Gibbs and Hodgin Claim Press Attacks Are Absurd

Yoshua Nkomo
To Speak At Assembly

Yoshua Nkomo, President of the Southern Rhodesia African National Congress, will speak in Harrison Auditorium Tuesday, November 20, at 6:00 a.m.

Dr. Reed Speaks On United Nations Day

Dr. Reed, dean of the School of Agriculture, was guest speaker for the International Relations club Tuesday, October 20, in Harrison auditorium. The occasion was the annual celebration of United Nations Day.

Founders' Day

A&T To Observe 68th Anniversary On Nov. 4

A&T College will observe the 68th year of its founding at the annual Founders' Day exercises set for Wednesday, November 4.

They Dine With Register Editor

In separate interviews, both Warmoth T. Gibbs and E. R. Hodgin, president and business manager of A&T respectively, called the accusations hurled via the Carolina Times absurd. Both contended that the editorials were not based on sound facts. It was learned from the two that neither was consulted in an interview so that anything could be stated. In a change of fact that, as Dr. Gibbs put it, "The Carolina Times has never done any thing to help me, or A&T for that matter. It (The Times) has always taken an adverse stand toward A&T, and it is part of their nature that their assertions are not based on authentic information."

No Rebuttal Has Been Made

When asked what defense the administration had in the face of these charges, the President said that no rebuttal has been made (other than this one) because there is nothing factual to the charges. "Our complaint," he said, "the business manager, just as everyone else, has made statements that were not in the interest of the institution as a whole."

Let’s Have “American” Education

“Praise and Appraise Your Schools,” is the theme for American Education Week November 6-14, just one week off. But what social question is posed. These questions run like this: The Child: What Does Education Mean To Him? The Parents: How Can They Work For Better Schools? The School Board Member: What Are His Responsibilities? ... to mention a few.

These three questions, however, are indeed thought-provoking ones. Many people have asked each one of them in our present educational setup. Just what role can they play in the face of prevailing circumstances which confront our schools today? Is not the role played by the voter one of the most vital in maintaining a strong public education system?

But what defense does the American public dare offer when Negro children are compelled to travel eighty miles a day roundtrip in order to attend classes except for N. C, under the act of March, 1878.

be posed: Why do we attend Pep meetings and football games at the expense of our children? In the western section of North Carolina, for instance, a school building for Negroes has been condemned; and white citizens of a nearby school in the community, it is designated for white. Negro children would have to travel eighty miles a day roundtrip in order to attend classes except for civilized people in the locality who have set up a makeshift system for them.

This is a good show on the part of these citizens. But it must be noted in this instance that a large segment of the group’s achievements is white. This brings to mind the question of the motive of the group in setting up this makeshift system.

The question is how the efforts here is to try to keep these students out of the available school classrooms in the community simply because of race. In some communities, however, the churches have tried to institute the facilities of the modern plant with all its science labs and recreational areas.

Only one example is mentioned here but the problems which are raised from situations of this nature are definitely inherent.

What, then, is our role in so far as American education is concerned? What, specifically, is YOUR role?

The time has arrived — in this age when a potential enemy threatens our heritage — when we must face this problem in the face of a logical and common sense standpoint.

Let us turn American Education Week into American Education — Year Round, In and Out.

Chairman Pounced Upon

It is not surprising when students complain about regis- tration or rules and regulations that the social life of the campus is not improved by in- stitutional buildings and outdated equipment to work with that they take steps to remedy them.

Last year, the student body, faculty and alumni of A&T bombarded legislators with letters in a concerted effort which expressed our need for appropriations raised. Result: almost one million dollars added to our fund which will go to work in the coming improvements here.

On the other hand, it is quite another thing when students become so incensed about being denied to them that they express their sentiments and grievances to the president by voicing objections against calling hours. Students at Woman’s College are seeking a 1:00 a.m. dormitory closing hour in lieu of the present twelve midnight closing.

On the other hand, it is quite another thing when students become so incensed about being denied to them that they express their sentiments and grievances to the president by voicing objections against calling hours. Students at Woman’s College are seeking a 1:00 a.m. dormitory closing hour in lieu of the present twelve midnight closing.

The Board of Trustees must be commended for the heroic attitude of fighting the battles of their grievances because they took their problem to the place where it will be most effectively considered: the Board of Trustees.

Jazz From Benjis Ltd

Charlie Mingus Quintette

Charles Mingus, the most original of innovators, has led a variety of groups over the past few years. Though these groups haven’t been consistent, throughout the years there has always been an orchestral voice which could produce the myriad of sound and mood of which Mingus is capable.

The standouts of these varying groups, saxophonist Curtis Nunn and trombonist Jimmy Deen are proving to be impressive musicians. Greensboro’s own, Danny Richmond is proving the finest drummer to approach the sonny Green—like color of the Mingus approach. Finally, there’s Mingus’ bass; a most amazing role instrument.

By Ernest Johnson

“Rah, Rah, Rah Rah, Hooray for A&T!”

Omar Khayyám writes a new jingle

A jug of Wine, A loaf of Bread
and Winston's Filter-Blend!

Old Omar has come up with another coker of a couplet. Freely translated from the Persian:

True, the lines don’t scan. But what do you expect from a tent-maker—the perfect rhyme of “Winston tastes great like a cigarette should”?

The Moving Lighter lights;
and having lit, Flicks off. Then you draw on it,
And by bit by bit smoking pleasure mounts;
With Filter-Blend up front, Winston’s got what counts!

Graduate Accepts Job With Boeing Aircraft

Charles Saunders, a June graduate in electrical engineering and a native of Greensboro, has accepted an engineering position with Boeing Aircraft Corporation in Seattle, Washington.

He is one of the first Aggies to be hired by Boeing, however, as he joins several recent graduates in the field at the mammoth aerospace manufacturer company. Other student engineers there are Richard H. Brown, ’67; Donald R. Williams, ’69; James Howard, ’78; and James A. Morgan, ’77.

Saunders, like most of the others mentioned, is working in the guided missile section at Boeing where he

Henderson Takes M.E. Position In Research With Army Engineers

Crawford Henderson, son of Ben Henderson of Route 3, Oxford, N. C., and a 1960 graduate of North Carolina Agricultural and Technical College, Greensboro, has accept-
ated a position as a junior engineer at the U. S. Army Engineer Research and Development Laboratories, at Cora, Pennsylvania.

The Laboratories are the principal field activity of the Corps of Engineers for the conduct of research and development of new material, methods, and techniques required for military engineering.

Henderson is employed in the Evaluation, Engineering Branch, Mechanics Section, of the Department, which conducts tests on general and special engineering equipment including construction, maintenance, and industrial equipment.

Upon release from service he attended North Carolina A&T College and received a bachelor of science degree in mechanical engineering.

Married and the father of three children, he and his family are residing at 2030 20th Street, Arlington, Virginia.
Home Economics Majors — Attention: How would you like to step into a key executive position with a major company immediately upon graduation? The Pillsbury Award winner for 1960 will do just that.

This award, presented in its second year, offers a unique "on-the-job" training fellowship to an outstanding home economics major who will graduate from college this June. She will become Associate Director of the Pillsbury Junior Home Service Center for one year — beginning July 1, 1960. The position encompasses a wide range of functions and activities, as to give the Award winner first-hand know ledge of the many ramifications of the food field and of the ways in which home economics contributes to this industry.

The award winner will receive a cash grant of $1,000 in addition to her salary of $6,500 for the year. At the close of her year as Associate Director, she will be offered another position with Pillsbury or a $2,500 fellowship for a graduate study in home economics. The Award winner for 1959 was Deanna Simenson, who graduated last June from Montana State College at Bozeman.

Full information on the Pillsbury Award for 1960 and application forms may be obtained from your Home Economics Department. Applications must be submitted to Pillsbury through your Home Economics Department, no later than December 1st.

When you think for yourself... you depend on judgment, not chance, in your choice of cigarettes. That is why more and more women who think for themselves usually smoke Viceroy. They know only Viceroy has a thinking man's filter — the most advanced filter design of them all. And only Viceroy has a smoking man's taste.

*If you have checked (C) in three or more of these questions... you think for yourself!"
Contests For Poets Open Next Month

The National Poetry Association announces its Annual Competition. The contest consists of two divisions: one for college students, the other for college teachers and librarians.

Any student attending either junior or senior college is eligible to submit his verse. There is no limitation as to form or theme. Shorter poems are preferred by the Board of Judges, because of space limitations.

Students' Anthology

Each poem must be typed or printed on a separate sheet, and must bear the name and home address of the student, as well as the name of the college attended.

The closing date for the submission of manuscripts by College Students is November 5th.

Teachers' Anthology

Teachers and Librarians are invited to submit poetry manuscripts for consideration for possible inclusion in the Annual Teachers Anthology.

The closing date for the submission of manuscripts by College Teachers and Librarians is January 1st.

There are no fees or charges for acceptance or submission of verse. All work will be judged on merit alone.

Manuscripts should be sent to the offices of the Association, National Poetry Association, 3390 Beverly Avenue, Los Angeles 5, California.

Former Editors Entered

This is the same contest that two former editors of the Register entered. Both Billy Carpenter and Aloma Stevens were successful in having their poems published by the National Poetry Association.

Chestnut, a senior, also gained publication of his poem "Poetic Dilemma." Stevens were successful in having their poems published by the National Poetry Association.

Chestnut, a senior, also gained publication of his poem "Poetic Dilemma."

Indian Student Travels Further Than All Aggies

A&T's Graduate School, headed by Dr. P. A. Williams, boasts the distinction of having the one student who traveled the greatest distance to attend the college.

The student is Mr. Vaddamudi Basaviah, a graduate of Andhra University, in Andhra Pradesh, India, where he majored in Agriculture. He also has done work at the Agricultural College of Burma.

He has enrolled here in graduate curriculum leading to the Master of Science degree in Agriculture.

Since graduation, Mr. Basaviah has held the position of Agricultural Officer at Andhra Sugars, Ltd., a large sugar cane plantation in his country. His purpose for choosing A&T for his graduate work is to gain first-hand knowledge in his field, as he states that his country is in much need of highly-trained experts in agriculture in its efforts to increase food production there.

It is felt here that Dr. Williams' trip to India during the summer of 1958 was instrumental in gaining Mr. Basaviah's interest in A&T's School of Agriculture.

Enrollment Statistics Released By Registrar

The office of the Registrar has released the enrollment figures for the Fall Quarter.

The School of Engineering leads the college in enrollment with a total of 550 students in the various departments of A.E., E.E., Physics, M.K., Mathematics, Business, and Art. Of these, electrical engineering leads the school with 160 students.

Following the School of Engineering is the School of Education and General Studies with a grand total of 679 students. The School of General Education and Social Sciences has a total of 371 students. The School of Agriculture has 220 students.

Nursing Smallest

The School of Nursing is the smallest, with 62 students, but the only one with a majority of women students. One male student was admitted to the School of Nursing this fall and is the first to do so.

Majority males

On the other hand, the remainder of the four major schools of the college boast a majority of male students. Here again, the Department of Electrical Engineering leads with 262 of its students male. This is because there is only one upper class student enrolled in E.E.

In the other schools, however, the ratio is not quite that bad. The School of Agriculture has 148 men and 145 women, and the School of Education and General Studies has a ratio of 353 men to 142 women students.

Batio: 1 to 1

This boils down to an overall ratio of 1493 men to 1183 women students, or 54.2% of the student body male.

More specifically, for every male student in the College of Agriculture, there is approximately one-half girl.

Pre-Registration

As of November 9th

Beginning Monday, November 9th, Pre-Registration will begin for the Winter Quarter.

Before this date, each student is asked to report to his advisor and with his schedule in hand, to register for courses, beginning on the ninth, and to wait until the cards are checked and counted before you leave.

Alumni Principals

Among the principals participating in the annual Alumni Worship Service held in connection with the homecoming observance were from left to right: C. T. Griffin, Concord, N. C., principal speaker; Dr. Howard Robinson, president of the Greensboro Gate City Alumni Chapter, sponsor of the program; Mr. E. T. Daniel, chairman of the Alumni Association, and Howard G. Barnhill, Charlotte, president of the A&T National Alumni Association.

Homecoming Is Most Successful In 30 Years

The annual homecoming observance held here, October 16-18, has been described as one of the "most successful" in its thirty-year history.

Several thousand alumni and former students from three days as far away as Michigan, Texas, Florida and Massachusetts were on hand for the three-day celebration.

Highlights of the weekend program included: A giant pop rally and bon fire on Friday night; class reunion meetings and dinners for the graduating classes of 1934, 1949, and 1964; and a magnificent homecoming ball, featuring the music of Milt Buckner and his trio, all on Saturday.

Longest Parade

The nearly 10,000 partisan fans who urged the second homecoming football game in a row by whipping Maryland State Col­lege 16-18, a pre-game show at the stadium.

Music was furnished by the A&T College choir with Mr. Howard T. Pemnall, director, and Mr. Everett Thomas, organist.

 Were You There With The Rest At Homecoming

By Carl E. Ritter

When the bands played, touchdowns were made, Miss A&T waved her banner Monday morning, October 18, with the annual Alumni Worship Service in Harrington Auditorium at 11 o'clock with Mr. C. C. Griffin, 58, as the main speaker.

Mr. Griffin told the audience that leadership emphasizes symmetry, that the price of leadership is loneliness, and that leadership "not only demands a penalty, but also, finds its reward."

He spoke from the subject, "The Pencey For Leadership," his Biblical reference was St. Matthew 20:22: "Are ye able to drink of the cup that I shall drink of, and to be baptized with the baptism that I am baptized with?"

"All leadership is spiritually strenuous," said the speaker. The price of leadership is the ability to face constant scrutiny; Mr. Griffin pointed out that there is no constant judgment of others. "We must en­large our visions and live without moral compromise," he said.

Others participating in the program were Dr. Howard P. Robinson, 58, who presided; Mr. E. T. Daniel, chairman of the Alumni Association, and Dr. W. W. Marshall, 41, and the Rev. Cletus McGinnis, college minister.

Chicagoland Study A&T Adult Education Program

Dr. P. E. Siegle, research director, and Mr. A. P. Turner, special consultant, first met with a cross-sectional group of the faculty and administrative members of the college Friday, October 9. The following Saturday, Mr. W. A. Blount, professor of adult education, Mr. R. C. Dowdley, school of education and general studies, and Dr. L. R. Robinson, sociologist, met with the representatives to discuss program projections.

These projections were for areas that have facilities to offer courses in adult education, such as Edu­cation and Social Studies.

Mr. Blount's comment on the study was "I feel, with the work of the center and the resources at the college, new directions in program­ming for adult college education have been achieved."

DUAL FILTER DOES IT!

Filters as no single filter can for mild, full flavor!

Here's how the Dual Filter does it:

1. It combines a unique inner filter of ACTIVATED CHARCOAL...definitely proved to make the smoke of a cigarette mild and smooth...

2. with an efficient pure white outer filter. Together they bring you the real thing in mildness and fine tobacco taste!

Filters for mild, full flavor!
Ordinarily, last Tuesday there wouldn't have been an assembly in our auditorium called the "Seventh Annual Citizenship Day celebration."

Now, it could be that the reason for the cessation of the series is that since women don't like telling their ages anyway, the men on our campus just decided to make like class too. Also of possible significance is the fact that this year the date was yielded to the Register staff for an annual get-acquainted program they gave. But believe me, the Register is much older than twenty-one, and besides, it can't vote anyway.

I remember some years back when I was a freshman that on the occasion of this citizenship program, all those students who had attained the coveted age of 21 were asked to stand.

Now I can see where that sort of stuff can cause a lot of problems, because there I sat, for instance, quite a few years OVER 21. You feel a little out of place when you're asked to stand with a bunch of bright, new, bustling, newly-matured youngsters. The only consolation I had was that I wasn't the only one standing there with an onion in the punch bowl.

So maybe it wasn't such a bad idea after all -- dropping Citizenship Day Celebration from the list of Annual dedications programs. Only thing is, the Register must somehow find a way to qualify to register and vote.

The A&T College Aggies scored twice in the fourth quarter in a come from behind, 23-18 win over Winston-Salem Teachers College in a thriller played here Saturday at Memorial Stadium.

Like the engagement on Saturday, October 17, when the Aggies defeated Maryland State College, the locals were out run on the ground, were just about matched in the air, but excelled at quarterbacks, completed an amazing 11 out of 15 passes for 176 yards, two of them TD's to his favorite target, and Turk, and Swann. Winston appeared headed for its first win in history against the Aggies in leading A&T 18-7 with five minutes left in the ball game.

**Cambridge Stars**

The Aggies, who had played three quarters of lattner ball, came to life and completely overpowered the numerous Teachers. Aggie star battles, was the real difference in victory and defeat. Cambridge scored two of his team's touchdowns with only one 67 yard touchdown pass-sprint with seconds left in the game when Bob Jacko wobbled into the end zone. Witherspoon convinced the Aggies, who scored the go-ahead touchdown and completely overpowered the Teachers, which the Aggies had to pull out of the fire in the last four minutes to beat the Winston-Salem Teachers College by a score of 23-18.
Two consecutive homecoming victories don't exactly constitute a long winning streak, but it is a basic criteria for getting one started. Prior to the '58 homecoming game the Aggies were riding low on a nine game losing streak. Now it's quite definite that before this streak could be extended to nine games it had to reach two. So who knows, it might just reason or surpass that stage in the opposite direction, that of a winning streak.

WINNING STREAK GOING

Did you know that the Aggies are not riding high on an eleven game conference winning streak. The last conference game lost by the mighty "Blue and Gold Aggieland" was to Maryland State College on homecoming day of the 1957 season.

UNTIL THE FINAL WHISTLE IS BLOWN

We often hear the old saying, which is quite true, that the game is never over until the final whistle blows. Some of us never pay attention to sayings of that nature. This was made quite obvious last Saturday when the Aggies came from behind in almost unbelievable fashion to take a game right out of the hands of the Rams of Winston-Salem Teachers College.

A fired up group of prospective teachers and fans filed into Memorial Stadium that day with the team that they thought could stop their rival Aggies. Almost convinced that they could do it, the Rams immediately set out to prove it to the approximately 10,000 strong High School Homecoming crowd. With less than five minutes to play, and trailing 18-7, the Rams had 16 points to edge the Rams by a final score of 23-18. That just goes to show you that a game is never over until the final whistle is blown.

Still young and beautiful at age 75!

They said it couldn't be done... but America's most famous lady does it!

No Paris design of '59 is more lovely than this ageless beauty, a gift from France 75 years ago. Miss Liberty has welcomed millions to these shores with the words, "Give me your tired, your poor, you huddled masses yearning to breathe free... I lift my lamp beside the golden door."

A cigarette that's low in tar with more taste to it!

They said it couldn't be done... but LM does it!

When you're in New York, be sure to make the trip over to see Miss Liberty. And wherever you are right now, enjoy the cigarette that's kindest to your taste.

That's LM: Low in tar, with more taste to it. No wonder more americans switch to LM every day! Live Modern... switch to LM!

Live Modern with LM KINDEST TO YOUR TASTE!

A&T Blanks Maryland State 13-0

The A&T College Aggies pushed across one touchdown early in the first period and converted a blocked field goal into another mighty the final stanza to whip Maryland State College 13-0 here at Memorial Stadium Saturday, October 17.

More than 10,000 fans were on hand for the main event of the Aggie homecoming weekend, and they enjoyed every minute of it.

Maryland State, considered the team mostly likely to capture the conference flag from the defending champs, had six of their drives stalled by Aggie defensive power. They penetrated within the Aggie 35 to the 23, 24, 11 and 15 and twice within the 26 yard marker. But on each occasion, their hard running backs were contained at the crucial points.

The Maryland defense was outstanding at all points on the field, holding the Aggies to a mere 70 yards on the ground and 18 via the air route.

HOW IT HAPPENED

A&T — Carrillo (4 yard run), Anderson (2 point conversion). Maryland State 0 0 0 0 0

A&T — Cambridge (5 yard run), Cambridge (kick). Maryland State 0 0 0 0 0

A&T — Anderson (run failed). Maryland State 0 0 0 0 0

A&T — Carrillo (4 yard run), Anderson (run failed). Maryland State 0 0 0 0 0

A&T — Cambridge (5 yard run), Cambridge (kick). Maryland State 0 0 0 0 0

First Downs 18-8

Passing Yardage 105-6
