Jazz Trio Fascinates Crowd in Harrison Aud.

By TOMMY GADDIE

The fourth estate was there in force — and when it was — to hear the Shirley Trio fascinate the audience in the A&T auditorium.

This jazz playing came from the heart of the Denver, Colo., scene and was given a standing ovation by the faculty and students present.

The group's popularity attests to the arrival of a new generation of jazz artists who are making history on their own terms.

The Shirley Trio's performance was a testament to the power of music to transcend boundaries and bring people together. Their unique style and energy captivated the audience, leaving them in awe of the incredible talent on display.

The experience was an opportunity to appreciate the rich heritage of jazz while also celebrating the innovation and creativity of contemporary musicians. The Shirley Trio's music served as a reminder of the enduring appeal of this art form and the transformative power of live performance.
Korean Students Effect Change
By Carl Bullock

The former president of South Korea, Syngman Rhee has stepped down from his 12 year presidency. He and his vice presidents elect, Kim Young Pal and Chung Ki-Poong were targets of violent student demonstrations against a dictatorship. The student demonstrations were spurred by the irregularities and police coercions that existed in the March elections. The hated National X party leader, Kim Young Pal, initiated the election coer­cions and brutality.

There is one fact observable: that the students of South Korea resist not a non-democratic system ex­isting. The South Korean students are aware of their responsibility to abolish inequitable systems of life. Systems that take away a man's rights are no longer being accepted.

Students all over the world are showing their resistance to political and economic injustices. Life systems that take away a man's rights are no longer accepted.

The South Korean and U. S. democracy is not altered, parallel in nature. It is a situation which could be called a "Revolution of Youth." The youth of today are not satisfied with the existing conditions of our society.

Each of the times that have advanced materially and morally, are des­igned to coincide and evolve into a world of peace. The rhythmic pulse of time awaits the inevitable change. The times that have advanced materially and morally, are designed to coincide and evolve into a world of peace. The rhythmic pulse of time awaits the inevitable change. The student demonstrations are a world of peace. The rhythmic pulse of time awaits the inevitable change. The student demonstrations are a result of a sociological term known as social revolutions. For a long time the Negro (the black man) has been looked upon as a second class citizen. The students of South Korea have been looking at the American system. They are situations in this high standard for the news­paper. I hope that you will be able to repeat this accomplishment next year.

With every good wish, I am
Very truly yours,
Warren T. Gibbs

Frosh, Sophomore Meet

By ERMA F. HARRELL

The Kappa Phi Kappa Forensic Society sponsored a debate composed of members from the freshman and sophomore classes in assembly in the R. B. Harrison Auditorium, Tuesday, 10:00 a.m. April 20, 1960.

Sophomores participating were Joseph McNeil and William Garritt.

Sophomores taking the affirmative side pointed out that "final exams do not show true results, because many students cheat." They also pointed out that "final examinations put too much mental strain on students."

The freshmen stated that the only solution is to let final examinations count for a larger and larger percentage.

The judges, Dean L. C. Dowdy, professor of mathematics; and John McDonald, senior; and Mr. L. H. Brown, voted two to one in favor of the affirmative side.

Jack Ezell, president of the sophomore class, was presented with a plaque honoring the winning team.

Players to Present 'Harvey'

The Richard B. Harrison Players will present as their annual spring production, the hilarious comedy, "Harvey" by Mary Chase, on May 18 and 19, at 8:30 p.m. in Harrison Auditorium.

The cast included the following students: Sheree Cherry, portrayed sociologist, Orlando, Florida; Betty Pierce, nursing, Savannah, Georgia; Laverne Madison, English, Greensboro; Cinnette Fisher, nursing, Rich.
Mr. and Mrs. Joseph W. Sharpe, Sr., Leaksville, N. C, were united in marriage by her twin brother, Mr. and Mrs. Joseph W, Sharpe, Jr., son of Mr. and Mrs. Joseph W. Sharpe, Sr., Louis ville, N. C, were united in marriage in nuptials conducted at the Greensboro St. James Presbyterian Church, Sunday, April 3.

Evelyn Faye Ann Ervin, daughter of Mrs. Jessie M. Avery, Morganton, N. C, and M/Sgt. Joseph W, Sharpe, Jr., son of Mr. and Mrs. Joseph W. Sharpe, Sr., Louis ville, N. C, were united in marriage in nuptials conducted at the Greensboro St. James Presbyterian Church, Sunday, April 3.

Annual Military Ball
To Be Held Tonight

The campus is in all its glory today because tonight will mark the observance of the annual Military Ball. This year, the cadets have been busying themselves with securing the necessary essentials for this gala affair.

There are a lot of things that make this dance a great anticipation, because this will be their first Military Ball. Not only are freshmen in college, but their high schools are not far away; but all the other cadets as well.

Swinging in the tradition of "Gator Tail" Jackson and his big band, with a Hawaiian atmosphere swinging through, approximately 5,000 people will attend this formal occasion.

Tonight's ball will mark the 9th annual Joint Air Force and Army ROTC Ball, but the military ball in existence before the Air ROTC was established at A&T.

Big name bands are expected to dine before the grand march has been performed. This moment will be a thrilling one for John Mcdonald, chairman of the Department of English in the Piedmont area.

The Piedmont affiliate of the National Council of Teachers of English will hold its annual meeting on Saturday, April 9, 1960, to hear an address by Dr. Joseph Mersand, president of the NCTE.

The Piedmont affiliate is a group of high school and college teachers of English in the Piedmont area, was established at A&T College by Mrs. Carry H. Kelley, president for 1960-61.

Outlook For '60 Grads Is Bright

JO ANN WILEY

Many of our prospective '60 graduates are no doubt wondering if the outlook for full-time employment will be a bright one.

Surveys show that our '60 graduates are employed in state and out, in various fields.

To cite our in-state alumni, we find Edward Nesbitt at Logans High, Concord; Dorothy Harrington, Jordan School, Burlington; William Chapman, P. S. Jones, Washington; Dorothy Godfroid, Laurinburg Institute; Laurinburg, Katharine Allen, Adkins High, Kinston; Clarice Howard, First Baptist Church, Kinston; and David Jeanes, Cleveland College, Training School, Shelby.

Also, Aldon Cothold, Winnsboro and Wakefield Center, Greensboro; Charles Foye, North Carolina Mutual, Greensboro; Hubert I. Mink, Pamlico High, New Bern; Robert McKee, Wakefield Center, Laurinburg; Mills, Wake Forest, Winston-Salem; Betty Riddick, Lab. Tech., Duke University, Durham; John F. Foye, assistant band director, Southport, Va.; Frincus Albert Buc, assistant band director, N. C. College, Durham; Addie Grose, assistant Home Economist, Lillington.

Out of state are Doris Bennett, Keans School Centreville, Maryland; Noveltie Hunter, graduate work at University of Wisconsin; Minnie Mansen Mullin, graduate study, University of Iowa; Elaine Noel, hospital dietitian, Washington, D. C.; Alice Samsun, Southern High, Davidson, Va.; Johnny Threatt, Blackston, Va.; James Smith, Community Center, Greenville; B. C.; Warren Farmer, Wilmington Public Schools, Wilmington, Delaware; Josephine Curry, Detroit Schools, Detroit, Mich.; Yvonne Leake, graduate work; Janice Baker, band director, Lebanon, S. C.; Jane Green, Nursery School, N. Y.; Greenly Forbes, Nursery School, Wilmington, N. C.

Other '60 graduates have obtained positions. However, information could not be secured at the time of this release.

Columbus discovers the Winston Hemisphere

"Flavor, Ho!" The Admiral Shouted

As He Sighted FILTER-BLEND

From the Captain's Log...

One Day Out. Weighed anchor and set sail in search of a filter cigarette that really tastes like a cigarette. Crew thinks this is wild.

One Week Out. Have sighted many filter cigarettes and smoked some. Crew still thinks the world is flat.

One Month Out. Discovered new world of smoking pleasure:

Winston! It is the only cigarette with a modern filter plus Filter-BLEND—rich, golden tobaccos not only specially selected, but also specially processed for filter smoking. Crew now thinks this is a pleasure cruise.

One Year Out. Crew has marveled. Refuses to go back to the Old World (non-Winston Hemisphere). I agree. Therefore I am founding a colony called Filter-BLEND. Colony's motto will be:

Winston tastes good...like a cigarette should!
Organizations Busy Completing Plans

By Ernest Johnson, Jr.

Only a month to go in school and organizations can fold their tents and break camp for another year. April-1960 was a busy year for organizations and many plans and ideas were formulated. Although all of their plans didn’t materialize, they definitely can’t be used for next year’s program.

Senior Class Day

The class of 1960 is the last class to make plans for the Senior Class Day. This program is somewhat of a tradition; however, the students are hoping that this program will be the best ever presented.

The title of the program is "This Year's Class Day." The history of the class will be narrated as well as dramatized by the students. Emphasis will be placed upon their personalities throughout the years.

After a detailed history, the class of 1960 will meet and prophecies will be presented.
Jazz From Benjie's Lid
The Cool Mood

Most clubs where the devious music of the Dizzys and Birdies sway, there's no discernible sway—nobody dances, just an occasional patting of their feet or the drumming of the fingers on the table. On the bandstand, the performer or spectator is considered uncool. They are after passions; by, in short, reinstalling the mind stage-front. They are after the performer's performance to affect the audience.

Notes From The Big Horn

NEW DUAL FILTER

Tareyton

Jazz From Benjie’s Lid
The Cool Mood

Like real. You??

There's a lot of satisfaction in pointing out something good to a friend. That's why it often happens that one cigarette out of a pack of Dual Filter Tareytons never does get smoked.

People break it open to demonstrate its unique Dual Filter containing Activated Charcoal. They may not know why it works so well, but they do know this: it delivers more than high filtration... it brings out the best taste of the best tobaccos—definitely proved to make the smoke of a cigarette mild and smooth...

2. with an efficient pure white outer filter. Together they bring you the real thing in mildness and fine tobacco taste!

New dual filter Tareyton. The film on the Odyssey described the ten years of wonderings and hardship Odysseus encountered on his voyage home from the war. He touched upon the shores of the Lusi Rada in Africa and escaped death from the cyclos Polyphemon only by his own enterprising trickery in taunting the giant and convincing himself that one of the Cyclops's sheep as they crowd out of the cave. He remained one year with Circe, the enchantress, and seven years with the moon nymph Calypso on her island. He braved the dangers of Scylla and Charybdis, heard the sirens ring while he was bound to the mast and then escaped. He was shipwrecked on the shores of Phaeacia and there cared for by Nausicaa and her father, who gave him ships to continue his homeward voyage.

At last Odysseus reached Ithaca to find his wife surrounded by a host of unworthy suitors, each courting the kingdom. With the aid of his son, Telemachus, and his faithful harborman, Eumaeus, he slew them and reigned another sixteen years. Telephus, his son by Circe, came seeking his father and unluckily killed him in a quarrel before he knew who he was.

The panel discussion was under the direction of Mrs. Barlow. The participants included Miss Mary Harrod, Miss Barbara Barker, Andrew Jefferson, James Johnson and Rozenn Gordon Rola, all students at this college. Mr. Horne, who is a history instructor, acted as historical advisor.

One of the most visited displays was the "Mechanical Mule," a highly maneuverable vehicle which weighs 880 pounds and carries a payload of 1,500 pounds. On the "Mechanical Mule" the driver may either ride or crawl behind it.

Another outstanding area for viewers was the motion picture of the Army's family of missile launchings.

In giving remarks to open the missile display, President Warmoth stated that it is the responsibility of the cadets to take part in the defense of the United States. These individuals must preserve the success in battle of our forefathers.

According to the personnel responsible for the exhibit, the largest number of people was believed to have witnessed the display here.

Aggies Aim At 3rd Confy Crown

By Elbert S. Sloan, Associate Sports Editor

The 1960 edition of the Aggie baseball squad appears even stronger this season than they did a year ago this time, with their high scoring, if nothing else, serves to bear this out. The team has been the plant in the CIAA for the past five or six years.

Romp Over "Liz City 23-7"

Heavy hitting power generated by these players with the A&T College Aggies has placed the team atop the CIAA baseball heap and with good chance to repeat as conference champions.

They Wield Big Bats

The Aggies scored 10 runs in the first inning and added 13 more in the second inning. All 23 runs were scored in the first five innings of the game. The Aggies had three hits in four at bat including a homer, double and single. Sim Bowden, second baseman; Robert Bryant, first baseman and Joe Council, right fielder.

The Aggies bested the Hampton Institute baseball team 9-3 behind the strong pitching of right-hander Arnold Davis in a CIAA game played in Memorial Stadium on Good Friday.

The contest was highlighted by a second straight perfect day, 3 for 3 including a homer, double and a triple for the afternoon. Sim "Goat" Bowden, Aggie's slicking right fielder has the second highest batting average with a .786 percentage. Over one percentage.

Bowden had his second straight perfect day with 4 for 4, including three singles and a triple. He drove in two runs and scored three times. Joe Council had a single and triple and two rbi's. Sim Bowden continued with the circuit for right field and在床上 scored twice. Hugh Evans, fresh man second baseman; Robert Bryant, first baseman and Jim Rouse, right fielder.

Tennis Tourney To Be Held In May

The American Tennis Association Intercollegiate-Tennis Tournament will be held here at Greensboro Memorial Stadium in the seventh inning.

Lute Lang has also scored the most runs — 10.

The Greensboro eliminations are expected to produce an almost new team of boys in John King and Frank Ransome.

"Two hands all wobble" is a statement (A) debased by advertising ; (B) in true as "Two hands all wobble" (C) that means your mind can build its own scar tissue.

If you checked (B) in three out of four of these questions, you don't exactly flunk... but if you checked (C), you think for yourself.

Viceroy Filter Tip Cigarette KINGSIZE

Do You Think For Yourself?

(TAKE A CRACK AT THESE QUESTIONS AND SEE IF YOU CONNECT)

"Handsome, Washington, D. C., is the only veteran from last year's team who is returning. He is the "Marvelous" Faggett, 1959 Texas State conference winner, and received 14 walks from the Elizabeth City pitchers.

Talley laid down a bunt single and moved to third on walks to Robert Bryant and Calvin Lang, then stole third and scored on a wild pitch by Del. State's right-hander Arnold Davis. "Ten' Groomes put in his reserves.

When a pal bends your ear about why his filter cigarette is best, do you listen most to (A) his comments that both really good filtration and real tobacco taste are in a pack that the filter must be good because it's new? (C) his comments that both really good filtration and real tobacco taste are in a pack that the filter must be good because it's new?

Before you buy your next pack of cigarettes, take a moment to think about what you really want. Most men and women who think for themselves have studied the facts about filters and have chosen Viceroy... the one cigarette that thinks a filter's man's taste."

Gain Opener Over Varsity 11-2

The Aggies bested the Varsity 11-2 in the opening conference game played in Memorial Stadium in the seventh inning.

The Aggies scored 10 runs in the first inning and added 13 more in the second inning. All 23 runs were scored in the first five innings of the game. The Aggies had three hits in four at bat including a Homer, double and single.

Hugh Edwards started but was unearned.

In May

The American Tennis Association Intercollegiate-Tennis Tournament to be played at Charleston, Virginia, beginning on June 20. Semi-finalists in the Greensboro events will be eligible for the national championships.

The Greensboro eliminations are expected to produce an almost new team of boys in John King and Frank Ransome.

If you checked (B) in three out of four of these questions, you don't exactly flunk... but if you checked (C), you think for yourself.
