New President Challenges Freshmen To Excel

You are beginning your college career at a most dramatic moment in the history of this country. For one thing, our moral and intellectual supremacy is being threatened by a bold, aggressive nation which embraces science and materialism as philosophers of life. America is looking to you — to you to recover the spirits of a free democracy under God.

The nation is looking to you also to master the science, technology, the humanities and the social sciences so that having found a "why" of life, the "how" of living may be shared and refined with the world's destitute peoples.

You have yet another challenge. Our people have been the victims of frozen and unscientific propaganda. As new opportunities open, you must be alert to any attempt to confuse the students with propaganda. You must be responsible for the moral status of the University. This is your foremost responsibility in college and your duty. By your conduct and behavior you will reflect the status of the University of North Carolina as a university and college.

You have yet another challenge. You are beginning your college career at a dramatic moment in the history of this country.

It is your responsibility to prove to the world that color and race have nothing to do with the quality of your work. Our people have been the victims of frozen and unscientific propaganda. As new opportunities open, you must be alert to any attempt to confuse the students with propaganda. You must be responsible for the moral status of the University of North Carolina as a university and college. Through the University you will reflect the status which we have to restore.

Canteenology Closed

With the opening of school and the new canteen, there came a new gathering place for the students who wish to spend some time in CANTENELOGY although it is not sanctioned by the administration. It seems as if everyone is trying to have a good time. It is one of the most popular classes around the campus, but then, maybe it is, because of the "Shimmy," jazz, and "rock and roll" music pouring from the radio box. Another thing which makes this class unique is the fact that you do not need a class card for this course because there are no college-appointed instructors; therefore, nobody can say, "that old teacher flunked me."

One may ask, "Well, since there are no formal instructors, who does the teaching?" Well, this is very simple, the faculty in the school of Canteenology is composed of graduate students in that field who are currently working for their M.C. Degrees (Masters of Canteenology).column will appear regularly

This seems to be one of the most popular classes around the campus, and most of the time the class is full. If you come late and see an empty seat, you won't be able to sit there. So to avoid this, you might as well study the course and find out, but this would not be advisable for most of you are here to study a profession for a better future. So don't let this expected goal and surely you will be disappointed in the end.

By CLEVELAND M. BLACK

Whether or not the coming November election result will in a landslide for either party is a point that few can decide with certainty. So far both parties have had glorious moments as well as damaging setbacks. The defeat of his minimum wage bill in the Senate has cost the democratic candidate Nixon, on the other hand, to have his hopes of being re-elected as a substitute. He must assert himself as a presidential candidate rather than live in Ike's shadow. So far, it seems that most important is being attached to platforms rather than past expediencies.

The forthcoming election, one might conclude that the outcome will depend upon the candidates' platforms.
a Swingline stapler no bigger than a pack of gum!

Organizational Presidents

Organizations Launch 1960-61 Activities

By ERNEST L. JOHNSTON, JR.

As organizations get together after a three-months' vacation, presidents are ready to carry on the organization which went into abeyance at the conclusion of last school term. Many of these(TBD), a list of organizational officers, is published each year by the students of the University. The officers are the men who are elected by the membership of the organization.

For the first time in years, the presidents will really be in the hands of the students. Many presidents have been appointed by the administration, but this is the first time in years that the students have been left to elect their own presidents. The presidents will be responsible for the activities of their organizations.

The presidents will be elected by the students of the University, and the presidents will be responsible for the activities of their organizations.

Paul Brown

Brown Excels in Summer Training

By JAMES BEPNER

Paul Brown, or Big Brown as he is sometimes called, walked hard and talked loud at summer camp. He was stern and yet flexible; he was strong and yet soft. Not only did he gain the respect of his fellow cadets, but he also did that of the other members of the camp.

Brown, a tentatively Distinguished Military Student upon going to the encampment, was able to acquire some knowledge of the形态 become a major achievement. He was one of the outstanding cadets from all military camps.

When Brown was asked to comment on his training, he replied, "I have been able to do this, "I believe that the training at West Point has been excellent." But he is not only be a good officer in the U.S. Army, but also a good citizen of the world.

Harrison Players To Present "Dial "M For Murder"

By the return to school, the Harrison Players like other campus organizations have begun making plans for an even busier season. The players have been rehearsing for the first production of Frederick Knepper titled "Dial "M For Murder." It is the first production of the Spring semester, and the play is scheduled for the middle of October.

Other business was the election of the 1961-1962 officers. The election was held in the Student Center and the new officers are:

President: Russell H. Brown, a senior from Miami, Florida;
Vice President: John H. Smith, a freshman from Cincinnati, Ohio;
Secretary: Donald A. Ewell, a senior from Chicago, Illinois;
Treasurer: James E. Johnson, a junior from New York, New York;
Publicity: Robert J. Brown, a junior from Des Moines, Iowa;
Business Manager: Thomas E. Brown, a senior from Washington, D.C.

The war show will be presented on November 4, '5, and 6, 1961, in the Student Center, and tickets are $1.00 each.

Counselors Chosen

For the second consecutive school year the student council of the University selected qualified young men to serve as student counselors in Scott Hall. The selection was based on the student's background and scholarship.

This year the dean and his associates have chosen the following young men to serve in this capacity:

Harold Daniel, Curtis Dixon, Rudolph Edwards, Wilbur Franklin, Tommie Gaddie, David Johnson, Jr., and Nathaniel Rodgers. Most of these counselors have been in the organization for at least one year, and they are all upperclassmen.

The counselors are responsible for the activities of the students. They are appointed by the dean and his associates and are responsible for the welfare of the students.

Mrs. Sandra S. Motz, director of dormitories, predicts that this year will be one of the best for the Harrison Players. Mr. H. W. Robinson is assistant director of dormitories.

In the conclusion of the year's plans, the counselors will give a farewell dinner to the graduating seniors. The dinner will be held in the Student Center and tickets are $1.00 each.

In October Faculty Committee To Discuss Standards Of English Usage

"Standards of English Usage" will be discussed by the faculty committee, with Dr. W. W. N. Somers as chairman of the committee.

This discussion will be under the leadership of Dr. W. W. N. Somers, chairman of the department of English.

The bibliography for the October Seminars includes three basic books. They are Frdrie, O. A. Veale and Dietle, New York: The Macmillan Co., 1961; and Robert A. Jr., Lingualists and Their Language. Another book which is recommended is: "Poeley, Robert, Teaching English Usage, NCTE, New York: Appleton-Century-Crafts, 1948."

These books will be available through (1) the special Seminar section, 3rd floor, Library; (2) circulation department, or (3) purchase at the bookstore.

Freshman Class Presents Broadway Spectacular

BY MARY HARPER

The Freshman class of 1960 pulled a surprise performance on the Aggie student body as it threw the spotlight on Broadway in its annual talent show Friday night, September 16. Contrary to the usual Friday night activity, the 500-seat auditorium was packed with Broadway hits from popular shows taking on new life on the stage at A&T.

When a downpour of rain suddenly enveloped campus, these four freshmen, nevertheless, took time out to admire the beauty of Aggieland on their way to attend the president's reception for freshman students. The students are from left to right: Patricia Virginia Scott, Portsmouth, Va.; Jean Lewis, Pittsburg, Pa.; James Bowens, Wills Point, Texas, and James Bowens, Washington, D.C.

Davella Florence and John Wilke learned up on stage to do three excerpts from "Porgy and Bess." Things were running smoothly now as Lloyd Ferguson gave her rendition of "Midnight Sun." A little more on the vocal came as Andrew Willis sang "If I Loved You."

Time came again as a piano solo. DeAree gave some of his original poetry followed by a piano solo. Instrumental time came again as the Twilighters featured Lester McFadden on the piano and his rendition of "Love Is a Many Splendored Thing." Following her was Sarah Warrenton who said, "I like it here." But Thomas Langston from Butte, Montana, said he wasn't. Said he when asked how he felt about A&T.

Other freshmen that were interviewed seemed to feel the same way. Arthur McCowan, electrical engineering major, said that he came to A&T because it was "in the state and so far it has a pretty good reputation." In line with this, Julius McLaughlin, transfer student from Hampton Institute, majoring in electrical engineering, said that he came to A&T because it was "in state and so far it has a pretty good reputation." He also added that he felt the same way.

In line with this, Julius McLaughlin, transfer student from Hampton Institute, majoring in electrical engineering, said that he came to A&T because it was "in state and so far it has a pretty good reputation." In line with this, Julius McLaughlin, transfer student from Hampton Institute, majoring in electrical engineering, said that he came to A&T because it was "in state and so far it has a pretty good reputation." He also added that he felt the same way.

Some of the freshmen had other things to say as regards the college. Said Louise Shelf, Winston-Salem, business education major, "the food is disgraceful. The curfew hours are awful, and some of the senior boys are stupid and should be taught better manners.

For part of the twenty-two freshmen interviewed, friendliness and top faculty members are the most striking things thus far.

Alvin Attles
Aggie Cager Joins Warriors

Word has been received here that former Aggie basketball great Al Attles has signed a pro-contract with the Philadelphia Warriors.

Attles is known for his flashy ball handling and dribbling that reminds one of Marques Haynes of the Globetrotters.

At a native of Newark, N. J., graduated from A&T last May.

Freshmen Describe A&T As "The Most"

By JAMES A. HEPNER

"It's the most; it's what's happening!"

This is what vivacious Marliese Long, a freshman business education major, said when asked how she felt about A&T.

Other freshmen that were interviewed seemed to feel the same way. Arthur McCowan, electrical engineering major, said that he came to A&T because it was "in state and so far it has a pretty good reputation." In line with this, Julius McLaughlin, transfer student from Hampton Institute, majoring in electrical engineering, said that he came to A&T because it was "in state and so far it has a pretty good reputation." He also added that he felt the same way.

Army R.O.T.C. Retained

Commander as his aide on several occasions, Cadet Jones was awarded this honor on the basis of his past appearance and knowledge of military subjects.

Also attending Summer Camp this year were several of the cadre members of the Army detachment. They included: Harold L. Lanier, Janie V. Oglesby and SRC Harold Jordan accompanied our cadets to Fort Bragg, while Captains Robert M. Turek and SFC Allisen M. Webb went to Fort Benning, Georgia, and Fort Roster, Virginia, respectively.

As a result of their outstanding performances at Summer Camp several cadets received confirmation of their designations as Distinguished Military Students. These cadets will receive an opportunity to apply for a regular army commission upon graduation. Those receiving this confirmation are cadets Walter H. Barry, Jr., James Black, Paul R. Bracy, Harold E. Daniel, Clifton Headen, John C. Holley, Chalm Pernem, Leonard Jones and Beila E. Thomas.

Filters for Flavor

—finest flavor by far!

NEW DUAL FILTER

Product of The American Tobacco Company.

Here's how the DUAL FILTER DOES IT:
1. It combines a unique inner filter of ACTIVATED CHARCOAL... definitely proves to make the taste of a cigarette mild and smooth.
2. with a pure white outer filter. Together they select and balance the flavor elements in the smoke. Tareyton's flavor balance gives you the best taste of the best tobaccos.

Students Applaud Improved Services In New Cafeteria

by Ernest L. Johnston, Jr.

They said it couldn't be done, especially at A&T. That is the situation concerning the food which was so much talked about last year and the years before.

When the juniors and seniors de­scribed upon the new dining hall, they were surprised to find an atmos­phere found in any Howard Johnson or restaurant. Not only are the people friendly and courteous who are serving the food, but the food is superb.

Many students immediately be­gan to wonder what happened to the days of franks and bologna at other times. They are serving the food, but the majority of them had enough to eat.

The students had the chance to eat in Murphy Hall, but one thing is for sure, you don't have to worry about not being served in the new dining hall.

Twenty-two Additions

Tom, nursing, former with U. S. Air Force Nurses Corps; Harold E. Maitland, Jr.; Charlotte, N. C., educational counselor and guidance; Gordon T. Suddith, Kincade, Va.; Mattie E. Parker, 21st 2nd; Jimmy Williams, Chicago, former on college; Mrs. J. B. Veers, Dinas­ton, Hospitality; and Mrs. Ruth Glenn, educational counselor in the Guidance Center, Student Aid.

TRAVELING AGGIES: The Aggies have just returned from their tour of duty standing on 12th Street in New York City to their permanent headquarters Fairley's Sweet Shop on Sunday evenings... It is amazing to learn of the many jobs A&T students have during the summer. They can be found pushing clothes down 7th Avenue in New York to learning the art of pearl diving, but not in salt water.

“I don’t think we are any worse off ...”

—says Willie Mays

Spectacular center fielder of the S. F. Giants, famed Willie Mays, made Dual Filter Tareyton his steady smoke some three ago... “I can tell you... that pack after pack Tareytons give me everything I want. Tareyton sure has the taste!”

KAMPUS BEAT

by Ernie

TRAVELING AGGIES: The Aggies have just returned from their tour of duty standing on 12th Street in New York City to their permanent headquarters Fairley's Sweet Shop on Sunday evenings... It is amazing to learn of the many jobs A&T students have during the summer. They can be found pushing clothes down 7th Avenue in New York to learning the art of pearl diving, but not in salt water.

THINGS I REMEMBER: The time everyone ate in Murphy Hall... When Senior Women students used to reside in Curtis Hall... The guy who always returned to A&T telling everyone how much pleasure he had during the summer... That same young man was seen working on two jobs in order to make ends meet.

WANDERING ERENIE: There are approximately 2000 sore arms swinging around Aggieland... Reason: The flu shots which were given to all students. Upperclassmen are overpaid because of the new dining hall, but one thing is for sure, you don't have to worry about not being served...

A NOTE TO JUNIORS AND SENIORS: Don't forget to pick up foot-long hot dogs in the new can­

In September 1960
Third Stanford brothers should prove to be a big factor in the Aggie lineup this fall. Pollard, left, 265, and Lorenzo, right, 265, are being joined this year by their freshman brother Carl who weighs 260 pounds. Pollard and Lorenzo are both seniors.

Tennessee Tigers To Face 785 Pounds Of Stanfords

By TOMMY GADDIE

Those of you who are familiar with the technique of the Stanford brothers on the Aggie Grid are in for more of the same this season. And when I say 785 pounds, I mean 260 pounds of the most efficient and speed and weight out on the field this season with the Aggies face Tennessee A&I University at 8:00 P.M.

This season the line will be held by a wall stronger than the walls of Jericho, for it will be composed of the best CIAA Linemen, Lorenza and Pollard Stanford, both of Elizabeth City, N. C.; Mel Richardson's, Sanford, Va., Charles Slappey's 265 pounds, New River, Va.; Bob Finckle's Charlotte, N. C.; and Pollard Brown, Baltimore, Md.

This fantastic sports feat will be assisted by the all-against Aggie team and the challenges from Tennessee A&I University at 8:00 P.M.

Debators Initiate Year

The well-versed College Debating Team will meet for the first time this session on September 15. It, in Hodgin Hall.

This organization in the past has appeared in competition with noted forums from Howard, Rutgers, New York University and many other institutions.

These talented debaters are in the midst of setting up plans for future meets; therefore, they are not available to the students and other students to become affiliated with the group early. This will offer opportunity for new debaters to gain experience and for the "old guards" to prepare themselves for the new debate topic to be announced soon.

BAND MAKES DEBUT NEXT SATURDAY

BY EUSEN JOHNSTON, JR.

When the big, swinging Aggie band takes the field on September 24, it will mark the official debut of the 1960 edition of this fine aggregation. Although the band will be stepping high and looking good, the majority of the members are from Greensboro's Dudley High School.

LARGE DRUM SECTION

The band is composed of assistant band director, Aggies can expect to hear a great deal of "Shouting" Kinks. Everyone will be trying to look his best from the drum major to the last rank.

FRENSHORN TO SHINE

Already there have been 135 students to try out, but this number will probably be cut to 118. Freshmen students will march through the gates of Memorial Stadium for the first time, and they will be stepping high and looking good. Of the total number of band members, 40 are freshmen, the majority of whom are from Greensboro's Dudley High School.

Good Entertainment

The band will present band pages with formations, also arrangements for more to go with it. Although there will be a few dance steps, listeners have a chance to hear several imaginary trips through modern music.

MAJORITES TO STEP HIGH

In addition to last year's majorites, an additional crew recruited for this edition of the band. These young ladies will be prepared to stop just as high as the band itself. Along with the majorites will be the flag twirlers who will add color to the scene.

DAND TO LOOK GOOD

The whole aggregation plans to look great in uniforms that were purchased last year. These not only will make the band look better but will add a style and dignity to the group. Already the band is planning to make its appearance at all the away games.

Aggies Take Shape

According to Coach Bert Piggott, the Aggies will have the smallest squad in several years on the work bench. But it will represent the finest and biggest lot of players ever to enter the Aggie Camp.

Throughout the year, the players have been going through drills and with the same precision as if they were ready for the first engagement.

The bows shape up this year as a battle between a hard running assault, afforded by the Madison outfit, and a deadly passing attack generated by the Aggies.

The Aggies meet Tennessee A&I State University for their opener. The remaining schedule list below will be followed.

September 29, Tenn. A&I University, Greensboro.

October 1, Shaw University, Raleigh, N. C.

October 8, South Carolina State, Greensboro.

October 13, Maryland State College, Princess Anne, Md.

October 23, Winston-Salem Teachers, Winston-Salem, N. C.

October 29, Morgan State College (HOMECOMING) Greensboro, N. C.
