Socrates Fund: Founded

Francis F. Johnson, a member of the class of 1927, has given the name of Socrates to a new organization of the college, which he expects will be a helpful college organization.

The organization is composed of about 500 members, who are working their way through college.

This is known as "Socrates." It is to be a club for students who are working their way through college.

The purpose is to stimulate such clubs in the future, so that they may be formed in other colleges.

The organization will be closed to all students who are not largely dependent on their families and who are not largely dependent on their families.

The organization has been approved by President Hofman, Dean Gilmore, Mr. N. C. Johnson, and other officials.

These men have pledged their full support to the organization.

There is also the full support and good will of the student body in the success of the Socrates club.

PARAPHRAGHS

Because all freshmen are green doesn't necessarily mean that all freshmen are Engineers. Keep your eyes open.

Co-operation will be a wonderful word when students learn the meaning of it and govern themselves accordingly.

The juniors may be sophists, but surely they are not laggars. The seniors may be wise, but no one would be interested in seeing them drop out of the register. W. E. B. Du Bois, '35.

GUIDE TO COLLEGE

Students of all classes, old and new, stand the privilege of asking the question, Why go to college? Some are able to give good reasons, for they have heard ahead of them the general conclusions and are following the footsteps of great men who have been before them. Others are not able to give good reasons, for their minds are not developed far enough. Therefore, they are forced to fumble because they have no standards and must blame the world for their inability to prove their conditions.

From time to time throughout the school year, questions will be necessary to turn from philosophic talks to quiet family affairs. Having had quite a bit of philosophy given us already, we feel satisfied in making a sudden change. It is commonly known by all students, even freshmen, that the college freshman is the official student publication of the college, meaning, of course, that it is a paper published by the students.

Co-operation will be a wonderful word when students learn the meaning of it and govern themselves accordingly.

"Actions Speak Louder Than Words"

Once again the curtain has been drawn, but as participants in this progress we can put our best in everything to make the world of words and phrases. We and the readers who have been following the freshman class are happy to know that the freshman class is making an impression. A glance at the paper will show the students. Any ideas or thoughts will be gladly accepted.

Let us be bound to the students to use their better judgment and govern themselves accordingly.

The world is now calling for leaders and in our days in point of leadership, we are seeking to get the training. We should be willing to co-operate and get this training.

The Editor of the College Register: We have on our campus many students who make the best of the start and the failures of other students. Our action, as to how we apply our selves to our duty, point our direction and then we must be guided by the faculty. Our students are now in the first flush of self and self-confidence.

Greetings from Alpha Phi Chapter, A. A. U. SORORITY

To the old and new students the Alpha Phi Chapter extends a warm and hearty welcome. We hope that you will find your days at A. T. C. interesting and profitable.

The present enrollment includes A. T. and T. N. becoming popular. We aim to make your stay here enjoyable by bucking down to hard work and behaving in a manner that will do credit to yourself and the school.

You urge hearty cooperation with the administra­tion in order that the school may make a clean sweep of our past.

This year's installation gives the following officers: Barbara Mann, president; Alice Newman, vice-president; Irene Hall, secretary; Bertha Rigsby, treasurer, and Mary Cateau, chapter reporter. These officers will do their best possible effort to make this year a record one.

As the year is half gone, let us realize that the remaining term is only a shadow of the years that have been going by. Now is the time to get ready for the future.

At the coming meeting, the officers will present the following report of the activities of the organization during the term. The members will have the opportunity of discussing the same and making such recommendations as may be necessary.

Please note that this week is the 8th of the month, and as you will see, there will be a T. N. gathering in the library. We urge you to come and help us.

The opportunity is yours to co-operate, and we hereby urge you to do so.
