Registration For 1936 Sets Highest Record

20 States Represented In Freshman Group; Freshman Lead

The 48th Collegete year begins with the most encouraging outlook, from the standpoint of numbers, ever to be seen at A. and T. The Freshman Class in itself makes up about one-third of the student body; quite an increase over the class of '39, which also was a record class. As the upperclassmen and juniors of this quarter have expressed their intentions of doing so next quarter.

From transferring other colleges, we have twenty-six upperclassmen to increase our numbers the more. The total Registration of the College, October 7th was 661.

At this point we wish to better acquaint you with the Freshman Class. It is with much regret that the list of the many who are absent is only approximate, because our survey covered only the first three registration period and this since that time were not included.

Fifteen states and the District of Columbia are represented in this class. North Carolina again leads, this time by 6 of her high schools being represented. Virginia is second with 11 and South Carolina is third with 6 of her high schools being represented. Dudley High of this city has the largest representation—36. This representation by states is as follows:

North Carolina

Paragaphcs

To The Freshmen: Don’t feel afraid of anything. Through life just freely roam, That which you are you may do, So make yourself at home.

As the spirit of old Rip Van Winkle invites the freshman to his green groves in dreamland, he suddenly hear’s a “knock! knock!” and he rises to answer “Who’s there?” and the answer comes: French, Chem, Math, and all our curricular brothers. Let us in, but we bring you (Annie) at the end of the quarter.

When the lights were out, the third floor of Morrison hall was bright from the Light of the stars, moon, and planets. Those were given to them by the Sophomores as they greeted the freshmen in the embrace of “Dear A. and T.”

Since we are so dreadfully in need of new dormitories, it is rather hard to appreciate the new cement walks but let us give a cheer anyway. I wonder what would we have to do to get new dormitories.

Many of our students thought that these jokes would be easier to solve, but they have learned that one of our instructors has departed to pursue further studies in the bluffs, it is, to their surprise, because, he is gone, his spirit lingered on.

Roosevelt helped us to kill old man Depression, now would he be our savior and help us in this quest from the White House?

To Ye. Paraphragists, it seems that within three years, time, our characters would be concluded as one new yellow.

Ye Paraphragists wishes to congratulate all freshmen who went out for the football team, you may be guided by the old A. and T. spirit and you will be repaid in the great beyond.

In this great battle that is launched between the student and faculty of A. and T., let us accept the challenge of the “F” with explosives of “A’s” and in due time we shall win the battle and every student will have “A’s”, “C’s,” and “D’s.”

Fight Team! Fight! Because football is no playground. It is the hope of the Register Staff this year to make the publication of the Register has been published in recent years.

Last we forget, this publication takes a new form this year and an extra page has been added. This fact seems to make it possible to modulate the growing demand of the growing student body for space in our columns and will appreciate your cooperation.

Laziness and Failure

By JOHN H. MILLER, ’40

While success in anything is due largely to the attitude and enthusiasm of an individual, it is often curtailed by laziness and failure.

If there is no goal to look forward to, and if there is no interest in your particular phase of work, how can you be expected to work? When you see a weakling become successful and you see other methods of securing an easy time, again you are failure, not because you could not actually do your job, but simply because you have no interest, no feeling and no favorable emotional attitude toward your job.

Since you have neglected your duty, make short of your efforts to do your job as a hard job, you have failed. Not only have you failed but you have fallen into a dilemma of “Laziness & Failure.”

Laziness carries with it that sluggish feeling, and a dislike for work. The individual who has acquired, and always results in failure.

Once your interest in your work is lost it is hard to revive it again. Not in one instance but many, so far as our school life is concerned. Some of us seem to think that work we can do as just as little work as possible and yet get by; which is not true. We get under the impression that we can “bag” all the honors without working for them. But we can’t.

Now, our school friends, we may as well face the issue squarely, as it is, and try to live a new one on what “T” have done, but do your work now and do it well. The time to work is while we may work for our get. When we must what we do, and work at it, we shall be able to succeed. We must be able to do the things we like to do but to those we dislike to do as well. When the time to work comes, it is only to the things we dislike to do as well.

The result of such yielding is failure. After failing we become discouraged and get lazy. That which we cheat ourselves out of real life and the good things that a great institution gives us through education.

Again I say: Sacrifice. Our mothers and fathers have done it, and you are capable of making it possible for our being here. So make good use of your education.

These were given to them by the Sophomores as they greeted the freshmen in the embrace of “Dear A. and T.”

Three Years of Progress

At A. and T.

By J. CART HILL, JR.

In 1933, I was a Freshman in the Tech for three long years I’ve seen many capable young men and women in different fields of endeavor, and as far as for some of the progress nearer home. In every department of the college there have been marked achievements. In the Tech school, the Ag. School, the Scientific School, the Trade School and the Business School. As I have been reading about these I have been doing the Master’s will.

To help me now I pray thee. As I am drifting out to sea, perhaps some day how do you know.

That you may reap just what you sow, Please will you friends not pass and help them harvest the fruit.

For shall I use thee bye and bye.

Perhaps some day how do you know.

That you may reap just what you sow, Then why not listen to my plea, Please will you friends not pass

And help them harvest the fruit. —OTIS T. GERRINGER, ’38

What I Love

I love the green grass on which I walk,

The blue sky above my head,

The sun that shines so brightly,

And the trees that shade me so well.

The summer and the spring,

The stars that glitter lightly.

The blue sky above my head,

The sun that shines so brightly,

And the trees that shade me so well.

The summer and the spring,

The stars that glitter lightly.
Aggies Make Fine Showing In First Tiffs

Morgan and Bluefield To Test Bull Dogs' Strength

The Aggies gave display of a powerful and well-balanced team, when they swamped the Claflin University nine, a powerful and well-balanced team, by a score of 21-0, before a capacity audience. 

In the first quarter when Stewart of S. C. kicked to Lynch on the 20-yard line, Lynch returned the ball to his 45-yard line before he was downed. On a series of reverses, the Bulldogs made a sustained drive until they were over the goal line where the first score was made. Graham kicked for the extra point. 

In the second quarter when McClain of Orangeburg, S. C., kicked to Graham, 40 yards per punt, while Claflin averaged 49.8 yards on punt, there was another punt from Lynch to May, McClain and Graham and the score was the same as in the first quarter, 21-0. 

In the third quarter, Stewart, McClain, and Norman, E. A., started a kickoff from the Bulldog line, which kept the ball in the middle of the field, until after a punt by McClain. Norman was the chief line of scrimmage, thereby keeping the ball in Claflin's territory. The Aggies, with Norman kicking, averaged 49.8 yards per punt, while Claflin averaged 40.9 yards per punt, where McClain averaged 49.8 yards per punt. A return from Lynch was made by Ghee over the goal line for the last time. Allen Lynch, the halfback, with the "Mighty Punter" in the backfield, is back in the half-back position, with him is the "Wildman," John Mays running back in the other back position. 

On the line we see champions and victors, for instance, in the backfield positions. "Babe" Marable, former gridiron-star of Henderson Inst., who is also coming this fall of college football, and the fighting "Pupu" Karl Keys of New Bern, N. C., "Oh! those ends are just wonderful," Harry Harold, "the Virginia Mountaineer" and Joe Garvin, "Laughster" from the border line, Indiana, (who surely did not walk here). "Pecky" Conway, the punter and guard and senior in high assisted by the "Tiny" Ralph Smotherman in the guard position, both are some of Columbus, Ohio, White John B. Grieves, the "Go-Mann," shows his stuff at center as usual with such terrific superiority. 

Among the members of the squad we also see some of the old warriors of the gridiron. They are as full as can be, but kicking, and making up our "slaughtering machine," and now they are all out attacking the bacon. Oh, boy! See our big team! Hey! Hey! because our team is in red hot. 

The old chaps ran to their wheels and the machines started to rolling, and breaking the "Tulane" thing real easy of course. We mourn the loss of some of our most wonderful, due to graduation most wonderful, due to graduation. We also see some of the old warriors of our college. 

There is so much action on the field that the coaches can't decide who will make the teams because some of the "Freemies" are prancing the Kentucky cave boxes on Dusty Day, waiting for the time to start. Yes! Yes! Plenty of action!! Some are shouting, cracking, but some are studying the "Man-Shift" just like a Bible. Oh! my Goodness! This football! Football a-plenty. 

These are the newcomers from so many states, Pettiford, Daily, Gooden, Parker, Whitaker, Daniel, Coleman, Thompson, Phillips, Giese, Jones, Strode, Clark, Sims, Godley and Day Hill. 

The complete schedule is as follows:

A score from the "Silver Cloud" presented by the A. & T. Summer Theatre, under the direction of Prof. J. Perry Bend. The players, reading from left to right are: Miss Frances Wallace, Mr. J. M. Pool, Misses Aurelia Whittington and Barbara Johnson, and Mr. William Williams.

**Alumni Notes**

Max. Mattie S. Reynolds (Campbell) (Prop., 91) is the proprietress of a downtown hotel and cafe in Middlesboro, Kentucky.

Mr. Tom Taylor Matthews is the proprietor of a local drugstore in Detroit, Michigan.

Dr. William Edwards is one of the leading dentists in Terre Haute, Indiana.

Mr. P. A. Williams, President of the Alumni Association, has announced the leave of absence from Henderson Institute to do graduate work in the University of Chicago State College. The Association has witnessed notable progress under its leadership, and we believe that this will have to be a year. But since it means progress for him and the association we are glad he has embraced the opportunity.

Miss Hattie Dilley and Mrs. O. H. Dowell, both members of the regular college faculty, the former serving in the fields of French and English, and the latter in the Departments of Biology and Agriculture of Shaw University of Raleigh, have enrolled as students for one year in the higher branches of education.

Mr. J. E. Johnson, class of '22, is now a St. John's Club Agent. He is working with Prof. Mitchell, State Director of Agents with headquarters in Greensboro. Mr. Johnson is in the Agricultural Building. Mr. Johnson has previously been county agent in Craven County, which position he held for three years.

**The 1936 Graduates**

In the graduation class of '36, 20 young men and women received their college career. While some are in the state teaching schools, others are engaging in educational activities in different schools. The graduates and positions are as follows: Annebelle Clark, Pender County Training School, Rocky Point, N.C.; E. B. Reindel, Pender County Training School, Rocky Point, N.C.; R. T. Huffman, principal, Clarksboro, N.C.; F. M. Diehl, administrative assistant, Five Points, A. Frosh Thoroughly Oriented

The summer’s heat has ignited the pages of our life’s history upon which we are poised to place the most memorable event of our present sphere of memory. The seizes glow with a new warmth that gently gives the vision of the Alpha Xi chapter’s Petey, a child that speaks of books, of pen and paper, of studies suddenly returning to the atmosphere of our daily business. The Alpha Xi chapter has much work to do in order to achieve a high standard this year. The members are ready to extend a most cordial welcome. We, the members of the Zeta Phi Beta Sorority, hope to perceive something in our records during the present term, to extend a hearty welcome and wish to see many of the old familiar faces.

The freshman group enrolled in the Agricultural College of A. & T. on Friday, October 7 at 1:00 p.m. in the drawing room of Cope Hall. The meeting was held in order to elect officers and drawing representatives who will set for the freshman class. The officers of the Scroller Club of Mu Psi Chapter have as follows: (1) Welcome by student representatives of the program committee; (2) Electing officers and drawing representatives who will set for the freshman class; before the executive committee of the Agricultural Association.

The results were as follows: John H. M. Federal, Assistant Professor of Economics; N. C. P. President, G. F. Rankins, Benjamin, City, N. C., vice-president; B. B. Morgan, Secretary of Agricultural Association, secretary; J. B. Holloway, District, C. H., Washington, D. G., first representative; David Washington, Greensboro, N. C., second representative.

At the assembly of the entire freshman group, the vice-president of the executive committee was as follows: (1) The freshman class has been elected as representatives to the Student Council.  

THE SCROLLER CLUB

The Scroller Club of the Alpha Xi Chapter of the Kappa Alpha Psi Fraternity was called to order at 7:00 p.m. on September 30, 1936, and plans for the ensuing year were formulated. The members of the Scroller Club enjoy a very successful summer, and were very glad to return to Dear Old A. & T. With a new determination to make this school year one of the greatest in the history of the club. The officers are as follows: (a) Executive Committee: Robert L. Hannon, James E. Johnson, W. G. Davis, C. D. Light, R. W. Plumbing, F. W. Plumbing, W. D. Plumbing, W. A. Plumbing.

THE REGISTER

October 1936

Let me say in the beginning of this school year that I will appreciate letters dealing with everyday problems, love affairs, worries, and anything about which you need advice, from any student, or reader of the REGISTER.

Open your heart to me. Disclose all your worries, both large and small. Let me become your friend. Letters from friends have always been confidential and you are my true friends. Even though your letter will be published in the Register, your name will be withheld. It really isn't necessary that you even give your name, as I am not interested in knowing who you are but in helping you.

Fortunately or not so, I do not predict that many people would prefer not knowing their future anyway, but the suggestion, confidence and advice of a friend whose worldly experience is broad, whose understanding of the human condition and empathetic is always appreciated. A confidant? Then why not me? I have lived through your 1935-36 school year. Write now, in detail to Naomi, College Publication, and in our next issue when the answer is published, your troubles will be over.
