Tobacco Institute Executive To Be Commencement Speaker At Final Exercises On June 3

Dr. F. A. Logan Awarded Grant To Publish History Research

The Register Staff Extends Best Wishes To Each Of You For A Happy Vacation
Responsibilities Of The Class Of '61

With all the bloodletting in Alabama, classic and imperious situations in Cuba and Laos, and no telling what else to add to the heavy load of Uncle Sam, the class of '61 will have the responsibility of sharing the burden.

They will be responsible for mitigating the issues of segregation and integration, of maintaining passive resistance in the South, that means standing in the path of the bold march of Negroes for Equality senseless, and of establishing Christian relationships among all races.

This is a most serious and theonomical job of helping this country surmount the Russians in supremacy of space, and in making worthy and peaceful use of space of knowledge learned to make this country live.

They will be responsible for devising ways of dealing with foreign powers in a spirit of peace, with Laos and Laos, and which much diplomacy is needed. All of these confront the class of '61.

The Big Moment

A little less than a week from now, June 8 to be exact, President Kennedy and his staff will make a speech. It will sit at a historic table fac­ ing each other. Whatever they agree or disagree on will affect the world.

The meeting, the first for both, could help international negotiation considerably. With mounting turbulence in Laos, Korea, Cuba, and Laos, negotiation could be used to lessen these problems and form a mutual bond of trust between the American people and the Russians.

The meeting is intended to hold up talks this time.

But, unfortunately, the CIA's goal may prove just as fatal.

It could "water down" negotiation to such an extent that the extraneous and senseless chaos existing in Europe and Asia might never be resolved.

If this happens, and it seems unlikely, the big moment be­tween Kennedy and his staff and the world has looked forward to will end in futility and despair.

Look Homeward, Aggies

The school year has come to a close and varied summer pursuits are being undertaken.

We need not mourn our misplacements, and things that were not accomplished. Our time, we can say, was not completely in vain, for all our efforts have been put to use.

We can look back and know that the shift of the cycle of institutional education is com­ pleted; and for others, the motivation for finishing has been ready to undertake.

You will return to your homes or places you will make home.

As you make this trek, you will look back and the bright reflections of the year penetrate into your skin and tans you with a better understanding of life.

Homeward bound you are, to a house on the hill or the high road, and whether you are blessed with a house of success—the steps leading to its door at which you stand. Your trials and tribula­tions have equipped you to climb these stairs and open the door.

Look homeward, Aggies, for the future is yours to manipulate.

To mold, and to fill with the things that are awaiting you. The hand of learning has cleared our faces many times and will continue to pass as your life ticks in.

Time should have made you wise with a face looking up­ward. Look homeward, to the jobs of teachers, engineers, chemists, administrators, and family builders of our nation.

Look to a home with a firm foundation that the shifting sands of time will not move.

Build ourselves on the men of good will and understanding—good will and understanding that will bring peace and prosperity to this embattled world.

Look homeward, Aggies, to the future that is yours to have and hold.

Should China Be Admitted To UN?

Much has been said about admitting China to the United Nations. The United States opposes the idea while Russia is for it.

It seems, though, that the Russians may win out in the end. Each year the votes against this communist state are steadily decreasing.

A&T Professor Of Air Science Is Stricken By Heart Attack

Just a few weeks before he was scheduled to retire Major Fred L. Allen, Professor of Air Science, was stricken with a heart attack.

He was "hail hit" by an Air Force helicopter from Pope Field, Bragg, and was stricken at the Memorial hospital to a Fort Bragg Force helicopter from Pope Field.

Major Allen was stricken with a heart attack.

The award, authorized by the Air Force, was presented by Col. E. P. Emerson, who read Major Allen's citation: "For meritorious service."

Lieutenant of Infantry in the United States Army in 1933.

Major holds the degrees of Bachelor of Science and Master of Arts from Howard University.

Major Allen has been on duty in or visited 17 foreign countries. He has specialized in plant breeding and physiology: the handling and detection of radioactive substances, and other special methods in nutrition research.

Professor of Chemistry and Secretary of the Department of Home Economics.

The NSF sponsored program in the Department of Home Economics is conducted under the direction of Cecile H. Edsboro, professor of Nutrition, North Carolina A&T College, with the assistance of Dr. Gerard A. Edsboro, chairman, Department of Chemistry; and Miss Evelyn L. Galesen, research assistant, Department of Home Economics, Mrs. Clara Evans is chairman of the Department of Home Economics.

Prof. Discusses Great Books

Miss Marqueta Porter, assistant professor of English, address a group of eleven members of the East Winston Branch Library of Winston-Salem in Bluford Library last month.

Miss Porter discussed great books and the qualities that one should look for in a book. In addition to providing each member with a copy of The Register, she gave each a list of sixty masterpieces of fiction that everyone should read. She added to the list the Holy Bible.

Mr. C. G. Dean, head librarian, took the group on a guided tour of the library.

Member of the group were Foresta Simmons, Paulita Jones, Jean Allen, Daphne cattle, Barbara Bruce, Neel Russell, Janet Adams, Stewart Spinkhorn, Kasen White, Lenny Nelson, and Bernard Rogers.

They were accompanied by Mrs. M. C. Deason, head librarian, Mrs. Lola Russell, Dr. and Mrs. Archie Blount, and Mr. Clyde Gray.

Agronomy Club

Agronomy Club Presents Show On Television

Members of the Agronomy club, especially dressed for the occasion, used one of the most popular media of communication Wednesday, May 17, to discuss careers in agriculture.

According to Channel 2, WFMY-TV, these students dispelled the myth that agronomy is restricted to those who actually engage in farming.

They pointed out that agronomy is the science of soil management and crop production. It is mainly concerned with the production of food and fiber for the world's people.

Agronomists, therefore, are those who study the various chemical, physical, and biological aspects of soils as well as the crops on which they specialize, so that they may produce the greatest quantity of food on the least amount of land.

Program participators represented various areas of specialization in agronomy. Persons appearing were: Mohamed Fofana, Sierra Leone, West Africa; John Morris, Magna, Liberia; Jerry Topp, Benin, Nigeria; John Freeman, Monrovia, Liberia; Rognald K. Acres, Jamaica; British West Indies; Lora Russell, Dr. and Mrs. Archie Blount, and Mr. Clyde Gray.

Students Cited For Papers On Science

Two A&T students were cited for scientific papers read before the Collegiate Academy of Science Saturday, May 6, at State College in Raleigh.

It was the fifty-eighth annual meeting of the North Carolina Academy of Science and the spring meeting of the North Carolina Psychological Association.

William A. Greenbawn, second place winner honorable mention with his paper, "Correlates Study of Ethnic Problems by Color Electroencephalogram." James O. Rome of Rocky Mount placed third with "Glass Filter and Paraffin Covered Glasses in the Elimination of Fat and Soluble Compounds."

Neither student was actually entered in competition.

John C. Holley of Winston also presented a paper, Holley's paper was entitled "Thyroxine Abnormalities of Compounds Related to Chlorophyll."" All three students are working under the Student Research Participation Programs sponsored by the National Science Foundation.

Four faculty members also presented papers before the Biochemistry and Physiology section: presentations were made by Dr. Gladys W. Royal, professor of chemistry and secretary of the section; Dr. Gerald A. Edsboro, president, and chairman of the Department of Chemistry; Dr. Holley, professor of nutrition and research, and Dr. Niyonkuru Paul, professor of biology.

Art of Salem

Salem refresches your taste - "air-softens" every puff: menthol fresh... rich tobacco taste... modern filter, too

For the fresh softness in Salem's smoke is the essence of springtime, and Salem's special High Tobacco "air-softens" every puff. You'll be delighted with Salem's springtime freshness - and rich tobacco taste. Smoke refreshed...smoke Salem!

1960-61 Found Campus Organizations Working Hard

BY ERNEST L. JOHNSTON, JR.

Again, the time has come to say goodbye to Cooper Hall. School closing usually means a sad goodbye to another school year. These plans will be filed over the summer and reviewed in September.

Cooper Hall celebrated the end of the year with a reception for the graduating seniors. As the year draws to a close, it is time to look back on all the activities presented during the past year.

During the fall quarter, there were forty probates becoming full members in Sigma Sigma. These included Robert Faison of the Delta Sigma Theta, a member of the International Relations Club, and the Alpha Xi Delta of the Delta Sigma Theta.

The department of Music also had a lot of activity. The department had a variety of committees, including the United Business Organization, the United Business Organization, and the United Business Organization. The department also had a variety of functions, including the United Business Organization, the United Business Organization, and the United Business Organization.

The department also had a variety of functions, including the United Business Organization, the United Business Organization, and the United Business Organization. The department also had a variety of functions, including the United Business Organization, the United Business Organization, and the United Business Organization.

The department also had a variety of functions, including the United Business Organization, the United Business Organization, and the United Business Organization. The department also had a variety of functions, including the United Business Organization, the United Business Organization, and the United Business Organization.

The department also had a variety of functions, including the United Business Organization, the United Business Organization, and the United Business Organization. The department also had a variety of functions, including the United Business Organization, the United Business Organization, and the United Business Organization.

Dr. F. A. Williams To Spend Year In Africa

Dr. F. A. Williams, dean of the Graduate School, has been granted a leave at source from the College for one year to serve as Professor of Economics at the University of Khartoum, Republic of Sudan. Africa.

Working under a cooperative arrangement between the Sub-Saharan Program and the Republican Institute, Dr. Williams will leave Greensboro June 30. He will begin his duties July 1, 1961.

OTHER AWARDS

Among his numerous awards have been General Education Board Scholarship to study toward the Ph.D., a fellowship to Case Institute of Technology, and a special travel grant from the Social Science Research Council to the International Conference of Agricultural Economists held in Bombay, India.

Dr. F. A. WILLIAMS

KENT, Ohio — Three coeds at Kent State University who live five off campus and are fated with limited cooking facilities have solved their problem by preparing meals in a steam iron. With a large wooden spoon, the arrangement however, is that someone has to turn the iron side-wise when making chicken-noodle soup, since the noodles come out the steam vents.

The birth of Kampus Beat: It all began when the Editorial Board first sat down to unravel the threads for the 60-61 school year. Suddenly someone thought of the idea concerning a regular column. This column would have to be centered on the Aggie way of life as it would not follow would be that of C. A. Paul's "People, Places, and Things."

That brought about another problem: what would be the name of this column? Names such as Peoples, Places, and Aggies, Kampus Korner, and the Aggie Stump along with many others were suggested.

When someone mentioned Kampus Beat, that name went over like wild fire. From the time Kampus Beat was first mentioned by the Editorial Board until it was first published, "Kampus Beat" has been the regular feature of the Register. The name Ernie was first used, but was later changed to Dee who is the girl friend of Ernie.

At LINDSAY AND LAUREL STREETS: That bunch of harried Aggies at 1717 North University have their final semester. After meal hours... Note the difference to the New Service Center next week... What will happen to the crowd that usually stands in front of it?... Well! You freshmen girls better put it on good for this year, because next year you will be just like them faces in the crowd... Summer should be exciting; I have overheard such plans as traveling, taking life easy, summer school, and working... Most of the plans will include working.

FACES SEEN ON CAMPUS RECENTLY: Within the last week, many former Aggies and graduates have returned to pay our campus a visit... Such persons have been Lt. Elworth Smith and James Slade, both of the United States Air Force... Barbara Saunders of Atlanta University also paid her alma mater a visit... Week before last, Milton Martin, Barbara Burns, and Marjorie Payne also returned to A&T... Cagers Alvin Atlass, pro player of the Philadelphia Warriors, and a former Aggie, Robert "Bob" Jones were also seen on campus... Archie Smith, a 1909 graduate of A&T was in town on Mothers Day.

BROKEN LAWS: Now I wonder just where I could have been when they passed that law? I mean the one requiring meeting with the Board of Trustees. I mean the law that says that we have to meet them. And so many Aggies during the summer. Oh, it all comes back to me now. It must have been while I was in Atlantic City attending the convention of the society opposed to students living off pork and beans during the summer months.

THE YEAR IN RETROSPECT: This was A&T when Dr. Proctor became the fifth president of A&T, the Oak Ridge laboratory which passed away and the 25th year of the Civilian Training Program. The dining hall entered a national food contest, Margaret Alyne sang in a Lyceum program during the fall quarter, Norman Hodge received a $1,000 scholarship, pancakes were served twice this school year, during the fall quarter, Norman Hoyle received a $1,000 Teachers Examination, the dining hall entered a national food contest... Such persons have been 1st Lt. Elworth Smith and James Slade, both of the United States Air Force. Barbara Samuels of Atlanta University also paid her alma mater a visit. The writer of this column attended the Associated Collegiate Press Conference in Chicago.

This was also A&T 60-61 when a stop light was installed at Lindsay and Laurel Streets, forty graduates walked line during the fall quarter, J. Cliff Gill, better known as Jum-A-Dilly succumbed, Al Atiess gained recognition with the Philadelphia Warriors, and a former Aggie, Robert "Bob" Jones were also seen on campus... Archie Smith, a 1909 graduate of A&T was in town on Mothers Day.

Coeds Steam Trouble Away

You're needed... just as your father and grandfather were. It's an obligation that a lot of qualified college men have to meet... that of serving your country, when and where you are needed.

And the Air Force needs college-trained men as officers. This is caused by the rapidly expanding technology that goes with high-speed air and space flight. Your four years of college have equipped you to handle complex jobs. You have the potential to profit from advanced training... then put it to work.

There are several ways to become an officer.

First there is the Air Force ROTC. Another program, relatively new, in Officer Training School. Here the Air Force commissions certain college graduates, both men and women, after three months' training. The navigator training program enables you to win a flying rating and a commission. And, of course, there's the Air Force Academy.

As an Air Force officer your starting salary averages out to about what you would expect as a civilian. First there's your base pay. Then add such things as tax-free ration and quarters allowances, free medical and dental care, retirement provision, perhaps flight pay, and 30 days' vacation per year. It comes to an attractive figure. One thing more. As an officer, you will become eligible for the Air Force Institute of Technology. While on active duty, many officers will win graduate degrees at Air Force expense.

Why not contact your local Air Force Recruiter. Or write to Officer Career Information, Dept. SC15, Box 7608, Washington, 4, D.C., if you want further information about Officer Training or Officer Training School programs.
Awards Given To Seniors

The two highest ranking seniors in the Department of English were honored at alistening Hour in Students Union, May 8. Wilhelmina R. Harrison and Dorothy Juanita Tatum were given gold medallions, with the following achievements. Presentations were made by Dr. Darven T. Turner, chairman, department. Both faculty and students assembled to recordings of “Here Oedipus, The King.” Background information was given by Mrs. W. Gibbs, Jr., associate professor of English.

Mrs. Harrison, English major, is the daughter of Mr. and Mrs. John Travis Harrison, Greensboro. A graduate of Greensboro College, she is a member of the Alpha Kappa Alpha Sorority.

Miss Tatum, English major, is the daughter of Mr. and Mrs. John Travis Harrison, Greensboro. A graduate of Greensboro College, she is a member of the Alpha Kappa Alpha Sorority.

Maryland State Wins CIAA Title At Annual Meet In Va.

By GASTON LITTLE

Maryland State managed to pull an upset on Morgan State in the annual CIAA track meet held at Howard University’s Annex Field on Sunday. The final score was 88-75. The winner recorded a total of 263 points in the day’s meet.

NOC SECOND

Second place rating went to North Carolina A & T with a total of 33 points; while Morgan took third place with 29 points. Winston-Salem caused the second upset in the meet by capturing the 100-yard dash, finishing out such usual powerhouses as Morgan and A&T College.

Eddie Blue of 66 in the 100-yard dash, a new CIAA meet record.

ROGERS THIRD

Rogers was also third in the javelin throw which was won by Virginia Commonwealth University, a two-toss of 202 and 1 inch for a new record in the event. The zephyrical performances of Boats and Rogers are due to the fact that the two athletes are long-time members of the Hokie’s track team.

Air Force Defeats Army On Field Day

The Air Force ROTC Detachment defeated the Army unit in the annual ROTC Field Day competitions, Saturday, May 12. The Air Force won with a record of 9 wins and 3 losses.

Aggie Baseball Team Wins CIAA Title

The A&T College Aggies won their third consecutive CIAA baseball championship by posting a conference record of 8 wins and 1 loss. The team recently swept Hampton Institute in the last game of the season with a score of 7-6.

Two Homers

Sim Bowden and pitcher John Edwards both hit two-run home runs and Keddle hit a grand slam in the A&T victory over Hampton. A&T out-hit Hampton 10-9 in the game played on the A&T Practice Field.

Aggie Team Bows To Delaware For First Defeat Of Season

The A&T Aggies went down to their first loss in the last 30 consecutive games at the hands of Delaware State by a score of 9-1, Monday, May 12. It was the first conference loss for the defending CIAA champs since they bowed to Maryland State University by a score of 13-3 early in the early part of the 1959 season. Since that time Delaware State has been defeated only once at the hands of Florida A&M.

Delaware pitcher Allinson Law- son held A&T to seven hits in the game as the Aggies batted only three batters in the game. The Aggies did not score during the first three innings.

The only other Aggie threat was in the seventh when Sim Bowden beat out a bunt single to start the inning. He stole second and went to third on an error by State's second baseman White. Moore. Lawson then hit A&T's third batter to pop out and then used his own speed to score two batters.

Baten had a perfect day at the plate with three at bats. He had two for 3 while James McAdoo had a single in three at bats.

Scooter run in the 15th got the Aggies out of a jam and sent them on to win the game against Hampton. The Aggies went on to win the conference title with a record of 13-1 to 13-13 tie. The stalemate was broken up in the bottom of the eighth when Sim Bowden hit a two-run homer to drive in the winning run against the Aggies who never came back again.

In the last three years, A&T's baseball team has won 30 games, lost 2, and tied 1. It has won the last 14 consecutive home games. This year's team faced many trials and tribulations, but its strong de- erwit and determination to win paid off at the last game of the season for the Aggies.

Scooter run in the 15th got the Aggies out of a jam and sent them on to win the game against Hampton. The Aggies went on to win the conference title with a record of 13-1 to 13-13 tie. The stalemate was broken up in the bottom of the eighth when Sim Bowden hit a two-run homer to drive in the winning run against the Aggies who never came back again.

In the last three years, A&T's baseball team has won 30 games, lost 2, and tied 1. It has won the last 14 consecutive home games. This year's team faced many trials and tribulations, but its strong de- erwit and determination to win paid off at the last game of the season for the Aggies.

Aggie Team Bows To Delaware For First Defeat Of Season

The A&T Aggies went down to their first loss in the last 30 consecutive games against Delaware State on Monday, May 12. It was the first conference loss for the defending CIAA champs since they bowed to Maryland State University by a score of 13-3 early in the early part of the 1959 season. Since that time Delaware State has been defeated only once at the hands of Florida A&M.

Delaware pitcher Allinson Law- son held A&T to seven hits in the game as the Aggies batted only three batters in the game. The Aggies did not score during the first three innings.

The only other Aggie threat was in the seventh when Sim Bowden beat out a bunt single to start the inning. He stole second and went to third on an error by State's second baseman White. Moore. Lawson then hit A&T's third batter to pop out and then used his own speed to score two batters.

Baten had a perfect day at the plate with three at bats. He had two for 3 while James McAdoo had a single in three at bats.

Scooter run in the 15th got the Aggies out of a jam and sent them on to win the game against Hampton. The Aggies went on to win the conference title with a record of 13-1 to 13-13 tie. The annual athletic banquet and dance, probably the biggest sports activity here at A&T College. This year's inductee to the Hall of Fame was Melvin Richardson, ferocious tackles for the football team. They have such one-time stars like Wilbur Mapp, Bennie Cooper, and Charles Stiggers off the team. They will have an easier time winning the conference this year.

Football Outlook

Next year's football squad can be rated among the prospects for the conference. Although they are losing some valuable performers such as Lenor in "Sticks" Stanford, Pollard Stanford, Marvin Richardson, James Black, Paul Brown, Robert Fairbanks, and Martin Richardson, the line has some outstanding players, including Cooper and Woodruff, two outstanding halfbacks, and some ends. With this, the Aggies can be more sure to face the roughest teams to handle.

Track Outlook

The track team has its most prosperous season this year and may expect another one next year. They will have Taylor and Cambridge in the dashes, Westmoreland running the 220, and Richard Wilkerson on the mile. Zockwill Daniels should be one of the top hurdlers. They have every right to be among the prospects for the conference while Cooper and Woodruff, two outstanding halfbacks, will help Wylie Harris at center and Donald Boone at guard. This unit can be one of the high scoring teams that will make the Aggies a title contender.

Aggie Scoring Averages Led by Hugh Evans

Shutout Hugh Evans led the Champion Aggies in batting with .414 average out of 31 at bats, highest on team, in 32 at bats. Mike McAdoo had 12 hits in 32 at bats for a 383 average. Calvin Long had 7 singles and 21 times up for a .309 mark.

Basketball Outlook

The defense men, such as Joe Ferguson, and John Thomas, while Cooper and Woodruff, two outstanding halfbacks, will have to carry a heavy burden. The defense men, such as Joe Ferguson, and John Thomas, will be back. The interior line and Donald Boone will help Wylie Harris at center and Donald Boone at guard. This unit can be one of the high scoring teams that will make the Aggies a title contender.

Tareyton delivers the flavor... Dual Filter does it!

Here's one filter cigarette that's really different!

The difference is this: Tareyton's Dual Filter gives you a unique filter flavor of ACTIVATED CHARCOAL, definitely proved to make the taste of a cigarette mild and smooth. It works together with Tareyton's Dual Filter gives you a unique filter flavor of ACTIVATED CHARCOAL, definitely proved to make the taste of a cigarette mild and smooth. It works together with a pure white outer filter—to balance the flavor elements in the smoke. Tareyton delivers—and you enjoy—the best taste of the best tobaccos.

**“Tareyton sure has the taste!”**

—says Willie Mays

Spectacular center fielder of the S.F. Giants, famed Willie Mays, made Dual Filter Tareyton his steady smoke some time ago. "I can tell you, this cigarette is the best", he said. "That pack after pack Tareyton gives me everything I want. Tareyton sure has the taste!"
