## Tommy Gaddie

### Mech. Engineering Major To Pilot 1961-62 Register

Tommy C. Gaddie of Hope Mills was named 1961-62 editor of THE REGISTER at the annual REGISTER Banquet in the new cafeteria Friday evening, May 12.

Gaddie, a mechanical engineering major, is presently copy editor.

**JEWELL SPEAKS**  
Guest speaker for the occasion was Mr. Paul V. Jewell, chairman of the department of Mechanical Engineering.

To Alexander the Great's "I came, I saw, I conquered" Mr. Jewell added "I cried" as he discussed the wheels of progress and the stamina one needs for survival.

Mr. Jewell pointed out that Alexander had not conquered himself. "Benjamin Franklin," continued the speaker, "did not cry; but he got 'drunk on printers ink' and started the first regularly published newspaper in the colonies."

"In other words, Franklin found new worlds to conquer — no crying at 21."

**ADDS TO A&T**  
Mr. Jewell reminded the group that THE REGISTER has been used as a means of adding to the stature of A&T College, its students, and its alumni.

"Whatever things strengthen A&T, fortify you," he said. "The records of many thousands of people are involved at A&T. Your reputation and theirs are involved every time THE REGISTER goes to press."

The speaker challenged the staff to "find some way through printers' ink to stimulate the students at A&T to smell the thrill of self discipline, self confidence and self determination."

Pointing to the accomplishments of past staffs, Mr. Jewell noted that "champions are watched, followed, and in close order." "I believe you should now begin to sire a complete stable of champions," he said.

**REGISTER CHALLENGED**  
He therefore, challenged THE REGISTER staff to consider the following questions:

"Are there any needs for self improvement among the students at A&T College?"

Are there any means of encouraging these students to come up to a higher level of living and thought?"

Do the students have social ac-

ceptance of the processes used by Benjamin Franklin? To what degree may this be expanded?"

(Continued on Page 6)

### College Receives Grant Of \$18,245 For Research

A grant of \$18,245 has been awarded to A&T College by the United States Atomic Energy Commission to continue a research project now underway.

Dr. Samuel D. Proctor, president of the College, said this week, the grant had been received to support for another year the project entitled, "Biochemical and Immunological Studies of Mice Treated With X-Ray and Protected by Bone Marrow Treatment."

The study is being conducted by Dr. George C. Royal, professor of bacteriology and director, and his wife, Dr. Gladys W. Royal, professor of chemistry and assistant director.

The project aims at determining the therapeutic value of marrow given to mice which have been exposed to injurious doses of x-rays. The grant, an increase over the previous year, marks the fourth year in which the project has been underwritten by the AEC.

The two-Dr. Royals have presented several papers, reports of progress on the experiments, before scientific groups during the past year.

Dr. George Royal joined the A&T faculty in 1952 and his wife came the next year.

### Four Students Secure Summer Appointments

Four students have received summer appointments as under-graduate research participants made possible by a grant of \$4,555 to the Biology Department of the College from the National Science Foundation.

Dr. George C. Royal, professor of bacteriology and director of the program at the College, stated that this science education program is intended to further the development of promising undergraduate biological science majors through direct contact with, and experience in scientific research.

Recipients of \$540.00 stipends who will begin research activity on June 12, 1961 for nine weeks are Mary E. Barnes, junior, Murfreesboro; Yvonne O. Bell, sophomore, Jackson; Thomas J. Carpenter, junior, Rutherfordton; and Wilson Walker, sophomore, Columbus, Ohio.

These students will be assigned to the U. S. Atomic Energy Commission Research Project in Carver Hall directed by Dr. George C. Royal, and Dr. Gladys W. Royal. Dr. Artis P. Graves, chairman, Department of Biology, is to serve as consultant.

National Science Foundation sponsored undergraduate research began at the College during the 1959-60 academic year with an interdisciplinary program under the direction of Dr. George C. Royal. Three students out of the quota of ten in the program were assigned to the biology department, three to chemistry, and two each to home economics, and physics. Each participant was given a maximum of \$625 for the year's research activity.

The total sum which has been awarded to the Biology Department by the National Science Foundation to support undergraduate research programs during the past three years, including those students in the multiple departmental program, amounts to \$17,225.

DR. WEBB

### Board Names Webb To Be Acting Dean Of Agriculture

By Ernest L. Johnston, Jr.

A former Aggie, Dr. Burleigh Carlyle Webb has been named the acting dean of the School of Agriculture.

Dr. Webb is a native of Greensboro and a 1943 graduate of A&T. He replaces Dr. William E. Reed who served as dean since 1949. Dr. Reed has requested an indefinite leave to take a position with the International Cooperation Administration, Washington, D. C.

Before being named to the post of acting dean, Dr. Webb was a professor of agronomy here at the College. He received his M.A. degree from the University of Illinois and his Ph.D. degree from Michigan State University.

His teaching experiences include ten years at Tuskegee Institute and one year at Alabama A&M College.

Dr. Webb holds membership in several professional and fraternal organizations. These include the American Association for Advancement of Science, Society of Sigma Xi, Beta Kappa Chi Society, Soil Science of America, and the Omega Psi Phi Fraternity.

Among the articles he has had published are "Comparison of Water Loss and Survival of Coastal Bermudagrass Stolens Harvested at two Stages of Growth" (Vol. 51

(CONTINUED ON PAGE 6)

### College Annual Is Dedicated To Dean Gamble

The 1961 edition of the AYAN-TEE, the A&T College yearbook was dedicated to William H. Gamble, dean of men.

The honoree is featured in a full color photo which bears the caption, "William H. Gamble, dean of men, a gentleman, adviser and friend, whose first consideration was that of the student."

A '38 GRAD

Gamble, a 1938 graduate of A&T has had additional training at Yale University, the University of Pittsburgh, and Columbia University. He was named to the A&T post in 1938.

He is married to the former Miss Annabelle Knight of Rocky Mount. They have a son, William, liam.

COLOR INCLUDED

The 176 page-yearbook contains several other full color photos with spot color throughout. One section gives photo coverage of the inauguration ceremonies of Dr. Samuel D. Proctor as fifth president of the College, the event held in March of this year.

Curtis Dixon, Winston-Salem, a graduating senior in mathematics was editor of the book and Bobby Stafford, Kingstree, S. C., and Bessie Littlejohn, Winston-Salem, were associate editors.

### Tobacco Institute Executive To Be Commencement Speaker At Final Exercises On June 3

### Annual Art Exhibit To Be Displayed In Taylor Galleries In Bluford Library

George V. Allen, president and executive director of Tobacco Institute, Inc., Washington, D. C. will be the A&T College commencement speaker.

A native of Durham, Mr. Allen is a graduate of Duke University and holds the Master's degree in International law from Harvard University. While at Harvard, he won the Charles Sumner Prize in International Relations.

During his thirty years service in the Foreign Service of the United States Department of State, Mr. Allen has had varied experiences. He has served as vice consul at Kingston, Jamaica and has had other assignments in Shanghai, China; Patras, Greece; and Cairo, Egypt.

When he accepted an ambassadorship at the age of 42, Mr. Allen was America's youngest ambassador. He served in Iran, Yugoslavia, India, and Greece, Mr. Allen was also assistant secretary of state on two occasions.

The speaker's present position with the tobacco organization was assumed in December of last year.

The commencement program is scheduled for the War Memorial Coliseum Saturday, June 3, at 2:30 p.m.

Dr. Samuel D. Proctor, president of A&T College will deliver the baccalaureate sermon Sunday, May 28, in Moore Gymnasium at 11 a.m.

Other activities scheduled during commencement week include a joint concert by the College Choir and the College Symphony Band. A reception for graduates, alumni, and friends will be given by Dr. and Mrs. Proctor, at "The Oaks" at 7 p.m. Sunday, May 28.

The A&T College Alumni Association will hold its annual meeting Friday and Saturday, June 2 and 3.

The Annual Art Exhibit will be displayed at the H. Clinton Taylor Art Gallery in Bluford Library from May 27 through June 3. Featured will be works by students in the Department of Fine Arts.

### Mrs. Ozette Bell Is A&T College's Mother Of Year

The mother of seven sons and daughters, five of whom have attended A&T College was honored at the College on Sunday as "Mother of the Year."

Mrs. Ozette Bell, a Jackson homemaker, received the honors at the 11th annual Mothers Day observance Sunday, May 14.

She was introduced at the morning worship service held in Harrison Auditorium. Juanita Tatum, Greensboro, a graduating senior and "Miss A&T", read the citation; and Mrs. Bessie Proctor, wife of the president, pinned on an orchid, a gift from A&T students.

Mrs. Bell was guest of honor at a military review by the Joint Army-Air Force ROTC Corps held on the front campus lawn and inspected the cadets from an Army Jeep which carried her past the long line. She was presented a bouquet of roses by Jack Ezzell of Roseboro on behalf of Beta Epsilon Chapter of Alpha Phi Alpha Fraternity. Ezzell was president this year.

Mrs. Bell, her husband, and their sons and daughters were guests of honor at the luncheon in Murphy Hall. Her busy day ended as she participated in Open House, visiting the dormitory rooms of daughter, Yvonne, a sophomore, and son, Cary, a freshman, both honor students.

Others of the immediate family attending included: Mrs. Margaret Hawkins, Washington, D. C., and Jacqueline, a former "Miss A&T", both school teachers; Thomas, associated with his father in a trucking business; and Clarence and Linda, both of whom attend school at home.

(CONTINUED ON PAGE 6)

### Dr. F. A. Logan Awarded Grant To Publish History Research

Dr. Frenise A. Logan, chairman of the Department of Social Science, has been awarded a grant to further historical research and to complete a book.

Dr. Logan is one of twelve historians to receive awards, the first to be given by the American Association for State and Local History, Madison, Wisconsin. The program was launched to encourage

the study, the writing, and the publication of sound, interpretative local history.

Like other young historians, Dr. Logan seeks to help bridge the gap between 1876 and 1900. "There are few published works about the Negro and his activities during the Post-Reconstruction period," said Dr. Logan.

The title of his book is *The Negro in North Carolina from 1876 to 1894*; and although he has already done considerable research, he hopes to spend a part of the summer continuing this project.

This is the second time that Dr. Logan has been recognized for his writing. He received the Connor Award in 1959 for the best article appearing in the North Carolina Historical Review.

Dr. Logan has traveled extensively in India and the Far East. He visited India and Pakistan first in 1944-1945 with the U. S. Air Force, again in 1953-1954 under a Ford Fellowship for study and research, and a third time, 1960-1961, under a Fulbright Fellowship, as a lecturer at the University of Madras and the University of Calcutta.

## The Register Staff

Extends Best Wishes To Each Of You For A Happy Vacation

## News Briefs

The annual meeting of the A&T College General Alumni Association is being shifted from May to June.

Howard C. Barnhill, Charlotte, N. C., health educator and president of the organization, said this week that the meet usually held in mid-May is being shifted to June 2-3. The change in date was made to coincide with the A&T College commencement to be held on Saturday, June 3 at 2:30 p.m.

Barnhill indicated that the Friday program calls for the annual All-Alumni Banquet and meetings of standing committees.

### A&T INSTRUCTOR GETS NSF STUDY GRANT

Mrs. Elizabeth Clark, instructor in biology at A&T College, has accepted a National Science Foundation Grant to attend the Botany Institute at the Washington State University, Pullman, Washington.

She will report there on June 25. Mrs. Clark, a graduate of A&T College, has taught at the College since 1948.

### DR. NOEL HEADS GREENSBORO MEDICAL GROUP

Dr. E. C. Noel, III, was recently elected president of the Greensboro Medical Society. He was installed at the annual meeting held on May 11.

Other officers installed included: Dr. B. W. Kidd, vice president; Dr. A. V. Blount, secretary-treasurer and Dr. F. E. Davis, chairman, Executive Committee.

## Responsibilities Of The Class Of '61

With all the bloodletting in Alabama, chaotic and imperilous situations in Cuba and Laos, and no telling what else to add to the heavy load of Uncle Sam, the class of '61 will have the responsibility of sharing the burden.

They will be responsible for mitigating the issues of segregation and integration, of maintaining passive resistance in the face of barbaric mobs which beat members of Congress of Racial Equality senseless, and of establishing Christian relationships among all races.

They will have the astronomical job of helping this country surpass the Russians in supremacy of space, and in making worthy and peaceful use in space of knowledge learned to make this world a better place to live in.

They will be responsible for devising ways of dealing with foreign countries such as Cuba and Laos, with which so much diplomacy is needed. All of these confront the class of 61.

## The Big Moment

A little less than a week from now, June 3 to be exact, President Kennedy and Premier Khrushchev will sit at a historic table facing each other. Whatever they agree or disagree on will affect the world.

This meeting, the first for both, could help international negotiation considerably. With mounting turbulence in Laos, Korea, and Cuba, negotiation could be used to lessen these problems and form a mutual bond of trust between the American people and the Russians.

There will be no U-2 incident to hold up talks this time. But, unfortunately, the CIA's goof may prove just as fatal. It could "water down" negotiation to such an extent that the ever pressing tide of chaos existing in Europe and Asia might never be resolved.

If this happens, and it seems unlikely, the big moment between the two Mr. K's that the world has looked forward to will end in futility and despair.

## Look Homeward, Aggies

The school year has come to a close and varied summer pursuits are being undertaken.

We leave with our accomplishments, and things that were not accomplished. Our time, we can say, was not completely in vain, for all our efforts were rewarded in some way.

For some of us the cycle of institutional education is completed; and for others, the motivation for finishing has been received or is being sought.

You will return to your homes or places you will make home. As you make this trek, you will look back and let the bright reflections of the year penetrate into your skins to tan you with a better understanding of life.

Homeward bound you are, to a house on the hill or the high and mighty home of success; the house of success—the steps leading to its door at which you stand. Your trials and tribulations have equipped you to climb these stairs and open the door of success.

Look homeward, Aggies, for the future is yours to manipulate, to mold, and to fill with the things that are endearing to your hearts. The hands of the clock have passed across its face many times and will continue to pass as your life ticks into the future.

Time should have made you wise with a face looking upward. Look homeward, to the jobs of teachers, engineers, chemists, administrators, and family builders of our nation. Look to a home with a firm foundation that the shifting sands of time will not move.

Build yourselves into men of good will and understanding—good will and understanding that will bring peace and prosperity to this embroiled world.

Look homeward, Aggies, to the future that is yours to have and to hold.

## Should China Be Admitted To UN?

Much has been said about admitting China to the United Nations. The United States opposes the idea while Russia is all for it.

It seems, though, that the Russians may win out in the end. Each year the votes against this communist state are steadily decreasing.

What does this mean? It means that inevitably China will become a member of the U. N. And that other nations recognize this inevitability. Why, then, does the United States still hold firm in objecting to China's admission to the U. N.?

The reason is that China, being a communist society, may provide the extra weight needed by the satellite countries to sway decisions in their favor and thus envelop the world with communist doctrines. There is more to this, however.

China is unpredictable. It could, at the flick of a finger, refuse to abide by decisions laid down by the nations of the U. N. The Chinese could be willing to fight protesters and equally willing to dispose of millions of Chinese so as to cut down on its vast population and thus mitigate starvation and disease.

The question is debatable. China, whether admitted to the U. N. or not, will pose problems to the United States and to the Russians.

## What's Next?

## College Council

The last monthly meeting of the College Council was held in the Assembly Room of Hodgkin Hall Tuesday, May 16.

Council discussion began with the final report on the junior class proposal. Ilka Bowditch, junior class representative, presented the report on the committee's behalf.

The adoption of the report was as follows:

- (1) A request for the use of Crosby Hall as a center for student activity was not granted because of unsafe conditions.
- (2) The clause for the rental of bicycles on campus was adopted on a trial basis. The council directed this activity to the Student Government.

Dr. G. F. Rankin gave a brief report on the Leadership Conference slated for September. A conference similar to the one held in 1958 is being designed for student leaders. The proposed conference was approved by the council and referred to the committee for further action.

Further action included the adoption of the Policies For the Use of the Charles Moore Gymnasium. Dr. William M. Bell, director of athletics, presented the policies.

The policy which will be in effect during the school year 1961-62 and thereafter was as follows:

- (1) No student may use gymnastic equipment without proper supervision.
- (2) The building cannot be used by outside organizations without written permission of college authorities.
- (3) Street shoes shall not be permitted on the gymnasium floor.
- (4) Events scheduled for the gymnasium must be cleared through the Office of the Dean of Students.
- (5) Organizations sponsoring Saturday evening events will have

to assume the cost of janitorial services.

(6) All property damage occurring during an activity is the direct responsibility of sponsoring organization.

(7) Only those persons who are employees or students of the institution shall participate in activities in the building except by permission of authorized college representative.

(8) All events must have the required police protection. Information in respect to this regulation may be secured from the Property Custodian.

(9) Equipment shall not be taken out of gymnasium except by permit signed by the Gymnasium Manager.

(10) A member of the Physical Education Staff shall be responsible for the general supervision of the swimming pool. This shall include the opening and closing of the pool.

(11) There shall be no swimming except under the direct observation and supervision of a certified life guard.

(12) Nor more than seventy-five persons shall be permitted to participate in swimming pool activities, in the pool area, at a time.

During the discussion of the policy, Mrs. Veda Stroud, Engineering School representative, suggested modification of clause three. Dean William H. Gamble proposed that no smoking be allowed in the arena and where decoration is displayed. He added that overhead decoration should be of fire proof material.

Dean L. C. Dowdy, chairman of the council, praised members for their hard work and efforts throughout the year. The meeting was adjourned for the school year 1960-61.

## College To Offer Photography Short Course

A short course in photography will be offered during the summer school at A&T College, according to an announcement made by the Department of Short Course (School of Agriculture).

B. W. Harris, Short Course Director, said, "Amateur photographers, whether they are teachers, students, or county agents, will find the course very helpful." Prospective enrollees are asked to register in advance and indicate their preference of date, July 17-21 or August 7-11.

Laboratory exercises and field trips will supplement classroom instruction. Operation of cameras, developing film, and evaluation of pictures taken, will be important phases of the course. Instruction will be offered by Leon H. Hardy, photography instructor, Technical Institute.

Limited laboratory facilities will restrict the number of persons who may enroll. Below is an application form which should be submitted in advance. Harris said that students would be accepted on a "First come, first served basis."

Submit This Form in Advance:

Name .....

Address .....

Occupation .....

Check your preference:

July 17-21 ..... or August 7-11 .....

Name and address of a friend who may be interested:

.....

Greensboro, North Carolina

## Senior Class Poem

### "A Departure"

by

DAVID JOHNSON, JUNIOR

The end for us has come, as all things do.

Benefactress to all we cherish and pursue

Dear A. and T.

The days have been happy-momentous.

Professors and students must part. We part. But in the future, our memories

Shall cling to thee as the waves hold to the sea.

We shall remember to give, and to receive.

To go forward but not to deceive, We shall remember to serve mankind.

To hold fast to the truth — that God is divine.

Dear A. and T.

And when this world shall link your name

With our gracious lives and manners of fame,

We shall make our claims and proudly say

She was mine

## Campus Pulse

### Deepest Appreciation

Editor of The Register:

I would like to take this opportunity to express the appreciation of the Army ROTC staff and Cadet Corps for the wonderful coverage you have given us during the school year. It has been through your devoted efforts that an understanding of the mission and obligation of ROTC training has prevailed on this campus.

We wish to extend our congratulations to you for the wonderful achievements you have made during the year and especially for the honors you obtained in winning first place ratings among college newspapers entered in the Associated Collegiate Press Contest and the Columbia Scholastic Press Contest.

Should there be any assistance we may give you in repeating these accomplishments in the ensuing years, please advise us.

Best regards to your staff.

LAWRENCE D. SPENCER  
Major, Infantry  
PMS

### Congratulations!!

Dear Member:

Enclosed is the First Class Honor Rating certificate awarded to your publication in ACP's recent All American Critical Service.

Congratulations to you and your staff for excellent achievement. While we hope that you are pleased with this high honor, we presume that you will be trying to make All American, ACP's highest rating.

As a help to you, if All American is your goal, let us point out that this honor rating is the most difficult of all to achieve. While ACP makes no attempt to predetermine the percentage of publications which receive this high honor, the number is relatively small because standards set by the best are exacting. "What", you ask, "must we do to achieve All American? What are exceedingly high qualifications of an All American publication?"

ACP's general answers to these questions are listed below:

1. All Americans should have complete coverage.

2. All Americans should have excellence in content quality.

3. All Americans should show mastery of the fundamentals and technicalities of production.

4. All Americans should look like All Americans. Content should be neat, appealing, readable and especially attractive in display.

5. All Americans should reflect staff imagination, ingenuity, and talent. Imaginative and original ideas should also reflect good judgment in their selection and use. Simply to be original is not enough. Good originality must also respect all the other important needs of the publication.

We hope that you will accept the challenge of these qualifications as you strive to produce the best possible publication for your own school. We hope, too, that your primary purpose will always be "Quality for quality's sake" rather than quality for the sake of honor.

Cordially yours,  
Associated Collegiate Press  
Fred L. Kildow, Director

## The A&T College REGISTER

Published semi-monthly during the college year by the students of A&T College. Entered as second-class matter February 8, 1932, at the Post Office at Greensboro, North Carolina, under the act of March, 1879.

Subscription rate \$3.00 per year. Address all communications and checks to THE REGISTER, A&T College, Greensboro, North Carolina.  
Member: Associated Collegiate Press Association, Columbia Scholastic Press Association, Intercollegiate Press.

## A&T Professor Of Air Science Is Stricken By Heart Attack

Just a few weeks before he was scheduled to retire Major Fred L. Allen, Professor of Air Science, was stricken with a heart attack.

### DOING WELL

He was "air lifted" by an Air Force helicopter from Pope Field Fort Bragg, from L. Richardson Memorial hospital to a Fort Bragg hospital May 17. He is reported to be resting well.

Sunday, May 14, Major Allen had received the United States Air Force commendation award at the college's annual ROTC Military Review.

The award, authorized by the Air University at Montgomery, Ala., was awarded to Major Allen for "meritorious service."

### BEGAN IN 56

Major Allen reported for duty at A&T College April, 1956; and since that time, he has served as professor of air science and Air Force ROTC Detachment Commander.

It was not until 1948 that Major Allen made permanent transfer to the United States Air Force. He had been commissioned a Second Lieutenant of Infantry in the United States Army in 1933.

In 1943, he was "loaned to the United States Air Force for a year" at which time he joined and went to Italy with (then) Colonel B. O. Davis' 332nd Fighter Group. After the cessation of conflict in the Mediterranean Theater of Operations, he remained in Italy to serve with Headquarters Peninsular Base Section as a Special Investigations Officer and Trial Judge Advocate.

### WIDELY TRAVELED

During his military career, Major Allen has been on duty in or visited 38 of the United States of America and 17 foreign countries. He has attended 19 military service schools from which he graduated with diplomas and/or certificates.

Among some of his military details have been instructor, commander, investigating officer, special services officers, Air Provost Marshall, air police officer, information-education officer, member and/or president of courts and boards, United States claim officer, supervision of prisoners, custodian of funds, club officer, and others.

A native of Pensacola, Fla., the Major holds the degrees of Bachelor of Science and Master of Arts from Howard University.

About his undergraduate days he said, "During the Depression Days, 1930-1934, I experienced difficulty in earning enough money to attend full time in school, but maintained a fast race with scholarship and the university cashier."

### TO SETTLE DOWN

With retirement scheduled for July of this year, Major Allen con-

## Agronomy Club Presents Show On Television

Members of the Agronomy club, especially dressed for the occasion, used one of the most popular media of communication Wednesday, May 17, to discuss careers in agronomy.

Appearing on Channel 2, WFMY-TV, these students dispelled the myth that agronomy is restricted to those who actually engage in farming.

They pointed out that agronomy is the science of soil management and crop production. It is mainly concerned with the production of food and fiber for the world's peoples.

Agronomists, therefore, are those who study the various chemical, physical, and biological aspects of the soils as well as those who specialize in plant breeding and crop production.

Program participants represented various areas of specialization in agronomy. Persons appearing were Mohamed Fofana, Sierra Leone, West Africa; Johnny Morris, Monrovia, Liberia; Amos Tagbe, Monrovia, Liberia; Reginald K. Spence, Jamaica, British West Indies; John Green, Fremont; and Edward Mills, Winterville.

Dr. Samuel Dunn, chairman of Plant Industry, was in charge of the program.

## Students Cited For Papers On Science

Two A&T students were cited for scientific papers read before the Collegiate Academy of Science Saturday, May 6, at State College in Raleigh.

It was the fifty-eighth annual meeting of the North Carolina Academy of Science and the spring meeting of the North Carolina Psychological Association.

Walter J. Harrison of Greensboro won second place honorable mention with his paper "A Comparative Study of Tissue Proteins by Color Electrophoresis." James O. Rice of Rocky Mount placed third with "Glass Fiber and Paraffin Coated Papers in the Isolation of Fat-Soluble Compounds." Neither student was actually entered in competition.

John C. Holley of Windsor also presented a paper. Holley's paper was entitled "Ultraviolet Absorption Spectra of Compounds Related to Cholesterol."

All three students are working under the Student Research Participation Programs sponsored by the National Science Foundation.

Four faculty members also presented scientific papers before the Biochemistry and Physiology section. These presentations were made by Dr. Gladys W. Royal, professor of chemistry and secretary of the Section; Dr. Gerald A. Edwards, professor and chairman of the Department of Chemistry; Dr. Cecile H. Edwards, professor of nutrition and research; and Dr. Nityananda Pati, professor of biology.

MAJOR ALLEN

fesses that his secret ambition is to build a home large enough so that he may have enough room to have a little space of his own, unpack, and stay put.

He is married to the former Miss Sylvia Elizabeth Shackelford of Gainesville, Va., and Washington, D. C. who shares her husband's ambition "to settle down in one place."

The Allens are the parents of four — Freddie, 16; William, 10; Lynda, 9; and Marian Christine, 5. The latter was born in Germany.

## \$6,070 Given For Research Participation By Undergrads

A&T College has been granted the additional sum of \$6,070 for the program of Undergraduate Research Participation sponsored by National Science Foundation in the Department of Home Economics.

This brings the most recent award to a total of \$12,140 and extends the new program, currently set for June 11, 1961 through May, 1962, to May, 1963. The program which is presently in operation will be completed in May of this year.

Stipends in the summer program have been awarded as follows: Lawrence Seibles, Greensboro, a sophomore chemistry major, \$690 research; Minnie Ruffin, Tarboro, a sophomore majoring in foods and nutrition, \$690 for summer and academic year studies; George A. L. Gant, Greensboro, a junior chemistry major, \$540 for summer research; & Ivy Woolcock, Jamaica, B.W.I., a sophomore, majoring in foods and nutrition, \$150 for academic year participation.

The program makes it possible for outstanding students to participate in metabolic experiments with animals. It further provides training in techniques such as paper chromatography, electrophoresis, autoradiography, the handling and detection of radioactive substances, and other special methods in nutrition research.

The NSF sponsored program in the Department of Home Economics is under the direction of Dr. Cecile H. Edwards, professor of Nutrition and Research, with the assistance of Dr. Gerald A. Edwards, chairman, Department of

Chemistry; and Miss Evelyn L. Gadsden, research assistant, Department of Home Economics. Mrs. Clara Evans is chairman of the Department of Home Economics.

## Prof. Discusses Great Books In Library

Miss Marguerite Porter, assistant professor of English, addressed a group of eleven members of the East Winston Branch Library of Winston-Salem in Bluford Library last month.

Miss Porter discussed great books and the qualities that one should look for in a book. In addition to providing each member with a copy of *The Register*, she gave each a list of sixty masterpieces of fiction that everyone should read. She added to the list the Holy Bible.

Mr. C. C. Dean, head librarian, took the group on a guided tour of the library.

Member of the group were Fere-tia Simmons, Paulette Jones, Jeane Allen, Daphne Balsley, Barbara Bruce, Novel Russell, Carol Adams, Sterling Spainhour, Masson White, Leroy Nelson, and Bernard Rogers.

They were accompanied by Mrs. Mary Bruce, club adviser, Mrs. Lola Russell, Dr. and Mrs. Archie Blount, and Mr. Clyde Gray.

# Salem refreshes your taste

## —"air-softens" every puff

Created by R. J. Reynolds Tobacco Company

- menthol fresh
- rich tobacco taste
- modern filter, too

*Take a puff... it's Springtime!*

For the fresh softness in Salem's smoke is the essence of springtime. And Salem's special High Porosity paper "air-softens" every puff. You'll be delighted with Salem's springtime freshness — and rich tobacco taste. Smoke refreshed... smoke Salem!

# 1960-61 Found Campus Organizations Working Hard

By ERNEST L. JOHNSTON, JR.

Again, the time has come to say good-bye to another school year. School closing usually means a sad time in a sense because many of us will not see each other again until we meet next year. This sadness is even more prevalent with the organizations, as new officers get ready to take over for next year. This is the time of year when organizations insert in their ledgers plans that were incomplete during the year. These plans will be filed over the summer and reviewed in September.

Looking over the past year, we see many activities carried on by the organizations. Let us recap some of their past year's experiences as we look into the past of 60 and 61.

The men of Cooper Hall organized committees to improve dormitory life in Cooper Hall. These committees were social, educational, cultural, judicial, policy and standards, and publicity. Paul Parker was the president of this organization.

JOHNSTON

### PRESENTS BOUQUETS

When Margaret Tynes presented her concert this year, the Alpha Kappa Alpha Sorority presented her with a bouquet of roses along with a gift. The Ivies also welcomed Miss Tynes with a bulletin board display outside of Murphy Hall.

The Fortnightly Club discussed an array of books during the year. Such books were discussed as Dostoevsky, The Brothers Karamazov; Kousseau, The Social Contract, Adam Smith; The Wealth of Nations; Stendal, The Aged and the Black, The Bible, The Book of Job, and Homer's, The Iliad.

Spreading brotherhood to other colleges, Beta Epsilon Chapter of Alpha Phi Alpha participated in a Greek Sing at Livingstone College in Salisbury.

### WIN PRIZES

In the homecoming festivities, Kappa Alpha Psi walked off with first place honors, while Phi Beta Sigma Fraternity and Zeta Phi Beta Sorority came in the second place slot. The combined floats of the Senior class and the Dramatics club settled for third place.

The poster contest was won by Paul Hughes with Billy Thompson coming in second. Jerome Ingram and Portia Waddell shared the third place slot.

This year found Cooper Hall winning first place in the dormitory category. Their theme, "A Man's Attitude Towards Life Determines His Altitude," put much meaning into its display.

### DISCUSSION BY MR. BROWN

During the year, the Fellowship Council had Professor Isalah H. Brown of the Department of Education as one of its discussion leaders. In his discussion he stressed the importance of Spiritual Values on the college campus. Said Mr. Brown, "These values give an individual a sense of purpose in his daily life and living."

Along with Mr. Brown, other faculty members taking part were Dr. George Royal of the Department of Chemistry and Mr. Charles Blue of the Department of Music.

### SUCCESSFUL TEAM

The drill team, which had a successful year all along remembers as one of its thrilling performances the trip to Sampson High School in Clinton.

The Model Aircraft Club also got the chance to demonstrate model aircrafts. This was the first time that the two units gave a presentation together away from home. In Clinton, the drill team drew comments from the audience with its special Alfred Hitchcock presentation.

### ATTENDED ASSEMBLY

A highlighting event which the International Relations Club undertook was attending the Model Assembly at Duke University. The A&T representatives took the role of Cuba in the assembly. President of the club was Charles Biyoyouwei

and Mr. Gordon Saddler was the club's adviser.

### NEW CLUB

The newest organization formed this year was the A&T chapter of Upsilon Beta Alpha. This organization is better known to its members as the United Business organization. The group has as its aim the setting up of chapters of the same organization on other campuses.

### 40 INTO GREEKLAND

During the fall quarter, there were forty probates becoming full-fledged Greeks.

These included Robert Faison of Alpha Phi Alpha; Ronald Pittman, James Brown, and George Little, all of Kappa Alpha Psi. Phi Beta Sigma had as its probates Arthur Harris, Charles McCabe, Henry Goldston, Johnny Chester, and George Saunders. Jerry Fife, Robert Murray, James Garrett, Glen Gore, James Lundy, Reginald Winstead, and Ralph Parker were initiates for Omega Psi Phi.

Zeta Phi Beta boosted her membership with three initiates — Linda Horton, Mary Harker, and Barbara Oakley.

Twelve young ladies who became members of Delta Sigma Theta were Brenda Scarborough, Elnora Belle, Susie Hinton, Sylvia Dean, Sylvia Walker, Bessie Littlejohn, E. I. Minix, Elizabeth Neal, Lizzie McDonald, Mary Barnes, Jean Breeze, and Lucinda Rodgers.

Ruth Gavin, Barbara Bailey, Betty Pierce, Yvonne Bell, Ruth Britt, Fannie May, Rosebud Richardson, Lorraine Thomas and Marilyn Wilder became AKA's.

March 3-4, the Sports Day exercises were held at North Carolina College. This is an annual affair sponsored by the Women's Athletic Association.

Some of the winter quarter probates included Alfred Gatling for the Alpha Phi Alphas and Clarence McKee walking for Omega Psi Phi.

There were many, many more activities presented during the past year; but since they were many in number, only some of the more important activities were mentioned. Next year will be one looked forward to by the new slate of officers. These officers are bubbling over with their plans for 61-62.

### GIRLS HONORED

Thirty-three school girls who are top ranking seniors in Western North Carolina were honored recently at A&T. This event was the annual May Week Scholarship Recognition Luncheon sponsored by the Greensboro Alumnae chapter of the Delta Sigma Theta Sorority.

### SOPHOMORES ELECT FOR 61-62

The sophomore class elected Cary P. Bell as president; Shirley Dean, vice president; Anthony Dudley, secretary; Sarah Rearden, assistant secretary; Luther Jackson, treasurer; Carl Leonard and Richard Mitchell, Student Council representatives; and Frank Bailey and Arthur Eller, parliamentarian. Thomasine Corbett was elected "Miss Sophomore."

### THORNE SUCCEEDS JOHNSON

The Fortnightly Club will have Yvonne Thorne as president. She succeeds David Johnson, who is scheduled to graduate. Marion Craven was elected vice president; Frances Cooke, secretary; and Cornelia Merrick, treasurer.

Officers for the Zeta Phi Beta Sorority include Cornelia Merrick as president; Barbara Oakley, vice president; Betty Barr, secretary; Shirley Strickland, corresponding secretary; Lillie Harding, treasurer; Philistine Nesmith, parliamentarian; and Gwendolyn Nelson,

"Miss Zeta Phi Beta."

The Alpha Kappa Alpha Sorority will have Edna Singletary as Basileus; Betty Pierce, Anti-Basileus; Joyce Wilkerson, Grammateus; Yvonne Bell, Anti-Grammateus; Ruth Britt, Epistoleus; Lillian Middleton, Anti-Epistoleus; Vivian Johnson, Hodegas; Marilyn Wilder, Anti-Hodegas; Marian White Tamiochos; Fannie May, Philacter; Dorothy Harris, sergeant at arms; and Shirley Young, "Miss AKA."

### BELL LEADS DELTAS

President of the Delta Sigma Theta Sorority will be Shirley Bell with Sylvia Dean as vice president; Edith Crowder, corresponding secretary; Brenda Scarborough, recording secretary; and Myrna Spencer, treasurer.

Next year's officer to guide the Alpha Phi Alpha Fraternity will be Clarence Richardson as president; George A. L. Gant, vice president and dean of pledges; Eugene

Backmon, dean of probates; Robert A. Brewer, treasurer; Junius D. Brown, recording secretary; Alfred Catling, corresponding secretary; and Jack Ezzell, parliamentarian.

### VETS ELECT

The Veterans Association has elected Herman McDowell as president for the next school term. Andrew Jackson will take over as vice president; William Graham, treasurer; and Ramonia Hargraves, secretary.

Officers for the Baptist Student Union will be Linnia Fennell, president; Lawrence Price, vice president; Estelle Coley, secretary; Elaine Kussell, assistant secretary; Jerome Scippio, treasurer; and Richard Robin, chaplain.

### TWO PREXIES

The Wesley Foundation will have two presidents. These two leaders will be Harold Seabrook and Paul Young. The vice presidency spot

will be occupied by Patricia Fulton and Bobby Battle. Aggie Martin was elected secretary with Rosetta Blair as assistant secretary.

Heading the YMCA will be Ramonia Hargraves as president; Earlene Vines, vice president; Estelle Coley, secretary; Elnita Cogdell, assistant secretary; and Patricia Fulton, treasurer. Committees include Madie Oliver, finance chairman; and Louetta Heckstall, religious life. Gloria Peacock, and Marian Council make up the freshman "Y" committee.

As the organizations rest their tired and weary bones from the wear and tear of 60 and 61, the writer of this column would like to extend thanks to the various members of campus organization. You have been helpful in giving news for your organizations. Without your help, a column of this type would have been almost impossible.

Remember to keep those plans alive for next year and come in September with new vim and vigor.

**L&M UNLOCKS CAMPUS OPINION**

#6 in a series of polls conducted by L&M student representatives in over 100 colleges throughout the nation.

Pack or Box

Light up an L&M, and answer these questions. Then compare your answers with those of 1,383 other college students (at bottom of page).

- Question #1:** As a college student, do you believe that you are taking the best advantage of your educational opportunities?  
Answer: Yes \_\_\_\_\_ No \_\_\_\_\_
- Question #2:** Some college men are wearing trimmed beards. Do you think most girls will be attracted to men with trimmed beards?  
Answer: Yes \_\_\_\_\_ No \_\_\_\_\_
- Question #3:** Do you think that American colleges tend to overemphasize football and other sports to the detriment of the status of academic accomplishments?  
Answer: Yes \_\_\_\_\_ No \_\_\_\_\_
- Question #4:** How many cigarettes do you smoke a day, on the average?  
Answer: Less than 8 \_\_\_\_\_ 8-12 \_\_\_\_\_ 13-17 \_\_\_\_\_  
18-22 \_\_\_\_\_ Over 22 \_\_\_\_\_

**UNLOCK A NEW WORLD OF FRESH SMOKING PLEASURE**

Start Fresh with L&M ... Stay Fresh with L&M ...

**L&M Campus Opinion Answers:**

Answer, Question #1: Yes 36% - No 64%

Answer, Question #2: Yes 10% - No 90%

Answer, Question #3: Yes 34% - No 66%

Answer, Question #4: Less than 8, 20% - 8-12, 18% - 13-17, 19% - 18-22, 28% - Over 22, 15%

The more you smoke, the more you appreciate today's L&M. You start fresh with L&M, and you stay fresh with L&M. Do away with dried-out taste for good. The secret? Flavor Seal... L&M's special way of moisturizing tobacco to seal in natural tobacco freshness... natural tobacco goodness. Get fresh-tasting—best-tasting L&M.

The L&M Campus Opinion Poll was taken at over 100 colleges where L&M has student representatives, and may not be a statistically random selection of all undergraduate schools. ©1961 Liggett & Myers Tobacco Co.

# KAMPUS BEAT

By ERNEST L. JOHNSTON, JR.

**THE BIRTH OF KAMPUS BEAT:** It all began when the Editorial Board first sat down to unravel the threads for the 60-61 school year. Suddenly someone thought of the idea concerning a regular column. This column would have to be centered around the campus life as it is and the format it would follow would be that of C. A. Paul's "People, Places and Things."

That brought about another problem: what would be the name of this column? Names such as Peoples, Places, and Aggies, Kampus Korner, and the Aggie Stump along with many others were mentioned.

When someone mentioned Kampus Beat, that name went over like wild fire.

From the time Kampus Beat was first mentioned by the Editorial Board until it was first published, "Kampus Beat" has become a regular feature of the REGISTER. The name Ernie was first used, but was later changed to Dee who is the girl friend of Ernie.

**AT LINDSAY AND LAUREL STREETS:** That bunch of hungry Aggies who invade the cafeteria line after meal hours. . . . Note the difference outside the New Service Center next week. . . . What will happen to the crowd that usually stands in front of it? . . . Well! You freshmen girls better put it on good for this year, because next year you will be just hidden faces in the crowd. . . . Summer should be exciting: I have overheard such plans as traveling, taking life easy, summer school, and working. . . . Most of the plans will include working.

**FACES SEEN ON CAMPUS RECENTLY:** Within the last week, many former Aggies and graduates have returned to pay our campus a visit. . . . Such persons have been 1st Lt. Elworth Smith and James Slade, both of the United States Air Force. . . . Barbara Samuels of Atlanta University also paid her alma mater a visit. . . . Week before last, Milton Martin, Barbara Burts, and Marjorie Payne also returned to A&T. . . . Cagers Alvin Attles, pro player of the Philadelphia Warriors, and a former Aggie, Robert "Bob" Jones also were seen on campus. . . . Archie Smith, a 1959 graduate of A&T was in town on Mothers Day.

**BROKEN LAWS:** Now I wonder just where I could have been when they passed that law? I mean the one requiring meeting so many Aggies during the summer. Oh, it all comes back to me now. It must have been while I was in Atlantic City attending the convention of the society opposed to students living off pork and beans during the summer months.

**THE YEAR IN RETROSPECT:** This was A&T when Dr. Proctor became the fifth president of A&T, the Oak Ridge Mobile Unit paid A&T a visit, 210 persons took the National Teachers Examination, the dining hall entered a national food service contest, Margaret Tynes sang in a Lyceum program during the fall quarter, Norman Hoyle received a \$1,000 scholarship, pancakes were served twice this school year, Tommy Gaddie, Cleveland Black, Wilhelmina Harrison, and the writer of this column attended the Associated Collegiate Press Conference in Chicago.

This was also A&T 60-61 when a stop light was installed at Lindsay and Laurel Streets, forty probates walked line during the fall quarter, J. Cirt Gill, better known as Jam-A-Ditty succumbed, Al Attles gained recognition with the Philadelphia Warriors basketball team, J. D. Smith returned to his studies at A&T, President Proctor's inauguration drew college heads and personalities from near and far, Governor Terry Sanford paid his first visit to A&T College since being in office, James Blue was awarded a grant to study at the University of North Carolina, James Hefner received a scholarship to study at Atlanta University, Alpha Kappa Mu Convention was held on campus.

Do you also remember when THE REGISTER received two first place awards, Dr. Logan returned from his lecture tour of India, Junious Russell went to Egypt, the Angel Flight and representatives of the Arnold Air Society went to their conclave in Detroit, Mich., the football team lost to North Carolina College by one point, Jack Ezzell was elected president of the student body for next year, Diane Bell was voted Miss A&T for 61 and 62, the college treasurer, E. Ray Hodgins, died, construction started on a new women's dormitory, and a new classroom building, the honors the Air Force ROTC drill team gained in the Cherry Blossom Festival, the school spirit wasn't as it should have been?

**SAD TIME:** Every year about this time, everyone is preparing to say farewell. . . . Girl friends who aren't fortunate enough to have their boyfriends at their finger tips over the summer are crying the blues. The guys are thinking of their farewell sets they will be throwing next week. . . . Look out Student Center, we are on our way. . . . As we begin to put our final edition to bed, we have both a tear and a gleam in our eyes because we are glad and sad that it's all over. . . . It was fun though. . . . For many of you the Record, Daddy's Home will be very meaningful.

**BEST SPOKEN WORDS:** 125th Street, Here we come!

## Dr. F. A. Williams To Spend Year In Africa

Dr. F. A. Williams, dean of the Graduate School, has been granted a leave of absence from the College for one year to serve as Professor of Economics at the University of Khartoum in Khartoum, Republic of Sudan, Africa.

Working under a cooperative arrangement between the Smith-Mundt Program and the Republic of Sudan, Dr. Williams will leave Greensboro June 28. He will begin his duties July 3, 1961.

### A&T ALUMNUS

Dr. Williams is a distinguished graduate of A&T College with a B.S. Degree in Agricultural Education. He received his M. S. Degree at Michigan State University and the Ph. D. Degree from the University of Wisconsin. Dr. Williams holds a doctorate in the field of Land Economics with minors in Political Science and Rural Sociology.

### OTHER AWARDS

Among his numerous awards have been General Education Board Fellowship to study toward the Ph.D.; a fellowship to Case Institute of Technology; and a special travel grant from the Social Science Research Council to the International Conference of Agricultural Economics held in Bombay, India.

DR. F. A. WILLIAMS

Dr. Williams is a member of Alpha Kappa Mu Honor Society, Beta Kappa Chi, Sigma Rho Sigma, and Alpha Phi Omega Service Fraternity. He is listed in Who's Who in American Education, Who's Who in Colored America, and Who's Who in the South and Southwest.

### DEAN ELEVEN YEARS

For the past eleven years, Dr. Williams has served as dean of the Graduate School here at A&T Col-

lege. Prior to this position, he served as professor of Agricultural Economics at Southern University, and directed workshops for the Louisiana Department of Public Instruction.

Active in civic organizations, Dean Williams serves on the Executive Committees of the American Federal Saving and Loan Association and the Hayes Taylor YMCA. He is also a loyal member of the A&T Alumni Association.

## Coeds Steam Trouble Away

**KENT, Ohio** — Three coeds at Kent State University who live off campus and are faced with limited cooking facilities have solved their problem by preparing meals in a steam iron.

The main problem, with this arrangement however, is that someone has to hold the iron upside-down when making chicken-noodle soup, since the noodles come out the steam vents.

Why the blue suit with the gold bars?

You're needed... just as your father and grandfather were. It's an obligation that a lot of qualified college men have to meet... that of serving your country, when and where you are needed.

And the Air Force needs college-trained men as officers. This is caused by the rapidly expanding technology that goes with hypersonic air and space flight. Your four years of college have equipped you to handle complex jobs. You have the potential to profit from advanced training... then put it to work.

There are several ways to become an officer.

First there is Air Force ROTC. Another program, relatively new, is Officer Training School. Here the Air Force commissions certain college graduates, both men and women, after three months' training. The navigator training program enables you to win a flying rating and a commission. And, of course, there's the Air Force Academy.

An Air Force officer's starting salary averages out to about what you could expect as a civilian. First there's your base pay. Then add on such things as tax-free rations and quarters allowances, free medical and dental care, retirement provision, perhaps flight pay, and 30 days' vacation per year. It comes to an attractive figure. One thing more. As an officer, you will become eligible for the Air Force Institute of Technology. While on active duty many officers will win graduate degrees at Air Force expense.

Why not contact your local Air Force Recruiter. Or write to Officer Career Information, Dept. SC15, Box 7608, Washington 4, D.C., if you want further information about the navigator training or Officer Training School programs.

## U.S. Air Force

There's a place for professional achievement on the Aerospace Team

# Gaddie

(Continued from Page 1)

The speaker was introduced by Gaddie.

## AWARDS PRESENTED

Awards were made to staff members as follows: **The Star** — Cleveland M. Black and Ernest L. Johnston, Jr.; **Staff Member Honor Award** — Wilhelmina E. Harrison; a \$25 Savings Bond, presented by the Irving-Swain Press, Inc. of Raleigh — Tommy C. Gaddie.

Other awards included: **Journeyman** — Tommy C. Gaddie, James A. Hefner, Fannie Peay Jamison, and Elbert Sloan.

Named to receive **Cub awards** were Catherine Hinson, Richard Davenport, Ilka Bowditch, Myrna Spencer, Louise Dudley, Troy McMillan and Cary Bell; **Honorable Mention** — Maxine Zachary, Mary E. Harper, David Johnson, Horace Wade, Marjorie D. Amos.

## OTHERS NAMED

In addition to Gaddie, the following have been selected to serve

next year: Richard E. Barber, Trenton, associate editor; Cary Bell, Jackson, news editor; Catherine Hinson, Greensboro, fashion editor; Clarence Richardson, Tabor City, business manager; and Troy L. McMillan, Fayetteville, advertising manager.

Cleveland M. Black, retiring editor, presided. Other participants included James Hefner, Ernest Johnston, Wilhelmina Harrison, Dr. Leonard H. Robinson, Milton L. Martin and Donald Wolfe of Atlanta University, School of Social Work, Cary Bell, Dr. Virgil Stroud, and Dr. Samuel D. Proctor.

Mrs. Loreno M. Marrow, adviser, presented the awards and the new staff.

## Awards Given To Seniors

The two highest ranking seniors in the Department of English were honored at a Listening Hour in Bluford Library Tuesday, May 16.

Wilhelmina E. Harrison and Dorothy Juanita Tatum were given books in recognition of their scholastic achievements. Presentations were made by Dr. Darwin T. Turner, chairman of the Department.

Both faculty and students assembled for the purpose of listening to recordings of "Rex Oedipus, The King." Background information was given by Mr. W. T. Gibbs, Jr., associate professor of English.

Mrs. Zoe P. Barbee, assisted by Mrs. Gertrude Johnson, Miss Dorothy Eller, and Miss Marguerite Porter, was in charge of refreshments.

The Listening Hour has been a regular feature by the Department this year.

## Webb Named

(Continued from Page 1)

Agronomy Journal, June, 1959); and "Seed Moisture Relationship and Germination Behavior of Acid-Scarified Bahiagrass Seed." (Vol. 50: Agronomy Journal, May 1958).

Earlier this school year, Dr. Webb was awarded a \$12,200 research grant by the National Science Foundation. The project he is studying deals with the "Interaction of Growth Regulators and Radiant Energy on Geotropic Response of Burmudagrass Rhizomes." This project is scheduled to be conducted for a period of two years.

Dr. Webb is an avid sports fan and his hobbies include playing cards—bridge and pinochle.

He is married to Dr. Alfreda Johnson Webb, professor of biology at A&T College. They are the parents of three children.

## Mother Of Year

(CONTINUED FROM PAGE 1)

Mrs. Bell is an active church worker, president of the Ransome Home Demonstration Club in Northampton County, treasurer of the Northampton County Council of Home Demonstration Clubs, and an active member in PTA organizations.

The sermon was delivered by Dr. E. G. Hawkins, minister of the Bronx, N. Y., St. Augustine Presbyterian Church and moderator for the Presbyterian Church of the United States.

"There is a mother's principal let loose in this universe," he said; "and we shall be neither safe nor secure until we reclaim it for ourselves—that kind of love which gives a sense of being wanted and cared for and the sense of keep-

ing integrity." He told the audience which filled Harrison Auditorium that the home is still the place where "we build an authentic self, against an ever increasing alien society."

"We thank God for our mothers," he concluded, "as they preside over the homes and shape this inner integrity."

Dr. Hawkins was introduced by Dr. Samuel D. Proctor.

The A&T College Symphony Band, under the baton of Walter F. Carlson, Jr., conductor, played "Prelude in C Minor," "Deep River" and "España Rhapsody." The A&T College choir, directed by Howard T. Pearsall, chairman of the Music Department, sang "alleluia" and "All People That On Earth Do Dwell".

## Atlanta Recruiting Team Pays Visit To Campus

By ERNEST L. JOHNSTON, JR.

A recruiting team of four social science majors from Atlanta University paid a visit to A&T week before last. This team was composed of three A&T graduates plus another graduate student at the University.

The students who came to talk to social science majors were Milton Milton Martin, Barbara Burts and Majorie Payne, all A&T grads. The other student making the trip was Donald Wolfe who hails from the state of Michigan.

### WHAT IT IS LIKE

Using as their main topic, "What Graduate School Is Like," the four students centered their discussions around, what to expect from Atlanta University. Among the things discussed concerning Atlanta University were its facilities, curriculum, and admission regulations.

### INDIVIDUAL DISCUSSIONS

While here, the students got the chance to give individual discussions. The discussions included "case work," which was discussed by Donald Wolfe. Barbara Burts led one on "Community Group Work" with Marjorie Payne con-

tributing a talk on "Social Welfare." Brief remarks on "Psychiatric Social" work were given by Milton Martin.

### FORMER STAFFERS

While at A&T, Milton Martin and Barbara Burts were both members of THE REGISTER. Milton was known for his jazz column, "Milt's Message." Milt was also editor of the yearbook for 58 and 59.

Barbara was the fashion editor of THE REGISTER and is affiliated with the Alpha Kappa Alpha Sorority. She was also a cheerleader among the many other positions she held while at A&T.

The group pointed out that A&T has more students at Atlanta University than any other undergraduate college. At present there are five students from A&T. Because, up to this point, all A&T graduates who have been to Atlanta University have compiled good records, the institution wants more A&T graduates.

Dr. Leonard H. Robinson, dean of Education and General Studies and former sociology professor, has been instrumental in getting students to enter social work.

## Alcoholism Symposium Presented

A symposium on alcoholism was presented by the mental hygiene class of Psychology 205.1 May 8 through 12 in Hodgkin Hall Auditorium.

The Symposium had as its theme "Alcoholism, a Mental Illness and Social Problem."

As its purpose, the symposium sought to present factual information relative to the nature, causes, and therapeutic treatment of alcoholism. It also sought to interest citizens, professions, and organizations in the educating and alerting of the public to the problems concerning alcoholism.

Included in the symposium were films displays of literature on alcoholism, lectures, panel discussions, questions and answer periods and a skit.

Lecturers were Reverend Arthur Camper, pastor of Saint James A.M.E. Church, Winston-Salem; Dr. J. J. Wilson, High Point; representative of Alcoholic Anonymous Association, Greensboro; and Dr. Gene Bass, clinical psychologist, Cherry Hospital, Goldsboro.

Dr. Marie Rivers, psychologist; Dr. Leonard Robinson, sociologist; and Dr. Robert S. Beale, scientist; all served as panel consultants.

The symposium, which was planned and conducted by members of Psychology 205.1, was under the directorship of Dr. Marie Rivers, professor of Education and Psychology.

Members of the class are Jean I. Addison, Lois A. Adamson, Thomas Armstrong, Annie P. Baldwin, Doris Day, Mrs. Marian D. Eason, Frank Ervin, Ulysses Exum, Wiley Riggins, Clarence Knight, Fannie L. May, Clarence McKee, Robert McLean, Mrs. Marguerite Miller, Glenda C. Mitchiner, George Murray, Otis Perry, Betty J. Pierce, Elsie Ricks, Helen G. Royal, Nelson Solomon, Roger Stevenson, Patricia Totten, Mrs. Evelyn Williams, Shirley Williamson.

## Fortnightly Club Gives Two Awards

Ilka Bowditch, a junior majoring in English, and Shirley Dean, a freshman majoring in business administration, are recipients of \$50 scholarship awards presented by the Fortnightly Club for club activities and academic excellence.

Ilka, secretary-treasurer of the club and active member for two years, included in her reading and discussions a novel about her own hometown, Asheville — Thomas Wolfe's "You Can't Go Home Again." With other members of the club, she visited the Greensboro public library Great Books discussion group to gain pointers.

Sylvia, who served as a panelist in a discussion of Chaucer's "Canterbury Tales," is one of the highest ranking freshmen, scholastically. She says she "likes athletically inclined people and good conversation." She is an active member of the freshman debating team.

Five graduating seniors, including the editor of THE REGISTER, Cleveland Black, have been awarded keys for meritorious service with the club. They are William Wanendeya, Glenwood Cooper, Bobby Stafford, and David Johnson, club president.

Plans are under consideration to devise and emphasize two separate functions for the group: first, an English major study group for the improvement of majors in their field; secondly, the continuation of a campus-wide discussion group open to all interested students.

## Scholarship To Harvard U. Offered To Austin D. Lane

By JAMES A. HEFNER

Austin D. Lane, Jr., a 1958 graduate of A&T College attending the Howard Law School in Washington, D. C., has been offered a scholarship to do graduate work at Harvard University.

He also has the option of teaching at Howard for one year before doing graduate work.

Lane, who will complete his work at Howard this year, has been on scholarship since his sophomore year. As a freshman, he supplemented his income by playing for church choirs in the Washington area to stay in school.

He has attended numerous conferences as Howard's sole representative. The most outstanding was the Law Journals Editors Conference held at the University of Wisconsin on April 6-8 of this year.

As a student here, Lane was outstanding in every thing he took a fancy to. He was Editor-in-Chief of the AYANTEE of 1958; he was secretary of the Student Government, Who's Who in American Colleges and Universities, a member of the Alpha Phi Alpha Fraternity, a member of Sigma Rho Sigma Honorary Society, a member of the Veterans Association, and a member of the Business Association.

Because of his oratorical ability, Lane was speaker of the house at the General Assembly held in Raleigh his senior year. Only one other A&T student has had such an honor.

Lane is a native of Henderson. He is the son of Mr. and Mrs. Austin Lane, Sr. His brother, Robert, an Alumnus of A&T, is in the Air Force; and his sister, Georgia, is a senior physical education major here at A&T.

His maternal grandparents, Mr. and Mrs. Robert Haith, have been long time residents of Greensboro.

The person probably most responsible for Lane's choosing Howard University is Mrs. Juanita Tate, associate professor of economics at A&T. Mrs. Tate, beaming gleefully when asked to give information about Austin Lane, said that "Lane has opened up a tremendous hole for future A&T students to fill up at Howard and soon Harvard."

AUSTIN D. LANE, JR.

## Blue Speaks For Group On Retreat

By JAMES A. HEFNER

Mr. Charles Blue, Assistant Professor of Music, was guest speaker at the retreat of the Westminster Foundation held at the Forest Lake Country Club last Sunday.

Mr. Blue spoke on "Moral and Spiritual Values of Higher Education."

He said that "truth will always be absolute in the sight of the Omnipotent and Omniscience, and not relative as people today are making it." "Just because the student," he continued, "regards cheating in the classroom as minute, and consequently morally right, does not mean that it is right at all. What the student is doing is changing truth from absolute to relative. When the student finds himself thinking in this light, he should re-examine his Christian beliefs and his Christian philosophy of truth."

Persons who attended the retreat were Reverend and Mrs. John F. Hatchett, Mr. and Mrs. Nathan Brown, Mrs. Ann Douglass, Miss Virginia Durham, Mr. James Harrell, Mr. and Mrs. George Bonner, Ann Douglas, Toni Douglas, Maxine Zachary, Wilhelmina Harrison, Clarence L. Moore, James A. Hefner, Olivia Barber, Patricia Totten, William Bell, Jr., Carrie Goodwin, Margie McLaughlin, and Grady Jamison.

## Maryland State Wins CIAA Title At Annual Meet In Va.

By GASTON LITTLE

Maryland State managed to pull an upset on Morgan when its track aces swept to victory in the 40th Annual CIAA track meet, held at Petersburg, Virginia, May 12 and 13. The winners mustered a total of 36 1/2 points in the two-day meet.

### NCC SECOND

Second place rating went to North Carolina College which had a total of 31 points; and Morgan took third with 29 1/2 points. Winston-Salem caused the second upset in the meet by placing fourth in the competition, beating out such squads as J. C. Smith University and A&T College.

Eddie Bush's leap of 46-6 in the hop, step and jump event gave Maryland the edge it needed to walk away with the championship. Russ Rogers, the biggest contributor to the Hawk's points, won both the 120 yard high hurdles and the 220 low hurdles. His timing in the highs was 14.2, and his clocking in the lows was 23.2, a new CIAA standard.

### ROGERS THIRD

Rogers was also third in the javelin throw which was won by Virginia State's Lucious Shuler with a toss of 205' and 1" for a new record in the event. The splendid performances of Bush and Rogers were determining factors in the Hawks' victory over NCC.

### PULLS SLEEPER

The relay teams of NCC pulled

a "sleeper" out of the bag by grounding Morgan in the sprint medley. Andy McCray of the Eagles "kicked out" the Bears' Bob Ridley in the last turn to give the Eagles a 3:27.8 clocking.

The mile relay was won by the Eagles with a 3:15.4 timing. This relay squad consisted of Joe Goodwater, Rod Lennon, Andy McCray, and Walt Johnson.

Both the 100 and 220 yard dashes were won by Morgan's Olympic sprinter, Paul Winder, who had a clocking of 9.6 in the 100 yard dash. For the winning of the 220 yard dash Winder led to defeat Goodwater and Howard University's Clyde Glasgow.

### MOORE JUMPS

Godfrey Moore took the broad jump event with a leap of 25.4 on his second jump, and was second in the hop, step, and jump contest with a 45-10 leap.

A Delaware State Speedster, Hewitt Joyner, snatcher the mile and two mile races. He ran the mile in 4:31.6, in beating out Howard's Bob Bourne. His timing for the two-mile win was 10:05.0. Al Santio of Maryland State was the fourth double winner of the meet, winning both shot put and discus throw. He heaved the shot 47-7 1/2 and tossed the discus 165-8 1/4.

Johnson of NCC, All-American quarter-miler, defended his 440 yard dash title with a 48 flat on the rain soaked track of Rogers Field. He received competition from Joe Pullum of Hampton and Frankie Bowns of Winston-Salem. A&T College placed eighth in the meet.

## Air Force And Army Cadets Receive Honor Citations

Awards, medals, and ribbons were presented to outstanding ROTC Cadets at the ROTC Military Review, Sunday, May 14.

Citations presented to Air Force Cadets were the following: Highest overall average—Nathan Rodgers, Goldsboro; Distinguished Senior, Lt. Samuel Bruce, Leadership and Chicago Tribune Medals — Walter T. Johnson, Jr., Greensboro; Reserve Officer Association Award, Chicago Tribune Medal, and Meritorious Junior Award — Jack Ezzell, Roseboro; Air Force Association Award — Roger Horton, Stanley.

In addition were Arnold Air Society Debate Award — Eugene Backmon, New York City; Arnold Air Society Marksmanship Award — John Green, Fremont; Outstanding Freshman — Harold Hicks, New York City; Distinguished Sophomore and Air Force Drill Team Awards — Wesley Brown, Kinston; Fred L. Allen Intramural Award — Theodore Kennedy, Princeton, N. J.; Meritorious Junior (scholarship) — Joseph Monroe, Fairmont; and Model Aircraft Flyer — David Daniel, Augusta, Ga.

Army ROTC citations were Superior Cadet ribbons — Leonard M. Jones, Fayetteville; Bobby E. Rogers, Graham; William W. Gore, Bolivia; and Cary P. Bell, Jackson; Association of the U. S. Army ROTC Medal — John F. Gordon, Rockingham; American Legion ROTC Medal — Vincent M. Spaulding, Greensboro; Sons of American Revolution ROTC Medal — Henry

E. Fenner, Havelock and Alfred R. Catlin, Chicago; Reserve Officer Association Medal for one year membership — James M. Hines, Greenville and Eddie B. Thomas, Morganton; Clifton O. Howell, Jr., Rifle Marksmanship — Charles D. Richardson, Washington, D. C.; and the Gold Medal Award of the Armed Forces and Electronics Association — Chapin Horton, Bynum.

The program also included the change of command of the joint Air Force - Army ROTC Corps. Jack Ezzell, a rising senior from Roseboro, accepted the saber as new commander from John C. Holley, a graduating senior from Winton, to conclude the program.

## Air Force Defeats Army On Field Day

The Air Force ROTC Detachment defeated the Army unit in the annual ROTC Field Day competitions, Saturday, May 12.

The Air Force walked away with the Sweepstakes prize for having won out in most events and a second award for scoring the highest number of points in the day's activities. The score was 3,402 points against 3,355 for the Army ROTC.

The Air Force also won the rifle competition and platoon drill while the Army took first places in squad and company drills.

## Aggie Team Bows To Delaware For First Defeat Of Season

The A&T Aggies went down to their first loss in the last 30 consecutive conference games at the hands of Delaware State by a score of 3-1 at Dover, Delaware.

It was the first conference loss for the defending CIAA champs since they bowed to Maryland State by a score of 9-1 back in the early part of the 1959 season. Since that time they have dominated the conference and have won most of their games by wide margins.

Delaware pitcher Alfonso Lawson held A&T to seven scattered hits in going the distance for the win. He struck out nine Aggie batters.

Arnold "Moon" Davis started for A&T and had trouble with his control. He walked six batters in the three innings that he pitched and gave up two singles. Davis was tagged with the loss.

James Baten relieved him and finished the game giving up only

one other run. Baten gave only 3 his in 5 inning stint.

The Aggies' lone tally came in the fourth inning when Cornell Gordon blasted a booming triple to right center field. Gordon scored on a single by Robert Faulkner. It appeared as if the Aggies were going to rally, but Lawson bore down to retire the next three batters.

The only other Aggie threat was in the seventh when Sim Bowden beat out a bunt single to start the inning. He stole second and went to third on an error by State's second sacker Willie Moe. Lawson again bore down to get the next batter to pop out and then used his speed to fan the next two hitters.

Baten had a perfect day at the plate, going 2 for 2. Faulkner had 2 for 4, while James McAdoo had a single in three at bats.

Scores by innings.

## Aggie Baseball Team Wins CIAA Title

The A&T College Aggies won their third consecutive CIAA baseball championship by posting a conference record of 8 wins and one loss. Runner-up Hampton Institute finished with a record 9 wins and 3 losses.

The last scheduled game for the Aggies against Elizabeth City at Elizabeth City was postponed on account of wet grounds.

A&T won its first 8 games, then dropped the final game of the season by a score of 3-1 to Delaware State College at Dover, Delaware. That loss was the first for the Aggies in the last 30 conference games.

### WON TITLE

The Aggies won the 1959 baseball title with a record of 10-1. That lone defeat was at the hands of Maryland State, the team that was runner-up that year. The score of that game was 9-1 at the Memorial Stadium in Greensboro. A&T avenged this defeat in a thrilling victory at Princess Ann, Md., in the game of the northern tour.

The defending champs were unbeatn last year, winning 12 of 13 games with one game ending in a 13-13 tie. The stalemate was against Hampton Institute. This was the "Cinderella Team" that broke all sorts of records in runs scored, team batting, team slugging, and team running. James Baten, ace of the pitching staff, posted a 0.57 earned run average.

This year the road was much rougher for the Aggies who never played up to their potentials. However, with the guidance of Coach Mel "Big Ten" Grooms and leadership ability of team captain Calvin "Chubby" Lang, the Aggies displayed the mark of true champions by being able to come through when the chips were down.

A&T's star players came through in numerous clutch situations to bring victory to the Aggies. In the opening game of the season, big Lawrence Olds drove in the winning run with a single in the bottom of 10th inning to give A&T a 6-5 victory over Delaware State.

### DARK LOOK

Things were looking dark for the Aggies after they blew a 5-0 lead and fell behind 6-5 going into the bottom of the eighth against Elizabeth City. Hugh Evans was the man of the hour in this one when, with two outs and the bases loaded, he blasted a booming grand slam home run over the left center field wall in Memorial Stadium to lift the defending champs to 9-6 victory. Baten struck out the side in the ninth and was the winning pitcher.

Robert Faulkner singled to drive in the tie-breaking run and Evans followed with a double to drive in

another run as the Aggies broke up a 4-4 stalemate and went on to beat Shaw University 7-4. That game was played at Finch Field in High Point.

### TWO HOMERS

Sim Bowden and pitcher John Edwards each hit two-run homers, and Lang hit a booming triple as the Aggies took over sole possession of first place by handing Hampton its first loss in a game played on the Aggie Practice Field.

A&T had one of its darkest moments when it traveled to Hampton for the return game. The Aggies trailed 7-1 after two innings, but rallied to tie the score 7-7, in the eighth. A two-run homer in the bottom of the eighth put Hampton ahead 9-7, but A&T tied it up again 9-9 in the ninth.

Cornell Gordon's third consecutive single drove in the winning run in the bottom of the 10th for a 10-9 victory. Baten struck out the side in the bottom of the 10th. Gordon's three singles drove in three runs and were the key factors in the comeback. If the Aggies had lost this game, they wouldn't have won the championship.

That "ole Aggie spirit" and ability to come through when things seemed hopeless was the major factor

in the team's success. The mound staff was sparked by Baten, Edwards, and Arnold "Moon" Davis and backed up by freshman sensation Frank Perkins Theodore Foreman, and Leroy Kornegay.

### INFIELD AIR-TIGHT

The air-tight infield with James Proctor at third, Evans at short, James McAdoo at second, and Faulkner at first helped pull Aggie hurlers out of some tight spots with sharp fielding plays. They reeled off several double plays in the clutch.

The outfield with Cedric Braswell and Olds in left, Gordon in center, and Bowden in right was more than anyone could ask for. Their ability to chase fly balls and throw to any base was vital in holding down the opponents' scoring.

In the last three years, A&T's baseball team has won 30 games, lost 2, and tied 1. It has won the last 14 consecutive home games. This year's team faced many trials and tribulations, but its strong desire and determination to win pulled it through to bring it out on top. For this reason, the 1961 edition of the A&T Aggies baseball team is an ideal champion.

Other shoes may look like Keds, but only U. S. Keds® can give you "that great feeling." Because Keds have a patented shockproofed arch cushion and cushioned inner sole. And because Keds are built over tested, scientific lasts, to fit all feet perfectly, even narrow ones. Keds are right for class, gym, tennis court or dorm. Machine-washable (and they even look good clean). His: Keds "Court King." Hers: Keds "Champion." Get your U. S. Keds at good shoe or department stores.

## Aggie Scoring Averages Led By Hugh Evans

Shortstop Hugh Evans led the Champion Aggies in batting with .344 average. He pounded out 11 hits, highest on team, in 32 at bats. Sim Bowden had 10 hits in 32 at bats for a .313 average. Calvin Lang had 7 safeties in 23 times up for a .304 mark.

Lawrence Olds who had only 14 at bats, pounded out 7 hits for a .500 batting average. Pitcher Arnold "Moon" Davis batted .500 also, and pitcher Jim Baten batted .375 with 6 hits in 16 tries.

Evans had the best slugging percentage of .719 with two doubles, among his seven hits.

Evans also had the most RBI's with 11. Bowden, Robert Faulkner and James McAdoo each drove in 7 tallies.

Faulkner had the best fielding average with a .937 percentage. He had only 5 errors in 79 chances. Baten had one error in 13 chances for a .923 mark. McAdoo had 7 miscues in 48 chances for an average of .854.

Bowden stole the most bases with 12 while Evans had 10 free passes.

McAdoo drew the most walks with 12 while Evans had 10 free passes.

"Moon" Davis, who pitched only 9 innings and gave one run had a 1.00 run average. Lefty Edwards had a 1.71 era yielding 4 earned runs in 21 innings. He had 23 strikeouts and a 2-0 record.

Fireballer Baten notched 52 strikeouts in 39 innings. He gave up ten runs for a 2.31 era and had a record of 4-0.

## A&T Aggies Come From Behind To Win Over Hampton Pirates

Cornell Gordon's third consecutive single drove in the winning run in the tenth inning as the A&T Aggies overcame a 7-1 deficit to win 10-9 over the second place Hampton Pirates in a game played at Hampton, Va. The win kept the Aggies' record unblemished in eight games, Hampton was left with a record of 8-2.

James McAdoo led off the top of the tenth inning by flying out to centerfield, the Pitcher was then safe on an error and stole 2nd base. After Cedric Braswell grounded out for the second out, Gordon lined a single to rightfield to score Baten with the go-ahead run that broke a 9-9 tie. Bob Faulkner grounded out to retire the side.

Baten struckout the side in the bottom of the tenth inning to sew up the victory.

Gordon's other two singles drove in a run each, and they came during the Aggies rally to tie the Pirates.

Hampton jumped off to a commanding lead of 7-1 after two innings of play. The Pirates pitcher Joe Tyler held the Aggies in check limiting them to one unearned run until the sixth inning.

With two out in the sixth, Faulkner walked and Hugh Evans blasted a tremendous triple to make the score 7-2. Evans was out at home when he attempted to score on a pass ball.

A&T pushed across four runs in the seventh when Sim Bowden started the inning by reaching first on an error. James Proctor singled to drive in the first tally. Proctor stole second; and after McAdoo walked, he scored on an error by

Pirate catcher William Carver. Baten singled to drive in McAdoo with the third run. The final tally came when Gordon singled to center to score Baten.

Bowden led off the eighth with a walk and stole second. He scored when Lang was safe on an error to tie the score 7-7.

Hampton struck back when Gorrill Hartman hit a two-run homer to put the Pirates ahead 9-7 in the bottom of the eighth. The determined Aggies bounced right back when Braswell led off with a single in the top of the ninth. He stole second and scored on a single by Gordon. Evans singled to drive in Gordon with the tying run to send the game into extra innings.

Baten got credit for the win, his fourth of the season against no defeats. He came on to relieve John Edwards, who pitched the first two innings. Baten held the Pirates in check and gave up only one damaging blow, the two-run homer in the eighth. Other than that, he had little trouble disposing of Hampton batters. He was tough in clutch situations.

Edwards started on the mound and was touched for seven all of which because of sloppy fielding behind him, were unearned.

This was the closest the Aggies had come to defeat this season. The defending champs have not lost a conference game in their last 29 contests.

Score by innings.

A&T	010 001 412 1-10 9 5
Hampton	430 000 020 0-9 9 5

K H E

The annual athletic banquet and dance concluded sports activity here at A&T College. This year's football team was runner-up in the conference; the basketball team finished sixth in regular season and third in the CIAA tournament, and the Aggie baseball team won the conference championship while the track team made several favorable showings.

### Views for Next Year

Next year, the Aggies may give a repeat performance of the 1958-59 year when they won championships in football, basketball, and baseball.

### Football Outlook

Next year's football squad can be rated among the prospects for the crown. Although they are losing valuable performers such as Lorenzo "Spike" Stanford, Pollard Stanford, Melvin Richardson, James Black, Paul Brown, Robert Faulkner, and Charles Stiggers off the line, they have such one-time stars as Wilbur Mapp, Bennie Cooper, and Luther Woodruff returning to the interior line and Donald Boone returning at quarterback.

Mapp, a 6' 2" 235 pound giant, will help Wylie Harris at center while Cooper and Woodruff, two ferocious tackles, will have to carry a heavy burden.

William Dixon, who missed the last half of the season because of an injury, and Joe Henderson will fill the guard slots. Robert Urquhart and Jerome Epps will have to do the job at the ends.

Boone will give A&T a soft corps of quarterbacks including Jim Mitchell, Cornell Gordon, Willie Ferguson, and John Thomas. Halfbacks are both fast and shifty with Joe Taylor, Eugene Cambridge, Bateman Jones, Richard Westmoreland, and Ronald Hart.

With Bernard Anderson leaving, Augustus Lee will have to take over the fullback spot.

A&T hopes to recruit four top notch interior linemen, couple of fullbacks, and some ends. With this, they should be set for next year's grid season.

### Basketball Outlook

Herb Gray and Wafu Holtzclaw have finished their careers; but with Wylie Briggs, William Harley, James Jackson, Maurice McMarty, and Elbert Blanks returning with one year of experience, the Aggies could be tough during cage season.

Backing them up will be Hugh Evans, who made a tremendous improvement, Hank Marshall, Frank Turner, and Jerry Powell.

This unit can be one of the highest scoring teams that will make fans forget such old stars as Joe Howell, Al Atties, and Vince Miller.

If they can find someone to fill in the pivot spot, they'll be one of the roughest teams to handle.

### Baseball Still Looks Prosperous

With three consecutive titles under the belt, the baseball team will be fighting to make it four in a row. They have every right to believe they can do it with the entire infield returning except first baseman Robert Faulkner, who has another year of eligibility left.

The infield will have third baseman James Proctor, shortstop Hugh Evans, and second baseman James McAdoo returning. In the outfield, left fielder Cedric Braswell, center fielder Cornell Gordon, and right fielder Sim Bowden all will be back.

James Baten, John Edwards, Frank Perkins, and Theodore Forman will be backbone of the mound staff while Charlie Dillard and Cleveland Jones handle the catching.

Since they did not play up to their potentials this year and won the title, it seems logical to reason that, if they play at their peak, they'll have an easier time winning the title.

### Track Improving

The track team had its most prosperous season this year and may expect another one next year.

They will have Taylor and Cambridge in the dashes, Westmoreland running the 220, and Richard Wilson on the mile. Frederick Keys should be one of the top hurdlers.

Weight men, such as, Carl Stanford and Urquhart, will be counted on heavily to score points. Thomas has been outstanding in the javelin throw while Blanks is in a class all by himself in the high jump reaching a peak of 6' 5".

### Expect Prosperous Year

In all, I think we can expect to have a prosperous athletic season next year with numerous star performers in all sports and possibilities of some bright prospects coming in.

**"Tareyton sure has the taste!"**  
—says Willie Mays

Spectacular center fielder of the S. F. Giants, famed Willie Mays, made Dual Filter Tareyton his steady smoke some time ago. "I can tell you," says Willie, "that pack after pack Tareytons give me everything I want. Tareyton sure has the taste!"

**Tareyton delivers the flavor... Dual Filter does it!**

**Here's one filter cigarette that's really different!**

The difference is this: Tareyton's Dual Filter gives you a unique inner filter of ACTIVATED CHARCOAL, definitely proved to make the taste of a cigarette mild and smooth. It works together with a pure white outer filter—to balance the flavor elements in the smoke. **Tareyton delivers—and you enjoy—the best taste of the best tobaccos.**
