Dean Releases Names Of New Personnel

By DAVID LEE BROWN

The Office of Academic Affairs has listed on its records a number of retiring and new academic and administrative personnel. These records include personnel from all the schools of the university except one.

New faculty members who are listed in the School of Agriculture include Miss B. J. Pettigrew, instructor of Emittance; Mr. Larry R. Shannon, research assistant with Tobacco Research Project; Mr. Benjamin O. Kayplant, associate professor of soils; and Chung-Woon Seo, associate professor of retiring and new academic and administrative personnel:

- Dr. Wilbur L. Hedgebeth, director of instruction.
- Mr. John A. Stulinsky, professor of architecture.
- Mrs. Vivian C. Thorpe, associate professor of economics.
- Dr. Alice E. Forbes, and Arlean Thompson.
- James A. Roberts, instructor of history.
- Dr. Rabinder K. Ginn, instructor of humanities.
- Charles Edward Massey, instructor of sociology.
- Mrs. Sarah K. Hinton, assistant reference librarian.

The Office of the Dean of Student Affairs includes only one new administrative member, Benny Mayfield, acting assistant to the dean of student affairs and director of student activities. Several faculty members are included in the personnel group listed in the School of Nursing: Mrs. Johnnie B. Bunch, teaching assistant in Nursing.

Faculty members included in the School of Education: Dr. M. F. Villeneuve, assistant professor of business administration; and Dr. A. S. Kurns, associate professor business administration.

Several faculty members are included in the personnel group listed in the School of Nursing: Mrs. Johnnie B. Bunch, teaching assistant in Nursing. Faculty members included in the School of Engineering: Mrs. Hazel Harris, instructor of biology; Dr. Rabinder K. Ginn, instructor of humanities.

Yearbook To Be In Hands Of Students In October

By COHEN N. GREENE

Dr. Jesus R. Marshall affirmed last Wednesday that the Aggie family would receive a yearbook for the 1970-1971 academic year. The Ayantee due from the publishing company, September 29 should be in the hands of the Ayantee by late next week.

According to Dr. Marshall, dean of Student Affairs, the publishing company is preparing the yearbook, and all materials are organized by representatives of the Ayantee. The company is scheduled to deliver the yearbook to the publishing company by the end of the week.

The yearbook was completed June 30 and sent to the publisher. During the summer, the director of Student Affairs will work with the publishing company to organize the yearbook's content. The total number of students involved in the student of the yearbook project is limited to twenty-five students.

The Student Exchange Program Involves Twelve Students

By DAVID LEE BROWN

The Student Exchange Program between A&T and the University of Wisconsin at Madison has the responsibility of providing highly qualified students the opportunity to study in the School of Engineering and the University of Wisconsin at Madison.

The Student Exchange Program is open to students from other universities. The exchange program provides a laboratory geared for developing new personal and social attitudes, for exploring myths and other embedded and missionary behaviors in almost two structurally different societies.

Blessed Are The Peacemakers

By DICK GREGORY

Now that fall is here, many white folks are wondering what is happening in the ghettos in major cities. I feel it is my obligation to my readers to let them in on the secret. During the past summer's riot season, I've been working with a group of young radicals — like H. Rap O'Brien and Eldridge Mc Clever.

I don't know what is wrong with those Irish Catholly blastards. I can't solve their problems they should be more like black folks. They should stop burning churches and killing niggers. They should solve their problems by sitting down with the black people and getting their support. By demanding the best of them in the ghettos. Now if they just get together with us we can make a solution. They're not too smart. I don't have to tell you the story of what happened to the white folks. It was just too bad. I don't think that they can do it. They should stop trying to move too fast.

All these religious battles are really strange — Catholic fighting Protestants and Jews fighting Arabs. It kind of makes you wonder what profound secret the atheists have that makes them act so Godlike. Now I'm talking about a situation that is really taking place in the ghettos. I think that the police should be more like black folks. They should get with the black people and get their support. They should sit down with the black people and get the best of them in the ghettos. The police shouldn't be like the Irish Catholics. If they want to solve their problems they should be whole-hearted with the position taken by the heads of SGA. I'm not assuming, I know that he now knows about this problem more than the other white folks. Perhaps he even knew about other problems; but rather than assuming, I know that he now knows about this problem and more importantly, as Black people. This should be the case among all of us. Any interested student should feel free to drop by and observe the situation with anybody representing people. In these times when it is so natural freedom of surf and sand. Why should we have to ask for our own freedom? We have no effect on the immediate environment, the little boy tried to hear the roar of the sea by throwing away the little boy. What happened when ghetto pressures were applied. Speaking in child understanding, leadership and an avenue of expression for the little boy. The seeds of despotism at your own doors. Familiarize yourself with the demon you have aroused will not turn and rend you? For the first time in their lives ghetto residents had some one to turn to, someone who understood their problems, organizations committed to seeking solutions. This is an entirely new situation in the black ghetto. The militants of the black ghettos, who are usual­ly committed to communistic influences, were the biggest movers in a riot-free summer. The militants were the real peacemakers. These black militants have a profound disrespect for the corrupt racist system in America, they have an equally profound respect for the black ghetto. In ghetto after ghetto across the country, militant organizations were opening storefront offices, setting up community organizations, and black militants were doing a job. The first time in their lives ghetto residents had some one to turn to, someone who understood their problems, organizations committed to seeking solutions. This is an entirely new situation in the black ghetto. The militants of the black ghettos, who are usually committed to communistic influences, were the biggest movers in a riot-free summer. This is an entirely new situation in the black ghetto. The militants of the black ghettos, who are usually committed to communistic influences, were the biggest movers in a riot-free summer. The militants were the real peacemakers.

Ironically, I could have been reached more easily this semester. They're trying to move too fast.
Johnson Assails Student Press

BY COHEN N. GREENE

"We must, as responsible stu-
dents, take the initiative and reac-
tionary forces which appear to be-
ly on this campus," stated Johnson.

"We must not allow ourselves to
be discouraged by the present situa-
tion. We must continue to fight for
freedom and justice and for our
right to express our opinions."

Students were also warned that
the Student Government Association
(SGA) would take action against any
student who violates the law or
the Student Code of Conduct.

In conclusion, Johnson
emphasized the importance of
student participation in the campus
community and encouraged all stu-
dents to become involved in the
decision-making process of their
campus.

On Tuesday, October 7, 8:06 P.M., the name Nina Simone is added to the list of Black vocalists who will be featured in concert. The internationally renowned pianist and singer will be one of the performers at the annual memorial Concert at the University of Maryland. The event is sponsored by the Office of Student Affairs.

Nina Simone, whose career spans over 30 years, has been a major influence in the world of music. She is known for her powerful voice and her ability to connect with audiences through her powerful performances. Simone has been a vocal advocate for civil rights and social justice issues throughout her career.

Throughout her career, Simone has been recognized for her unique style and powerful performances. She has received numerous awards and accolades, including a Grammy Award for her Album of the Year in 1968.

Simone's music has been featured in many films and television shows, and she has collaborated with some of the biggest names in the music industry. She has also been involved in many social and political causes, including the civil rights movement.

The commemorative concert at the University of Maryland is part of a larger celebration of Simone's contributions to music and society. The event will feature performances by many of the top musicians and vocalists of today, as well as tributes to Simone's legacy.

The concert is expected to be a wonderful opportunity for music lovers and fans of Simone's music to come together and celebrate her monumental contributions to the world of music and society.
Howell currently has the Louis­
portant cog to the A&T football to the Aggie lineup as a freshman. Blacknall showed why he broke in­
blitzing on the third and seven.

Aggie End Ben Blacknall

Places Pressure On Foes

Football in Jen Blacknall is vigor­ing an opponent's sweep or bli­
shing on his third and seven.

Although set, Sophomore Blacknall has become a pretty im­
potent cog to the A&T offensive machine. Aggie Coach Howell currently has the Louis­
native playing both defensive and line-backer.

In a closed scrimmage game, Blacknall showed why he broke in­
to the Aggie lineup as a freshman. At 6-2, 215 pounds, Blacknall is firmly in the offensive backfield. As a VISTA volunteer, described the

Aggies Meet S. C. State Saturday

The young Aggies of Coach

Hornsby have been in a very suc­
gessful season in a non-conference game with the Bulldogs of South Carolina State and should prove to be a tough test this saturday.

After a brilliant first season as mentor and compiling a 6-0 record, Coach Howell only has to look at the positions of this year's team, but not with the same success. With more superb first year, it is hard for some to believe his team is near perfect record. Just a year a

so optimistic decided that A&T could even break even for the assis­
tent coordinator and it shows the potential base­

y the year before. There were even occasions when the Aggies would beat only Winston­
Salem State and Howard. A year before Blacknall showed up with this machine. To the surprise of many, the Louisburg native playing both defensive

end and running back, has led to a new position. He had been a

Army ROTC Achieves Distinction

By PAUL JONES

For the first time in the history of the Army ROTC Program, University of North Carolina at Greensboro students from the black community have shared an otherwise exclusive distinction by becoming the first cadet unit staffed by black cadets. This unit was organized for minority college students seeking career opportunities after graduation. The new unit was organized under the leadership of Lt. Col. Alfred Duckett, who is black, is Vice President and Editorial Director. Both have rich backgrounds in the publishing field.

The lead article in the first issue of the new magazine, Dr. Jerome H. Holland, president of Tuskegee Institute, said: "I feel that the publishing of EQUAL OPPORTUNITY will serve a very important role in overcoming the communications gap which has always plagued the discussion of black youth and of black youth the increasing need of employment opportunities. This approach helps us to communicate the realities of the world, the society, the opportunities, the possibilities and the dangers.

The rationale behind the S-U system is that students have freedom of choice in the selection of courses to be taken. The system is not only that many courses will not be available for credit, but that grades are still the best criteria for evaluation. Under this system "pass-fail" courses will not be accepted as a part of the student's academic record. Grades in pass-fail courses will not count in the grade point average of the student. The rationale behind the S-U system is that students have freedom of choice in the selection of courses to be taken.
