NEGRO HISTORY WEEK OBSERVED ON CAMPUS SOON

Several organizations at A. & T. College will observe Negro History Week which will be celebrated this year as Inheritance throughout the country, beginning on February 19th. In the African American community, Negro History Week is observed to honor the achievements and contributions of African Americans.

Expect noted speakers

Three Special Programs will be featured by the Tech Society, Business Club, and Dramatic Society.

NEGRO HISTORY WEEK

February 19—Shaw University.
February 25—St. Augustine.
March 6—Winston-Salem Teachers.

URBAN LEAGUE OFFICIALS ADDRESS STUDENTS

On February 19th, 1935, the Urban League officials addressed the students of A. & T. College in a meeting held in the Dudley Memorial auditorium. The Urban League is a civil rights organization that works to promote equality and justice for all people, particularly African Americans.

Agricultural Seniors Observe Erosion Work

On Wednesday, January 30th, the A. & T. College Agricultural Department will observe the effects of erosion in the soil. The Department of Agriculture will sponsor a field trip to a farm to observe and document the effects of erosion. The trip will be led by the Director of Agriculture, who will explain the process to the students. The trip will include a demonstration of how to reduce erosion in the soil.

ENROLLMENT FOR PRESENT QUARTER IS ENCOURAGING

Student enrollment is up at A. & T. College, with a total of 27 students registered for the present quarter. The Dean of Students, Dr. R. B. Smiley, commented on the increase in enrollment, saying that it is a positive sign for the future of the college.

Dr. H. O. Sargent and Dr. W. E. Johnson present

Two prominent speakers, Dr. H. O. Sargent and Dr. W. E. Johnson, will present a lecture on Negro History Week. The lecture will be held in the Dudley Memorial auditorium on February 19th.

New Student Life

Although the master plan for the college is still under discussion, the African American student group has begun to form. The group is working on plans for a new student union and other activities. It is anticipated that the group will be actively involved in the planning of the college's future.

SMOKE A SLOW TOBACCO OR REST

“Smoking is a slow form of suicide,” said Dr. R. B. Smiley, Dean of Students, at a recent meeting. He urged students to consider the long-term effects of smoking, including the risk of cancer and other health problems. He also advised students to think about the impact of smoking on others, particularly in a confined setting like a college campus.

A T. REGISTER LEAD STUDENTS HIGH SCHOOL AGRICULTURAL CLUB

Several positions will be available for students to participate in the agricultural club. The club is looking for students who are interested in learning about agriculture and contributing to the college's agricultural programs.

DOCTOR MILLS IS DIRECTOR

Dr. R. B. Mills, the new Director of Agriculture, is leading the agricultural programs at A. & T. College. He is committed to providing students with a strong foundation in agricultural science and technology.

David Wells, vocational agriculture student at Palmer Memorial Institute at Selma, Guiford County, took statewide honors at the annual three-hour corn contest held at North Carolina College last fall. The recorded 101 bushels per acre stood against all comers from both student and adult farmers.

The group sponsored by the Negro vocational agriculture teachers of the state. The annual contest is designed to stimulate interest in the production of more grain per acre. This year's contest was attended by 250 student and adult farmers and agriculture teachers from all sections of the state. In addition to the competitive events on the program the group participated in a banquet at the Raleigh Hotel 2:30 p.m. Jan. 13, attended by seaport Booker T. Mills of Pitt County, ranked second in the student group production, with 93.3 bushels per acre. James Reid, of Watauga, was third. Alfred Tolbert, of Vance County, was first in the adult farmer group with a production of 251.8. S. B. Simmons, state supervisor of Negro vocational agriculture, congratulated the students averaged about the farmer average.

The Aggies seem to be going strong this year with (so far) six wins and to continue his policy of elimination. Coach Breaux will have more than the individual's ability to cause elimination, but these eluding the veterans, all of and entering in of the basketball season will not be completed, Coach Breaux will have to exercise his policy of elimination.

We have not it is not that the game's been cancelled and we feel that he expects to see every individual in attendance to show his moral.

Our school is going to strengthen the chart and the long shot -- as long as our championship. The chapter in the C.I.A.A. seven starts. It seems that Coach Breaux was justified in choosing the group he did choose. I say with all mast that I believe the Aggies will be the strongest unit in the state and one of the strongest in the C.I.A.A. Fuevos, as a matter of fact, are stronger than they appear. They are playing at the top of the year.

The veterans who are back are tugs, McGhee, Conroy, forwards; Hunt, Turner, reserves; Dunlop, Kennedy, center; and George, guard against whom you have got a chance. All the others out for the C.I.A.A. are shown as the quintet passes and shoots.

Mike Fair won the game with his inside driving as he downed the final score was 27-9.

They can be had! And the building is in the basketball season will not be completed, Coach Breaux will have to exercise his policy of elimination.

We have not it is not that the game's been cancelled and we feel that he expects to see every individual in attendance to show his moral.

Behind the Scenes

The volunteer office was the heart of the operation.

"Remember, dear student," said Mr. Smith, "you are the lifeblood of the community."

Dear Aunt Jenny,

It's been a while since I last wrote to you, but I wanted to share some exciting news with you. As you may know, I've been actively involved in a new organization that's been making waves around the school. It's called the Alpha Phi Chapter, and it's been a real blast to be a part of!

First of all, I wanted to let you know that the Kappa Chapter will hold its own. We're looking forward to some great events this year. In fact, we're planning a big banquet next month that everyone's invited to.

As for academics, I've been studying hard and even参加了 a few evening classes. It's been a busy schedule, but I think I can make it work.

I hope this letter finds you well and healthy. Please give my love to Mom and Dad. I'll see you soon, and we'll catch up in person.

With love,

[Student's Name]
