A&T Graduates Making Much Progress in the Field of Agriculture

WIN FIRST PRIZE
Attractive Plaque Given by L. G. Dalfour Co. Goes to Farmers Union School.

TAUGHT BY E. C. DERNAM
Bladen County Training School Wins Second Prize—Taught by P. B. Ross, Jr.

A. and T. graduates make splendid showing in the State center of new Farmers Union School.

In the best chapter contest of the New North State Farmers, formerly known as the Future North State Farmers, a statewide organization of the New Negro vocational agriculture, contests have been awarded to the Farmers Union School of Bladen County.

The teachers of agriculture in Bladen County Training School, quite the largest and best equipped county school in the state, have much to be said for them. They have made this school a center of activity and leadership in the region.

The following members, after completion of the course in agriculture, are eligible for membership in the Farmers Union School:

- C. E. Crutcher, who is a graduate of the school and is teaching in a neighboring county.
- E. C. Dernam, who is a graduate of the school and is teaching in a neighboring county.
- P. B. Ross, Jr., who is a graduate of the school and is teaching in a neighboring county.

The Farmers Union School is a model of the way in which a small school can be made to do big things.

Commemoration Exercises Are Announced

The 1932 commemoration season will be launched on Thursday evening, May 28, with the annual all-school banquet to be held at Murphy Hall. This is one of the annual events in which all students take an active part and an active interest.

The commemoration season this year will be under the direction of Dr. E. R. Murphy, who has always been an attractive feature of the creation of the union.

A. & T. TAKES PART IN TRIGONAL FORENSIC

Virginia State Wins Honors

For several years the trigonial debate between Virginia State College, Virginia A. and T., and Virginia State College has served as a great agency in establishing a feeling of good will among students and faculties of the three institutions.

A. and T. is very fortunate this year in having a former Harvard debater on each of its debating teams. This year won by the A. and T. Debating Team under the direction of Rev. R. Murphy Williams, Ph. D., of Greensboro, N. C.

R. M. Moore, who is the best Debater of this year, will be very effective in the organization's many matters of this spring.

A very important annual account is held by the organization, and the students are credited to the cost of the union.

In addition to the purchase of more admissions for the school, the annual meeting on Tuesday at 10:30 a.m., and the annual meeting on Tuesday at 5:30 p.m.

DR. C. WOODSON WILL SPEAK HERE AT COMMENCEMENT

Dr. W. E. Morris to Deliver Baccalaureate Sermon on June 30.

The Need of Economic Co-operation

As times pass we find problems of life increasing. The evils of poverty, unemployment, upper-class control of churches, schools, etc., continue to mock the beautiful future. The evils of social Darwinism, imperialism, war, and racial problems against which we are fighting seem to grow in intensity. These troubles, while continuing to grow in intensity, yield less results as the complexity of society approaches a level where the organization of society is impossible.

The lack of economic co-operation turns businesses into selfish companies seeking changes and a place in which people deposit their earnings to see them again in the form of bank notes. The failure of banks being due to dishonesty on the part of the bankers because of the lack of human industry in machinery for coining profits, at the expense of human happiness, for a few with the rest of the world and the price being paid by all, is a real problem.

Why must the struggle for existence seem secondary to the economic advantage? Why should the business world be so rigid that our money means the loss of our neighbor? Our answer to these questions may clearly be seen in the lack of economic co-operation. The lack of co-operation is not an ideal to be accepted by a true Christian society. We must rid ourselves of strikes because of economic differences and work towards a unified goal. How much easier can our goods be won in a more efficient way, especially in the evil of selfishness such as discrimination?

I have this thought upper in your mind:

Each day as you go about your business

That in the joy of life we may share

Through the will of God and co-operation.

J. E. Whitley, '32.

Kidnappers and the Gang

Few Americans realize that we are living in a more efficient way, especially in the evil of selfishness such as discrimination.

In this great dynamic age we are approaching an era when the Negro business owner or his representative will be looked upon as a more efficient type of business. The Negroes have more different brands of automobiles and the work to be accomplished, before they are prepared for life, and have dropped out. May this thought appear in your heart:

Let Us Be Reminded

In this great dynamic age we as Negroes shall come to be looked upon as a more efficient type of business. We are not to be looked upon as the foot soldier of today.

But this is not only true of students, but of all men. We must learn to evaluate what we want. I say "forced," because under such circumstances it is forced. But it will eventually adjust itself if given a chance. A resigned spirit and a determination to fight it out will make a difference.

Today, we are faced with many discouragements. Shall we surrender because of dark days that have come, or are we willing to fight it out?

Lillian Lee, '33.

The Campers of Our Country

By Russell

Well folks it won't be long now. We have come to the time of year where the air is on their summer atmosphere already. It is nothing strange to see two or three preening young campers wandering about a campus or a very dignified sophomore looking for a fight. (The brave ones go out and just go around making the sophomores fight for these while they carry on the argument.)

What? Oh! You want to know what the seniors are doing. Well, this of course, I don't know what the seniors are doing. Their days are usually finished. But any way taking them at their word they are pretty busy.

By the way I almost forgot to tell you that we are about to elect our president of the student body, and I really need to tell you about it because by the time you read about it there will be the选 man selected. I tell you this because the election business is getting to be a pretty big thing on our campus. We are going to hold the election next year over the band who earn them. Thirty monograms will be awarded monograms to the members of the band who earn them. Thirty monograms will be awarded.

The Need of Economic Co-operation

The present civilization has been developed by great men and women.

Yesterday we had no radio, airplanes, submarines, or trains.

Now great things are being done, but it is not going to be true always. If we should spring into a more efficient way, especially in the evil of selfishness such as discrimination.

The Need of Economic Co-operation

The present civilization has been developed by great men and women.
OBSERVE VOCATIONAL OPPORTUNITY WEEK

Program Sponsored by the National Urban League is Presented

PROF. C. L. COOPER, DIRECTOR

Vocational Opportunity Week, open annually by the National Urban League, was observed during the week of April 25th. A special feature of the week was the presentation of a conference, "The Basis for a Vocational Opportunity Week" by Prof. C. L. Cooper.

On the second day of the week, Prof. Cooper himself presented the subject, "The Basis for a Vocational Opportunity Week," to the students of several schools. The conference was well attended and the students were most interested in the topic.

On Friday, the week ended with a special presentation by Prof. Cooper, entitled "The Future of the Urban Community." The presentation was well received by the students and was considered to be one of the highlights of the week.

In conclusion, Vocational Opportunity Week was a great success and served as an excellent opportunity for students to gain a better understanding of the importance of vocational education.

SPORTS

FAREWELL FAREWELL

With the coming of June, 1933, we find that we must bid farewell to the boys of the Senior class. It is sad to see these young men go on to the next grade. They have been a part of our school family and we will miss their presence on the football and basketball teams. We wish them all the best in their future endeavors.

Marvin, we miss you but you have played your last game. The boys of the Senior class will continue to fight for dear old A. and T. may they win or lose.

To the boys of the Senior class, we wish you all the best in your future endeavors. Remember that you are always welcome back to your Alma Mater.

POET'S CORNER

TO MY CLASSMATES

The night is very still and the stars shine bright. I stand here today and say goodbye to you and your fellow students.

Our hopes are in the future. We dream of what we will become. We are the future of this country.

We must fight for our dreams. We must strive for success.

Our hard work pays off.

Dear Classmates,

As you graduate, remember the lessons you have learned. Remember the friends you have made. Remember the moments you have shared.

May your future be full of success and happiness.

THE REGISTER
The Lamportus Club Fellow Students and brothers,

Lifting from our shoulders the heavy burden, the Lamportus Club greeted you with a light heart and wished for you a prosperous year.

We wish to announce the newly elected officers for this academic year: President, W. R. Brown; Vice-President, J. H. White; Secretary, T. J. Davis; Treasurer, W. R. Taylor; and Advisor, Professor Henry.

Congratulations to those who have been initiated into the realms of the Phi Beta Sigma fraternity. They are W. E. Burnett, J. J. Anderson, H. T. Johnson, B. and D. H., and J. P. H., of the Lamportus Club.

The Crescent Club, junior organization of the Phi Beta Sigma fraternity, gave a smoker in honor of its Big Brother, J. J. Anderson, on Tuesday, May 3, at 102 North Third Street. At this meeting many interesting talks were made by members of the Phi Beta Sigma and Crescent Clubs.

This year has been a good year for the Crescent Club. We are looking forward to make next year's still better.

Before sitting down we wish all a successful summer and hope to meet you next fall.

The Delta Lambda Club is in all forward organizations, to all pledge classes, to all students and friends of A. and T. It is making great progress. (CHERISH.)

The Alpha Kappa Alpha sorority has given the first form of social entertainment of new members and more difficult tasks than have ever been set. The sorority, however, is in very good standing, and the friendships there is a greater strength. This year we hope to do more service work. We hope to do our standing not only as an organization but as individuals. The Alpha Kappa Alpha sorority shall be known and approved by all.

Delta Sigma Theta

On Saturday night, May 1, the Alpha Phi chapter of Delta Sigma Theta sorority gave a social at 917 Lindsay Street. At this meeting many interesting talks were made by members of the Delta Sigma Theta sorority.

The first form of social entertainment of new members and the district camp. One of the highlights of the weekend was the basket-ball playing between the Omegas and the Alpha Phi chapter of Delta Sigma Theta sorority. Their company and the Pythian Temple was a social success and very enjoyable.

The Alpha Phi chapter of Delta Sigma Theta is very young and active. We are looking forward to being more active in the future. However, we are in the process of improving the social status of our group, making more social and friendly activities, and we are trying to improve the standards for us, so that we may be a credit to ourselves and the society as well.
