Dear Aunt Jenny:

I want to tell you all the facts and figures I heard at the commencement exercise which was held on June 24. I found that the college is planning to install a new poultry plant and hopes to get the project underway by the middle of next month. The plant will be located on the college grounds and will accommodate the needs of both the poultry and dairy departments.

The college farm crew is now busy preparing the new facility for the fall semester. There are five machines in operation, and five more are expected to be delivered by the end of the year. The college will have to purchase some of the latest equipment to be installed in the new plant.

Dear Aunt Jenny:

I am sorry to hear that you are not feeling well. I hope you will get better soon. I will visit you as soon as I can.
