DEBATING SQUAD

The 42nd Summer School Begins Thurs., June 9
Second Session, July 21. Many Courses Added and Improvements Made

The forty-second annual Summer School sessions will get under way at A. and T. College on June 9 and continue for two six-weeks' sessions will get under way at A. and T. College on June 9 and continue for two six-weeks' sessions.

Instruction has extended the time for students to secure Class A certificates. In view of the fact that the North Carolina State Department of Public Instruction has extended the time for home economics and vocations and will go to Orangeburg than individually owned enterprises.

In physical and health education, a special course on administration and one on the location and arrangement of the school buildings and grounds have been designed especially to meet local conditions.

The regular college faculty and a number of teachers who are experts in their special fields will be in charge of the instruction.

The accommodations at the college have been greatly improved during the present summer by the installation of a new cafeteria, making possible for persons boarding on the campus to secure meals according to their individual tastes.

More than eleven hundred students were enrolled in the two sessions last summer and judging from the number of applications already received, these sessions will be even larger.

Miss Wise To Appear In Recital Tuesday

Miss Ethyl B. Wise, professor of Voice at Tennessee State A. and I., will give a recital at the college during the first quarter by gaining an average of 1.92. The Alpha Kappa Alpha sorority and the Alpha Phi Alpha fraternity of Cooperatives Rather Than Individually Owned Enterprises.

Deltas Make Best Greek Letter Average

The Delta Sigma Theta sorority made all Greek letter organizations at the college during the first quarter by gaining an average of 1.92. The Alpha Kappa Alpha sorority and the Alpha Phi Alpha fraternity came second and third with averages of 1.75 and 1.68.

Mrs. Mary C. Douglas, a member of the Alpha Phi Alpha fraternity, was the highest ranking member of the organization, with an average of 2.58, while James Pendergrast, Kappa Alpha Psi and James C. Haas, Gamma Tau Phi followed with 2.56 and 2.55.

The complete standing of the Greek letter organizations and the ranking members are:

To Observe Vocational Opportunity Week

Granger, of Urban League, Will Be Principal Speaker

The 6th Vocational Opportunity Campaign, sponsored by the National Urban League of New York City, will be conducted at A. and T. during the week of March 28, ending on Sunday, April 1, at which time Mr. Lester Granger, of the Urban League will be the principal speaker.

The purposes of the Campaign are: (1) to disseminate information relative to the vocational opportunities; (2) to make Negroes conscious to the importance of their choosing vocations in the light of these opportunities and possibilities and (3) to stimulate adults, who may be interested.

CIPA To Meet At Hampton March 25-26

Goffney Will Present Plaque To Stimulate Better Journalism

Lawrence J. Goffney, former business manager of THE REGISTER and founder of the Colored Intelligencer, at a recent convention of the C. I. P. A. at Hampton Institute, March 25 and 26. The Goffney Plaque, as it will be called, will be presented annually to the best college publication representing in the C. I. P. A. and it is believed by its donor that it will stimulate a higher type of journalism among the various colleges.

The meeting of the Association at Hampton will be the first meeting since its conception at A. and T., last spring and every institution represented is expected to send delegates.

The program for the convention has been made attractive and interesting by the selection of prominent journalists and educators to take part in and lead many of the sessions of the group.

The officers of the C. I. P. A. are: President, Robert C. Grier, at the time of his election, of Hampton, town of the Urban League; William C. Lyles, vice-president; Lee Oglesby, secretary; William M. Biddle, treasurer; and T. J. Bellers, Union University, corresponding secretary.

A.&T. Debating Team Loses To K. C.

First Defeat In Five Years. Schedule Is

It has been said many, many, too many times, that when a dog bites a man, that is news, but when a man bites a dog that is not news. That was true several years ago, before the human publicity mongrels really went out and started the science of dog biting.

Here is a story that is news: The A. and T. College debating team defeated Tuskegee Institute recently at the Tuskegee College got a decision over them in the first debate between the two institutions in the college of physical science.

The question was: "Resolved, That the National Labor Relations Board Should Be Empowered to Enforce Arbitration of All Industrial Negotiations." And K. C. defeated the best A. and T.

The Spirit Of Negro Folk Music

By Wayland Wilson, ’37

"Sometimes I'm up, Sometimes I'm down. Oh you Lord, Sometimes I almost touch the ground, oh you Lord.

The work of the slaves was hard. The hours were long, and food was scarce. Many of them could not exist, and therefore they died. Now, you turn to the pictures which tell the story of the darkness and praying.

The Negro will die, their songs will die, and the world civilization will end. We belong to a great race, and the greatest race.

Vocation And Equality Play

Part In Life

By Edward D. Murphy, Jr., ’41

Vocation and equality play a great part in our life. First, I will take vocation in choosing a vocation, choose one that seems best fitted for you. Sometimes many people do not have any specific purpose in life, but they should have some definite aim to reach so that later in life they can work up to that point. For example, one might want to be a medical doctor; well that is a great deal to do.

He has to have a good memory. After choosing your vocation you must work up to that point. For example, one might want to be a medical doctor; well that is a great deal to do.

He has to have a good memory. After choosing your vocation you must work up to that point. For example, one might want to be a medical doctor; well that is a great deal to do.

He has to have a good memory. After choosing your vocation you must work up to that point. For example, one might want to be a medical doctor; well that is a great deal to do.

He has to have a good memory. After choosing your vocation you must work up to that point. For example, one might want to be a medical doctor; well that is a great deal to do.

New Farm Bill Explained By Professor Mitchell

Took On Economic Condition of Farmers and Their Problems

By Prof. McLaughlin

Professor John W. Mitchell, Director of Agriculture at the University of North Carolina, spoke at the A. & T. College, his alma mater, on the New Farm Program which was recently enacted by the United States Congress. The program was introduced by Prof. J. C. McLaughlin, Director of Agriculture at the University of North Carolina.

Professor Mitchell talked briefly on the economic condition of the farmers today, and stated that several attempts have been made to popularize some ideas of aiding the farmers with their problems, but all had failed. The present plan as it stands seems to cover the problems fully, with the exception of a few cases in which it can be worked out gradually.

The main purpose of his talk was to urge the students who come from farming families to remember the necessity of voting on this bill on March 12th, and to determine whether or not the bill will stand. The speaker stressed the importance of all agricultural and farm groups to get together and feel, a system of balanced farming in order to give the farmer a healthy income rather than a yearly income, and the value of home consumption of food.

Since the welfare of a country depends largely upon the farmers, and since the majority of students in whose Professor Mitchell spoke are prospective farmers, he urged them to put forth every effort to learn about the present methods of farming and the best way to put to the best use of the valuable operation when they leave the College.

PRIDE AND A PRETTY GIRL

By HELEN ADAMS, '41

(A Short, Short Story)

Students make high prized for many reasons. Sometimes because they are in the varsity, sometimes because they want to keep up with their friends. Sometimes because they are in the varsity because they can, every now and then a student that has no particular ambition or talent becomes a varsity student. By becoming a varsity student he is exposed to much things which are to be disregarded in love, or pride.

Willie A. McGee was an average Freshman student from a small town in the southern part of North Carolina. He was not good-looking and was only the beginning of his life. He had friends and was the center of the floor that won the Big Game in the last seconds of the game. Most of the Class snickered, but one brave student whispered that beams into a smile, the sun had been turned to stone and looked at him in an approving manner and tossed his breath and smiling as much like his imitations and became quiet and worked out gradually.

"I don't want you to sit by me," she said in a charming voice the entire Class closed their ears.

"Just as he was about to rise, Gloria looked at him in a disappointing manner and raised her dark hair. "I don't want you to sit by me," she said in a cutting voice that the entire Class closed their ears. "Just as he was about to rise, Gloria looked at him in a disappointing manner and raised her dark hair. "I don't want you to sit by me," she said in a cutting voice that the entire Class closed their ears. Willie stopped as if he were to turn back. He stumbled backwards and fell into a chair in the corner of the room. Gloria turned her head, but only two feet away, little for sorry for her.

During the next three months a vast change seemed to come over Willie. A. McGee. He gave up his friends and left school, and tried to make a go of it. He was never noticed, and the Class President paused contemplatively for a moment while the third row from the back was Gloria, the cutest girl in the Class, and said, "I see." But this was the chance that Willie A. McGee had been waiting for. Not only would he be able to hide himself, a really charming young lady, but he could where-to her all through the meeting. Willie A. McGee, standing on Gloria's other side to him, "Why, he would bring about this for the benefit of Gloria, it was all for Gloria's sake. Why, this would possibly lead to other conversations with her motherly friends, and that was the real purpose of the meeting, because there would be no girl sitting on William's other side. The meeting was over, and every one was an approved note, the Senator as he possibly could, walked, directly, the Sophomore football star (to the vacant seat).

As he was about to rise, Gloria looked at him in a disappointing manner and raised her dark hair. "I don't want you to sit by me," she said in a cutting voice that the entire Class closed their ears. "Just as he was about to rise, Gloria looked at him in a disappointing manner and raised her dark hair. "I don't want you to sit by me," she said in a cutting voice that the entire Class closed their ears. Willie stopped as if he were to turn back. He stumbled backwards and fell into a chair in the corner of the room. Gloria turned her head, but only two feet away, little for sorry for her.

Friendship

By J. CIT GAR, '38

What is friendship and what does it mean to you? Does it mean something tangible or intangible, something seen or something not at all seen, appreciated or not appreciated? It is a very important thing, in my opinion. In many cases it means a satisfaction of the emotional and mental desires, the giving and the sharing of our moods and thoughts and our companionship, it is appreciated and desired. Friendship drives out all the ill thoughts of those with whom we may come into close relationship and tests what life worth living.

A cheerful "hello," "Howdy," or "Hi," are the first steps in friendship. Then comes the heart with unbound inspiration and happiness is that a female friend. It is friendship, a close friend. If you should have the friendship of your fellow man, or of your fellow woman, with all that God has installed or created in you to keep this great between us, all that is essential for a dear friend is the loss of friendship, ambition, happiness and friendship is a part of the society.

It is priceless, it is to be glorified and treasured. The value or happiness received from friend.

TRIPPING DEBATES

By B. N. Roberts

On a level with the sea and shops North Carolina's highest mountain is a mere nothing. Whether the mountain highway in the distance looked a snake ready to be hopped over, or whether the mountain highway in the distance looked a snake ready to be hopped over, or whether the mountain highway in the distance looked a snake ready to be hopped over, it didn't make any difference in the sheer joy of seeing experienced by the group that crowded the porch of Mr. and Miss Roberts.

The entire journey to Knoxville, Tennessee, was one great mixture of fun and wonderment. "The fun came mostly in Miss Roberts' fun.

"Win? Did I?" . . . Judge for yourselves, readers, what a verbal beat

(Continued on Page 9)
Union Finishes Ahead Of Va. State In Basketball

Shaw University forfeited three games on its 1937 football schedule due to the participation of ineligible players, it was disclosed by the Washington post last week. The case was handled by N. C. Webster, assistant Secretary-Treasurer of the NCAA. These games went to St. Paul's School, Howard University and North Carolina State College.

Virginia Union University of Richmond, contrary to popular belief gained second place and Virginia State College third. The complete standing of the teams are:

Nineteen Gridders

Presented Awards

Four Students Get Gold

Football, Others

Receive Letters

Dean W. T. Gilbreath awarded nine- teen members of the varsity football squad of 1937 awards for participation at a special chapel service Monday night. This group received chenille lettering for one year; five others received silver with gold letters for two or more years of varsity playing and these were awarded gold footballs for four years of participation. Arthur Henderson of Greensboro and Augustus Pittman of Cape May, N. J., received sweaters for their service as cheer领er leaders.

These receiving letters were: Walter Watten, end, and Milford Del; Ross H. Wetheimer, guard, William Bloun, halfback, Oklahoma City, Okla.; Charles Ray, tackle, Greensboro; Tilton Milton, quarterback, Oklahoma City, Okla.; Henry Atwater, tackle, Chapel Hill; Ralph Goodloe, end, and Goodloe, Md.; Thurman White, guard, Columbus, Ga., and Joseph A. Goodloe, tackle, Greensboro. These were the awards of the tapping class, a feature of the physical education program for women. There will be bigger and better things shall be cleared away, goes far toward achieving success. Let us repeat, success must be won.

A. & T. Musicians

Given Appreciation

The mixed glee club of A. and T. College, directed by Prof. Warn­son Lawson, was given a highly enjoyable a cappella program Sunday night at the Presbyterian Church of the Covenant.

A group presented before a capacity congregation, reached back with an emotional remembrance in which the male section of the singers was outstanding with its power and depth of tone. The percussive effect were also commendable, as were the voices being well balanced and sustained.

The solo parts, vocal and violin, were well done, the violinist, in particular making our cares seem lighter. The pianist, in a program that seemed all too short, was highly appraised by the leaders.

Professor Lawson in his direction of the group revealed himself as a thorough musician, with a gift of coordination which outshined the ability of his singers in highly coordinated choirs. As a soloist, Mr. Goodloe of Greensboro and William Jay Goodloe of Chapel Hill, brought to the program the promise of A. and T. College in the future; in the meetngs, while on the other hand the apparent talent in both men is a tremendous success and an understanding of the composer's intention.

How Success Is Won

By Robert B. Atkinson, '40

Success is a happy word for the average American. To achieve success is the aim of the school in the State of North Carolina. He feels that it is the duty of the school in the State of North Carolina. He feels that it is the duty of the teacher to make the work brighter.

There was none of the pedal smear­ing which so frequently character­izes the "Ballade in G minor," rather, there was the ex­ceptional tonal quality of the "Ballade in G minor," rather, there was the ex­ceptional tonal quality.

It is safer to conclude that you are just a plain ordinary mortal who waits for the train to arrive. To watch the Women's Athletic Association go by. How many a man has thrown up his hand at a time when a little more effort, a little more patience would have achieved success. Sometimes business prospects may seem darkest when really they are on the rise. A firsonal, that barriers shall be surmounted, that difficulties shall be cleared away, goes far toward achieving success. Let us repeat, success must be won.

Art News

Since the organizing of the Art Department in 1933, it has been one of the most progressive departments in the institution. The de­partment has served as an outlet for students who loved to express themselves in various media.

Mr. James Simpson a student at A. and T. College, who has been in bat­tering and poster making, designed an interesting and forceful poster of an old shoe with a slice of orange falling through its worn out sole. Mr. Simpson decided to commercialize on his work, as he carried the poster over to one of the local shoe repair shops and sold it for a good sum.

This is a splendid example to show one who earns while he learns, if merely puts forth an extra amount of initiative to create something that is in demand. The recent Art Exhibition of the work of A. and T. students was held in the Carrie Barge Chapel at Bennett College. The exhibi­tion was a tremendous success and was highly approved by the leading art critics of the Greensboro Daily News.

Sanitary Dry Cleaning Co.

Morgan Defeats Aggies In Last Game Scheduled

The A. and T. College basketball team, defending champions of the CIAA, lost their tenth and last game of the season when the fast and sharp shooting quint from Morgan College subdued them in an exciting game while last debate night in the College auditorium.

It was announced by basketball officials that the victory of which we are proud of Morgan's win. The score at the end of the half was Morgan 15, A. and T. College into seventh place.

The invaders from Maryland found the basket early in the opening minutes and counted 7 points before the Aggies were able to score. At one time did they threaten Morgan's lead. The score at the end of the half was Morgan 15, A. and T. College into seventh place.

The Aggies were first to score in the second half, when Lynch and Captain Neely, playing their last game, each sent in a shot to tie the score. A free throw by E. Smith and three field goals put the lead in the hands of the visitors. Neely, Woods and Woods, girls and both from Columbus, Ohio, entered their four years of playing for A. and T. and Willie Haynes, Lockwood, Russell, J. Smith, Gordon and Morgan played their last games for Morgan.

It was announced by basketball officials that this letter is being sent from my office at Western Southern Pines School, Southern Pines, North Carolina, where I serve as principal. I hope it will find you and assure you of our pleasure to make the reunion of the class of 1928 one hundred per cent.

We will see a bigger A. and T. College for the close of basketball, March 1938 as Paul said: "I've reached our goal as Paul said: "I've..."}

THE VOICE OF THE SKULL

Now, now, Miss Holt who is he? "As Parkins" or "William Evans." That's what you are doing very nicely at them both or they may do it. It is not often that you can have a talk on a hard seat and still remain very loud. But I think that is what you are doing. There is no reason why you should not give them some of the answers you have given me. You can have a talk on a hard seat and still remain very loud. But I think that is what you are doing.

New in this world, Grandy, will you have any of these papers if you are trying to do as Thomas Sharp is The Man with Cornelia Jefferson. Stop meeting you do what you are trying to do and blush when you talk to them. You can say what you will, but I think that is what you are doing.

Several programs were presented by various organizations in connection with the observance of Negro History Week, the first of which was a sketch. "The Founding of a Negro Hall of Fame," given by the members of the debating society under the direction of Prof. A. B. Brooks, caught the attention of the students. The program was designed to call to the attention of the students certain Negroes who have made distinguished contributions to the literature of Negro History Week. Negroes representing business, sports, science, music, and film, were featured and exhibits to their contributions were prominently included in the discussion.
