A & T Students Receive Offers
From Nation's Top Industries

A pretty little farm girl who came to A&T College just four years ago with the idea of becoming a school teacher, and changed her profession to teaching mathematics.

Alyce Jacobs has a problem. Mathematics is not it, and never has been. Her record shows that right now she is trying to decide which job she will accept. She has at least six offers, all in the sciences in excess of $6,000 per year.

The girl is Annie G. Jacobs, Wilson, North Carolina, an honor student and graduate of the North Carolina Agricultural and Technical college. Aggie received a bachelor of science degree in electrical engineering and was placed in the top ten engineers. Announcement of the selection was made by Navy Rear Admiral Robert H. Northcut, director of the college's engineering program.

She has an academic average of 3.81 out of a possible 4.00.

Alyce Jacobs is just one example of the glowing opportunities being provided the competent promising students today, particularly those involved in the highly disciplined sciences.

Such graduates have received as many as 16 offers, according to W. L. Morris, director of placement at the college.

As far as the recent renewal of recruiting, graduating seniors is concerned, jLabelm party can have a great deal to do with it. The list will be presented at the college's Annual Scholarship Convocation, scheduled for March 17. A&T is proud to be associated with the national scholarship opportunities.

Donald Johnson, of Miami, Florida, Hastie is the son of Mr. and Mrs. Alfred Harper at Campbell Hall.

William W. Hastie, 194-56 115th Drive, St. Frey.

Cleveland; Chicago; Atlanta; and St. Louis. In the development of education, Hastie was first in July, 1960.

The Graduate Record Examination is perhaps of more immediate importance to those students participating in national or local competitions, for example, the National Science Foundation grants.

The Graduate Record Examination is a test designed to measure breadth of knowledge and ability in the fields of liberal arts, social science, and natural science.

The test will be administered in accordance with rules provided by the American Council on Education.

Passing the APTQ is the first step in qualifying as an officer, and may be used in the U. S. Air Force.

A complete list of the colleges included in the competitive program for 1964 may be obtained at Career Day, March 17.

The formal convocation for the senior class in the humanities, and natural science.

Dr. Proctor Announces Exam

The Air Force ROTC has announced that its qualifying examination will be administered March 19 and 20.

All freshmen currently enrolled in any ROTC program at A&T College are required to take the examination according to Major Samuel Massenberg, post control officer.

The forthcoming testing is for freshmen students whose names are not yet on the examination list, as well as those who are not on the testing list.

The test is divided into four sections: an areas test, advanced tests, and a final test, and those with names beginning K-P, March 19; and those with names beginning M-Z, March 20.

The test will be administered in accordance with rules provided by the American Council on Education.

Passing the APTQ is the first step in qualifying as an officer, and may be used in the U. S. Air Force.

A complete list of the colleges included in the competitive program for 1964 may be obtained at Career Day, March 17.

The formal convocation for the senior class in the humanities, and natural science.
On the Resignation of Dr. Proctor

Many members of the A&T community are no doubt saddened by the announced resignation of Dr. Samuel DeWitt Proctor, A&T's second president. In a letter of resignation last week, Dr. Proctor explained that illness and the care of his ailing wife had prompted him to step down from the job he had loved since the fall of 1958.

Dr. Proctor, who was born in Alabama, came to A&T in 1951 as a professor of English. He served as provost and associate professor before becoming president in 1958.

Dr. Proctor's resignation is a significant loss for A&T and the larger community. Under his leadership, A&T grew and thrived. He was dedicated to the institution's mission and was a strong advocate for the college's continued success.

Dr. Proctor's successor, Dr. Ronald L. Terry, has been named by the Board of Trustees. Dr. Terry is currently the provost and vice chancellor for academic affairs at the University of Alabama at Birmingham.

In Memoriam

Dr. Samuel DeWitt Proctor

Dr. Proctor was a man of great intelligence, and he wisely took that intelligence to heart. He was a man of great simplicity, and he wisely took that simplicity to heart.

He was a man of great strength, and he wisely took that strength to heart.

He was a man of great courage, and he wisely took that courage to heart.

He was a man of great kindness, and he wisely took that kindness to heart.

He was a man of great compassion, and he wisely took that compassion to heart.

He was a man of great wisdom, and he wisely took that wisdom to heart.

He was a man of great faith, and he wisely took that faith to heart.

He was a man of great love, and he wisely took that love to heart.

He was a man of great honor, and he wisely took that honor to heart.

He was a man of great integrity, and he wisely took that integrity to heart.

He was a man of great self-discipline, and he wisely took that self-discipline to heart.

He was a man of great humility, and he wisely took that humility to heart.

He was a man of great simplicity, and he wisely took that simplicity to heart.

He was a man of great strength, and he wisely took that strength to heart.

He was a man of great courage, and he wisely took that courage to heart.

He was a man of great kindness, and he wisely took that kindness to heart.

He was a man of great compassion, and he wisely took that compassion to heart.

He was a man of great wisdom, and he wisely took that wisdom to heart.

He was a man of great faith, and he wisely took that faith to heart.

He was a man of great love, and he wisely took that love to heart.

He was a man of great honor, and he wisely took that honor to heart.

He was a man of great integrity, and he wisely took that integrity to heart.

He was a man of great self-discipline, and he wisely took that self-discipline to heart.

He was a man of great humility, and he wisely took that humility to heart.

He was a man of great simplicity, and he wisely took that simplicity to heart.

He was a man of great strength, and he wisely took that strength to heart.

He was a man of great courage, and he wisely took that courage to heart.

He was a man of great kindness, and he wisely took that kindness to heart.

He was a man of great compassion, and he wisely took that compassion to heart.

He was a man of great wisdom, and he wisely took that wisdom to heart.

He was a man of great faith, and he wisely took that faith to heart.

He was a man of great love, and he wisely took that love to heart.

He was a man of great honor, and he wisely took that honor to heart.

He was a man of great integrity, and he wisely took that integrity to heart.

He was a man of great self-discipline, and he wisely took that self-discipline to heart.

He was a man of great humility, and he wisely took that humility to heart.

He was a man of great simplicity, and he wisely took that simplicity to heart.

He was a man of great strength, and he wisely took that strength to heart.

He was a man of great courage, and he wisely took that courage to heart.

He was a man of great kindness, and he wisely took that kindness to heart.

He was a man of great compassion, and he wisely took that compassion to heart.

He was a man of great wisdom, and he wisely took that wisdom to heart.

He was a man of great faith, and he wisely took that faith to heart.

He was a man of great love, and he wisely took that love to heart.

He was a man of great honor, and he wisely took that honor to heart.

He was a man of great integrity, and he wisely took that integrity to heart.

He was a man of great self-discipline, and he wisely took that self-discipline to heart.

He was a man of great humility, and he wisely took that humility to heart.

He was a man of great simplicity, and he wisely took that simplicity to heart.

He was a man of great strength, and he wisely took that strength to heart.

He was a man of great courage, and he wisely took that courage to heart.

He was a man of great kindness, and he wisely took that kindness to heart.

He was a man of great compassion, and he wisely took that compassion to heart.

He was a man of great wisdom, and he wisely took that wisdom to heart.

He was a man of great faith, and he wisely took that faith to heart.

He was a man of great love, and he wisely took that love to heart.

He was a man of great honor, and he wisely took that honor to heart.

He was a man of great integrity, and he wisely took that integrity to heart.

He was a man of great self-discipline, and he wisely took that self-discipline to heart.

He was a man of great humility, and he wisely took that humility to heart.

He was a man of great simplicity, and he wisely took that simplicity to heart.

He was a man of great strength, and he wisely took that strength to heart.

He was a man of great courage, and he wisely took that courage to heart.

He was a man of great kindness, and he wisely took that kindness to heart.

He was a man of great compassion, and he wisely took that compassion to heart.

He was a man of great wisdom, and he wisely took that wisdom to heart.

He was a man of great faith, and he wisely took that faith to heart.

He was a man of great love, and he wisely took that love to heart.

He was a man of great honor, and he wisely took that honor to heart.

He was a man of great integrity, and he wisely took that integrity to heart.

He was a man of great self-discipline, and he wisely took that self-discipline to heart.

He was a man of great humility, and he wisely took that humility to heart.

He was a man of great simplicity, and he wisely took that simplicity to heart.

He was a man of great strength, and he wisely took that strength to heart.

He was a man of great courage, and he wisely took that courage to heart.

He was a man of great kindness, and he wisely took that kindness to heart.

He was a man of great compassion, and he wisely took that compassion to heart.

He was a man of great wisdom, and he wisely took that wisdom to heart.
ROTIC Pilots Fly Solo Missions As Part Of Flight Instruction

BY CAROLYN BOWDEN

Cadet Major Maurice Harris, a student in the Air Force ROTC's Flight Instruction Program, has done something which very few, if any, of his fellow students will ever do. Cadet Harris recently flew solo to his hometown, Ferdinand, Virginia, a distance of 240 miles.

The flight was the third successful cross-country solo flight made by Harris.

A senior engineering mathematics major, Harris is presently receiving instruction in cross-country flight instruction. The program, which leads to private pilot's license, is one of many programs sponsored by the Air Force at A&T. Harris is the third student to have flown solo to his hometown. Four other seniors are enrolled in the program which leads to private pilot's license. They are Roosevelt Rollins, Earl Brown, Harold Hicks, and Talmace Starbeech. Major Samuel Massenburg, who is an instructor, will fly solo to his hometown, Greenville, North Carolina, accompanied by Harris.

During the solo time, the student has an opportunity to practice the maneuvers and procedures learned in ground and dual flight instruction. Some of the solo time is allotted to cross-country work in order to give the student practice in pre-flight planning and navigation.

A 105 horsepower Piper Cub was used in the five hour trip to Portsmouth and back. Four other seniors are enrolled in the program which leads to private pilot's license.

Students in the A&T College School of Nursing last week volunteered their services and fully staffed one of the 30 odd stations in the Greensboro hospital's "Red Alert" campaign.

Carol Walker, left, senior at A&T, attends to her patient, Jonathan Keith Williams, 2 months, held by Frankie Woodie, a junior from Asheboro. Dr. R. F. LeBauer, a Greensboro internist and supervising physician, looks on.

A STUDENT TO REPRESENT YOUNG DEMOCRATIC CLUB

Jessie Jackson, a senior at A&T and president of the Student Council, has been named an official representative of Young Democratic Club of America to the U. S. Youth Council to be held in New York City on March 6, 7 and 8.

The Youth Council, which has long been active in the affairs of the youth of the nation, is composed of over 25 other youth organizations in the United States. Jackson was a member of the North Carolina delegation to the Young Democratic Club of America national annual meeting held last month at Las Vegas, Nevada. Jackson, an athlete at A&T, is a native of Greenville, South Carolina.

Test

Each test is designed to cover the principles of the area tested and to include many questions which require reasoning and the application of facts and principles.

The available test provides a measure of general scholastic ability at the graduate level. It includes verbal ability and quantitative ability. The aptitude test has a time limit of two and one-half hours.

Annie Jacobs, honor student from Wake, discusses flight plans with W. L. Morris, placement officer, before leaving for a job interview. Annie is one of many A&T students who have received offers from leading industrial firms.
Aggies Capture CIAA, NCAA Regional Crowns

Aggies Dominate CIAA Tourney
Defeat Smith Five For Title

Maurice McGartley, a fast-moving guard with the hot hand, just procedure the A&T College Aggies to its first CIAA Tournament championship.

McGartley scored 31 points to lead the Aggies to an 83-77 victory over the Johnson C. Smith University Golden Bulls. By virtue of the win, the Aggies represented the CIAA on the NCAA College Division South Central Regional Playoffs at Owensboro, Ky., March 3 and 4. They met once again rival Centre College, Fort Smith University and the University of Kentucky, March 3 and 4. The Aggies defeated Centre, Fisk and Eastern Kentucky.

The tournament crown was the Aggies' first since 1959. It was the second championship in the 14-year history of the CIAA basketball tournament, which also won the 1958 title.

In the championship contest the Aggies were on their way to a victory when they moved out to a 46-32 first-half lead. Smith slowly pecked away at the Aggies' lead but could never overcome the superior Aggie McMorris led the Smith squad which also won the season's conference championship.

The 6-3 Detroit native was the tournament's "most valuable player" and was the Aggies' reserve strength managed to stop the surge.

The A&T College Aggie basketball team, which won the CIAA Tournament, won a spot in the following year's Tournament.

Aggies: The Eagles made a determined rally and cut the A&T margin to eight points at one time, but the Aggies' reserve strength managed to stop the surge.

Bill Pickens wanted rewarding work
He got it at Western Electric
