NEGRO ACHIEVEMENT WEEK IS OBSERVED

Presenting Inspirational Program, Group Speaks..Beard

During the week of Nov. 8, the A.M. Paj Chapter of the Omega Psi Phi Fraternity announced what is known as the annual national Negro Achievement Week. Festive programs were presented at the off-campus chapter where they were brought before the student body.

The first of these programs was held on Monday, November 4, at which time national fraternity appeared before the students the purpose of observing Negro Achievement Week and bringing to their attention several outstanding achievement of some of the members of the Negro race. B. B. Eben, presided.

In the second program of the week, Professor W. J. Dean, president of Madison College was presented. He delved a short, but practical and inspiring address concerning the achievements of the Negro. He encouraged the students to realize that the Negro is a contributing factor in not only our own hopes as a race but for our own as a people. he is gone away if they are not present, that they, as a whole, must present. Paul E. Wise provided.

In the third program the week brought before the student, the national leader of the Negro Medical Fraternity, Dr. Henry A. Motley, president of the Negro Medical Fraternity, brought before the student body, the health care of the Negro, among the several sessions, many of the personalities already in existence.

The distribution of the agricultural student and students of Negro Agricultural and Home Economics Departments of the college were the important part of the program.

There were three states represented: North Carolina and Georgia and Florida, and the college was visited by the members of these states.

The first achieved freedom; the second, an unfortunate happening, the third, as an unfortunate happening, the second, an unfortunate happening. The purpose of this week was to enable the students to work in the building for leadership of a people.

The first achieved freedom; the second, an unfortunate happening, the third, as an unfortunate happening. The purpose of this week was to enable the students to work in the building for leadership of a people.

The second of these tours took place November 12, but because of unforeseen circumstances, the day was very active in fully accomplishing the purpose of its trip.

These tours are used in connection with the class to strengthen the comprehension of the history of the Negro, the purpose of these tours is to enable the students to become active in the course of their training.

The second of these tours took place November 21, but because of unforeseen circumstances, the day was very active in fully accomplishing the purpose of its trip.

AGGIES DEFEAT EAGLES FOR STATE CHAMPIONSHIP IN TRADITIONAL TURKEY DAY CLASSIC—9-0

Graham Plunge Line To Four Consecutive First Downs and a Touchdown; Norman’s Toe Nets Field Goal

By T. LANGSTON JONES

The athletic rivalry between N. C. State and N. C. A. & T., on Turkey Day before Thanksgiving, has been the center of attention for many weeks. Turkey Day event was staged between the two teams for the last twenty-five years. In the past, the game always ended with a victory for one team or the other. However, this year the game ended in a deadlock, with neither team able to score more than one touchdown. Despite this, both teams were praised for their performance.

The game started with a touch of excitement, as the Aggies took the lead with a touchdown in the first quarter. However, the Eagles managed to score a safety midway through the second quarter, tying the game once again. Despite several attempts by both teams to score, neither team was able to make any additional points.

The Aggies attempted to regain the lead with a field goal in the fourth quarter, but the Eagles made a successful block on the punt, keeping the game at a stalemate. Near the final moments of the game, the ball was returned to the Aggies by a last line play by Lynch. After trying for a touchdown and getting close to the goal line, the Eagles were penalized for a false start on the play. From this point on, the Eagles were met with a constant threat to score with their A. & T. men running on the right end of the line. The final score was 9-9, with the Aggies emerging victorious in the overtime period.

The game was a testament to the skill and determination of both teams, showcasing a beautiful matchplay between the two opponents. The game ended with a perfect stalemate, with both teams exhibiting their best efforts. Overall, it was a thrilling game that concluded with a tie, leaving the fans and spectators eagerly anticipa...
Recent Literary Deliveries At A.&T.

THE WEEKLY BROADCAST

These inside stories have been brought to you by means of Station KSTC at 11:30 a.m. and 6:30 p.m. This week's program, however, is sponsored by the North Carolina Mutual Life Insurance Company, and this is your host, Mrs. Esther Darden, with Mrs. Harry Miller, family advisor.

The main theme for December at A.T. is "A Christmas Carol." We hope our readers will be ready to give their support when our representatives come to see you.

"Goodbye, my friends. I am leaving this world forever on the last day of May, and I hope you will support me in the knowledge that each of you is going to do all in your power to help others."

— BERTIE A. LEE, Secretary

DUDLEY ADDRESS DAYS

On the Dudley Day program presented by the A.T. Music Department under the director of Dr. E. B. E. Smith, a notable selection of topics was presented by the students and faculty members of the Department. A fifth program was presented by the A.T. Music Department on December 4, at which time the A. T. Quartet was presented.

DOUGIE BOYD

The Importance of Pork Production

By J. E. TUCK

Pork has been the most important part of practically every type of farm economy in the United States. It is a great producer of income and city life, and in utilizing the income from the sale of pork, it is possible to build a home and support the housing demand for fresh and cured pork products. The hog is one of the most efficient and profitable animals to raise and if properly cared for, can be raised in abundance without the use of a great number of laborers, either men, women, or children. Pork production has the following benefits:

1. High profit margin
2. High investment returns
3. Low labor requirements
4. Good market demand
5. Good market value

Horticultural Club

This club, which is interested in horticulture as a science and as an art, has many very useful activities since its inception. A recent undertaking of the club was the planting of a "Beau Beautiful Campus" in the center of campus. This project was initiated by a student named "L. RICHARDS, Reporter"

"Junior Class"
The junior class held its regular chapter meeting on December 4, 1935. The chapter's newly elected president, Robert W. Young, was introduced and welcomed to the meeting. The meeting concluded with the election of officers for the following year.

"Chapel of the Cross"
The chapel is open to all students and faculty members every Sunday at 3 p.m. The services are conducted by the Reverend Dr. H. G. Brown, pastor of the church. The chapel is located on the campus.

"Sports Slants"

This weekly column features sports news and events as they affect the campus. The column is written by Mr. W. W. Wilson, sports editor of the campus newspaper. The column is published every Monday in the campus newspaper.

"Food for Thought"

This column, written by Mr. W. W. Wilson, discusses the importance of nutrition and healthy eating habits. The column is published every Wednesday in the campus newspaper.

"The Register"

This newspaper is published every Thursday and contains news, sports, and other campus events. The newspaper is written and edited by students and faculty members of the college.
