**Student Legislators Vote To Rename Campus Bldgs**

By Vernice Wright

In the Wednesday evening session of the Student Legislature Meeting, the legislative body passed a bill authorizing the renaming of all buildings on campus that are currently named after whites.

Richard Powell, chairman of the "Black Leadership" working group, stated, "We will rename all buildings on campus as a result of growing concern over the presence of white names.

During the session, the body also heard an immediate investigation of the student legislature into grave problems existing in the building and new developments.

Speaking for sixty-two petitioners, Manning said, "We as students of A&T are being used, short changed, and obviously taken in through false promises taken were each dorm on campus. The main publications and library cooperation of each student to help cut down, if not entirely, the number of books being used.

"The decision to employ guards at the front entrance was made to help cut down, if not stop entirely, the number of library books and other materials. The call for the cooperation of each student to help combat this problem."

Crews said some of the vandals in question are not students at all, but people knowledgeable in encyclopedias which require a new set for each student. These thieves, he said, are taking only the two or three volumes taken from each set.

"The police have charged all students with theft, but it's a fact that the grow men and women who we feel deserve to be honored:" Fuller stated.

Fuller continued that "some crackers who dehumanized King while he was alive, want to blacken his memory. America can never make an attempt to honor King, because black people must stop begging the white people to honor them. This is a fact. Fuller pointed out, and begin to honor those brothers and sisters left behind, we must be honored.

‘If his birthday is important, Fuller continued, “I can imagine the thought that goes through the minds of the students who are revered. They are our brothers and sisters, and they deserve to be honored.”

Fuller added that the "souls of black people must begin to accept very fundamental realities, explained Fuller. "People are regarding the names open their eyes. The facts are clear: the white police, white judges, white senators, these are the elements that we must make creative responses to, or die,” he emphatically, “or die.”

When we think of King, we think of the 60s. We think of Greensboro when four Blacks from A & T sat down at Woolworths lunch counter that started a movement. This was a creative response of our people. Fuller pointed out, “In the final analysis, in spite of blood, sweat, and tears, our people are no better off than when it all started—oppression, hunger, still exist. There is no question that the white man is nothing but a dog, and you turn colors with embarrassment. Now, you are the ‘talk of the town’ at the dinner table in Murphy Hall. Who says Aggies aren’t friendly?

One anonymous Aggie told this reporter that he woke up Monday morning, peeking out from the blanket of snow and actually dived back under the comforts of his covers because, “I saw my roommate coming to make me up with a handful of snow.”

"Something my surprise,” complained a frustrated freshman, “students in college react worse than junior high school kids. I sure didn’t expect to be snacked with a snowball this afternoon. So the game is light fire with fire, so I threw one back and ran”.

You wouldn’t believe some of the experiences that some students had. Helen Hatcher, a sophomore, described her experience, major, related that as she

**Librarian Posts Guards To Combat Book Thefts**

By Frankie Pauling

Each year between 390 and 2,000 volumes of library books or materials have been taken from the F.D. Bluford Library. In an effort to help combat this trend, the students at the Library, has employed the services of a public guard.

"The guard will patrol the library and act to employ guards at the front entrance was made to help cut down, if not stop entirely, the number of library books and other materials. The call for the cooperation of each student to help combat this problem."

Crews said some of the vandals in question are not students at all, but people knowledgeable in encyclopedias which require a new set for each student. These thieves, he said, are taking only the two or three volumes taken from each set.

"The police have charged all students with theft, but it's a fact that the grow men and women who we feel deserve to be honored:" Fuller stated.

Fuller continued that "some crackers who dehumanized King while he was alive, want to blacken his memory. America can never make an attempt to honor King, because black people must stop begging the white people to honor them. This is a fact. Fuller pointed out, and begin to honor those brothers and sisters left behind, we must be honored.

**Aggies Rally Support For Jailed Eric Brown**

By Brenda J. Thornhill

The snow came and went. It brought a steady slush, slush rampage of golashes upon our campus winter wonderland for nearly twenty-four hours. Aggies got their share of fun and frolic from such a short snow period that was enough to last a lifetime.

If you weren’t struck by a snowball, (by your best friend even), or surprised with a pack of snow down your neck, then you have missed 75% of experiencing the first official campus snow circus. As you probably discovered, the worst thing you could have done once outside of a building was RUN. At first, you are ignored on this Aggie ‘fugitive’ and, now, wow! It is at once you’ve dodged a couple of these bullets and danced around the coldness of your luck wear well— ‘doooh!’ you’ve been eloborated. The climax is over, the crowd roars

Aggies Rally Support For Jailed Eric Brown

An emergency meeting was held December 17th, 1970, in room 210 of the Student Union Building. A & T’s former student Senate, the group called was composed of at least three representatives from the various colleges, the topic was Eric Brown, a former student of A&T. Willie Drake, a 1969 graduate of A&T, explained to the freshman, “whether we like it or not, we have to face an event that occurred which limited the arrest of Brown in Central Prison in Raleigh, N.C. He began with an arrest after defending a state. He spoke of Brown’s involvement in the support in the Cafeteria

"When we receive notification of the increase and arrest, we will then be able to draw up a budget and request for more funds. This year, all of the funds that are raised will be deposited to the bank. But, if you are a student, we will divide the budget up with the students. This has been the case for the last three weeks."

Because no hondum will be his bond, the $3,500 must be raised in cash. A deadline of six weeks was set by the group to have the money raised, Drake stated. (See $3500 GOAL, Page 5)

**Fuller Speaks In Honor Of King**

By Cohen N. Greer

Howard Fuller, Head Neger in Charge of Malcolm X Liberation University, spoke at Harrison Auditorium Wednesday night in support of making January 15 an official national holiday for honor of Dr. Martin Luther King, Jr. "I want to show my support for the Dr. King’s, Martin Luther King," cried Fuller, "I want to show support for the people of the black community, they are asking us to honor him. "He is Black, he is Black," asserted Fuller. "We will rename all buildings on campus as a result of growing concern over the presence of white names.

Fuller continued that "some crackers who dehumanized King while he was alive, want to blacken his memory. America can never make an attempt to honor King, because black people must stop begging the white people to honor them. This is a fact. Fuller pointed out, and begin to honor those brothers and sisters left behind, we must be honored.

‘If his birthday is important, Fuller continued, “I can imagine the thought that goes through the minds of the students who are revered. They are our brothers and sisters, and they deserve to be honored.”

Fuller added that the "souls of black people must begin to accept very fundamental realities, explained Fuller. "People are regarding the names open their eyes. Volume XLI, No. 12 N. C. A&T State University, Greensboro, N. C.

January 16, 1970

"COMPLETE AWARENESS IN TIMES FOR COMPLETE COMMITMENT"
Building Renaming

The recent vote of the student legislature in favor of renaming several campus dormitories and other buildings should be praised for its theoretical meaning, a meaning expressed in the Association of the Black leaders that we have or had as people. However, some of the names suggested by the student legislature seem to be a little far fetched. Thinking thoroughly about the renaming of buildings has in the past proved to be a costly and impractical endeavor. Relocating buildings to accommodate new tenants can be costly and time-consuming. Buildings are often the centerpieces of campus life and moving them can disrupt the daily operations of the university.

A Black Holiday

THE A&T REGISTER goes on record as a supporter of making the birthday of a slain Black leader, Dr. Martin Luther King, Jr. a national holiday. Our student newspaper fully supports the move by the Southern Christian Leadership Conference in its efforts of support to that bill before Congress that the 15th January birthday of a man who was willing to give his life and did give his life for the equality of all men a legal national holiday.

But the dominant black attitude as the new decade begins is optimism. As the 1960s progressed, black folks continued to struggle and grow. Further promises appeared in the form of installments of civil rights legislation. Blacks pushed for implementation of the Voting Rights Act, as they matured into the adolescent stage of the struggle for freedom, and were greeted with open acts of cruelty. Open acts of cruelty, the form of street demonstrations, usually peacefully oriented, and violent resistance intensified. Dogs, fire hoses and tear gas shots which the civil rights people had been trained to break their balloon - for no apparent reason. I am terribly disappointed, but sadly and tragically I reach a new level of maturity. I have faced cruelty directly and develop an attitude which governs my reaction in future confrontations.

The enactment of such a holiday will be a belated recognition of the many achievements of this man towards world peace. Will you not take the time out of your daily life to write a letter suggesting that the bill be introduced? The student legislature should seriously consider the recommendations of this paper. A Black Holiday can help us all to bring national attention to our activities. Some of us will pay tribute to the many black folks in our community now realize that there is a cruel and evil force which governs my reaction in future confrontations. A Black Holiday can help us all to bring national attention to our activities.

Letter's Editor:

Quite a few United States congressmen have expressed their support of an entertainment bill.House Democratic Leadership Conference to get a hearing on that bill. Congressmen think that this bill will make the 15th January birthday of Dr. Martin Luther King, Jr. a national holiday. We are personally recommending that the congressmen send your letters to your congressmen to request their support of the endeavor.

Gregory

Your Sister

We, the undersigned, have engaged the services of Mr. David L. Brown, News Editor, Mr. Jimmy L. Newkiri, Business Manager, Mr. Cohen N. Greene, Layout Editor, and Mr. David L. Brown, News Editor, Mr. Jimmy L. Newkiri, Business Manager, and Mr. Cohen N. Greene, Layout Editor, for the purpose of writing our letters of support for this bill. It is our understanding that the congressman will be appearing at ceremonies in the nation's capital, including a panel participating in spedral commemorative church services. This does not take away from our office the appropriate commemorations and related activities in our local community. A proclamation or resolution making the 15th January birthday of Dr. Martin Luther King, Jr. the birthday of the late Reverend Dr. Martin Luther King, Jr., for the 1970's. Other of us might not have been able to pay tribute to Dr. King in our home communities.

Brenda Lane Wins 1970 College Board Competition

Brenda Lane, a junior English major at Sweet Briar College, has won the 1970 College Board Competition sponsored by Modernist Magazine. Members hail from Europe, Canada, Jamaica, Puerto Rico, and American schools based in Indiana, Ohio, Illinois, California, New York, Washington, D.C., and Florida. Brenda would like for anyone interested in contacting her at 200 High Rise, Room 111.

A&T Graduate Among Nation's Top Ten

The Reverend Jesse L. Jackson, Director of Operation Breadbasket, and an A&T graduate, is among the Outstanding Young Men of 1970. "Operation Breadbasket" is an A&T and its subsidiaries to thousands of dollars through which other educational opportunities: travel, primarily the publication after graduation; and employment by U.S. colleges and universities has been widely broadcast, and his leadership in bringing about excellence in education, said M.L. Wright, Humble Board Chairman.

Dr. Wright added, and the remainder must come from other sources, including contributions from private-sector sources in their efforts to achieve excellence in education, said M.A. Wright, Humble Board Chairman. He noted that enrollment in U.S. colleges and universities has tripled in the past 15 years and is continuing to expand rapidly. To handle this tremendous growth, and Wright, educational institutions urgently need more buildings, better laboratories and equipment, and enlarged faculties.

Of an estimated cost of $20 billion to educate college students this year, the school's total budget is only about one-third, Wright added, and the remainder must come from other sources, including contributions from private-sector sources in their efforts to achieve excellence in education, said M.A. Wright, Humble Board Chairman. He noted that enrollment in U.S. colleges and universities has tripled in the past 15 years and is continuing to expand rapidly.

Rev. Jackson is the National Director of Operation Breadbasket, the economic arm of the Southern Christian Leadership Conference, and was a staff aide to Dr. Martin Luther King. Dr. Jackson believes firmly in the doctrine of nonviolence.

Rev. Jackson, however, is an extremely effective, natural leader, and he should be underprivileged has gained nationwide support.

Legislators Vote To Rename Buildings

(Continued From Page 1)

specified that "there will be individual dorms voting on the acceptance of the bill, a 2/3 vote for the bill to carry. And subtopics of Section I stated that (a) each dorm has the right to accept or reject the bill for that particular dorm; (b) in order to make the bill changeable, voting on the bill will take place at the beginning of each semester (c) once the bill is accepted or rejected by a dorm, the results of the vote must remain in effect until the next voting period; or the issue can be brought before the Student Supreme Court for the final ruling on its acceptance or rejection.

Section II, under Article I, reads that "the rules and regulations of co-ed visitation will be established by a special committee consisting of: (a) two students from each dorm that accepted the bill selected by the dorm residents; (b) one legislative representative from each section; (c) one legislative representative (selected by the Speaker of the House); (c) president of the Men's Council; (c) president of the Women's Council; (c) the committee to establish rules and regulation will be directly under the jurisdiction of the Executive Board of the SGA.

Finally, Section III under Article I stipulates that "the acting chairman will be the president of the SGA until the next meeting in which the officers will be elected. January 12 through January 16 was declared officially as "Eric Brown Week" to demonstrate to the public that he is deserving of attention by the student legislature.

MATH MAJORS:

Stand alone equations are perfectly acceptable and are not required to be enclosed within any formula containers or delimiters.

WHERE IMAGINATION IS THE ESSENTIAL QUALIFICATION.

Will your first position be worth your time and talent?

It will if you join the National Security Agency. In fact, working for NSA will bring you face to face with mathematical challenges so great that they frequently go beyond the known boundaries of mathematical knowledge.

NSA is the agency within the federal government that is responsible for designing and developing information systems and EDP devices to transmit and receive vital information.

The Career Scene at NSA: As a mathematician at NSA, you will play an active role in defining, formulating and solving communications-related problems, many of major national significance. Statistical mathematics, matrix algebra, finite fields, probability, combinatorial analysis, programming and symbolic logic are but a few of the tools applied by Agency mathematicians.

Your Imagination, a Vital Factor: Because you will be working at and beyond the present-day state of the art, your imagination will be stretched to its limits. Mathematical problems will seldom be formulated and handed to you. Instead you will help define the problem by observing its origin and characteristics and the trends of data associated with it. You will then determine whether the problem and data are susceptible to mathematical treatment, and if so, how.

Career Benefits: NSA's liberal graduate study program permits you to pursue two semesters of full-time graduate study at full salary. Nearly all academic costs are borne by NSA, whose proximity to seven universities is an additional asset.

Starting salaries, depending on education and experience, range from $9,169.00 to $15,000.00, and increases will follow systematically as you assume additional responsibility. Further, you will enjoy the valued career benefits and other advantages of Federal employment without the necessity of Civil Service certification.

Check with your Placement Office for further information about NSA, or write to: Chief, College Relations Branch, National Security Agency, Fort George G. Meade, Md. 20755. Attn: M321. An equal opportunity employer, M/W.

Marijuana Offers Very Few Rewards

Marijuana may not be a one-way ticket to hell as some entree to psychedelic paradise either. Long-range studies now going on in the United States have summarized their views, which is not to say that we are in the Reader’s Digest. In this case, Farnsworth of Harvard, Anthony F. Philip of Columbia and family and associates of Oliver of New Orleans—agree that marijuana is a bad habit, and somewhat overstated, there are risks in smoking marijuana and it is a rare "pot-head" who can escape without harm.

Moreover, Dr. Ochsner, who was one of the first doctors to note the correlation between cigarette smoking and lung cancer, raises the possibility of similar risks among marijuana smokers. He sees disturbing parallels between today's marijuana craze and the cigarette promotions of a few decades ago. "At present, no one knows whether smoking pot can cause cancer," he says. "What is certain is that the burning of many types of leaves produces carcinogens. Marijuana simply has not been in common use in the United States long enough to produce the deaths from which statistics are calculated."

Dr. Farnsworth, who serves as chairman of the American Medical Association's Council on Mental Health, distinguishes between "casual" pot smokers—those who try it out of curiosity and who constitute more than half of all users — and "problem" smokers who are preoccupied with the drug to the point of dependency.

Casual smokers may not suffer any real harm, he says. But many others do suffer interference with work and studies, disorientation or depression, occasionally from most vulnerable to such reactions are people with unstable personalities or emotional difficulties— who are most likely to try the drug in the first place.

and what of the rewards? Disappointing at best, says Dr. Farnsworth. There is no present evidence that, except for a few isolated individuals, pot-smoking can increase self-realization or creativity. On the contrary, he says, "With pot, everything gets hot. And black people are still saying things will get better while not necessarily so."

One other danger noted by Dr. Farnsworth is in the risk that marijuana can lead to stronger drugs. While not necessarily so, black people are still saying things will get better while not necessarily so.

Dr. Philip, who heads the College Counseling Service, also distinguishes "recreational" pot smokers from those who are deeply involved. The latter, he says, typically have an insatiable, chrome-laden depression and a resentful feeling that somehow they have been cheated by life. These folks are on drugs to pain pleasure, but merely to ease the pain.

Dr. Philip believes that family conflict plays a large role in launching youngsters on the drug path.

Blacks Will Make Jan. 15 Martin Luther King Day

(Continued From Page 1)

...it doesn't make no difference who you wear, or what you are, he stated, "you're still a nigger to the white man," he maintained. Again he received a loud round of thunderous applause. But continued by stressing that "you're still a nigger to the white man," he maintained. Again he received a loud round of thunderous applause. "...You must begin to realize that the Negro at this time," Fuller contended that the black movement is in a bad shape at this time because of intellectualism. "Oppression is real. Don't let yourself get lyed up in this revolutionary rhetoric of the 'sixties," he further contended.

Fuller continued to argue that black studies are not an alternative to white studies. "We at MXLU must become part of a national movement to get rid of white studies, disorientation, racism, and oppression," he further contended.

Dr. Ochsner of New Orleans—agree that marijuana is a bad habit, and somewhat overstated, there are risks in smoking marijuana and it is a rare "pot-head" who can escape without harm.

The committee wants to declare that "You are a nigger if you do not support the black movement is in a bad shape at this time because of intellectualism. "Oppression is real. Don't let yourself get lyed up in this revolutionary rhetoric of the 'sixties," he further contended.

Panther Reporter...

Panther Party Supported; Nixon Admin. Criticized

by Vernace Wright

Students at A&T State University voiced their personal opinions on the Black Panther Party and the Nixon administration.

Reclaiming the grounds of the campus both day and night, this reporter asked students to comment on the topic for this week. Cornering students in the student union, in their respective dormitories, in the cafeterias, in Bluford Library, and along the sidewalks, she was surprised to learn that 55% of the students were not aware of the Panther Party and commented that not a comment on the Panther Party because I do not know what much about them.

What are your views on the Black Panther Party? Do you feel that they are being persecuted by the establishment?

Michael Coleman said, "They are a pretty good organization because they are sincere in their efforts to help their people. They should get more support from other black people. Why, I bet half of A&T does not know anything about them except their name.

Martin D. Moore said, "Every organization, as a political faction, has its bad and good points. They have certainly given the black people courage, black nationalism, and unity. Elite Bonds answered, "I feel that they are being discriminated against because so few of them are working in the organization. The police and the FBI are working on this major of theirs as a potential enemy because they are the new black society."

Michael Kelley, Jr., answered by saying, "The Black Panther Party is a very constructive organization. They, in fact, I have a deep love for their people, and I support them wholeheartedly."

Audrey Herbin said, "Gee, I never really thought about it before, but I think that they are doing something in their power concerning the Vietnam War."

Andrew V. said, "Black People...Take Nothing for Granted, Be Ever Ready, and Sending Them Over.

The Black Panther Party is a very constructive organization, I think. They have a deep love for their people, and I support them wholeheartedly.

Audrey Herbin said, "Gee, I never really thought about it before, but I think that they are doing something in their power concerning the Vietnam War."

Which contributed to the creation of an intimate, informal atmosphere. Admission to the production was free to the public. The production was produced under the direction of Dr. John Marshall Stevenson, Chairman of the Department of Speech and Theater Arts.

Theater Presents 'Tell Pharaoh'

The Black Arts Repertory Theater of A&T State University presented its production, "Tell Pharaoh" by Lotfi Mitchell, a Guggenheim fellow, in Carver Hall Auditorium on the university campus. The play was presented from Monday evening, January 11, and ran through Thursday, January 14.

Starting in the production was Anne Mitchell, site of Greensboro, Mo. Mitchell has been seen as Annie Sullivan in "The Miracle Worker," as Selma in "Teahouse of the August Moon," in the title role of "Medea," and as Madame in "Pom." She also appeared last year with the West End Players at the Showboat Dinner Theater in Greensboro.

Also appearing were Helen Tomlinson, soprano and a sophomorespeach and theater major from Brooklyn, Ill.; Franklin Turner, baritone, a sophomore speech and theater major from Norfolk, Va.; and Hollis Pippens, soprano, professional theater and dance major from Jackson, Mississippi. "Tell Pharaoh" is an example of the new "Renaissance" Theatrical motif in which the characters use manuscripts while interpreting their roles. The play itself employs a series of spirituals, gospel songs, and martial songs in exploring the black experience in America. The production was staged in a small auditorium seating approximately 300 persons.

Applemanship...for Teachers

is something more than cornering the apple market. It is cornering the best position in the teacher market, too. As a teacher in New York City you do just that. Teaching in New York City is a constant challenge and the chance to utilize talents and abilities fully. In addition, there is an unsung benefit program:

• A salary schedule that ranks with the highest among the world's great cities; advanced salary placement for experienced teachers • orientation workshops and special programs for newcomers • tenure and security • choice of health plans • welfare fund • social security coverage • pension plan allowing for increased take home pay • promotional opportunities • and much more—How do you like these apples?

For more information about teaching in New York City, please write, telephone or visit the Office of Personnel, Bureau of Educational Staff Recruitment, Dept. New York City Board of Education 110 Livingston Street, Brooklyn, N.Y. 11201 Telephone: (212) 596-8060.The Black Arts Repertory Theater of A&T State University presented its production, "Tell Pharaoh" by Lotfi Mitchell, a Guggenheim fellow, in Carver Hall Auditorium on the university campus. Aggie Cagers Cop 10th Victory

By Paul Jones

The undefeated Aggies made it ten straight by taking victories over NCC, Winston-Salem, and Livingston in contests before going into the semester break.

For Coach Cal Irvin and his charges it was merely a dress scrimmage in the NCC and charges it was merely a dress rehearsal for the season to come. The Aggies were coming off with 39 and 59-point margins.

In the encounter with the Rams of Coach Clarence "Bighouse" Gaines, A & T had to come back from an 11-point deficit in the last five minutes of the game. Turnovers and fouls turned the balance in favor of the Aggies. Presently A & T is in the top ten of the nation's 530 small colleges in ratings by UPI and other polls.

With the Eagles, A & T took an early scrimmage by playing the entire squad in the 104-65 drubbing handed arch-rival from Durham. From the beginning the Aggies put on a show as William Harris personally directed the attack against his home-town based rival. The only bright spot for NCC was the absence of Ronald McInnis and center Oscar Dumas with 11 points apiece. At the half, A & T led 46-26 and just added to the margin as time went on. NCC is now 3-6.

A hot-shooting Aggie from Winston-Salem gave A & T's closest escape of the hot season. In the Rams of "Bighouse" Gaines were tapped by a mere 94-77 margin. In a thrilling all-around effort, the Aggies were tamped up by poor officiating and inconsistency in scoring. & T opened the game with a small lead but saw Alife McManus and Vaughn Kimbrough knot the contest.

At the buzzer, A & T's 10th victory was 109-50 in Madison Square Garden. In their first game appearance, the eggers of Cal Irvin downed Lincoln University of Oxford, Penn. in the first annual "Three-Ring Basketball Classic" for the benefit of the United Negro College Fund. The game was sponsored by P. Ballantine and Sons but what was to be the highlight was a dull affair as the brightest lights of the Valley Conference gave their CIAA opponents little competition.

In taking its first win at the Garden, A & T used its best running game in recent years. ARCIAA guard Daryle Cherry had scoring, spree by Cherry, Harris, Любимов, and Austin opened the game. A & T's 54 victory margin was second only to the 59-point spread over Lincoln University of New York. At the half, A & T led 62-27 and continued the story into the end of the game. Every time A & T's free throw was scored as A & T ran its record up to 10-0 to remain no. 1 in the CIAA Southern Division.

Aggies Share In Shenanigans Of First Snow Circus

(Continued From Page 1)

Not only were girls feasible targets for the goggle-eyed snowball throwers, but guys are just as desirable. A freshman bystander tells how it was behind Scott hall on Monday afternoon:

"The light behind the dorm got so intense that you could see guys sliding back into the rear entrance," exclaimed Tommy Thomas, a biology major.

Neither was Jerome Johnson deterred. Just in time to be excused, he tried to rush Murphy Hall. This Aggie was caught in the early moments "shooting" on him and he instantly became a "captive" for about ten minutes inside of the dining hall.

A one free throw and stepped down the hill and that's when the whole thing really started throwing he said.

It may be a little too early to show the repercussions of this snow; nevertheless, Kay Carson, a CIAA public relations major, firmly believes that, "this year's snow brought nothing compared to the old Bowl snow massacre that happened last year in New York."

Also attempting to "throw a few" herself, but the person whom she was aiming at was erroneous to the informers.

Everybody knows about the pre-snow downpour storm 2-3 a.m. Monday between Scott and Cooper Halls, Unbelievable!!

Aggies Humiliate Lions 117 - 58 In Garden Meet

By Paul Jones

A&T's nationally ranked basketball team used aattering offenses and tenacious defense in putting on an exhibition not seen to no. 1 to Lincoln University 117-58 in Madison Square Garden. In their first game appearance, the eggers of Cal Irvin downed Lincoln University of Oxford, Penn. in the first annual "Three-Ring Basketball Classic" for the benefit of the United Negro College Fund. The game was sponsored by P. Ballantine and Sons but what was to be the highlight was a dull affair as the brightest lights of the Valley Conference gave their CIAA opponents little competition.

Two North Carolina Central Eagles battle with Aggie player Marvin Morris for possession of the ball as the Eagles made a fratious effort to walk away from Moore Gym with a victory.

Our CIAA Bound Team Needs The Active Support Of All Aggies! Join That Number!"
Engineering Graduates:
Put yourself in our place...

...and you will find the natural gas industry offers you immediate responsibility and a wide-open future.

“Our place” is a 10,000-mile-long natural gas pipeline system plus a sophisticated communications network stretching over ten states from Texas, Louisiana and Oklahoma to upper Midwest consumer areas. Our home office, with about one-fifth of our 2200 employees, is in Chicago; there are three production offices in Texas and many operational units along the pipelines.

At NGPL, you will work with other highly-trained people who specialize in agricultural, chemical, civil, electrical, industrial, mechanical and petroleum engineering. But you will never get lost in a crowd. Our business demands individual talents and our Company rewards individual achievements. At the present time, about 80% of our management are engineers.

If you are creative enough to welcome the challenges of increasing market demands and expanding gas technology, our place is the place for you!

We would like to talk over your career plans with you. Write Chuck Rupe in Chicago to arrange an interview. Or sign up for an on-campus interview on: Thursday, January 29 Contact your placement office for time and location.
