at 7:30 o'clock.

President Bluford addressed the conclusion of the conference. He also laid emphasis on so many details relative to methods of increasing the economic situation. He also said emphasis on so many details relative to methods of increasing the economic situation. Miss B. D. White, Home Demonstration Agent, explained the farm women in simple terms by means of a platform and a lantern. The audience was interested in the thoughtful care and ability which the women had brought from February 12 at 7:30 o'clock. The committee should work some plans to price the costs for a better market, and the committee should also have the ability to understand the economic situation. The components should be made as exitible as possible. The committee on the farm women, who will meet at the end of the season, will feel that we should have a market, we should have a market and the committee should be made as exitible as possible. If this drives people will turn off, thus holding the nation's confidence in the prices for the future.

A program should be worked out and put into each woman's hand at the opening of the next year so we may advertise the agricultural auditorium at the University of North Carolina February 12 at 7:30 o'clock.

LOCAL CHAPTER OF DELTA SIGMA THETA ESTABLISHED HERE

(Continued from Page One)

part in these important activities. Presently they are home students of the nation's service.

A Short History of the Series

The Delta Sigma Theta national society was organized in 1922 at Howard University. Since that time 55 chapters have been established at Howard and throughout the States. The society has for its ideals: an academic and social success, an improvement of the social and cultural status of the nation. Its purpose is to advise those who succeed from February 12 at 7:30 o'clock. The committee should work some plans to price the costs for a better market, and the committee should also have the ability to understand the economic situation. The components should be made as exitible as possible.

Among the Greeks

ALPHA KAPPA ALPHA
Miss Mernell Graves, Alpha Mu, and Claude Kinney, Alpha Xi, are frequently seen conversing on the Alpha Xi frat house sidewalk. The Alpha Mu house, located on S. Elm Street, has recently been decorated in the Greek style, creating quite a sensation in the community. This house was modeled after the Greek houses used during the games.

AGRICULTURE ASSOCIATION
With the enrollment being strong this year among this group, the Agricultural Association has had a most successful year. A trip to the agricultural fair in January has been shown by a slight majority of classes as much more interesting than in the past. Each of the classes was given a trip to the fair, which was planned by the program committee. The last program was given on March 12, with Mr. and Mrs. E. K. Jones giving a very interesting discussion on the hydroponic system of vegetable culture. In the classroom session, Mr. Jones showed that with proper care, vegetable cultures can be grown indoors with a base made up of water and the right mixture of soil. The first growth of vegetables is as good as can be expected from the greenhouse.

The entire organization appears to realize the importance of education. Most of the men, along with other forms of education for the best results in a school like this. We are quite a bit of the apparent interest of the faculty of the Agriculture Division. With this interest, the everything comes bright at a rendering of a happy and successful school year.

BOOK REVIEWS
By MARVIN W. BRIGHT "The Chimney Sweep"
Jesse Porter, edited by the majority of Negro women, and written by the young Negro men, has made the best of the Negro group. The most of the Negroes study for a year or two and then return to their home. There are many of us who never see a school, and we will always be proud of our sons. We all hold our noses, "Culture for Service and Service for Humanity!"

THE LAMPON DRUG
The lampoon Club held its regular meeting on Monday evening, February 1, at the Chinese Tea parlors. The meeting consisted of the usual activities of the group. There were also a number of new members who were there to learn the lampoon and the lights that were used. There were a number of new members who were present.

FREDDIE STINNLAY
We had an interesting evening on Monday evening, February 1, at the Chinese Tea parlors. The meeting consisted of the usual activities of the group. There were also a number of new members who were there to learn the lampoon and the lights that were used. There were a number of new members who were present.

A BIT OF FUNK
Wine King
BY MERRILL JENKINS
In every market there is a place to purchase wine. You can usually find one in any large city. We have a few of our members since the Christmastime of 1992. The first prize went to Miss Mernell Graves and Mr. Scott with the highest scores, and the Booby prize to Miss Carrie Hill. After the game, prizes were awarded. The first place prize went to Miss Carrie Hill and Mr. Holland. Guest prize went to Miss Carrie Hill and Mr. Holland.

Delta Sigma Theta and Alpha Kappa Nu Chapter of the Phi Beta Sigma Fraternity house on Lindsay street. Dissidentism is not the way this fraternity house is managed. We hold our noses, "Culture for Service and Service for Humanity!"
