Medieval World

Will Be Theme For Vespers

Humanities classes will present a program of music and drama in Harrison Auditorium during the Vesper Hour at 6:30 p.m. on February 3.

Music and literature from the Middle Ages will be presented during Vesper Hour at 6:30 p.m. Sunday, February 3. Participating will include Ulysses Lee at St. PETER PALMER, the Guildsman's BROTHER PARDONER; Shirley Williamson, Cathedral RITUALIST; and Simon Gaskill as Zoe Barbee of the Department of Fine Print. Rodney Davis will be the NARRATOR.

The program is being coordinated by Margaret Comer of the Department of English and the Music Department. The gifts of the Department of English and the script is by Mrs. Patricia Trice of the Department of English and the sets are under the direction of Mrs. Patricia Troy of the Department of English.

Rev. J. Hargett asks Question Of A&T Family

"What does technological advancement in the United States have to do with Negro students?" This was the question posed by the Rev. Dr. James H. Hargett in his address to faculty and students at A&T College on January 29.

Rev. J. Hargett asked the question "What does technological advancement in the United States have to do with Negro students?"

He chats with Dr. L. C. Dowdy, right, acting president. Dr. Samuel D. Proctor, left, president of A&T College and now on leave with the U.S. Peace Corps, is shown with Dr. L. C. Dowdy, acting president. He chats with Dr. L. C. Dowdy, right, acting president.

Student Teachers in Field

These seniors are engaging in practice teaching in fourteen high schools in North Carolina.

College Places Twenty-Six Student Teachers in Field

Twenty-six seniors are currently doing their student teaching in high schools throughout the state.

Information received from Dr. Charles Hayes indicates that those students stationed in fourteen towns and fourteen high schools.

Those people currently doing their student teaching and the high schools who have them are: Betty Jean Burr, Roxwell High School, Roxwell; Marsha B. Bond, Drew High School, Madison; Gena Jean B. Parker, C. P. Price School, Greensboro; Mabel Chastain, D. B. Cooper, Kingsville High School, Albemarle; and Fred Copeland, Unity High School, Statesville.

Juli Marie Daniels, Kingsville High School, Albemarle; Miss Teddy Robinson, Dawson High School, Madison; Virginia Holley, E. E. Smith High School, Fayetteville; Phillipine Neatham, Altham High School, Winston-Salem; Constance C. Pulliam, Central High School, Asheboro; Annie C. Pettis, Central High School, Graham; Leonard M. Robinson, Drew High School, Madison; Albert Stearn, Drew High School, Madison; Barbra Janene, Central Carolina High School; Graham; Dorothy L. Spain, on Vacation in Charlotte; Bettye Maurice Suggs, Paltsey High School, Lumberton; Lieutenant Wang, Altham High School, Winston-Salem; and Hattie Barbara Williamson, Sampson High School.

"Church Music" Is Presented in Concert

By ANNINias SMITH

Mr. Charles A. Blue, assistant professor of music, presented an unusual program entitled "Church Music," which consisted of several musical numbers appropriate for worship services.

The program included "Dwell," based on Psalm 100, and "Nunc Dimittis," both of which were sung by the choir. The choir also performed "The Hymn to Christ," which was accompanied by organ and guitar.

During the program, Mr. Blue discussed the historical development of church music and its significance in religious practices.

The audience was then invited to participate in the singing of "The Lord's Prayer," followed by "A Mighty Fortress in the Storm," which was accompanied by organ and piano.

The program concluded with a presentation of "The Battle Hymn of the Republic," sung by the choir.

The performance was well-received by the audience, who expressed their appreciation for the musical selections and the scholar's insights.

TWO MONTHLY

Mathematics Club Presents Scientific Discussions

Under the sponsorship of Mr. Edmund T. Moore of the Mathematics Department of A&T College, the Mathematics Club has undertaken a very ambitious program for the current academic year.

Beginning with the fall quarter, papers were presented during the regularly scheduled biweekly meetings by Mr. Moore, who lectured on "Theorems in Geometry and Euclidean Equations" and by Mr. O. John Powers, both at the Mathematics College on "Modern Geometry."

Numerous papers have been presented by student mathematics majors. These papers were related to topics not normally treated in class and were supervised under the direction of various staff members with the assistance of Dr. James D. Jones, a junior mathematics major.

The following seniors have presented papers under the supervision of Mrs. Nan P. Manuel: Janice Colby, "Bayes' Theorem on Probabilistic"; Maurice Smith, "Proved That the Area Under the Standard Normal Curve is Unity"; and Elbert Hames, "Maximum Likelihood Estimation."

Doris Hines and Margaret Gardner presented papers on "Topics in Geometry" under the supervision of Dr. Theodore Sykes. In addition, a presentation of scholarly papers, the mathematics club has planned a special function for the month of February and a talk by the director of the computer, Mr. W. T. GIBSON, on "Methods of Computer Logic."

The president of the club is Will broadcasting. The club is led by Dr. James H. Hargett in his chapter of the department.

At the present time, Mrs. Moore is seeking to establish closer ties with similar groups at Woman's College, Guilford College, and Elon College. They expect to interchange visits and guest lecturers.

Negro History Observance Will Be Held Feb. 10-16

Junior Science Symposium Set For A&T College

Seventy high school students selected on the basis of outstanding promise in science, will participate in the annual A&T Junior Science and Humanities Symposium March 22-23.

The top ranking, high ability students will come from the 10th and 11th grade classes of 20 high schools in North Carolina.

The project, a part of the U. S. Army Junior and Humanities Symposium Program, is sponsored jointly by the U. S. Army Research Office, Durham, and the North Carolina Academy of Sciences, in cooperation with the North Carolina Department of Public Instruction, Raleigh, and A&T College.

The symposium has five major objectives. It aims to promote the study of the sciences and mathematics, to demonstrate the part which America plays in the development of the scientist, and to emphasize the importance of both the sciences and the humanities to national culture and general welfare.

In addition, it is designed to acquaint the students with some of the opportunities in the sciences and in the arts in order to improve the prestige, potential, and interest in these activities.

Throughout the week the committee has arranged to have several speakers set up in order to provide additional information on the contributions of Negroes in the arts and sciences to world culture. In the lobby of the Bluford Library will be found cases of materials devoted to the observance.

A general exhibit will also be set up on the Student's Union, School of Education and General Studies, Hedgin Hall.

This year's celebration has been the Negro History Week Committee for 1963. Members are Mr. Donald Aldridge, Mr. T. A. Clark, Mr. Sidney Evans, Miss Geneva Helms, Mrs. Lois Kinney, Rev. Dr. J. B. Talbert, Mr. W. T. Glades, Jr., Dr. A. W. Sorrell, Mrs. Patricia Trice, and Dr. F. H. White, chairman.
Fashions

By RHEMIE BVE

It is the mid-winter season and new fashions are steadily coming out. The famous designers of Paris are already showing their fall lines. The latest trend is for a more simple style which can be worn over the suit. The jacket and skirt are the main part of the outfit. The jacket is a wrap-on and has one button on the side. The popular colors are blue, black, and brown. The material is usually a combination of blue and brown for women. The coat has long sleeves and the hem of the dress. It is made of double-knit wool and has a high collar, which turns up the dress for a dinner date or other formal occasion. The dress is white and has blue flowers, and carries a navy blue cardigan. The coat-dress is made of a 100% cotton blend and has a high button with red. It is fully lined. The coat is made from the neck line to the hemline in one piece. The coat also has three red buttons on it. The winter wardrobe is moving toward a more casual style. Yellow is a perfect color for the garden dress, as it is known to you.
Applications Obtainable For D. P. C.

Mr. W. L. Morris, director of Placement Services at the college, reported that the following application forms are now available for students who are entering or returning to the Domestic Peace Corps:

- Application blanks for the Domestic Peace Corps.

A crescendo of sensations leaving serene, tranquil peace to lie spend Dark rages of anger when the blood runs wild Uke torrent jagged levin flashes split the forest The heavens erupt as mighty Thor

Scholarships Are Available At Duke

Sponsors interested in attending the presentation of awards for excelled scholarship at Duke University this year should contact Reverend Clee M. McCoy, special assistant to the president of Duke University, for further information concerning application for the Mary Mayhall Bankhead Scholarship.

MAJOR BEATTY

Major Beatty Joins Army ROTC Staff

A new member has been added to the Army ROTC Staff here at A&T. Major William E. Beatty, on artillery officer, joined the staff this month.

Having served as an ROTC instructor at North Carolina State College, Grangerburg, Major Beatty is a graduate of the ROTC program. A native of Massachusetts, he received his B.S. degree in business administration from the University of South Africa.

In addition to his ROTC duties, Major Beatty has seen service in military duty in other capacities. He has also served as a unit commander, staff officer, and teaching assistant in the Army.

Beatty's knowledge and experience in leadership and management will be a valuable asset to the Domestic Peace Corps.

Mr. Morris said that the set up of this Domestic Peace Corps Camberu would be an extension of the Domestic Peace Corps with volunteers assisting both in and out of the classroom, serving as mentors and tutors for underachieving students. They will serve as role models for students who need to learn to accept leadership positions in their academic pursuits.

Mr. Morris noted that persons who volunteer for the Domestic Peace Corps may be assigned to any location in the country where they will be needed to teach, counsel, and mentor students in various capacities. The Domestic Peace Corps will be in operation and will be available for students who wish to participate in this unique opportunity.

Mr. Morris told reporters that since the Domestic Peace Corps Workers began training at the beginning of this year, the college will not place any students in this group without first securing the consent of the volunteer in the next group.

The second group is scheduled to begin training in the spring.

According to Mr. Morris, the first group of volunteers will be assigned to New York City, where they will be involved in some of the most exciting missions worldwide, such as the international Peace Corps. Persons working with this Domestic Peace Corps will be involved in and trained with improvements and expansion of vocational, educational, recreational, social welfare, and health services for youth in the United States.

When asked about specific kinds of volunteers, Mr. Morris reported that the Domestic Peace Corps Volunteers may serve in a variety of roles, from serving as classroom aides to working as mentors and tutors for underachieving students. They will serve as role models for students who need to learn to accept leadership positions in their academic pursuits.

Mr. Morris noted that persons who volunteer for the Domestic Peace Corps may be assigned to any location in the country where they will be needed to teach, counsel, and mentor students in various capacities. The Domestic Peace Corps will be in operation and will be available for students who wish to participate in this unique opportunity.

Beginning he advised Negro students with a genuine interest in community service who wish to continue their higher education in the Negro community. He also urged Negro students to adopt a belligerent attitude toward their less favored people.

He also warned against the tendency to live ostentatiously. He advised Negroes to take more active parts in their classroom activities. He also urged a domestic peace corps.

Mr. Rev. Hargett said, "This is your challenge, technological advancement can be either our hope or our destruction."
Mulcare Leads Aggie Squad
In CIAA Scoring Scramble

High jumping and sharp shooting from Mulcare leads the Aggies in the CIAA scoring scramble for scoring honors. The lead in the CIAA in field goal percentage with a whopping 60% of all shots. This high-ended shooter also places fifth in the free throw department with a 77% percentage.

Coliseum Plus
T.C. Rams
Equal Jinx

Aggies dropped an important decision to the Rams of Winston-Salem Teachers College in their last game at Greensboro Memorial Coliseum. This marked the third time the Aggies have suffered a loss to the Rams at Greensboro Memorial Coliseum. Each of the defeats that the Aggies have suffered in the Gate City. Each of the defeats that the Aggies have suffered in the early stages of the game as they register 22 each in scoring percentage. Oddly enough the Aggies had no one to place on the rebounding end of the CIAA.

Big James Jackson was the only Aggie in the high scoring department as he placed fifth in the conference with 104 points per game. Jumping Jack also placed fifth in field goal percentage.
