MEMORANDUM

TO: ✓ C. E. Dean, W. T. Johnston, J. W. Warren

FROM: C. C. Scarborough

DATE: June 21, 1962

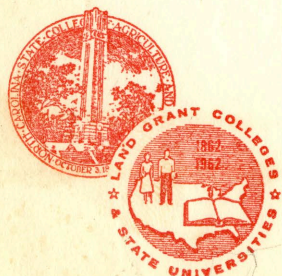

I need your best judgment

The attached is a rough copy developed by a committee here at N. C. State College appointed by Dean Brooks James. This will be revised and sent to county agents as well as teachers of agriculture. As indicated in the covering letter, this is a pilot program and if successful may be repeated in other parts of the state.

Where I need your judgment is in whether this letter and inquiry should be sent to negro teachers. At this time this would be those within counties within a radius of 50 miles of Raleigh.

If you three could get together and let me have your suggestion, I would greatly appreciate it. I will need this early next week.

Thank you.

NORTH CAROLINA STATE COLLEGE
Raleigh

MEMORANDUM

TO: _____ within commuting distance of Raleigh
FROM: _____
DATE: June , 1962
SUBJECT: Courses at State College in Late Afternoon or Night

Some of you have been asking why more courses could not be offered at State College in late afternoon or night. They can--if you want them.

A committee has been working on this matter for several months. We are now ready to see if we can get the people and the courses together. The purpose of the enclosed questionnaire is to learn of your definite interest in specific courses this fall.

We hope that you see these courses as an opportunity to develop a long-range program for your own professional improvement. Some of you who have not already done so, will want to start your graduate program. There are three degrees now available at the master's level. They are as follows:

Sc (Master of Agriculture / Master of Forestry ✓
Master of Education / Master of Science ✓

Please check the items on the questionnaire about the master's degree and the courses which will be available if desired. Add comments or write a letter if you have other questions.

We need 100% response. This is in reality a pilot program. Based upon our experience in this area, we plan to make a similar program available to educational leaders in other parts of the state.
