A&T CELEBRATES 72ND YEAR ON FOUNDERS' DAY

Before Senate Sub-Committee

Wilton Brown, a Negro educator who served as president of North Carolina College, will deliver the keynote address.

The practice of paying homage to the founders of the college was announced by the late F. D. Smith in 1953. The first Friday in November was then set aside to commemorate and promote excellence in the lives of Dr. J. Dudley Duddy, second president of the college, who died in 1953. The event was then referred to as Dudley Day.

In 1962, however, the observance was changed to honor persons who had been responsible for the growth of the institution. Al-

Principles Of Basic Fashions

By GLORIA BROOKS

IF YOU ARE TALL:

- Wear vertical lines with the emphasis high — a long skirt, pants, or a longer jacket, tunic or 3/4 length coat, a wide belt or a bold color.

IF YOU ARE SHORT:

- Keep it narrow. You can wear soft drapey fabrics, knits, full, pleated skirts, even contrast. In-between prints for you, dark colors, unshiny fabrics, the bright satins and spongy lines, dark ground prints. In padded suits, you can wear earrings and an upswept hairdo, the emphasis is high. Tuxedo, dark colors, flush hosiery, conservative dark ground prints are best for you. Flared skirts, will be the hemline narrow and smooth. If you have a washed out, out puff sleeves and sheernesses.

IF YOU ARE ADDITIONAL:

- Why add bulk with thick tweeds only to bulge out above and below? Why add 'long' of thick and fluffy "fattening" prints? If you have a long upper body, wear straight sheaths, columnar dresses, or a dress with the emphasis high — a long skirt, pants, or a longer jacket, tunic or 3/4 length coat, a wide belt or a bold color.

For eight years the REGISTER has sponsored a national workshop of the Lambda Iota chapter of the National Secretary of Lambda Iota, held at A&T. 

Dr. Gerald A. Edwards, chairman, and his associates plan to have the workshop at the Irving-Swain Press, Raleigh, on November 9th. The workshops have been conducted in September at the schools and colleges in the area as a result of general appearance, knowledge of the people around, and not being afraid to adopt new ideas.
