College Conducts Self-Analysis To Cope With Future Demands

A&T College is conducting a college-wide self-analysis this academic year. The purpose of the study is to determine the need for changes in the college and to establish policies and administrative office structures. The meeting will take place during the month of November. The self-analysis will be conducted in three sections: (1) assistance of student government, (2) curriculum and instruction, and (3) research.

Your College Union Program Needs You

The Memorial Union which is scheduled to be opened in April is proposed to sponsor, integrate, and project the student's social, cultural, and recreational activities. North Carolina A&T College with the end result being a campus wide, joint, and service program for the student and faculty volunteer workers. As the student and faculty volunteer workers for the Union. As the student and faculty volunteer workers for the Union.

The Committees are as follows:

1. Social Affairs Committee
   The Social Affairs Committee shall sponsor such activities as variety shows, carnivals, holiday parties, dances, jazz concerts, feature movies, and full length productions.

2. Cultural Affairs Committee
   The Cultural Affairs Committee shall sponsor book reviews, lectures, debates, panel discussions, forums, art shows, musicals and students' plays, educational motion pictures, and dramatic and semi-classical concerts.

3. Quiet Games Committee
   The Quiet Games Committee shall conduct a variety of activities in the Quiet Games Room. This committee shall develop a program to include tournaments and free time participation in checkers, chess, whist, bridge, dominoes and a number of additional table games. The committee shall be concerned with all areas of the building.

4. Union Players
   The Union Players shall be a dramatic group sponsoring workshops in drama, student plays, dramatic readings and full length productions.

5. Union Singers
   The Union Singers shall be a singing club organized to sponsor hootenanny shows, sing-outs and community song festivals.

6. Learning for Living Committee
   The Learning for Living Committee shall be concerned with informal adult education as it relates to the student body and student volunteers to fill vacant positions in the student organization. The committee shall plan all phases of the student's involvement to include the establishment and management of the annual budget. The committee shall develop a program to include tournaments and free time participation in checkers, chess, whist, bridge, dominoes and a number of additional table games.

7. Personnel Committee
   The Personnel Committee has as its primary function to communicate with the student volunteer workers for the Union. As the student volunteer workers.

8. Rules and Regulations Committee
   The Rules and Regulations Committee shall sponsor an annual awards banquet to honor the winners very soon. The committee shall secure volunteer workers to fulfill vacant positions in the organization. The committee shall be concerned with the different types of committees.

9. Publicity Committee
   The Publicity Committee is organized to communicate with the servicemen in Viet Nam. The committee shall communicate the student government has a pep band to play at basketball games. The committee shall send out to one hundred twenty schools. We received 175 responses. Here is the breakdown of the question on the different types of committees.

10. Games and Tournaments
   The Games and Tournaments Committee shall concern itself with the organization of the games area which includes bowling, billiards, and table tennis. The committee shall organize Leagues and Tournaments and also suggest fees and rental rates to be charged in the games area.

11. Budget Committee
   The Budget Committee shall be responsible for the allocating of funds from the Program Budget. This committee shall receive the annual program budget from the executive committee. Upon receipt of budget requests from the various committees, it shall make available funds in accord with the stipulated amounts as set forth by the Union Advisory Board.

The Executive Committee of the Student NEA-NCTA met here last Sunday in a planning session. Pending over the group was Eula M. Battle, president. Others attending were (left to right) Frances White, Kay English, Roy White, S. J. Pointer, Ray Johnson, and Marian Gayles. The chairman said that the student government has a pep band to play at basketball games. The committee shall send out to one hundred twenty schools. We received 175 responses. Here is the breakdown of the question on the different types of committees.

The question was asked, 60 yes, 30 no.

The meeting was called to order at 7:30 P.M. by the president, Roy White, president, we were led in a few minutes of silent prayer.

The first item on the agenda was the appointment of a student affairs committee. The chairman of the committee is Willie Drake. Members are Winfield Harris, Jean Lipscomb, Sandra Carlson, and Marth Gallant. This committee will handle problems arising in the activities.

Also appointed was a basketball committee organized to promote basketball games. Ray Johnson brought to our attention that last year a pan club was organized to communicate with the servicemen in Viet Nam. The servicemen have appreciated our letters and look forward to receiving more of them in the future. English suggested that we send Christmas cards to the men in Viet Nam. He said that a fund could be set up for this purpose and those wishing to contribute could deposit money at the bank. It was suggested that we have a Kitchen Day on campus and that the money collected go to the fund. The president was appointed chairman of the committee to handle this project.

Discussion arose about the regulation of the office of the student government. The president said that the student affairs committee was scheduled for dedication in April and that the president would like to see the program budget from the executive committee. Upon receipt of budget requests from the various committees, it shall make available funds in accord with the stipulated amounts as set forth by the Union Advisory Board.

The question was asked, 60 yes, 30 no.
"We Must Become Involved" Says
By NANCY WADDELL
National Education Week, November 6-12, commenced for us here at A&T College by the presentation of a service in Robert B. Harrison Auditorium.

Education is similarly expressed in the theme for this year. It adds up to "Human dignity, rational thinking, a creative spirit, self-reliance, economic competence, informed citizenship.

Presenting over the program was Mr. Arthur Holley, and other featured speakers were, in order of appearance, Jean Williams, a student at Eastern Mennonite College, Harrisonburg, Virginia. His address began with "A student, B students, C students, D students, and friends" and projected a down-to-earth commendation for all of us. He said that "the beginning of progress" he further went on to say that "we must become involved if we are to accomplish more.

There are rapid advances in science, education, and teaching professions. He believes that the "art of leading begins with our selves and there must be respect for realities and for original action."

Quoting from Dr. Eddy, Henry Adams and Dwight D. Eisenhower, "No man is an island." He iterated related facts from the field of education, ethics, and self-reliance. He emphasized the ethical codes which make for an outstanding teacher. Stating that "conflict is the cutting edge of progress" he further went on to say that "we must become involved if we are to achieve more."

"The answers that they give are "it is interesting or challenging" but the real reason if often looked within the teacher's heart. To be an effective teacher one has "to establish rapport, to communicate. A teacher must be looking for continued and renewed understanding and a teacher teaching by what he does and learns." He asked the audience "what satisfactions are there in teaching?"

"Many substantial answers were given by the speaker emphasizing self satisfaction as being real, but not all important. He says that "it is quite simple to impress students and unique in quality.

Student's Films Set In Motion
Emphasis Series
By NANCY WADDELL
Last month in Bluford Library's auditorium, the first of several humanities series this year by presented three short motion pictures. He designed no particular time for them except to say that the first and last film were taken from a medium picture entitled Delicate Strokes. Students' film pointed out the creative aspect of original thinking. One finds creation throughout the humanities, may it be in music, dance, poetry, or art works. The motion picture was shown meana in creativity and unique in quality.

Despite fiendish torture dynamic BIC Duo writes first time, every time!

If you want a career that really gives you room to grow, we have a suggestion. Start with Humble Oil and you will start with the company that provides more petroleum energy to this nation than any other oil company. You literally start with No. 1—America's Leading Energy Company!

Start with Humble and we'll help you grow—with frequent evaluations...
A Great Step

The self-analysis project being conducted by the college can be most helpful in strengthening this institution and in promoting the quest for quality education. Thus, I would urge that the committee make mountains from molehills not only to produce a study of our shortcomings, but to be the first step in realizing future progress.

Perhaps one way for the committee to demonstrate its interest in this project is to initiate a committee on student activities, and we feel that this committee should be interested in the students and their welfare — physically, intellectually, and socially.

Let us now consider a scheme that would enable the students to suggest areas in which they feel the institution is weakest. Some areas which have come to our attention are considered worthy of the attention of the students and other interested parties.

It would be beneficial to students if they were assigned an adviser in their freshman year who would remain their adviser for the entire four years of undergraduate work. This adviser would be in a better position to advise if he were thoroughly familiar with the student's requirements for graduation, his strengths and his weaknesses.

Registration could be made less a burden, and it would be only fair to the student if the registration procedures remained the same. Many changes in the past have only led to confusion. If there is change, then it should mean better procedures are being practiced. Students will be more interested in complying with changes in their activities if they are allowed an opportunity to participate in the making of such changes.

A&T has taken a giant step on the road toward progressive change and needed evaluations. This is only an initial step. It must now prepare the student body and the college community to accept the necessary changes and to modify the existing situations.

Let us take a page from history. "Every litter bit hurts," and let us be wise in our ways. Let us be better citizens and let us cherish our institutions. Let us work for our future and not for our past.

Who Are They?

There was a football game at Tallahassee, Florida recently and I know many spectators who were surprised at the Florida Agricultural and Mechanical University. Nobody knew who they were, they were the Arabs of the Agricultural and Mechanical Technical College of North Carolina. I think it is a good prophecy.

Let us be modern in our thinking and work for the future. We are in the making of such changes. The red and black aggie, the mighty aggie, the strong aggie, the big aggie — we are all in the making of such changes. We are all the mighty aggie and we must be prepared to fight for our future.

LETTERS TO THE EDITOR

"What's Happening To Aggie Football?"

Editor of THE REGISTER:
The teams of the A&T College Aggies have been slowly decline

ing, in regard to good performance, in the last three years. There are two good possible reasons for these dropings. One may be "bad coaching" and the other may be "bad material" on the

team itself.

As far as I understand the situation, there are two good possible reasons for these dropings. One may be "bad coaching" and the other may be "bad material" on the team itself.

Jazz has an interesting and somewhat surprising history, particularly when you consider that jazz is often associated with the black culture and blue collar workers. Indeed, jazz is the result of the fusion of music styles that were brought to America by the slave trade. The music that develops from this fusion is known as jazz.

The origins of jazz can be traced back to the early 20th century, when European music styles were being introduced to the Americas. The earliest form of jazz was known as New Orleans jazz, which was characterized by the use of the blues and ragtime elements. The style was popular among musicians and quickly spread throughout the United States.

Over time, jazz evolved into different sub-genres, each with its own characteristics. For example, swing jazz, which emerged in the 1930s, was characterized by its syncopated rhythms and emphasis on the second and fourth beats of the bar. Bebop jazz, which emerged in the 1940s, was characterized by its complex harmonies and improvisational solos.

Jazz has been influential in many aspects of American culture, including film, literature, and fashion. It has also been an important influence on other music genres, such as rock and roll.

In conclusion, jazz is a unique and dynamic art form that has had a profound impact on American culture. Its origins can be traced back to the fusion of musical styles brought to America by the slave trade.

Aggies Meet Eagles In Turkey Day Classic

By EARNEST FULTON

Any hopes the Aggies had of coming out of the season with a winning record were shattered last week as Virginia State pulled an upset in the Veteran's Day Classic, sending the Aggies down to their fifth defeat of the season by a score of 13-12.

This was the third straight loss for A&T. The Aggies haven't won a game since October 22 when they blanked the Winston-Salem State College Rams 56-0. Since then, they have lost to Morgan State, Maryland State, Florida A&M and Virginia.

This marks one of the worst seasons in A&T's football history. Certainly, this is the worst in Coach Piggott's tenure as head coach. When a team starts losing, it begins to look bad. It seems as if everything conspires to go wrong; that is, plays are called back that were successful.

Next week on Thursday, Thanksgiving Day, the Aggies will travel to Durham to engage the North Carolina College Eagles in the annual Thanksgiving Day Classic. The Classic is rotated each year between Durham and Greensboro. The first game in this season was won by North Carolina College in 1932 by a score of 19-0. Last year the Eagles beat the Aggies here in Greensboro by a score of 7-6.

A&T has won the Thanksgiving Day Classic seventeen times while North Carolina College has won the event twelve times. Two games have ended in ties.

North Carolina College started the season by losing its first three games to Allen University, Kentucky State and Morgan State. Only one of those losses, to Morgan State, was a conference game. The Eagles haven't lost a game since October 8. They have beaten in successive weeks, Virginia State, Maryland State, Shaw, Johnson C. Smith, and Virginia Union. All of these victories have been against CIAA opponents.

This amazing rebound by North Carolina has carried them to the top of the conference standings. The only team that is ahead of the Eagles is Morgan State.

North Carolina College will enter the Classic as the definite favorite. With the Thanksgiving Day Classic, ten Aggies will terminate their collegiate football careers. They are quarterbacks, Willie Gray and John Granger; halfback, Willie "Cowboy" Vaughn; punter and offensive halfback, Furney Pollock; backs, Willie Holmes and Charlie James; and Robert Edwards, Jerry McCallough, Harold Darby and Clyde Petteway (captain) all interior linemen.

People get to know each other better over coffee.

Maxwell House Coffee-the best there is.
