Coronation of Miss A&T
Sets Stage For Weekend
Aggies Tackle Hawks Tomorrow
In Annual Homecoming Contest

Homecoming 1963-style go into full swing last night with the coro-
nation of Peggy Martin as Miss A&T.

It was all Peggy’s night as she was crowned in a glittering cere-
nomy in Moore Gymnasium. More than forty other queens representing
the many campus organizations composed the attractive list of A&T’S most com-
petent participants paid further homage to her queen by presenting gifts of
beauties.

Her attendants, all from Greens-
boro, included Patrice Moore, fresh-
men; Jeanne Myers, sophomore;
Sara Hurst, junior; and Julie Tuggle, senior.

An all-student homecoming dis-
band preceded the coronation cere-
mony.

The coronation was only the be-
ginning of four days of activities
which are expected to draw the
largest crowd in the history of the event.

Alumni started streaming into the
city near the middle of the week.
Jimmie I. Barner, dean of the dental
school and chairman of the Home-
coming Observance Committee,
announced earlier that arrange-
ments had been completed for the
largest turnout of A&T alumni in
history. More than 2,000 are ex-
pected.

The Classes of 1923, 1933, 1943,
and 1953 will be on hand for special class reunions.

The pep rally between the A&T Aggies and the Maryland State Hawks will be a main fea-
ture of the weekend. Off in an ex-
ceptional start, Coach Bert Piggin's boys are undefeated this fall. As
usual when the two clubs meet, a
cage battle is anticipated. Game
time has been scheduled for 1:30
p.m. in Memorial Stadium.

Today’s activities will include a
pompous parade, a pep rally, and
dance. Composed of special ex-
hibitions, the parade will be particu-
al to the interest of the student body.

Lou Donaldson
To Headline
Alumni Dance

Lou Donaldson and his group will play for the annual homecom-
ing ball and alumni ball this week-
end. The homecoming ball is sched-
duled for tonight in Moore Gymna-
sium while the alumni ball has been set for tomorrow night.

A native of Greensboro, Donald-
sen is a 1949 graduate of A&T Col-
lege. Having obtained his musical foundation here, he attended the Darrow Institute of Music in New York. Donaldson had earlier pub-
lished a self-titled album.

While studying at Darrow, he was asked to play with such noted
musicians as Charlie Parker and Sonny Stitt.

A return to New York after vari-
eous engagements found Lou record-
ing for Blue Note, first with Horace Silver then under his own label. Although his career has not been un-
usually successful so far, he is a name to remember.

Two Industrial Arts majors, both in Greensboro, are George Hoover
and Horace Peebles.

From the French Department is
Glenda M. Mills in Madison.

The director of teacher educa-
tion here at A&T, Dr. Charles L. Hisey, cleared fifty-year stu-
dents to his practice teaching in eighteen different areas in
the state. Approximately ten applica-
tions were rejected.

The practice teaching session
began October 14 and will termi-
nate on November 27. At the end of this period, none of the stu-
dents will return to complete their degree requirements. Others will complete their degree requirements
when they finish practice teach-
ing.

HAPPINESS CAN'T BUY MONEY

With tuition costs steadily on the rise, more and more undergraduates are looking into the student loan plan. If you are one such, you would do well to consider the case of Leonid Sigafoos.

Leonid, the son of an unemployed bean gleaner in Straightway, Montana, had his heart set on going to college, but his father, alas, could not afford to send him. Leonid applied for a Regents Scholarship, but his reading speed, alas, was not very rapid—three words an hour—and before he could finish the first page of his exam, the Regents had closed their briefcases crossly and gone home. Leonid then applied for an athletic scholarship, but, alas, also, only a single athletic skill—picking up beanbobs with his toes—and this, alas, aroused only fleeting entusiasm among the coaches.

And happily Leonid learned that the student loan plan: he could borrow money for his tuition and repay it in easy installments after he left school.

Happily Leonid enrolled in the Southeastern Montana Col-

-Leonid and Restoration Drama and happily began a college career that grew happier year by year. Indeed, it became genuine college existence in his senior year. He had met a good looking Anna Livia Parnelle with hair like beaten gold and eyes like two sockets full of Lake Louis. Love gripped them in his big Montana palm, and they were betrothed on St. Crispin's Day.

Happily they made plans to be married immediately after commencement—plans, alas, that were never to come to fruition because Leonid, also, learned that Anna Livia, like himself, was in college on a student loan, which meant that he not only had to repay his own loan after graduation but also Anna Livia's and the job, alas, that was writing for Leonid at the Trade-Otter Works simply did not pay enough, alas, to cover both loans, plus rent and food and clothing and television repairs.

Happily hearted, Leonid and Anna Livia sat down in its Marlboro Cigarettes and tried to find an answer to their prob-

**Happiness can't buy money.**

-You don't need a student loan—just a little loose change — to buy a pair of brushing pieces. Marlboro adds a lot in fifty states in familiar soft pack and Flip-Top box.

-But he had, alas, only a single athletic skill.
English Department To Sponsor Third Language Arts Institute

The A&T College of English will sponsor the third Language Arts Institute, a two-week midsummer concentration on the development of its theme, "Improving Communication in Writing, Reading, and Critical Thinking Through the Use of Language," beginning June 28. 

The conference promises to be informative, as well as stimulating. An information sheet released by the Department states the purpose of the Institute is to consider the common problems confronting college and secondary teachers in the field of English and other language arts.

Several special features have been arranged to accommodate the needs of all participants. A joint session of teachers will meet at the University of North Carolina at Chapel Hill, July 6-10, for the first two weeks of the program. The remaining two weeks will be taken up by sessions and seminars for college and secondary teachers outside the state.

Dr. Joseph C. Holley of North Carolina State University, Dr. Charles R. Burrow of Western Carolina University and Dr. William H. Johnson of Elon College will be among the visiting scholars.

AFROTC Cadets Conduct Tour Of Test Center

Air Force ROTC cadets from A&T College conducted a tour which included a tour of Arnold Air Force Base.

Cadets toured the 60th Detachment, Maj. S. E. Duncan, located at the Edgefield Education Committee, composed of representatives of youth, churches, and parents, has been established. The group will be evaluated by the College, has proposed new policies governing the education of cadets in the education program.

It is recommended that:

1. Students planning to teach in any area and 12 credits of general education program with a minimum of two courses in English.

2. Students repeat any required academic courses, including the study of English, science, and psychology, in which they receive a grade of "C" or lower if the courses are taken for credit as well as for credit.

3. The college education program be broken down into four years, each year with a minimum of 24 credits, including one year of English, science, and psychology studies.

4. The aspiring teacher apply for admission to the teacher education program upon his graduation on the University of North Carolina at Chapel Hill, July 6-10, for the first two weeks of the program. The remaining two weeks will be taken up by sessions and seminars for college and secondary teachers outside the state.

Dr. Joseph C. Holley of North Carolina State University, Dr. Charles R. Burrow of Western Carolina University and Dr. William H. Johnson of Elon College will be among the visiting scholars.

... gave the freshmen a characteristically
special breakfast in the same build-
ing.

Charles Bullock elected presid-en of Freshman class

When the freshman class met early last week in class assembly, two unannounced members walked away with the most popular positions.

Charles Bullock was elected president, and Doris Jenkins was voted to succeed Atlas Freshman.

A home economics major, Doris came to A&T all the way from San Antonio, Texas, where she had at-

tended to attend the all-girls high school. The future fashion designer is interested in interior design and

tailoring.

When asked her impressions of her new position, the fresh man queen, replied, "I don't know exactly what I should do, but it's wonderful feeling.

Nothing unique came from her roommate, Doris said that she never thought she would win.

The election was somewhat of a surprise to Bullock too; in fact, he literally stumbled into it. A mem-

ber of the choir he had been selected

from rehearsal to rehearse for
John Brown's Band, a production in which he has one of the leading roles. Female members of the cast, however, were interested in attending the close meeting, as he went along with them, got nomi-

nated, and ended up being elected.

The freshman leader is aware of his responsibilities and says that he intends to make the position

calls for a great deal of work on his part. "It's quite different from what I've done in the past," he as-

serted. "Here we must act as our own. The responsibility to see that everything works smoothly

falls entirely to us -- the officers.

The president of the new student body was the freshman biology major, a student of Henderson Laboratory, Henderson, he served as president of the Student Council and Crown Society Honorary Society, and treasurer of his senior class club. He was also a member of the PANTHER, the school yearbook.

Bullock's special interests are music and drama. He will make his dramatic debut in John Brown's Band. Bullock anticipates entering college in the fall upon completion of his biology major here.

Other class officers include Karl Berg, New York City, vice president; Gloria Diggs, Amity ville, secre-
tary; Sandra Spindler, treasurer. William Owens, assistant treasurer; Willie Lucas, and Na-

tional Adams, reporter.

Dorothy L. Kennedy and Mr. A.

S. Toles will serve the advisors.

MEN'S CONGRESS CELEBRATES PLANS FOR SECOND YEAR

This fall will initiate the second term of the United Men's Congress, which had its beginning last year.

It is the purpose of the Congress to promote a broader understanding of human relations among members of the college family and the commu-
nity. Although the Congress is clannily affiliated with the student government, it will deal specifically with the problems of male students.

The immediate goal for the com-

coming year is to strive for improvements in the decorum, con-

duct, and attitude of the male stu-
dents in and out of the dormitories.

The majors have been asked to im-

prove certain facilities within Scott Hall which have been called to its attention.

Plains for a social or a banquet, to take place this school year, are also being discussed. The Congress is very much interested in the views and suggestions of its mem-

bers, therefore, a "Suggestions Box" has been placed in the lobby of Scott Hall.

U. Ralph Lee, a history major from Brooklyn, New York, was elected president for the fall term. Other officers are Winser Thomas, vice president; David Dunlap, secretary; and William Bennett, treasurer.

**Extensive Changes Revealed in Tour of College Campus**

"My, my, how this campus has changed!" This may well be the comment of those who returned for class reunions, and even those of you who are no doubt vaguely aware of the spectacular changes that have taken place. And Greensboro and Bassett have made their contribution to the changes.

"What has happened to North Dormitory?" you may ask. That was the comment heard by the most frequent visitor to the college. The dormitory, which was built in 1868 and has undergone many changes, is no longer there. In its place, a modern structure has been erected. The new dormitory, which is four stories high, has accommodations for 250 students. It also includes a cafeteria, a bookstore, and a post office.

"What about the Price Hall dormitory?" you may ask. That was the comment heard by the second most frequent visitor to the college. The dormitory, which was built in 1870 and has undergone many changes, is no longer there. In its place, a modern structure has been erected. The new dormitory, which is four stories high, has accommodations for 250 students. It also includes a cafeteria, a bookstore, and a post office.

"What about the Bassett Hall dormitory?" you may ask. That was the comment heard by the third most frequent visitor to the college. The dormitory, which was built in 1872 and has undergone many changes, is no longer there. In its place, a modern structure has been erected. The new dormitory, which is four stories high, has accommodations for 250 students. It also includes a cafeteria, a bookstore, and a post office.

"What about the Price Hall dormitory?" you may ask. That was the comment heard by the fourth most frequent visitor to the college. The dormitory, which was built in 1874 and has undergone many changes, is no longer there. In its place, a modern structure has been erected. The new dormitory, which is four stories high, has accommodations for 250 students. It also includes a cafeteria, a bookstore, and a post office.

"What about the Bassett Hall dormitory?" you may ask. That was the comment heard by the fifth most frequent visitor to the college. The dormitory, which was built in 1876 and has undergone many changes, is no longer there. In its place, a modern structure has been erected. The new dormitory, which is four stories high, has accommodations for 250 students. It also includes a cafeteria, a bookstore, and a post office.

"What about the Price Hall dormitory?" you may ask. That was the comment heard by the sixth most frequent visitor to the college. The dormitory, which was built in 1878 and has undergone many changes, is no longer there. In its place, a modern structure has been erected. The new dormitory, which is four stories high, has accommodations for 250 students. It also includes a cafeteria, a bookstore, and a post office.

"What about the Bassett Hall dormitory?" you may ask. That was the comment heard by the seventh most frequent visitor to the college. The dormitory, which was built in 1880 and has undergone many changes, is no longer there. In its place, a modern structure has been erected. The new dormitory, which is four stories high, has accommodations for 250 students. It also includes a cafeteria, a bookstore, and a post office.

"What about the Price Hall dormitory?" you may ask. That was the comment heard by the eighth most frequent visitor to the college. The dormitory, which was built in 1882 and has undergone many changes, is no longer there. In its place, a modern structure has been erected. The new dormitory, which is four stories high, has accommodations for 250 students. It also includes a cafeteria, a bookstore, and a post office.

"What about the Bassett Hall dormitory?" you may ask. That was the comment heard by the ninth most frequent visitor to the college. The dormitory, which was built in 1884 and has undergone many changes, is no longer there. In its place, a modern structure has been erected. The new dormitory, which is four stories high, has accommodations for 250 students. It also includes a cafeteria, a bookstore, and a post office.

"What about the Price Hall dormitory?" you may ask. That was the comment heard by the tenth most frequent visitor to the college. The dormitory, which was built in 1886 and has undergone many changes, is no longer there. In its place, a modern structure has been erected. The new dormitory, which is four stories high, has accommodations for 250 students. It also includes a cafeteria, a bookstore, and a post office.

"What about the Bassett Hall dormitory?" you may ask. That was the comment heard by the eleventh most frequent visitor to the college. The dormitory, which was built in 1888 and has undergone many changes, is no longer there. In its place, a modern structure has been erected. The new dormitory, which is four stories high, has accommodations for 250 students. It also includes a cafeteria, a bookstore, and a post office.

"What about the Price Hall dormitory?" you may ask. That was the comment heard by the twelfth most frequent visitor to the college. The dormitory, which was built in 1890 and has undergone many changes, is no longer there. In its place, a modern structure has been erected. The new dormitory, which is four stories high, has accommodations for 250 students. It also includes a cafeteria, a bookstore, and a post office.

"What about the Bassett Hall dormitory?" you may ask. That was the comment heard by the thirteenth most frequent visitor to the college. The dormitory, which was built in 1892 and has undergone many changes, is no longer there. In its place, a modern structure has been erected. The new dormitory, which is four stories high, has accommodations for 250 students. It also includes a cafeteria, a bookstore, and a post office.

"What about the Price Hall dormitory?" you may ask. That was the comment heard by the fourteenth most frequent visitor to the college. The dormitory, which was built in 1894 and has undergone many changes, is no longer there. In its place, a modern structure has been erected. The new dormitory, which is four stories high, has accommodations for 250 students. It also includes a cafeteria, a bookstore, and a post office.

"What about the Bassett Hall dormitory?" you may ask. That was the comment heard by the fifteenth most frequent visitor to the college. The dormitory, which was built in 1896 and has undergone many changes, is no longer there. In its place, a modern structure has been erected. The new dormitory, which is four stories high, has accommodations for 250 students. It also includes a cafeteria, a bookstore, and a post office.

"What about the Price Hall dormitory?" you may ask. That was the comment heard by the sixteenth most frequent visitor to the college. The dormitory, which was built in 1898 and has undergone many changes, is no longer there. In its place, a modern structure has been erected. The new dormitory, which is four stories high, has accommodations for 250 students. It also includes a cafeteria, a bookstore, and a post office.

"What about the Bassett Hall dormitory?" you may ask. That was the comment heard by the seventeenth most frequent visitor to the college. The dormitory, which was built in 1900 and has undergone many changes, is no longer there. In its place, a modern structure has been erected. The new dormitory, which is four stories high, has accommodations for 250 students. It also includes a cafeteria, a bookstore, and a post office.

"What about the Price Hall dormitory?" you may ask. That was the comment heard by the eighteenth most frequent visitor to the college. The dormitory, which was built in 1902 and has undergone many changes, is no longer there. In its place, a modern structure has been erected. The new dormitory, which is four stories high, has accommodations for 250 students. It also includes a cafeteria, a bookstore, and a post office.

"What about the Bassett Hall dormitory?" you may ask. That was the comment heard by the nineteenth most frequent visitor to the college. The dormitory, which was built in 1904 and has undergone many changes, is no longer there. In its place, a modern structure has been erected. The new dormitory, which is four stories high, has accommodations for 250 students. It also includes a cafeteria, a bookstore, and a post office.

"What about the Price Hall dormitory?" you may ask. That was the comment heard by the twentieth most frequent visitor to the college. The dormitory, which was built in 1906 and has undergone many changes, is no longer there. In its place, a modern structure has been erected. The new dormitory, which is four stories high, has accommodations for 250 students. It also includes a cafeteria, a bookstore, and a post office.

By Hank

The Aggies this week take on a very determined Maryland State crew for homecoming, and the game should be quite a battle. The Aggies are undefeated thus far, and Maryland has lost but once. The Aggies with their impressive offensive showings and their devastating defensive units are favorites going into the contest. They have permitted only an average of 51.5 yards per game on the ground and Maryland should have to go to the air to score. On the other hand, they have been averaging 41 points per game while holding all opponents to an average of 7.5.

William Bristow was the only injured Aggie returning from the Norfolk game. He received a broken leg trying to stop the Spartans' Willie Holland from scoring. Bristow is lost for the remainder of the season.

Ernest Buggs returned to action and played a star game against his hometown foes. He recovered a fumble which led to an Aggie score.

Melvin Phillips seems to come up with the spectacular every week as he again shook loose for one of his patented long runs. This one covered 76 yards.

Al Maloney has added something extra to his P. A. T. collection. He combined with John Brooks for a score via the pass route.

Speaking of passing Cliff Matthews fired the hailpass back against the Spartans and caught them completely off guard as he hit John Brooks to set up an Aggie score.

The combination of Gordon to Francis clicked again as Gordon hit the "big four" for the Aggies' first score.

The N. C. G. Eagles, after defeating Morgan, ran into a determined band of Falcons from Saint Augustine's Saturday and escaped by only the slim margin of 7-6. While scenes of Classic should serve as food for thought until the Thanksgiving holiday, the Aggies were in possession of the ball on their 20 yard line. Gordon hit Matthews at the 23 for a first down. Cliff Matthews then took a pitch from Gordon and fired the hailpass to Brooks who was stopped on the Spartan 2. Gordon then barrelled over for the score. With 30 seconds remaining, Maloney's P.A.T. was good and the score was 32-7.

Early in the third quarter the Aggies had figured out the Spartans and started their powerful offensive running machine.

After an exchange of punts, and a set of offsetting penalties, the Aggies started on a long drive on the State 30-yard line. Beasley hit Matthews at the State 56 to make it 3 and 2. Gordon kept the ball on his left, feinted his way for the score. The ensuing State kickoff was good and they were down 3-2. Mississippi's P.A.T. was blocked and the score was 32-7. The Aggies then moved to the 50-yard line and fired to Brooks for the touchdown, bringing the score to 39-7.

With the ensuing kickoff State mounted a short lived drive which was cut at the Aggie 20 when Cliff Matthews intercepted a State pass and returned it 46 yards for the score. The Aggies again punted and it was blown out of bounds. Norfork was then penalized 5 yards for being off side, making it first and 2. Gordon took it on the 27 and 5 for the State 22. Timothy Lee took over for the Aggies and fired to Francis at the State 20. Beasley then carried for a first down at the 46 yard line. Beasley hit Matthews at the State 56 to make it 4 and 2. Gordon kept the ball for a first down at the 22. He then flipped a screen pass to Beasley who took it on the 28 and 20 with 9 seconds remaining. Maloney's P.A.T. was good and the score now stood 36-7.

The A&T Aggies, trading a 7-6 lead with Norfolk early in the game, came on strong in the final three minutes to defeat a game Norfolk State crew 24-6.

**Francis Scores**

The Aggies staked their touch down parade late in the first quarter. Gordon fired a pass, but it was blocked by a host of charging Falcons and the ball was on the 50. Francis then picked up the ball and was stopped for a loss. White then picked up 15 yards for a personal foul to make 30 and 3. Gordon picked up the first down on a roll out. The ball halted on the Norfolk 36 with 1:39 remaining of the first quarter. Willie Beasley replaced Gus Lee and raced to his right and fumbled on the 40 yard line. Ernest Buggs returned the ball 46 yard and scored to even up the score. Maloney's P.A.T. was blocked and the score was 6-0. The Aggies came on strong 36 seconds remaining in the quarter.

**Willaud Holland Scores**

The State Spartans came marching back to start the second quarter. A&T was penalized 5 yards in the backfield to make it third and inches. Reynolds started to pull the ball and was again hit by the blocks of State 8 and 5 at the State 8. Holland gained 5 yards with Carl Miller making the tackle at the 3. Reynolds then picked up 5 yards and was tackled by two State tacklers at the 2. He then was penalized for a loss to the State 7. Though he would never score, the ball was again advanced to the state 22. Matthews then fired a pass to Francis at the State 10 to make it third and inches. Reynolds then barrelled over for the score. Maloney's P.A.T. was good and the score was 12-0. With 30 seconds remaining, Maloney's P.A.T. was good making the final score 27-7.

**HOW IT HAPPENED**

A&T Francis 94 yd. pass from Gordon (K. failed)
A&T Huggins 12 yard TD pass from Gordon (K. failed)
State Holland 47 yd. run (K. Holland good)
A&T Beasley 23 yd. field goal (K. failed)
A&T Huggins 13 yard TD pass from Gordon (K. Huggins)
A&T Phillips 70 yard run (K. Maloney)

**Aggie Spotlights**

Coach Bert Pigott (left) with Ronald Francis and Cornell Gordon. The Aggies' most feared weapon this season has been the passing combination of Cornell Gordon and Ronald Francis. Gordon, a 23-foot 11 inch, 230 pound quarterback from Norfolk and Francis, the 6 foot 3 inch, 230 pound halfback from Humble, have combined for 30 points to date and well over 240 yards gained for the season. Francis is an All C. I. A. A. and an Gordon is an All C. I. A. A. candidate this season.

**Bulldogs Humble Norfolk Spartans 34-7**

The Aggies were in the scoring mood now and after. A Lambert pass was intercepted by Brooks from the Aggies' 41 yard line. Gordon picked up 15 yards for a personal foul. Melvin Phillips, the sophomore phenomenon again cut off the State left tackle and broke loose for the night's second long run. It was another of his patented touchdowns, 24 yards, making the score 32-7. Maloney's P.A.T. was good making the final score 32-7.

**Phillips Scores**

A&T Francis 94 yd. pass from Gordon (K. failed)
A&T Huggins 12 yard TD pass from Gordon (K. Huggins)
A&T Beasley 23 yd. field goal (K. failed)
A&T Huggins 13 yard TD pass from Gordon (K. Huggins)
A&T Phillips 70 yard run (K. Maloney)
