Dr. W. Ridley Speaks At Founders' Day Program

"Within a decade A&T College will increase its quality of academic standing, its students and its faculty to that of golden days," stated Dr. Walter N. Ridley, president of Elizabeth City State Teachers College, Wednesday. The occasion was the celebration of A&T College's sixty-ninth anniversary.

"We must not follow the path of past founders," stated Dr. Ridley, "but a path which leads to true foundings. In the past, the true founders were all who had a stake in the success, and foundation of the College."

In closing, Dr. Ridley mentioned the fact that there must be a definition of students and all in order to gain those "golden days." Others appearing on the program were Walter T. Johnson, Jr., president of the Student Council who brought greetings from the students; Mr. W. L. Reid, president of the Alumni; Mr. W. L. Reid, principal of Career High School; Robert Todd, principal of John B. Hood High School; and Dr. S. G. Ochsner, director of the Task Force in State College Administration of the State of North Carolina, who brought special greetings from the Governor of North Carolina.

Dr. Samuel D. Prector, president of the college, introduced Dr. Ridley and presented him with a key to the city.

Earlier, the Army-Air Force Reserve Officers Training Corps presented a flag to the college for outstanding performance.

The play is under the supervision of Mrs. Sandra Nola, director of dramas.

Mrs. C. A. Johnson To Attend NCTE Convention

Mrs. Gertrude A. Johnson of the A&T College Department of English will participate in the Golden Anniversary Convention of the National Council of Teachers of English November 24-28 in Chicago, Illinois. Mrs. Johnson, who is president of the Piedmont affiliate of NCTE, will serve as a member of a panel discussing "Chairman's Building." She will be one of only five conference participants from this area. Others include two from Duke University and one from the High Point public school.

With Albert H. Swinburne's "Our Past, Our Future," the theme of the convention, the panel will discuss the past, the present, and the future of English. This convention will mark the completion of the fifth year of the convention's efforts to improve instruction in English. At the present time, NCTE is the largest subject organization of teachers in America. It has 60,000 members and subscribers from elementary and secondary schools and colleges.

This year, Dr. W. A. Blount, president of the Piedmont affiliate, will serve as third president of the Piedmont affiliate. His membership includes teachers from Burlington, Greensboro, Raleigh, High Point, and other nearby areas. This group has chosen "Improvement Through Professional Growth" as its theme.

Harrison Players Present Fall Production

"Dial 'M' For Murder," by Frederick Knott, will be produced by the Richard B. Harrison Players in two performances Wednesday, November 8, and Thursday, November 9. The production is scheduled for Harrison Auditorium beginning at 8 p.m. each evening.

The play is under the supervision of Mrs. Sandra Nola, director of dramas.

Classes Scheduled To Begin Dec. 5

Non-Credit Courses To Offer Advancement For Adults

Dr. W. A. Blount Named Head Of Night School

Mr. W. A. Blount, professor of education, has been named director of the evening classes which will begin here December 5.

Dr. Blount received the Bachelor of Science degree from A&T in 1938 and the Master of Education degree from Pennsylvania State College.

During World War II, he entered the armed forces as a private, and as a result of his training, he was commissioned. Prof. Blount served with the 93rd Infantry Division, and after two years in the Pacific, he was discharged with the rank of captain.

Dr. Blount has been active in several adult education projects, having just served as coordinator of one which sponsored the discovery of the adult education needs potentials (Continued on Page 5)

"Carmen" To Be Presented November 5

By National Grass Roots Opera Company

At 8 P.M.
Stop Or Go?

One of the busiest places on A&T's campus is the intersection of Lindsay and Laurel Streets during rush hours. This spot is also hazardous during other times as well.

Something should be done in order to eliminate the possibility of someone's getting seriously injured or maybe killed. What will an accident happen before steps are taken to control this dangerous spot?

Since the new student center has been constructed, pedestrians cross this point twice as many now than in times past. The largest number of students usually cross Lindsay during the morning, at noon, and then again in the evening. These hours are considered the rush hours for traffic anywhere and it is during these times that traffic is the heaviest at Lindsay and Laurel.

Even though there are two stop signs, cars seem just to ignore these by slowing down for a minute and then proceeding into the intersection.

The situation could be easily remedied by setting up a signal light which would attract the eyes of our blind motorists who might otherwise refuse to protect our student body.

COOPER

Veteran's Day—November 11

When at 11 o'clock on November 11, 1918 the big guns ceased their rumbling and quietness settled over the battle field of World War I, a spontaneous celebration swept the United States. In small towns and large cities, Americans staged events to commemorate their heroes, this year 37 years after the advent of World War II, the Korean Conflict, Americans came to realize that the concept of military service in the Nation's Defense was not over.

In 1954, President Dwight D. Eisenhower broadened the concept of the holiday proclaiming it Veteran's Day — a solemn Thanksgiving to honor all servicemen living as well as dead, and the victories they have won.

This year, as usual, the college will observe this occasion with respect and gratitude for the patriotism of veterans of all our Nation's wars. Ceremonies will be held on the lawn of the main campus Friday, November 11 at 11 A.M.

Won't you — veterans and non-veterans alike— pause for a moment with the ROTC units in commemoration of those who have gone and those who are here today.

“No news of a Nutshell" is the title well placed on the column this week because that's the extent of business carried on at the October 27th Student Government meeting.

The major pending matter was to have been the allocation of funds for various organizations; however, homecoming preparations led to the joint's prancing later than usual. As a result, Victoria, George Clark, was unable to be present with the revised budget.

A&I Students

Williebrana H. Harrison

“News in a Nutshell” is the title well placed on the column this week because that's the extent of business carried on at the October 27th Student Government meeting.

The major pending matter was to have been the allocation of funds for various organizations; however, homecoming preparations led to the joint's prancing later than usual. As a result, Victoria, George Clark, was unable to be present with the revised budget.

The students are very active this week because the Homecoming dance was Wednesday, November 29th. The dance being held in the Student Union, the theme was “This is My Latest Trophy.”

Really Great!

Editor of the Register:

Your homecoming edition of the REGISTER was really a great one. The portrait of the paper that really caught my eye was the football pages in color. I would like to congratulate the Editor, Advisor, and staff members for putting out such a splendid publication.

Howard Ray

Is It Fair?

Editor of the Register:

It is fair for a student to pay for meals that he doesn't eat? If a student pays his bill late, he has to pay the same for the scholarship as if he had paid his bill on time. There should be a cut from his checks on the meals he missed from his bill. Then, on the other hand is it fair to make a student pay the entire amount for a new book if he loses his old one?

William C. Parker

Editor of the Register:

The Homecoming Planning Committee wishes to thank you and your class for making this year so adequately this "Great Day" to the people.

We wish you all the best of luck in helping to make this the greatest homecoming of all.

Our best wishes to you always.

THE MALAGASY REPUBLIC

BY DR. SYLVESTER BROOKER

The island of Madagascar, the largest in Africa and the fourth largest in the world, is divided into the provinces of the North, West, South and East. Its capital is Antananarivo. The island is a key link in the great belt of trade routes that cross the Indian Ocean, and it is a major center for the production and trade of spices, coffee, and other tropical crops.

In November, 1960, the Malagasy government declared its independence and established the Republic of Madagascar. The country has a rich cultural heritage, with a blend of African, Indian, and European influences.

CULTURES CO-ORDINATED

Madagascar is divided into seven distinct cultural regions, each with its own language, customs, and traditions. These regions include the Malagasy, the Vezo, the Masoan, the Betsileo, the Betampona, the Ant瘫, and the Mahafaly.

In the area of education, the Malagasy government has made a strong commitment to providing equal opportunities for all children. The country has a network of schools, ranging from primary schools to universities. The Office of Education and Literacy plays a key role in implementing educational policies and providing support to schools.

Rev. Caldwell Speaks For Alumni

BY GLENNWOOD COOPER

The annual Alumni Worship Service was held Sunday, November 8, at 6:30 P.M. in Harrison Auditorium. The service, which marked the beginning of the Alumni Homecoming weekend celebration, was conducted by Dr. J. H. Caldwell, native of Greensboro and member of the class of 1938, and Mrs. Caldwell, his wife.

CULTURES CO-ORDINATED

The Malagasy Republic, with its diverse cultural heritage, offers a fascinating study for students interested in anthropology and sociology.

Although North Dormitory now stands empty and silent, after having been the scene of many years of student life, it will soon be bustling again, as the students return to their dormitories.

Coeds To Get New Dormitory

Many remarks were made concerning the girls' new dormitory that is going up on the north campus. Returning alumni were very enthusiastic over the prospects of a new dormitory with modern facilities for women students.

This dormitory, scheduled for completion in July, 1961, is a modern building designed with 48 rooms for students, two apartments for counselors, and a lounge. Other features of the building will be a large auditorium, a recreation room, and a large outdoor patio.

Captain Lanier Gets Promoted To Major

Captain Harold L. Lanier, assistant professor of Military Science in the A&T ROTC, was recently promoted to the rank of Major. Among the many reasons for his promotion was his outstanding service to the Army ROTC detachment at A&T College for a period of two years where he served as the student advisor.

The Register

November 4, 1960
The words that form the background for our message this evening are to be found in I Corinthians: "For the body is not one member but of many." If you are a single member where would the body be? If one member suffers all suffer together; if one member is projecting some of the things within us that make us difference, then so also is this college. In any organization there is a great need for the use of the library. Our college is no exception to this rule. Therefore this evening we use an image, a symbol: "The Creation of an Image."

There are many forces that work within the college, molding this or that image of the college...to religious faith, our family, and our school. Religion defined is the inner world of the person who believes. The church is not only the house of God, but the church is that person who believes in God. Religion is the family in which we live in the image of God. The church is the family. Religion is the faith...the church is the family that believes in God. Religion is all this. Religion is the faith that not only belief in God but the church is that person who believes in God. Religion is the family in which we live in the image of God. The church is the family. What Is A
Football Game
Without Yells?

Homecoming "Best" In Several Years

For the first time in several years, A&T had a perfect day for homecoming. The skies were cloudless, many alumni returned and A&T won the grid contest by defeating Morgan State 33-6. The occasion also marked a first time for a 'Miss A&T Alumni'.

The weekend celebration drew what is believed to have been the largest number of alumni and former students in the 50 year history of the celebration at the college.

RECORD BROKEN
A crowd of more than 12,500 witnessed the football game which was the main event of the three-day celebration. Prior to the game, a mile long parade topped off the actual homecoming observance. Featured in the parade were almost 1,000 ROTC cadets of both the Air Force and Army ROTC units, 20 decorated floats, and the famed A&T College Marching Band.

LOUD CADENCE
The march tempo was great as seven high school bands performed intricate dance steps and tapped out their cadence in perfect step as they stepped along. The bands participating were from Portsmouth, Va., Greensboro, Linn Junior High and Dudley High School, Asheville, Petersburg, Oxford, and Southport.

Among the activities presented during the pre-game ceremony were greetings by Miss A&T, Juanita Tatum, "Miss A&T Alumni," Mrs. Kathryn Irvin, "Miss Morgan State," Yvonne Brown, the President of the students government from A&T College and Morgan State College and Dr. Proctor, President of A&T College.

CLASSES HONOURED
The homecoming celebration brought members of the class of 1910, 1920, 1930, 1940, 1950, and 1960 back to A&T. The "Golden Classes" were also honored which included persons attending the college prior to 1910.

Four members of the golden classes were on hand. Those four included Mr. J. W. Joyner, '89, Reverend Arthur R. Rankin, '01, one of the first football players at A&T College; Dr. B. W. Barnes, '08, Greensboro, and Mr. & C. Cotton, '08, New York City.

GIBBS HONOURED
During the half-time ceremony, Dr. Warrington T. Gibbs, President-Emeritus of the college, was presented the A&T College Alumni Service Award. Mr. Howard C. Barnhill, Charlotte, president of the Alumni group and Mr. Carl C. Griffin, Concord, chairman of the Alumni Awards Committee, made the presentation.

TWISTING GOOD TIME
House parties, night clubs, and the dance in Moore Gymnasium, with Bill Doggett's Hammond Organ Group as the main attraction provided relaxation for many alumni after the victory over Morgan State.

Those attending the dance in Moore Gym got the opportunity to twist and shimmy their cares away as "Honky Tonky" rang through their ears.

Miss Morgan State
And The Student Council President Brought Greetings From Baltimore

What Are Yells Without Cheerleaders?
Fall Fashions
By CATHERINE HINSON
The feeling of command comes from many things. It often starts with a confident person who can make the correct attire have a way of making the other people feel that they are in charge. Also a reputation for style or fashion sets the standards and satisfying wear to come. This has been recognized by several young men.

There's the feeling of command displayed in the outfit worn by EUGENE BACKHOUSE as he comes across the campus.

The outfit includes a gray tweed blazer Longo, twin rug lap, worn with a gray gridiron plaid sport coat of three buttons. A pair of black suede shoes and gray wool knit dress pants have been bottomed. Giving the shoes an authority look black ribbed socks and gray continental tapered pants worn 3/4 inches above the boot line. Complete¬ing the outfit and scoping a grey green varsity jacket over three buttons and a houndstooth black wool, with a knitted black head band, exclusive looking knitted front neck line.

A most distinctive look in trench coats is one of white worn by TIMMY HOWELL. This fashion figure displays his authority by wearing a peak lapel gray houndstooth trench coat, a black skylined gresh green mohair skirt of three buttons and a houndstooth black wool, with a knitted black head band, exclusive looking knitted front neck line.

Approaching to the victory bell is SYLVESTER WELBORNE in a green corduroy single split jacket. The coat is green plaid with four flat buttons and a single split. The short single split features a yellow lining also sleeve and loops on cuff. VEPER COLLARS.

REGINALD THOMPSON proves a good representative for Coop Hall. Popularizing the casual look. Begins a popular casual smoke gray shirt with button down collar and a black jacket with gray pants worn with a black leather belt. His olive green pants taper one-half inch above the ankle line. A pair of black ribbed socks of stretch nylon and representative shoes in creme sole. "American Greetings"...a truly outstanding color with a low cost complete the outfit.

Entering the library with overdue books hangs the representative of the old school. He wears a green corduroy continental shaped version of the classic blazer with red and yellow tape around his collar, black tie, a black blazer. His olive green pants taper one-half inch above the ankle line. A pair of black ribbed socks of stretch nylon and representative shoes in creme sole. "American Greetings"...a truly outstanding color with a low cost complete the outfit.

The setting is typical of the mid¬

teenth century. Seemingly, it is in the past, he has been a great fisherman; but for nearly eight¬

y years he has not caught a single fish. He lives in the same village, but he decides to try his luck in another. Their friendship has grown with Manolin. Mano¬

ual is a boy who is devoted to his friend. He is a child who is deep in his love with the old man because his patience in teaching him to fish, food from him. From them, the old man

lands a great fish.

He then realizes his dream with the struggle between the old man and the impossible animal. He swallows the fish, but he faoes a losing battle with the maring sharks that leave him exhausted. The novel ends with Manolin. Manolin has the ability to help the old man in his struggle.

The Old Man and the Sea is a dynamic position that his works of the past; for the writer believes that the style may old the book in becoming classic. The novel has a style that is a style which may be viewed as more than one level, such as an ex¬

planum which extends the reader to offer the old reader.

The Old Man and the Sea is a true picture of man. For persons who want to get the main ideas of the book, turn, read this book. If for no other reason, read it for its appreciation for Ernest Heming¬

way's writings.

National Science Foundation Announces Graduate Fellowships
As one of the means of promoting the progress of sciences, the National Science Foundation, in its 1961 graduate fellowship awards, provides approximately 130 graduate fellowships to students who will undertake graduate study in the sciences during the 1961-62 academic year. These fellowships will be awarded in mathematical, physical, medical, biological and engineering sciences, in the areas of anthropology, geography (including clinical psycholo¬

gy), and the following social sci¬

ences, mathematics, physics, chemistry, and biology. Fellowships are also awarded in interdiscipli¬

ary fields, in the areas of overlapping fields among two or more overlapping fields among two or more disciplines, social measurement, occupational therapy, physical therapy, and occupational therapy.

NOT TOWARD MEDICAL DEGREE
Awards are not made to individ¬

uals studying for a medical degree or any other degree, other than to complete the requirements for a doctoral degree.

Awards are made to students who will have completed the requirements for their fellowships, an amount of scholarship stipend plus a grant in aid for a normal year of graduate study or scientific work at any approved institution. The Foundation does not re¬

quire that Fellowships be used in any particular field of study, but will require that the Fellow's education.

Selection of Fellowships will be made in the following manner and on the following conditions regarding each appli¬

cation: (1) A randomly selected panel of the National Science Foundation Board of Directors reviews the applications for work or study scientific work at any ap¬

proved institution. The Foundation does not re¬

quire that Fellowships be used in any particular field of study, but will require that the Fellow's education.

In accordance with the policy of the National Science Foundation Board of Directors, the Fellows will be selected based on recommendations of the National Science Foundation Board of Directors, and the decision whether or not to award a fellowship is based on the quality of the proposals submitted and the recommendations of the Board of Directors. The Foundation does not re¬

quire that Fellowships be used in any particular field of study, but will require that the Fellow's education.

Organizations Resume Business

BY ERNEST L. JOHNSTON, JR.

Now that homecoming is over, and the finals have been judged, organizations are ready to get down to the more serious side of business. Already the Fres are rejoining over their newly-acquired fraternity rooms. It's somewhat of a contest to see whose frat can come up with the classiest quarters.

KAPPAS PLACE FIRST

It was a regular rat race around the campus during homecoming weekend as far as Kappas were concerned. The Kappa Alpha Phi Fraternity walked off with first place honors, while the Phi Beta Sigma Fraternity and the Zeta Phi Beta Sorority came in the second place slot. Deviating from Greekland, the senior class and dramatics club set the tone for the third place position.

OTHER WINNERS

As for other winners in the homecoming activities, the poster contest was won by Paul Hughes. Billy Thompson placed second, with Jerome Long and Forrest Woodfield tying for third place.

THE DORMITORIES

The dormitories found Cooper Hall to be big on the scene. The planter, "A man's attitude towards life determines his altitude," caught the eye of many people. Garcia Hall was the second place winner while Hollard Hall achieved third place.

FLAT PROGRAM

Members of the geographical society are up to their heads with ideas and plans which they intend to surpass those of previous years. Among their plans is a trip to the United Nations in New York.

PROFESSOR SPEAKS

In a recent meeting of the Fellowship Council, a series of programs were initiated on the general topic "Faith and Learning." At the last meeting, the topic for discussion was "Spiritual Values in the American Culture."

The discussion was led by Professor Thomas Brown at the Department of Education. He stressed the importance of spiritual values on the college campus. Those values give an individual a sense of purpose in his daily life and living," said Mr. Brown.

Other faculty members taking part in the discussion were Mr. A. Royal of the Department of Chemistry and Mr. Charles Blue of the Department of Music. Student participants were Maxine Zachary and Edna Singletary.

MUST KNOW PASS WORD

1st Place Award Stimulates Residents

Homecoming for A&T College proved to be more than a gala affair for the residents of Cooper Hall. It served as an inspirational boost for all of the dormitory residents. This award was given to the sorority Kappa Kappa Gamma as a result of the outstanding decorations.

This award has stimulated cooperation among the residents and for that, the Dorm Council believes that the Homecoming Committee should receive some honor for hard work and initiative. Therefore the Dorm Council congratulates the Homecoming Committee and asks that it remain a functioning committee to continue to improve the environment in which we reside.

Tackling this inspiration generated by the Homecoming Committee, other committees in the dorms are beginning to show that cooperation can be carried on. A small spark is ignited around them. Hence the president of the dorm now believes that the other committees will prove that they too can obtain the top positions with their work and initiatives.

Female Cadettes

Join ROTC Units

The Army and Air Force ROTC units will have no trouble filling the cadre by the assignment of female members. The ROTC units do not have a program for women until girls upon graduation; however, they can pursue the basic course for commissioning young ladies. It is true that in order to fulfill this role they must be issued a uniform and attend the leadership training laboratory each Thursday afternoon.

The Army cadette is Williamsburg Ferry, an applied sociology major from Norfolk, Virginia. The Air Force cadettes include Ann E. Chavis, a physical education major from Greensboro, North Carolina, and Edna Singletary, an English major from Greensboro, North Carolina.

In a recent interview, the young ladies of the ROTC department has a very fine program that affords them an opportunity to understand national defense policies as well as honor and devotion to duty.

News Briefs

Selections by Chaucer will be the note of discussion for the initial listings November 9 at 3:00 p.m., in a lounge of the library.

The program will be one of a series of programs scheduled by the department of English this year.

Dr. Raymond C. Gibson, professor of English will begin the series of guest speakers during American English Week. Dr. Gibson will speak in Harrison Auditorium November 2 at 10 A.M.

The annual meeting of the North Carolina Students Industrial Organization will be held here at A&T College on Saturday, November 12.

More than 100 - students, pursuing training in trades and industries in the high schools throughout the State, will attend the meeting as delegates and officers of their respective local chapters.

James W. Taylor, assistant State supervisor of trade and industrial education, with headquarters here at the college, said the purpose of the organization is to develop leadership training among its membership. The delegates will hear committee reports, work out details for the annual statewide trade contest to be held next spring and elect new officers for the coming year.

The Lyceum Committee will present Belle's immortal Carmen in Harriet, North Carolina, November 24. Carmen is one of the most popular melodies in opera today.

Dr. Samuel D. Proctor, president of A&T College, will feature a speaker for the Farmer's Club November 21. The discussion will be center about the Supreme Court.
A&T Aggies Slaughter Morgan's Bears 33-6

A 71-yard touchdown run by Richard Westmoreland and a 71-yard touchdown pass from Jim Mitchell to Bateman Jones highlighted A&T's annual homecoming victory over the Bears. Westmoreland gained 68 yards on just three carries for an average of 22.6 yards per carry while Taylor gained 46 yards on nine carries for an average of 5.1 yards per carry.

A&T went to work right after opening kickoff when right and Paul Brown recovered a Morgan fumble on the Bears' 13 yard line. Three plays later Westmoreland scored on a five-yard run putting the defending champs out front 6-0.

Midway the period the Bears launched a drive, but A&T's rugged forward wall rose to the challenge, fumbling on the Bears' 20 yard line. After Dowell recovered a Morgan fumble halfback Hilton Jones scored on a 13-yard run for a 13-0 halftime lead.

Early in the second quarter Westmoreland scored on a seven-yard run for a 26-0 lead. Three plays later Westmoreland scored again, this time from 13 yards out on a power play.

The last touchdown of the first half was scored when Augustus Lee closed out the scoring with a 15-yard touchdown pass from Mitchell to Bateman Jones. The Aggies had 134 yards passing and 199 yards rushing. A&T was penalized 120 yards on 12 penalties galore.

“Tareyton sure has the taste!”
—says Willie Mays

Spectacular center fielder of the S. F. Giants, famed Willie Mays, made Dual Filter Tareyton his steady smoke some time ago. “I can tell you,” says Willie, “that pack after pack Tareytons give me everything I want. Tareyton sure has the taste!”

Here’s how the DUAL FILTER DOES IT:

1. It combines a unique inner filter of ACTIVATED CHARCOAL...definitely proved to make the taste of a cigarette mild and smooth...

2. with a pure white outer filter. Together they select and balance the flavor elements in the smoke. Tareyton’s flavor-balance gives you the best taste of the best tobaccos.
