Five Aggies Volunteer To Teach Reading Over WFMY-TV

Students and Faculty Members Join Fight to Combat Illiteracy

Five of the campus personnel have volunteered to assist with special reading lessons to be carried over WFMY-TV. Channel 2, Monday through Friday, 6 to 6:30 A.M. starting Monday, October 17.

The lessons to be taught are based on the picture-word association method adapted for adults by Dr. C. A. Lushak, lactation expert for the volunteers.

Dr. W. Archie Bland, professor of education, said, "The relatively high number of non-reading adults in the country is a proven fact. In Greensboro alone, Dr. Lushak's studies have shown that in the past 25 years to teach 100 million people over 17 years of age to read, is from an area of Greensboro. Most of themselves, he should communicate with the chairman of the city's Board of Education, "Mr. Gore," said the chairman. "It may be well to give us back from that educational assistant to the English program."

The marking out that last year some new courses were added to the program and are presently being offered. These courses include "The History of the English Language," "Twentieth Century British English," and "Twentieth Century Drama."

SUPPLEMENTAL SCHEDULES

All students who plan to take English courses next quarter should be sure to note closely supplementary schedules which will be prepared," said the chairman. "It may be well to give us back from that educational assistant to the English program."

Two of the overall plan is concerned with a series of last quarter by the New York University. Students who may be included into the program will present background information on the tests and their interpretation.

STUDENTS TO BENEFIT

"The student," said Dr. Turner, "benefits from the experience and is capable of giving it to others." In addition, he should find the experience an extension of background study of each work to have extra value."

In order to gain type of experience which might benefit students, the program will include a series of last quarter by the New York University. Students who may be included into the program will present background information on the tests and their interpretation.

English Dept. Makes Changes In Curriculum

By MARY HARPER

Dr. Donald T. Turner, chairman of the English Department, announced, in a recent interview, outlined changes and modifications in the present set of courses in order to make the English program.

In the coming quarters courses include "The History of the English Language," "Twentieth Century British English," and "Twentieth Century Drama.

Supplementary Schedules

All students who plan to take English courses next quarter should be sure to note closely supplementary schedules which will be prepared," said the chairman. "It may be well to give us back from that educational assistant to the English program.

President's Request Rejected

As a result of this, at least once per year the policy of the REGISTER will at least be adequate for the present student population.

College life.

music appreciation, dramatics and other necessary cultural aspects of college life.

student Union Center instead of a facsimile like our recently built gymnasium is too small for booths or tables.

such a structure would serve a multiplicity of purposes. Space would

be available for lectures, meetings of a student union nature, and other

such events.

Let us hope that the forethought of Dr. Forster will pay off on the
desires of the proposed student Union Center and on the North Carolina General Assembly representatives.

A 'Code of Conduct'; Lest We Forget

Royalty within itself is good. But when the rivalry between A&T College and North Carolina Colleges erupted in vaudeville at the climax of the music festival during each of the past few years, both colleges went to the mat.

Audience leaders from both institutions got together for a series of meetings in dance halls and rooms of historic future moments.

At a meeting January, 110th, at North Carolina College, a compromise of the following regulations was adopted and submitted to a 'Code of Conduct'.

The points were the following:

1. Audiences are guests of the college and are to be treated

2. Student should not attempt to realize a player while a play is

3. Students should not work or play at all official games.

4. Students should not attempt to or play for rewarding funds.

5. Students should only visit the campus prior to a game.

6. Students should not be taken for property or to visualize. Discrimination from others may result.

7. Student's behavior must not invite or press game fights. Suspension may result.

Committee members discussed the possibility of obtaining a trophy or pin for the winning team. Furthermore, the possibility was mentioned by several students that a proposed new structure would cost at least as much, if not more, than our recently built gymnasium.

Purposes of this meeting were to consider the feasibility of obtaining a trophy or pin for the winning team.

It is obvious from the continued efforts of both colleges that neither is proud of past violence.

It is also the fact that the student leaders and athletes can accomplish little without the cooperation of all—students, alumni, and friends.

Let us therefore, contribute to the success of the cleanness-victory-courteous campaign by abiding by our 'Code of Conduct' at every game.

Register Repeats Policy

Each year someone becomes discouraged because of information that appeared in the REGISTER. This policy is not intended to

APPROVED APPROPRIATIONS

The allocation of funds to the Homecoming Committee distributed the business agenda of the Student Government's October 7 meeting.

In the attempt to justify the need for the original request of $600.00, the documents for the council's record were the entire Homecoming budget on the grounds that more materials than the group approximated would be needed to produce the "grandiose" homecoming planned by the committee.

Some members of the council explained that the prize money for the cutting budget was due to the fact that "many items requested in this year's budget were supposed to have been purchased last year for permanent use, which will eliminate the necessity of purchasing these same items again."

One example cited was the sign for Miss A&T's riding vehicle. It was stated that the 'permanent' signs were left out in the rain after last year's parade when they could have been used for this year.

In order to fulfill the funds requested for Miss A&T's out.

By The Archonians

Uncomfortable

Because our next big event is Homecoming, let's talk about the proper dress for the season.

For the ladies, suggested wear is tailored suits or jackets and solid colored blouses, bulky knits, blouses, and above all, shoes that hit the floor. The soft leather jacket.

It would be a great pleasure to see a spacious, well-equipped Student Union Center instead of a facsimile like our recently built gymnasium is too small for booths or tables.

Students who overdress are not only

overdressed.

Smartly top it with a sleek poplin vest sets, the boy-coat, and the

sweater would look smart or a boat

lining will make some outfit charm-

buttons. Also an olive green three

racoon in a flattering color.

**General Praises Army ROTC During Visit**

Major General Walter B. Yoeger, commanding general of the United States Army 12th Corps, recently visited A&T College. He chats with Major Lawrence D. Spencer, left, professor of military science, in charge of the A&T Army ROTC Detachment and Dr. Samuel D. Proctor, president.

Major General Walter B. Yoeger was done mainly for an orientation of the duties and activities of the PMS at A&T, to view general Yaeger was done mainly for an orientation of the duties and activities of the PMS at A&T, to view those of any other institution. Prior to General Yaeger's appearance, few Army ROTC cadets had had the chance to see a twostar general. General Yaeger was born in the Silver Star with Oak Leaf Cluster, Legion of Merit, Bronze Star Medal, and the Republic of Korea Military Order of Yeager, and many other decorations.

Before leaving, General Yaeger exchanged remarks with the oldest battlegroup staff and expressed the fact that he wishes to visit A&T College again in the near future.

In India, it is most populous city, there is a University College affiliated with the University of London, whose President is a native-Indian Nigerian. Plans have already been completed for the establishment of a second university in the Eastern region to commemorate and symbolize the spirit and the purpose of Independence. As regards other means of subsistence, there are no less than 30 daily newspapers published in English and in the Vernacular, a movie house, a broadcasting service, and a TV station.

This new state is a federation which comprises the Northern, Eastern, and Western regions. Each region has its own Prime Minister, Cabinet Ministers, and a Legislature. But over and above these in the political structure, there is also a Federal Governor General who is responsible for the whole country and administers the government through a Senate and a General Assembly known as the Parliament of Nigeria. Being a member of the Commonwealth a Governor General representing the throne and persons of Her Majesty, Queen Elizabeth II, is appointed by the Queen to perform the special duty of opening and closing Parliament.

With its wealth of untapped resources and its capable Civil Service, Nigeria is a magnet for the West. The development of Nigeria is today a challenge to investors and capitalists in Europe and America. It is the consensus of opinion that Nigeria's influence, backed by its great, that these capable and progressive leaders, will soon be felt throughout the Western world. It is therefore no exaggeration to conclude that Nigeria is destined to play a very important role in the development and growth of Africa, "The Continent of the Future."

As regards education, the Independence celebrations were attended by distinguished representatives from all over the world, including New York's Governor, Mr. Nelson A. Rockefeller on behalf of the United States, and the President-Emeritus of A&T College, Dr. Warmoth T. Gibbs, Sr., and Mrs. Gibbs representing our college. As should be expected, the Independence celebrations were attended by distinguished representatives from all over the world, including New York's Governor, Mr. Nelson A. Rockefeller on behalf of the United States, and the President-Emeritus of A&T College, Dr. Warmoth T. Gibbs, Sr., and Mrs. Gibbs representing our college.
21 A&T Seniors Begin
Student Teaching

Twenty-one seniors at A&T Col­
lege, all majors in business educa­
tion, will begin student teaching
assignments on Monday, October 17.

The prospective teachers complet­
ing a month long Student Teachers
Workshop on the theme, "Making
Business Subjects More Meaningful
by Being Prepared," have been as­
signed to 21 high schools in the
State.

Mrs. Florentine V. Sowell, super­
visor of the program, said the stu­
dents will work in the various
schools for a period of six weeks.
Among the participants are Car­
rie Goodwin, Hamlet; Mrs. Myrtle
Pringle, chairman, Fayetteville;
Marjorie Graham, Raeford; Bessie
Sampson, Pikeville; Catherine
Miller, Rocky Point; Sadie Will­
mughby, Greenville; Ruth Martin,
Draper; Bobby Chavis, Wadesboro;
Shirley Biddle, Winston-Salem;
Ruby Cotton, Warner; Betty Sum­
mer, Dorothy Upchurch, Bene­
dict, and Lula Skelton, all of
Greensboro; Emma Debnam, War­
renton; Mary Frisbie, Rock Hill,
S. C.; Patricia Isles, Belmont; Marzella Dur­
gent, Fairmont; Ann Everson, Ports­
mouth, Va., and Helen Lyles, Union,
S. C.

HERE! THE GREATEST
SIXTY-ONE-DERFUL CHEVROLET

Here's the car that reads you loud and
clear—the new-size, you-size '61 Chev­
rolet. We started out by trimming the
outside size a bit (to give you extra inches
of clearance for parking and maneuvering)
but inside we left you a full measure of
Chevy comfort. Door openings are as
much as 6 inches wider to give feet, knees,
and elbows the undisputed right of way.
And the new easy-chair seats are as much
as 14% higher—just right for seeing, just
right for sitting.

Once you've settled inside you'll have
high and wide praises for Chevrolet's
spacious new dimensions (in the Sport
Coupes, for example, head room has been
upped as much as 2 inches, and there's
more leg room, too—front and rear).
Chevy's new trunk is something else that
will please you hugely—what with its
deep-well shape and bumper-level loading
it holds things you've never been able to
get in a trunk before.

Yet, generously endowed as this car is
with spaciousness and clean-etched ele­
gance, it holds steadfastly to all the thrifty,
dependable virtues Chevrolet buyers have
come to take for granted. Your dealer's
the man to see for all the details.

Biscayne 4-Door Sedan

There's never been a trunk like it before!
The floor's recessed more than half a foot
and the loading height is as much as 10½
inches lower.

INTRODUCING THE '61 CHEVY
BISCAYNE 6
the lowest priced full-size Chevy with
big-car comfort at small-car prices!

Chevy's new '61 Biscaynes—6 or V8—
give you a full measure of Chevrolet
quality, roominess and proved perform­
ance—yet they're priced down with many
cars that give you a lot less! Now you can
have economy and comfort, too!
The weekend celebration will be climaxcd by the annual alumni wingship service in Harrison Auditorium Sunday afternoon. Speaker for the occasion will be Mr. Gilbert H. Caldwell, Jr., of Massachusetts. Mr. Caldwell graduated from A&T College the summer of 1953. As a student here, he was active in the Fellowship Council and the YMCA, as well as other religious organizations in Greensboro. In addition, he was a member of THE REGISTER and a member of the Alpha Phi Alpha Fraternity. Mr. Caldwell is also a graduate of Boston University and presently serves as pastor of Bryantville Methodist Church and Duxbury Methodist Church both in Bryantville, Mass.

The table unit houses the X-ray tube and spectographometer. The spectrogoniometer supports the crystal sample near the source of X-rays. Since X-rays are produced by the bombardment of a copper target in variance by high speed electrons, it becomes necessary to measure the angle at which the X-rays are reflected. The relative positions of the source and the intensity of the X-ray reflections are of great importance to the physicist, therefore, he must have a means of determining these things. The spectrogoniometer provides three means for the physicist.

The scaler and the electronic timer unit contains a scaler which counts at a rate of up to 10,000 pulses per second which enables the physicist to count the number of pulses generated by the X-ray at a single. The recorder which is connected with the scaler records and graphs a curve which shows the intensity of the X-ray at various angles. The timer can be read accurately at 1/100 second.

**SHOW ON WORTH!**

**NEW '61 CHEVY CORVAIR**

**More space...**

**more spunk and wagons, too!**

Here's the new Chevy Corvair for '61 with a complete line of complete thrift cars.

To start with, every Corvair has a budget-pleasing price tag. And Corvair goes on from there to save you even more. With extra miles per gallon... quicker-than-ever cold-start warmup so you start saving sooner... a new extra-cost optional heater that warms everyone evenly. Riding along with this extra economy: more room inside for you, more room up front for your luggage (sedans and coupes have almost 12% more usable trunk space). ... And our new wagons? You'll love them—think they're the greatest thing for families since houses. The Lakewood Station Wagon does a man-sized job with cargo, up to 68 cubic feet of it. The Greenbrier Sports Wagon you're going to have to see—it gives you up to 175.5 cubic feet of space for you and your things.

Corvair's whole thrifty lineup gets its pep from a spunkier 145-cu.-in. air-cooled rear engine. Same rear-engine traction, same smooth 4-wheel independent-suspension ride. See the polished and refined 1961 Corvair first chance you get at your Chevrolet dealer's.

Spare tire is in the rear in coupes and sedans—leaving more luggage space up front.

Even middle-seat passengers sit pretty, thanks to Corvair's practically flat floor.

Now in production—the GREENBRIER SPORTS WAGON with up to twice as much room as ordinary wagons (third seat optional at extra cost).

See the new Chevrolet cars, Chevy Corvairs and the new Corvette at your local authorized Chevrolet dealer's.
TRAVELING AGGIES: The game between Tennessee A&I and A&T was like a little horse country... Former Aggies were seen here from near and far. At the recent Bow-A&T game in Raleigh, school spirit was exemplified (as always) when students piled into cars to attend the contest. The population on campus was up when seniors embarked on their last journey and seniors say you were good.

WANDERING ERNIE: A girl friend was talking to her boyfriend and she was concerned about their breaking up. He replied by saying "I’ll give you a reason tonight..." The next night, she was at the top of the classroom buildings, a student was talking to a classmate - "I wish our psychology professor would teach psychology rather than poetry." A young man was overheard talking to an instructor about his just getting over a cold, the teacher asked, "Did you say that you are getting out?"

THINGS I REMEMBER: The line A&T went all out for boiled... Formal graduation is coming on. Junior class is coming in. Freshman are the center of attraction... When a student put a letter in the student box near the library, a student... A&T’s newspaper student used to check proofs in the office rather than the bus station.

IT DIDN’T HAPPEN YET: Maybe A&T will beat Florida A&T this year minus coming out as victory to over Tennessee A&I... An official mission wagon for the college.

BEST SPOKEN WORDS: Mrs. Zoe P. Barbee of the English Department be climaxed with a speech by Dr. John L. Knight. All of the winners... No one can tell who is trying to take my job.

WESTERN DIVISION: Eighteen students of the smoothest operations during the session. I assigned to the Neutron Chopper Group, under the supervision of Dr. John A. Harvey and others. I... The correction was made for Doppler broadening (the result of thermal motion). I... He continued, "As my special project..."

7000 High School Seniors Visit A & T

English Dept.
Sponsors
Essay Contest

Again this year, the English Department is sponsoring a writing contest, which is open to all students regardless of majors and distribution.

Students planning to enter the contest may select their own subjects and write in any style or form. The contest officially closed November 18. Entries may be submitted to Mr. William W. Robinson, chairman of the committee on Founders Day, in his office in McGhee Hall.

This year the contest differs from last year’s in that a specific topic is designated.

Last year’s winners in the contest were Christa Shojair, daughter of Dr. D. McDonald, Anne S. Robinson and John L. Knight. All of the winners wrote on "The New Negro" except Knight, who wrote a poem entitled, "Towards a New Renaissance." The final phase of the contest will be climaxd with a speech by Dr. Harvey, director of the communications center at Hampton Institute, Hampton, Va.

A&T students assigned during the English Emphasis Series in the winter of 1960-61 were given the opportunity to write a comprehensive set of course outlines as well as keynote speakers, Dr. Glaster will evaluate the winning selection.
