A&T To Offer Evening Classes

Dr. W. Ridley Speaks At Founders’ Day Program

“Within a decade A&T College will increase its quality of academic standing, its students and its faculty to that of golden days,” stated Dr. Walter N. Ridley, president of Elizabeth City State College, Wednesday, November 2. The occasion was the celebration of A&T College’s sixty-ninth anniversary.

“We must not follow the path of past founders,” stated Dr. Ridley, “but we should seek to construct new horizons in standards. There must be a focus to develop social, mental, and emotional stability,” he continued.

In raising the question, “Who are the A&T College Founders?” Dr. Ridley immediately gained the interest of the audience. He expressed the fact that the true founders are all who have helped to increase the success and foundation of the College.

In closing, Dr. Ridley mentioned the fact that there must be a dedication of students and all in order to gain these “golden days.”

Others appearing on the program were Walter T. Johnson, Jr., president of the Student Council; brought greetings from the students; Dr. Wadaran L. Kennedy, president of the Student Council; and Mr. D. S. Coltrane, trustee; and Mr. S. Joseph Shaw, speaker for Founders’ Day Exercises on Wednesday.

Dr. W. A. Blount

“Dial ‘M’ For Murder,” by Frederick Knott will be produced by the Richard B. Harrison Players in two performances Wednesday, November 9 and 17.

This production is scheduled for Harrison Auditorium beginning at 8 p.m.

The story is centered around a man who learns his wife has been taken hostage for money and who plans to murder her for the same reason. The husband blackmails a scoundrel he himself. Unfortunately, the husband gets murdered and the scoundrel is caught.

Harrison Players Present Fall Production

“Carmen” To Be Presented November 5

By National Grass Roots Opera Company

At 8 P. M.

Non-Credit Courses To Offer Advancement For Adults

It was recently announced that registration for evening classes here at the college will begin on December 5th in Hodgins.

Regular college course will be offered for credit to those who can qualify for admission. The offerings included are History of Art, Biology, Business Administration, Chemistry, Child Care, English Grammar, Federal Government, Principles of Science, and Psychology.

Norfolk Academy, A.T.T. Arts and the Piedmont, Citizenship Training, Coaching, Electrical Repairing, Plumbing, Aircraft Small Arms

To Attend NCTE

Mrs. G. A. Johnson

To Attend NCTE Convention

Mrs. G. A. Johnson of the A&T College Department of English will participate in the Golden Anniversary Convention of the National Council of Teachers of English November 24-28 in Chicago, Illinois.

Mrs. Johnson, who is president of the Piedmont affiliate of NCTE, will serve as associate chairman of a panel discussing “Choral Building.” She will be one of four conference participants from this area. Other include two from Duke University and one from the High Point school.

With Alfred Charles Swinburne’s “All Our Past Aettains Our Future” as the theme, the Council will discuss the past, the present, and the future of English.

This convention will mark the completion of the fifth year of the Council’s efforts to improve instruction in English. At the present time, NCTE is the largest subject organization of teachers in America. It has 60,000 members and subscribers from elementary and secondary schools and colleges.

Dr. W. Archie Blount, of the third year as president of the Piedmont affiliate. His membership includes teachers from Burlington, Greensboro, High Point, Winston-Salem, and others in the area.

This group has chosen “Improvement Through Professional Growth” as its theme.

Courses already planned will be “Centred Structure of Literature” and “Structured Linguistics.”

Classes Scheduled To Begin Dec. 5

Lead To Degrees

Dr. W. A. Blount

Named Head Of Night School

Dr. W. A. Blount, professor of education, has been named director of the evening classes which will begin here December 5.

Dr. Blount received the Bachelor of Science degree from A&T in 1919 and both the Master of Science and Doctor of Education, degrees from Pennsylvania State College.

During World War II, he entered the armed forces as a private, and in less than six months was promoted to the rank of captain. During the war, he was discharged with the rank of major.

Dr. Blount has been active in several adult education projects, having served as coordinator of one of the projects to discover the potentialities for adult education needs.

The purposes of this observance are to inform the public of the accomplishments and needs of A&T College. Among the offerings are Art Appreciation, Arts in Industry and the Piedmont, Citizenship Training, Clothing, Electrical Repairing, Plumbing, Aircraft, Auto Repairing, Upholstering, Welding, and others.

Dr. W. Archie Blount, director of evening classes, will be one of the speakers in providing the courses of your choice, it is necessary that advance registration be sent in or on or before November 28.

American Education Week is scheduled for December 5-8 in Room 321 A&T College. Classes will meet on Tuesday and Thursday each week beginning December 6.

Dr. R. C. Gibson To Speak Here November 8

Dr. Raymond C. Gibson, professor of Higher Education in the school, will be the guest speaker in Harrison Auditorium, November 8, 10 a.m.

The evening will be one in a series of activities planned for the celebration of American Education Week, November 6-12.

Dr. Gibson will speak on the subject, “The Importance of Education for the Individual.” He will be introduced by Dr. Samuel P. Pierce.

Additional activities will be supervised by Mr. Calvin S. Snow, president of the local chapter of the Kappa Phi Lambda, and Mr. S. Joseph Shaw, sponsor of the American Education Association.

Audience registered by Student NFA members and others in education, will be among the week’s guests.

American Education Week has been established in the school and in America, it was established by joint act of the United States Congress and the American Legion, and is sponsored by the Office of Education for Persons and Teachers and the United States Office of Education, both of which are sponsoring it.

The purposes of this observance have been to inform the public of the accomplishments and needs of A&T College, and to secure the support of the public in school problems.

Dr. W. A. Blount

Dr. W. Archie Blount, professor of education, has been named director of the evening classes which will begin here December 5.

Dr. Blount received the Bachelor of Science degree from A&T in 1919 and both the Master of Science and Doctor of Education, degrees from Pennsylvania State College.

During World War II, he entered the armed forces as a private, and in less than six months was promoted to the rank of captain. During the war, he was discharged with the rank of major.

Dr. Blount has been active in several adult education projects, having served as coordinator of one of the projects to discover the potentialities for adult education needs.
Stop or Go?

One of the busiest places on A&T’s campus is the intersection of Lindsley and Laurel streets during rush hours. This spot is also hazardous during other times as well.

Something should be done in order to eliminate the possibility of someone’s getting seriously injured or maybe killed. The situation could be easily remedied by setting up a signal light which would attract the eyes of our blind motorists going on their merry way.

Why wait until an accident happens before steps are taken to prevent it? A situation like this could easily be remedied by setting up a signal light which would attract the eyes of our blind motorists going on their merry way.

We, as a campus, have to concern ourselves with the deafness of someone’s getting seriously injured or maybe killed. The situation could be easily remedied by setting up a signal light which would attract the eyes of our blind motorists going on their merry way.

Veteran’s Day—November 11

When at 11 o’clock on November 11, 1918 the big guns ceased their rumbling and quietness settled over the battlefield of World War I, a spontaneous celebration swept over the United States. In small towns and large cities, Americans staged parades, chanted slogans, wore leather helmet, belts, booted fire whistles, in a prolonged outburst making known their joy and thankfulness. The following year Armistice Day, also known their joy and thankfulness. The following year Armistice Day, also known their joy and thankfulness. The following year Armistice Day, also known their joy and thankfulness. The following year Armistice Day, also known their joy and thankfulness. The following year Armistice Day, also known their joy and thankfulness. The following year Armistice Day, also known

In 1954, President Dwight D. Eisenhower broadened the concept of the holiday proclaiming it Veteran's Day — a solemn occasion to honor all Americans who have served, as well as dead, and the victories they have won.

This year, as usual, the college will observe this occasion as a religious and a patriotic one, with respect and gratitude for the patriotism of all our nation’s wars. Ceremonies will be held on the lawns of the main campus Friday, November 11 at 11 A.M. (fall time)

Won’t you — veterans and non-veterans alike— pause for a moment with the ROTC units in commemoration of those who gave their “full measure of devotion” that we might enjoy the full fruits of freedom.

“No duty is more urgent than that of returning thanks.”

JOHNSTON

CITY AND COUNTY

November 4, 1960

The Homecoming Planning Committee wishes to thank you and your club and the freshmen, who added green paint Later in the evening. These hours are considered the rush hours for a moment with the ROTC units in commemoration of those who gave their “full measure of devotion” that we might enjoy the full fruits of freedom.

“News in a Nutshell” is the title of this week’s column which begins because that’s the extent of business carried on at the October 27th Student Government meeting.

The major pending matter was to have been the voting on the allocation of funds for various organizations; however, homeroom representatives led by Joe’s juniors practicing better than usual. As a result, because Joe’s juniors practicing better than usual. As a result, because Joe’s juniors practicing better than usual. As a result, because Joe’s juniors practicing better than usual. As a result, because Joe’s juniors practicing better than usual. As a result, because Joe’s juniors practicing better than usual. As a result, because Joe’s juniors practicing better than usual.

JOHNSTON-PROCTOR CONFERENCE

Don’t miss this conference as دائم 2000 at the University of Denver in Colorado, we find that all candidates for freshman president and candidates for freshman representatives are propagating campaign speeches to be presented soon in regular chapel and not to exceed three minutes. All candidates must have platform and also, when making up candidate lists of distributing posters or printed material of any kind and giving speeches before organized groups.

BATTLE OF THE CLASSES

Denver University also has a “Democracy tradition that goes like this: ‘on a many dark night, seniors and freshmen have opened up on the senior fence on the circle drive in front of University Hall. This rivalry between the two classes is clearly visible to any passerby.’

For years the battle has raged between the seniors who paint the fence with mysterious yellow paint and the freshmen who paint over the yellow paint to paint the fence black. It has also been rumored that some female sophomores have been adding yellow paint to add to this, some unknown party last year painted the fence with mysterious pink-paint. An unknown source has come up with the idea that the senior fence actually served as a hiding place for a Chinese fan's parabolic.

If you would like to know what’s happening on the campus of a particular college, write a letter to the editor of the Denver Daily or to the Denver University Daily and let us know the college of your choice.

Really Great!

Editor of the Register:

Your homewarming edition of the REGISTRY was really a great one. The portion of the paper that really caught my eye was the picture page in color. I would like to congratulate the Editor, Advisor, and staff members for putting out such a splendid publication.

Howard Ray

Thanks!

Editor of the Register:

I would like to take this opportunity to thank THE REGISTER for its coverage of the contest which the dining hall is entering.

We (the entire dining hall staff) are very happy to keep the food standards up to par in order to be recognized in this contest.

Mrs. Edna K. Verem

Credit Deserved

Editor of the Register:

The Homecoming Planning Committee wishes to thank you and your club for your cooperation and for appearing so adequately this "Great Day" to the people.

We wish to take this opportunity for helping to make this the greatest homecoming of the year.

Our best wishes to you always.

Jimmie L. Barbour, Chairman

Homecoming Planning Committee

Week's Best Laughs

(Taken from the Greensboro Daily News October 30, 1960)

Anne Wyse: "One of the jokes we tell around here is that the county is "very high in the protein of Citizenship.""

President Johnston's Thanksgiving message said: "We are grateful for a good school system, for a safe, well-planned building."

A teacher who is capable and willing to teach a child who is very slow and who has a problem is to be commended."

LEAVEN WITH a sunny smile that is fair and decent, and a good sense of humor."

SPRINKLE generously with real appreciation from the community for the service our school is able to render in building character."

SEASON with your personal interest, cooperation and support.

MIX WELL for one school year.

GIVING thanks is a very happy, well nourished child. School means character building."

Atmosphere is very high in the protein of Citizenship.

Regalia: "This is My Latest Trophy"

THE MALAGASY REPUBLIC

By Dr. SYLVESTER BRODRICK

The island of Madagascar, the largest in Africa and the sixth largest in the world, the other three being Greenland, New Guinea, and Merino, became an independent state on June 26, 1958.

In spite of its recent independence, Madagascar is still a land of contrasts, its topography is very diversified and its climate conditions vary considerably from one region to another among the six major regions. Its resources are very largely agricultural although there are some mineral deposits of coal, tin, iron and manganese.

CULTURES CO-ORDINATED

Malagasy is the language of eight different ethnic groups including the indigenous group most of whom came in successive waves from Madagascar to other islands of the Indian Ocean.

It is significant that the indigenous groups take more or less the same language of modern origin. But having close connections with France during the Colonial period, their civilization has been greatly ascended. There are now three official languages: French, English and Malagasy.

Both languages are widely used in Madagascar.

The Writing:

The writing is relatively easy, it is only the pronunciation that is difficult.

The Script:

The script is the Latin alphabet.

The Language:

The language is Malagasy.

The People:

The people are Malagasy.

The History:

The history of Madagascar is long and complex, spanning several centuries and involving various influences from different cultures.

The Geography:

Madagascar is an island located in the Indian Ocean. It is the fourth largest island in the world and is known for its diverse wildlife and unique ecosystems.

The Economy:

Madagascar's economy is primarily based on agriculture, with significant contributions from forestry, fishing, and manufacturing.

The Culture:

Malagasy culture is rich and diverse, with a mix of African, European, and Asian influences. Traditional dances, music, and art are an important part of the cultural heritage.

The Education:

Education in Madagascar is provided at both primary and secondary levels, with a significant proportion of the population attending school. The country has made strides in improving literacy rates, but challenges remain in equitable access to education.

The Religion:

Religion in Madagascar is varied, with a mix of traditional beliefs, Christianity, and Islam. The country is known for its cultural and religious tolerance.

The Government:

The government of Madagascar is a multiparty democracy, with a president as the head of state and a parliament as the legislative body.

The Military:

Madagascar has a military force known as the Presidency of the Republic of Madagascar, which is responsible for national defense.

The Media:

The media landscape in Madagascar is diverse, with various print, broadcast, and digital platforms providing information and entertainment.

The Tourism:

Tourism is an important sector in Madagascar, offering unique natural and cultural experiences. The country attracts visitors from around the world.

The Environment:

Madagascar is known for its unique biodiversity, with many species of flora and fauna found nowhere else on earth. Conservation efforts are ongoing to protect this natural heritage.

In summary, Madagascar is a fascinating and complex country, with a rich history and diverse culture that continues to evolve and adapt to the changing world.

caption: A panorama view of the island of Madagascar, showing its diverse landscapes and coastline.

Author's Note:

This article was written by Dr. Sylvester Brodrick, a Malagasy expert, and provides an overview of the Malagasy Republic, including its history, geography, economy, culture, education, and other key aspects.

Rev. Caldwell Speaks For Alumni

BY GLENNWOOD COOPER

The annual Alumni Worship Service was held Sunday, October 30, at 10:00 A.M. in Harris Auditorium, concluding the two-day visit of incoming students and alumni weekend celebration.

The worship service took place at the College of Our Lady of Malagasy, a native of Norwich, Connecticut, and Mrs. E. W. T. Smith, who directed the annual Alumni Worship Service. The service was led by the Rev. E. W. T. Smith, who read from the topic "The Creation of an Image," and Dr. J. W. T. Smith, who read from the topic "The Christian Church and the World.

**MRS. K. IRVIN**

Mrs. K. Irvin

A&T's first Miss Alumni

For the first time in A&T history, a Miss Alumni was chosen to represent the institution on its 70th year's homecoming celebration. Mrs. Evelyn Irvin will reign as Miss Alumni for the current year of 1960-1961.

Mrs. Irvin is the wife of famous Aggie coach, Calvin Irvin. This is a number of the class of 1929 and is employed as a stenographer at the College.

**STUDENTS MAKE PSYCHOLOGY SURVEY**

By ROY D. FLOOD

Students Make Psychology Survey

Psychology class 202 under Dr. R. E. Lindquist, professor of psychology, conducted a survey of 1668 high school seniors who were sampled by the campus during High School Day.

The seniors were questioned concerning the progress they had made toward becoming socially acceptable adults. These questions were based on the ten developmental tasks of adolescence. From the data obtained, it was determined that only 31% of the persons questioned had taken significant steps toward becoming responsible adults. To remedy the situation, the class suggested that the administration take certain steps to guide high school students in their development. As adjustment to the problems of juvenile delinquency, the class recommended that educational preparation be given for occupation and the prevention of crime.

**VALUES**

Dansby, J., and Mrs. Hattie Linton, education; Miss Grace Hunt, language teacher, and Mr. T. S. Eddy, Jr., social sciences; Mrs. Anna J. Gray, education; Mr. Howard S. Clark, biology; Mrs. Elizabeth D. Jones, institutional management; Mrs. L. S. Hester, English; Mr. Lester Wiggins, technical institute.

**BASIC TEXTS**

Bullock, E. O., Measurement and Evaluation in Education, Longstreet, E. F., (Ed.), Educational Measurement; Lindquist, E. F., (Ed.), Educational Measurement; and Mr. W. B. Harris, business education. Other committee members are Mr. P. L. Peat, social science; Mr. J. M. Truett, education; and Mr. T. D. Talmage, business education.

Homecoming “Best” In Several Years

For the first time in several years, A&T had a perfect day for homecoming. The skies were cloudless, many alumni returned and A&T won the grid contest by defeating Morgan State 33-6. The occasion also marked a first time for a Miss A&T Alumni.

The weekend celebration drew what is believed to have been the largest number of alumni and former students in the 50 year history of the celebration at the college.

RECORD BROKEN
A crowd of more than 12,500 witnessed the football game which was the main event of the three-day celebration. Prior to the game, a mile long parade topped off the actual homecoming observance. Featured in the parade were almost 1,000 ROTC cadets of both the Air Force and Army ROTC units, 20 decorated floats, and the famed A&T College Marching Band.

Fall Fashions
By CATHERINE HINSON
The feeling of command comes from many things. It often starts with a touch. In a perfect world, the correct attitude has a way of making the person feel that he is in charge. Also a reputation for quality dress and tailored clothes can help. If the feeling is not genuine, it can be created.

TRAVELING AGGIES: They were here for homecoming from all directions. One group was from New York, New Jersey, Florida, Maryland, Georgia, and many other places. Don't think the costumes are just for show. It would be a real shame if they did not take the people back to their classes in style. Every young lady must sign out with an ink pen. Someone is going to get real worth buying ink and someone is going to go to buy ink. A young lady is being asked about this.

There's the feeling of command displayed in the outfit worn by EUGENE BACKMON as he comes across the field. Backmon wears a white necktie, but the effect is given a little edge by a green striped tie. The outfit includes a gray tweed sport coat, white dress shirt, and green wool pants. The color combination is perfect. The outfit is accented with a hat band of the same shade of green, as well as a tie pin.

A little distinctive look in track costs is one of white worn by JIMMY HOWELL. This fashion rage is being worn by Jimmy in the form of track pants. The pants are white in color and are worn to the ankle. Completing the look is a shirt and a necktie with gold stripes.

Counselor Assists In Cafeteria
By WILHELMINA HARRISON
An addition has been made to the impersonal lunch hall in the present cafeteria. The expanded cafeteria has a residence counselor in the dining hall, a position of responsibility being held by the Misses L. S. Gilmore, a native of Lumberton, is a 1954 graduate of Barber Scotia College in Concord. She did a lot of public speaking. Also present were Reverend Julian D. Hatchett, who is also a graduate of Barber Scotia College, and the Reverend Hatchett listens to the discussion, the Reverend Hatchett said that Christians are failing to respond to the challenge of the changing world. "This should not be so," he said, "because the Christian faith is the inevitable end for all human endeavors.

Christian symbols and metaphors are used in order to create a more religious tone in the community. It is the inevitable end for all human endeavors.

As a means of presenting the progress of science, the National Science Foundation is offering a series of approximately 125 graduate fellowships to students who have completed at least one year of graduate study in the science during the last calendar year. These fellowships will be awarded in mathematics, physics, and chemistry, as well as in the biological, physical, and agricultural sciences. Applications must be postmarked by January 6, 1961. For additional information, contact the Graduate School, whose office is in the Thomas J. Watson Library.

Professors Speak

In a recent meeting of the Fellowship Council, a series of programs were initiated on the general topic 'Faith and Learning.' At the last meeting, the topic for discussion was 'Spiritual Values in the American Culture.'

The discussion was led by Professor Mark H. Brown of the Department of Education. He stressed the importance of spiritual values on the college campus. "These values give individuals a sense of purpose in their daily life and living," said Mr. Brown.

Other faculty members taking part in the discussion were Mr. A. G. Royal of the Department of Chemistry and Mr. Charles Blue of the Department of Music. Student participants were Madeleine Zohary and Edna Singletary.

1st Place Award Stimulates Residents

Homecoming for A&T College proved to be more than a gala affair for the residents of Cooper Hall. It served as an inspirational factor for all freshmen, sophomores, and juniors living on campus. This program was organized by the Dorm Council with the help of the Homecoming Committee and was to provide a functioning committee to continue to improve the environment in which we reside. Taking this inspiration generated by the Homecoming Committee, other committees in the dorms are beginning to show that cooperation can be brought about by a small spark ignited around them. Hence the president of the dorm now believes that the other committees will prove that they too can obtain the top position with their work and initiative.

Female Cadettes Join ROTC Units

The Army and Air Force ROTC units at A&T College received their awards recently in a ceremony attended by the Resident Directors. The ROTC units do not have a presentation of awards for the women cadets at Holland Hall.

Other Winners

As for other winners in the homecoming activities, the poster contest was won by Paul Hughes, Billy Thompson placed second and J. J. Johnson and Paree Waddell for third place.

Other News

Dr. Samuel D. Proctor, president of A&T College, and Mr. Alfred J. Wanderer, president of the Fortnightly Club November 22. The discussion will be in the ladies lounge of the Holland Hall Library.

The death of the Dean of Agriculture at A&T College was announced in the January 1960 issue of the JOURNAL OF AGRICULTURAL EDUCATION. Mr. Thomas P. Stump, head of the college, will replace Mr. Proctor as acting president of the college.

Photos for the remaining senior class pictures will be taken at the Holland Hall Library on November 4. Please make arrangements with your photographer for these sessions.

A&T Aggies Slaughter Morgan's Bears 33 - 6

A 77 yard touchdown run by Richard Westmoreland and a 71 yard touchdown pass play from Jim Mitchell to Bateman Jones highlighted A&T's annual homecoming as the Aggies rolled over the Morgan State Bears 33-6.

WESTMORELAND SPEAKS

The highly spirited Aggies rolled up 249 yards rushing on the running of halfbacks Westmoreland and Lang Star. Westmoreland gained 96 yards in just three carries for an average of 32.3 yards per carry while Taylor gained 66 yards in nine carries for an average of 7.3 yards per carry.

A&T went to work right after opening kickoff when right end Paul Brown recovered a Morgan fumble on the Bears' 13 yard line. Midway the period the Bears led 6-0. A&T scored on a five yard run putting the defending champs out front 6-0.

The first came after two runs, a fumble on a pass, or penalty killed the threat. A&T recovered in the second half up to the point when Lee scored. Every drive in the second half led to scores.

AFROTC Rifle Team Defeats Tenn. A&I For 4th Year

The Air Force rifle team defeated the Tennessee A&I rifle team for the fourth straight year. The final score was Tennessee 1175 and A&T 1106.

Here's how the DUAL FILTER DOES IT:

1. It combines a unique inner filter of ACTIVATED CHARCOAL, ..., definitely proves to make the taste of a cigarette mild and smooth, ...

2. With a pure white outer filter, together they select and balance the flavor elements in the smoke. Tareyton's flavor-balance gives you the best taste of the best tobaccos.
