Albert Alston, right, Battlesboro, a junior at A&T College in agricultural education, and Mrs. Bessie A. McAllister of Greensboro, the mother of five, were presented the scholarships by the president of the scholarship fund, R. E. Sharpe, the members of the local organization and all concerned with his achievements.

Local Home Ec. Dept. Celebrates North Carolina Dietetics Week

BY EULA M. BATTLE

"For more than twelve years, my career in dietetics has been both challenging and rewarding," stated Mrs. E. E. Vernon, instructor in food and nutrition at A&T College, during a recent celebration of Dietetics Week. "I have served more than 10,000 meals at approximately one dollar per meal." She said.

Talents and Advancement are Great, according to Joan Leafy, a member of the class of 1965.

Jayees Give Scholarship To A&T Junior Ag. Major

Albert Alston, junior agricultural education major of Battlesboro, recently received a $100.00 educational scholarship from the Greensboro Junior Chamber of Commerce.

Dr. B. C. Webb, dean of the School of Agriculture, presented the scholarship to Alston at a luncheon held in the O'Henry Hotel.

Funds were provided for this scholarship from a paper drive the Jayees sponsored earlier during the year and they plan to make this an annual affair.

This scholarship is provided to seven to pull the total the 2.9 or better the previous semester who score more than 800. Particularly, many people who have a good reference from their school.

Alston gave his words of thanks to the chairman of the scholarship fund, R. E. Sharpe, the members of the local organization and all concerned with his achievements.

Dr. Henry Frye Announces Plans To Run For N. C. Legislature

Henry E. Frye, 34, Greensboro, attorney and former assistant U.S. district attorney, last week announced that he will be a candidate in the coming Democratic primary for a seat from Guilford County in the N.C. House of Representatives.

The primary election is set for Saturday, May 29, 1966.

A graduate of A&T College, with high honors, and a member of the Phi Beta Kappa Society, Frye received his law training at the University of North Carolina at Chapel Hill. While at UNC, he was a member of the editorial board of the North Carolina Law Review and was awarded the Bachelor of Laws degree in 1959.

He also studied at Syracuse University.

Frye was admitted to the N.C. State Bar and Federal Court also in 1959 and still operates a private law practice in Greensboro from 1959 to 1965.

He is a member of the Board of Directors of the Travelers Aid Association of Greensboro and a member of the Executive Committee of the Greensboro Housing Authority.

Frye has served as a board member of the Family Service Travelers Aid Association of Greensboro and vice chairman of the Board of Directors of the Greensboro Business Association.

A native of Ellerbe, Frye is married to the former Miss E. Elizabeth Taylor of Freeman. The Fryes have two sons, Henry Eric, 6, and Brian Albert, 4.
Easter Observance

Today we depart from the campus life of A&T College to observe one of the most joyous of Christian festivals observed annually throughout Christendom in commemoration of the resurrection of Jesus Christ.

Easter is a movable date, falling anywhere between March 22 and April 25. It is celebrated in remembrance of the death and resurrection of Jesus Christ. The Easter season begins on the first Sunday following the first full moon after the vernal equinox (March 21).

Leading and following are processes of leading and following. Such information is timely and relevant to today's college students. It is the Easter rabbit which is fabled to lay the eggs in the nest prepared for it or to hide them for the children to find.

The familiar sight of new fashions at Easter today dates back to the year when it was believed unlucky not to wear new clothes on Easter Sunday. It is the Easter bunny which is an accepted part of the Christian festival, like that of the Passover, shifted from year to year in relation to the Julian calendar, thus observed by the Romans, who celebrated it according to the solar year. Many countries including the United States have made efforts to place Easter on one particular day; but, today, the celebration date still slips in the solar year.

Like the Easter hare, now an accepted part of the traditional Easter story, came to Christianity from antiquity. The hare is associated with the moon and legends of ancient Egypt and their people of the world. It belongs to the night because it comes out to rest then. It is born with its eyes open, like the moon, is the "open-eyed watcher of the skies."

Here in the United States, where the hare is unfamiliar, it is possible to see the rabbit symbol as a symbol of the best and the brightest of our youth, the Easter Bunny. The hare is not a symbol of Easter. However, it is a symbol of the Easter Bunny. The hare is a symbol of Easter. The Easter Bunny is a symbol of the hare.

Likewise the Easter hare, now an accepted part of the traditional Easter story, came to Christianity from antiquity. The hare is associated with the moon and legends of ancient Egypt and their people of the world. It belongs to the night because it comes out to rest then. It is born with its eyes open, like the moon, is the "open-eyed watcher of the skies."

In addition to being used as a symbol of the Easter Bunny, the hare is also used as a symbol of the Easter Bunny, the Easter Bunny, the Easter Bunny, the Easter Bunny.

The familiar sight of new fashions at Easter today dates back to the year when it was believed unlucky not to wear new clothes on Easter Sunday. It is the Easter bunny which is an accepted part of the Christian festival, like that of the Passover, shifted from year to year in relation to the Julian calendar, thus observed by the Romans, who celebrated it according to the solar year. Many countries including the United States have made efforts to place Easter on one particular day; but, today, the celebration date still slips in the solar year.

Selected Leaders

By Stanley Johnson

In order to participate effectively in our society, our students and graduates should endeavor to have experience in the processes of leading and following. Such information is timely as we begin thinking about our spring elections. We need good leadership in our campus functions and organizations in order for them to function properly. We also need to know how to lead and follow to do our jobs.

Choosing our leaders, we as followers should make sure we know what qualities they should possess.

As we approach the election, we should consider the two following characteristics: First, the leader must have a knowledge of the skills, duties, and responsibilities of effective democratic leadership. He should first be able to carry on a meeting without the slightest bit of difficulty — simply because scholars before him have given him the road maps to successful meetings and he need only follow them.

Secondly, we must be sure he has had experience in leadership positions. In order to make most candidates, we always listen to his qualifications. Often we put our emphasis on the wrong assets. We take note of how many courses in fine arts. Why not enroll in one and, at the same time, get some recognition for your artistry? Let us leave the stationery to the painters and artists, and the painting to the painters!

How To Succeed

As A Failure

Economic affairs are so ar- ranged today that it is almost impossible to avoid success. It re- quires as much skill as to become an outstanding failure as it does to become great in any field.

To be a failure, first you must get rid of the belief that success in college is college as desired. Success in college is not measured by grades but rather by how much the student has learned. Failure does not have to work at all.

A leader who has not learned to lead will not succeed in college. Learning to lead involves many skills such as organization, planning, and communication.

With the "V" neckline, there is no pocket on each side that looks like a pleat. To top this suit, one may wear a matching hat and a "U" neckline. The shirt is sleeveless and the blouse has a "V" neckline. To add a piece of material like the dress and put it around the band of the neck.

The most popular designs that sell best are also the ones that are the easiest to make. As for the Easter Bunny, it is painted on a "V" neckline. But, don't feel as though you are a sore thumb sticking out in the crowd, for you are probably not alone. There are probably quite a few eager beavers who share your confusion in presuming that spring has sent winter home for another year!

By PHENIE DYE

FASHIONS

Easter Suits

As the Easter holidays ap- proach, and the weather remains uncertain, the choice of what to wear to the fashion shop is the very var- iation of the problem. Since it is the Easter holiday, the weather should be suitable for outdoor activities. The long sleeves must be sleeveless and the short sleeves must be sleeveless. The double-breasted coat must be sleeveless. The overcoat must be sleeveless.

“Artists” Wage Hidden Talent

On Unnamed Letters In Library

Did you know that writing letters to your favorite artist is an art? Have you ever written a letter to your favorite artist? If you have, did you ever get a response? Did you ever get a response? Did you ever get a response? Did you ever get a response? Did you ever get a response? Did you ever get a response? Did you ever get a response? Did you ever get a response?

Hasty Charges

May Be Tragic

What could possibly be more tragic than being the wrong conclusion — especially about that Easter Bunny? Tragic because you are positively sure that winter is over and spring is here. There has been a week or more of the baking of winter, a warming of temperatures, the spotting of flowers, the singing of birds — all indications that spring is here once again. Tragic because you have gone so far as to place your entire winter wardrobe in storage until next fall, positively that you absolutely need only wear summer clothes. Tragic because you are going to head back to theิ winter wardrobe in storage until next fall, positively that you absolutely need only wear summer clothes. Tragic because you are going to head back to the winter wardrobe in storage until next fall, positively that you absolutely need only wear summer clothes.

As the winds whip through your thin spring coat, you feel as though you actually hear them (the winds) laughing at you as you walk down the street. The students who seem to be glaring at you as you approach them were probably happy to have sold your winter garments as early!

But, don’t fear us though you are a new woman looking through this crowd, for you are probably not alone. There are probably quite a few eager beavers who share your confusion in presuming that spring has sent winter home for another year?

Advisory Board Devises Policies For University Of Utah Bookstore

The Bookstore Advisory Board at the University of Utah was formed to maintain the philosophy that profit should not be a consideration in making bookstore policy. The Board has the power to make any changes in the policies of the University Bookstore. The members can only inappropriately be regarded as a source of revenue, the statement read.

"This incompatibility between educational service and concern for profit is not overcome even when the profits are planned into the University to sustain the financing of some enterprise or project."

Profits from the store are presently going to pay off a 40-year bond, according to a Bookstore report. The Bookstore is paying 5 per cent of the annual bond payment, while its construction represents only six per cent of the money derived from the bond.

The board also recommended a 10 per cent increase in the price of textbooks. This increase is non-essential. Other recommendations include:

- The Bookstore make it a policy to return textbooks within two weeks after purchase.
- The paperback collection be filed together.
- The magazine offerings be expanded.
- A branch store open evenings is there for those students who are not able to visit the store during normal hours.
- A letter be sent to departments pointing out the "obvious chaos" that often exists in the departments.
- Information Specialists Sherman Capron, Va.
- The Sears catalogue be filed alphabetically.
- A branch store open evenings is there for those students who are not able to visit the store during normal hours.
- A letter be sent to departments pointing out the "obvious chaos" that often exists in the departments.

Announcement

The Dean of Student has received requests for the employment of 11 students to work at the Colonial Hotel and Villa, Cape May, New Jersey Beach. All interested students are urged to apply immediately. Other recommendations for the future include:

- The Sears catalogue be filed alphabetically.
- A branch store open evenings is there for those students who are not able to visit the store during normal hours.
- A letter be sent to departments pointing out the "obvious chaos" that often exists in the departments.

The Negro college - The Negro college.

Student Rebel

For Lost Causes

Students Rebel

For Lost Causes

Wright Student

(AACP) - The most important student cause of all is lost in the U.S. today. The American Student Association (ASA) at Texas University, University of Texas, and University of Texas, Austin.

This cause is paradoxical. It is important in a very, very few of our students. The students of the South are not important for the South. The students of the South are not important for the South. The students of the South are not important for the South. The students of the South are not important for the South.

In their final year of college, they may be able to fit their programs into the University, and University, and University, and University.

The answer to the question "where are the students?" is that they are in the colleges. They are in the colleges. They are in the colleges. They are in the colleges.

We are not the new left or the reactionary right, but we are under attack by both. We are in the pre-professional position of having won our traditional ties, but by having shown them in our associations. We have learned what we are proposing is not a clear voice in the world, but a voice in the world, but a voice in the world.

Now—U.S. Savings Bonds
Pay More Interest

4.15% when held to maturity

Higher interest on the Bonds you already own, too!

U.S. Savings Bonds are a better way to save than ever

**Because now all Series E and Series H Bonds matured after December 1, 1965, will earn the new, higher interest rate of 4.15% when held to maturity. That's only 7 years for Series E Bonds.**

All Bond interest checks will be larger beginning in June 1966.

And your outstanding Bonds will earn more, too! From now on, you don't have to cash in your present Bonds to get the attractive new rate.

Ask about buying Bonds where you work or bank. For America's future. And yours.

**A&T Track Team**

Wins Firsts In W.S. Meet

The A&T College Aggies are continuing to move themselves up in the eyes of the track world. Last week, the A&T College Invitational Track Meet, the Aggies, behind the efforts of Elbert Rhodes, took first place physically. Rhodes won the 400 with a time of 51.1, and then followed with the discus throw to win both events and rank himself as the number one best discus thrower in the land.

Other first place winners were Sam Marsh in the 220 with a 23.2 checking, Steve Dixon won the javelin with a throw of 110' and Bob Leon won the triple jump with 45' 2" effort, Marsh also placed second in the 100 yard dash with a time of 9.8 and the Aggies took a runn-up spot in the 60 yard relay.

**Sophomore Class**

Ends Successful Weekend Activity

By LEON HOUSE

A hundred-dollar gain, yielded for the A&T College Endowment Fund, and numerous citations connoting a successful "Sophomore Weekend" ended April 13. Glenn E. Holcomb, Jr., a freshman from Chicago, Ill., stated the opinion that "Operation-Sophomore Weekend" was successful and is entitled to be perpetuated as an annual affair.

"Operation-Sophomore Weekend" was launched by the sophomore class of A&T as the first of what is hoped to be a series of "Sophomore Weekends," aimed in June Graduates.

The sophomore class wish to thank all persons involved in promoting the class itself, but especially the directors of the class with special reference to Mrs. Russel P. Patterson, Miss Sophomore, excruciating hours for their work, for without them the whole plan might have foundered. The student body is indebted to the director of the class, Brother Leon House, for his hard work and vision in the planning and execution of the class.
