Nine Achieve 4.00 As 178 Make Honor Roll

Nine students compiled 4.00 point averages to lead a fall quarter honor roll which listed 44 A's and 134 B's.

Nine seniors made 4.00 As; 178 made Honor Roll, which listed 44 A's and 134 B's.

Five were in Engineering, and one in Nursing.

Those nine seniors, six were seniors; two, juniors; and one, a sophomore. According to school officials, two were in Education and General Studies; five were in Engineering; and one was in Nursing.

Following are the A's and the B honor roll:

**"A" HONOR ROLL**

**SENIORS**

Shirley A. Feaster, Greensboro, 4.00; Marilyn A. George, Sherwood, Maryland, 4.00; Ralph E. Greenlee, Greensboro, 4.00; Gladys C. Ingram, Greensboro, 4.00; Martha A. Georgp, Sherwood, Maryland, 4.00; Marjorie J. Linton, Greensboro, 4.00; and Thomas R. Murphy, Greensboro, 4.00.

**JUNIORS**

Robert Patterson, Lenoir, 4.00; Alfred C. Waddell, Greensboro, 4.00; Joe McFadden, Rock Hill, S.C., 4.00; Wannie D. Worth, Greensboro, 3.95; Brenda M. Richardson, Westbury, L.I., 3.90; Marion E. Shaples, Greensboro, 3.90; Wilhelmina Lindsey, Charlotte, 3.90; Carolyn E. Jones, Moyock, 3.90; Robert T. Waigafft, Greensboro, 3.85; Ha. Taylor, Rocky Mount, 3.90; Charles E. Thompson, Rocky Mount, 3.90; and Allen S. Wallace, New Bern, 3.90.

**SOPHOMORES**

Lindswell Burney, LaGrange, 4.00; Diane Ramsey, Leesboro, 3.90; Charles Elmore, Bermuda, 3.90; Joyce D. Burke, Huntersville, 3.25; and Loraine Lewis, Greensboro, 3.50.

**"B" HONOR ROLL**

**SENIORS**

Gilles A. Burtch, Jr., Clinton, 3.90; Thomas H. Brown, Norfolk, Virginia, 3.44; Charles D. Stevenson, Statesville, 3.40; Leon Thomas, Garner, 3.30; Joyce Johnson, Hartfield, 3.25; and Helen Atkinson, Burlington, 3.31.

**JUNIORS**

Vincent A. Loritts, Roanoke, Virginia, 3.25; Ida Taylor, Rocky Mount, 3.25; Mollie C. Walker, Greensboro, 3.25; David R. Smith, Clinton, 3.21; and Thomas R. Woodard, Jamesville, 3.25.

**FRESHMEN**

Vincent A. Loritts, Roanoke, Virginia, 3.19; Charles D. Stevenson, Statesville, 3.19; and Thomas R. Woodard, Jamesville, 3.19.

Among the dignitaries who participated in the acceptance ceremonies for the "Project Upift", were representatives from left to right: Dr. Lewis C. Douday, president of the college; Rev. R. Korayosi, Greensboro, chairman of the steering committee; the Right Reverend Bishop H. P. Maxwell, chairman of the steering committee; and Dr. A. C. Mallory, president of the State University of New York at Buffalo, chairman of the steering committee, and T. E. Pearson, chairman of the steering committee.

A&T College has been awarded grants totaling $325,000, by the National Science Foundation for the operation of two institutions for high school teachers of chemistry beginning this summer.

The instructional program will be open to residents of Guilford, Stokes, and Davie counties. The latter two counties are a part of the Appalachian Region, already rated as a depressed area.

The project has been authorized to operate eleven months with the first month to be used in orientation of staff and enrollment of students; the next six months for actual instruction, and the final two months for job placement assistance.

The instructional program will provide basic educational and vocational training in eight occupations.

The vocational courses to be offered include body repair, auto mechanics, bricklaying, cooking, custodial service, nursing aids, and waiter and waitress.

The New Year

We have just witnessed the beginning of a brand new year — 1965.

It is customary, at some time preceding or immediately following the entrance of any new year, for people to pause to take stock of past achievements and failures and to make resolutions for the future.

Some stock taking, planning, and proposing have taken place on campus; and some major changes can be expected this year.

One of the major changes in the planning department will be the move from the quarter to the semester system, beginning in September.

Student opinions vary regarding this change. Many are apprehensive about the yearly health screening of upperclassmen that is required to be dispensed with the yearly health screening of upperclassmen, for people to pause to take stock of past achievements and failures and to make resolutions for the future.

Aggies Win Over Broncos In CIAA Game

The A&T College Aggies last week breezed past the Fayetteville State Broncos, 100-69, in a CIAA basketball game played last week in Greensboro. The victory, plus another over St. Augustine's College later in the week, sent the Aggies home for the holidays with a 3-0 conference record, a 5-1, over-all.

The project will conduct a mobilized training program, as director of the college, has announced the star playmaker, who scored 25 points and pulled down 15 rebounds, and Robert Saunders, the star playmaker, who scored 25 points. Roy McNeill and Ray Baker, with 12 points each, were big scorers for Fayetteville.

The Register

The second program, a Summer Institute in Chemistry for Secondary School Teachers, for which a grant of $6,640, has been allocated, will be operated for nine weeks beginning on June 14, 1965 and ending through August 13. The program will include thirty participants.

Dr. Edwards said that applications to enter either of the Institutes should be filed on or before January 29, 1965, and announcement of the selections will be made on February 15, 1965.

Speech Contest

The annual public speaking contest opened the first week of the winter quarter. The theme this year, is "Our Changing Contemporary Society and Its Significance." There will be three or four cash prizes awarded. The semi-finals of the contest will take place during the last week in January. The speech subjects should interpret the theme, a contestant may use his own speech subject or he may choose one from a suggested list. The speeches should vary in length from 8 to 11 minutes.

Any student interested in entering this verbal competition should contact Mrs. Pearl G. Bradley, director of the contest.

Chemistry Grant

(Continued from Page 1)

The project proposes an intensive program of vocational training, health education, vocational counseling, job development, placement and supportive services for the participants.

1. It provides for a mobilized training program to participate in the training area. It will recruit the enrollment effort in all geographically hard-to-reach areas of the three counties.

2. It will utilize existing facilities at A&T College to provide services much needed by the group, including opportunities for social and cultural advancement.

3. The project will conduct a specialized testing program geared to the educational and cultural deficiencies of the participants, aimed at suggesting remedial techniques to be employed in the educational program and at measuring progress at periodic intervals.

The program envisions special services for the family of the participant, recognizing that maximum results can be obtained only through a total understanding and acceptance of the project objectives by the family unit.

At the time of selection of a trainee for this project, his family will be asked and encouraged to participate in one of the improvement groups to be established as part of the project services. Those groups have two purposes: (1) they will attempt to educate the families of the participants in those skills necessary to upgrade their way of life, and (2) they will provide an economical mechanism for family counseling both during training and in the follow-up phase.

Special training in homemaking, education, family life and community life is proposed for these group members.

Applications for admission to the training sessions may be made to Project Uplift, A&T College, Greensboro, N. C., 27411. Phone 375-1772.
