Graduates To Receive Awards From Alumni Association

Two outstanding women graduates of A&T have been named winners of the highest annual awards of the university's 15,000-member national alumni association next Saturday.

Scheduled to be cited during the association's annual award's dinner in the new student dining center Saturday at 7 p.m. are Mrs. Velma S. Jones, a civil rights consultant from Columbia, Md., and Mrs. Elizabeth Kimber, a health planning official for the Federation of Community Planning in Cleveland, Ohio.

Mrs. Jones will receive the Achievement Award and Mrs. Kimber will receive, the Service Award.

Scheduled to receive a new merititious service award is George Coffin, a pioneer in the field of dental technology in the city of Chicago.

Mrs. Jones is a native of Snow Hill and graduated from A&T with a degree in mathematics and French in 1951. She is currently a specialist in guidance for the Maryland State Department of Education and an adjunct professor at Loyola College Graduate School.

She formerly directed the Equal Opportunity Recruitment Program for the University of Maryland and, for three years, was an adversary specialist in civil rights for the Maryland State Department of Education.

A doctoral candidate at the University of Maryland, Mrs. Jones has also worked at a high school teacher, counselor, and as a consultant for disadvantaged youth.

Mrs. Kimber, who graduated from A&T in 1950, has achieved national recognition as a health planner and consultant in health education matters for many colleges and health agencies.

Writers of the individual school awards are Hugh D. Bullock, Cleveland, Ohio, Graduate School, John F. Brunswick, School of Business, Indianapolis, Ind.; Roy McCullough, School of Arts and Sciences, Columbia, S.C.; Prince Lee, School of Engineering, Indianapolis, Ind.; Edward Phillips, School of Education, Indianapolis, Indiana.

The military award was won by Col. Charles Murphy of Indianapolis; and the athletic award was given to Harvey Keaton, both of Indianapolis.

A new "Outstanding Young Alumnus Award" will be presented to Ronald Ross of Columbus, S.C. Special service citations will be given to Mrs. Sandra Harris of Atlanta, John Jones of Wilson, and Mary Bollin, Indianapolis.

Mrs. Edna Howard
Residence Counselor Retires

More than 100 co-workers, relatives, student and friends gathered in the reception room of the New High Rise dormitory to honor Mrs. Edna Howard on her retirement as a counselor.

Sponsored by the dean of women's staff, the reception included remarks by Dr. Jesse Marshall, vice chancellor for student affairs; Mrs. Bert Pogost, dean of women; and Mrs. Luther Marks, chairman of the planning committee.

A native of West Virginia, Mrs. Howard taught in the public schools there and was a counselor at Buford State College before coming to A&T eight years ago.

Randolph T. Blackwell
To Speak At Banquet

Randolph T. Blackwell, a Grennnulbo native, who has forsaken wealth and recognition in order to create a better life for the rural poor in the deep South, will be keynote speaker for the annual A&T National Alumni Association banquet Saturday.

The military award was won by Col. Charles Murphy of Indianapolis; and the athletic award was given to Harvey Keaton, both of Indianapolis.

A new "Outstanding Young Alumnus Award" will be presented to Ronald Ross of Columbus, S.C. Special service citations will be given to Mrs. Sandra Harris of Atlanta, John Jones of Wilson, and Mary Bollin, Indianapolis.

Aggie Female Student To Study Veterinarian Science In Alabama

Ceile Washington is a girl who likes a challenge, and that is exactly what the pre senior at A&T has on her hands after having become the first female ever to be accepted into veterinarian school from A&T.

"I transferred to A&T last year," Ceile said, "not knowing what I wanted to major in. What I liked most about the school was that I didn't know anything about it."

"I just like something different...a challenge," she said explaining how she became one of only three girls in A&T's Animal Science program.

Ceile's home is Atlantic City, N.J., and her parents were a little surprised when she decided to attend the North Carolina State University. They were even more surprised when she chose a pre-veterinary course of study. But their biggest shock was yet to come.

Most of the cows and horses in Atlantic City reside on billboards and such was about the extent of Ceile's experience with farm animals.

"You know most people think of veterinarians as practicing on dogs and cats, especially women veterinarians. But I have decided that I want to be involved with the larger farm animals... like horses and cows," Ceile explained.

"Boy, my parents were surprised and I guess I must admit that I'm a little surprised at myself. When we first began going to the A&T farm, I was scared; and being the only girl in most of the classes didn't help," she added.

But Ceile overcame her fears quickly and will graduate this spring from A&T with a 3.1 quality point ratio and begin her four years at Tuskegee Institute in Alabama.

"It adds to the challenge that I am a woman," she said; "and being a Black woman is even more. There aren't many Blacks in that profession male or female."

But there may be another in about three years; Ceile's sister Stephanie is also attending A&T in the Animal Science program.

"And, oh yes, I've got another sister still in high school back in Atlantic City. I know she wants to go to college," Ceile smiled.

Graduating Senior To Study On Internship Program

A student with a long interest in human nutrition, has been awarded an internship for dietetic study at one of the nation's leading hospitals.

She is Lorna Lawrence, who will graduate from A&T on May 5, then enter the University of Minnesota Hospital's dietetic internship program in Minneapolis on June 24.

The one-year program in Minneapolis will provide her with additional training in clinical nutrition, especially in the treatment of patients with diabetes, heart problems and other serious ailments.

She will also pursue graduate study and, at the conclusion of the program, will be eligible to enter the Ph.D. program. Lorna became interested in foods and nutrition back in her native Jamaica, West Indies, while a student at the College of Arts, Science and Technology. After completing her two-year program, she worked for a time as a quality control supervisor in a food processing plant.

"The fascination of this field," said Lorna, "is the whole idea of how good nutrition habits affect the total person."

While at A&T, Lorna was a member of the Alpha Kappa Mu Honor Society, Alpha Chi, Home Economics Club and Forensics Club and treasurer of the Foreign Students Association.

Examination Schedule

Class Meets Time of Examination

8 a.m. - MWF........................Tuesday, May 7, 8-10 a.m.
9 a.m. - MWF........................Friday, May 10, 8-10 a.m.
10 a.m. - MWF......................Wednesday, May 8, 8-10 a.m.
11 a.m. - MWF.......................Thursday, May 9, 10-12 Noon
12 Noon - MWF.....................Tuesday, May 7, 10-12 Noon
1 p.m. - MWF........................Friday, May 10, 10-12 Noon
2 p.m. - MWF........................Tuesday, May 7, 10-12 Noon
3 p.m. - MWF........................Thursday, May 9, 12-2 p.m.
4 p.m. - MWF........................Wednesday, May 8, 10-12 Noon
5 p.m. - MWF........................Tuesday, May 7, 9-11 a.m.
6 p.m. - MWF........................Thursday, May 9, 9-11 a.m.
7 p.m. - MWF........................Friday, May 10, 9-11 a.m.
8 a.m. - TuTh........................Tuesday, May 7, 7-9 a.m.
9 a.m. - TuTh........................Wednesday, May 8, 7-9 a.m.
10 a.m. - TuTh......................Friday, May 10, 7-9 a.m.
11 a.m. - TuTh.......................Tuesday, May 7, 7-9 a.m.
12 Noon - TuTh....................Friday, May 10, 7-9 a.m.
1 p.m. - TuTh......................Thursday, May 9, 7-9 a.m.
2 p.m. - TuTh.......................Tuesday, May 7, 7-9 a.m.
3 p.m. - TuTh.......................Wednesday, May 8, 7-9 a.m.
4 p.m. - TuTh.......................Friday, May 10, 7-9 a.m.
5 p.m. - TuTh.......................Saturday, May 11, 7-9 a.m.
6 p.m. - TuTh.......................Tuesday, May 7, 7-9 a.m.
7 p.m. - TuTh.......................Saturday, May 11, 7-9 a.m.

*Classes that meet "on the half hour" are to use the earlier hour for the purpose of determining time of examination.

One and two credit hour courses will have their final examinations the last scheduled class meeting immediately prior to May 7, 1974.

A common examination for Chemistry 101, 102, 104, 105 and 222 will be held Tuesday, May 7th, 6-8 p.m. A common examination for Chemistry 100 will be held Wednesday, May 8th, 6-8 p.m.

Night classes meeting in three-hour blocks of time will have their final examination the regular meeting night during examination week.

Classes meeting on Saturday will have their examination at the regular meeting time Saturday, May 11, 1974.
Computer Students Express Views

After a full semester of combatting with the computer, students in computer programming and electronic data processing, expressed these views about the courses:

Robert G. Gaines, Jr., a junior accounting major, said, "Computer Programming is an interesting course that provides a student with the opportunity to combine logical reasoning with mathematical concepts and operations to solve problems and to provide assistance in comprehension of other subjects."

Another junior accounting major, Adreia Coleman replied, "EDP is an enlightening course, but it is very time consuming."

Sophomore industrial technology major Joseph Sidbury stated, "Computer Programming is a challenge between man's mind and the mind man built."

Claudette Bennett, sophomore, sociology major, said, "Computer Programming is an intriguing course that requires a great deal of time, but one should always consider its value while you're up until 11 or 12 at night, preparing for a program to run that's due the next morning." These randomly selected students were interviewed in Merrick Hall in the Computer Room, as they were preparing to end a semester's battle with the electronic mind.

Eleanore Davis, Miss Junior Students Select Tyson And Thomas

In the runoff elections that were held on Monday, Jackie Tyson won the presidency of the senior class. Tyson's opponent in the runoff was Edward Thomas.

For the position of president of the junior class, Cassandra Thomas won over her opponent, Cynthia Edmonds.

The position of Miss Junior went to Claudette Bennett, sophomore, sociology major, who was the challenger of Gloria Lambert for the position. In the main election, Gloria needed only five more votes for an uncontested win.

At the time of this writing, which was after the officials announced, Lynne Taylor was not available for comment. Taylor is the chairman of the election committee. Lloyd Linman, vice president of the SGA, stated that he did not know the turnout for the election.

Tyson And Thomas

Attention Graduating Seniors; graduation rehearsal will be held Saturday, May 4, at 10 a.m. in Harrison Auditorium.

Commencement Sunday, May 5, at 11 a.m. in Greensboro Coliseum.

Alumni Association annual meeting Friday 8 p.m. in the Guilford Room at the Golden Eagle Motor Inn. Alumni Reunion Breakfast in the New Cafeteria (Dutch Treat) at 8 a.m. Saturday.

Alumni Awards Dinner in the New Cafeteria at 7 p.m. Saturday.

Chancellor's Reception at 1 p.m. Sunday at Greensboro Coliseum.

Car Wash Saturday 10 a.m. to 7 p.m. at Gulf Service station. Hand washed $1 per car. Sponsored by the Iotas.

Iota Pre-exam Jam at Forest Lake, Sunday, 9 p.m. to 3 a.m. Admission, $1 men and $.75 women. CTSA Fashion Display. 2-5 Saturday, May 4, Room 200 Benbow Hall. All students and Alumni are welcomed.

"My mother is scrubbing floors so I can become a doctor. Now my school is running out of money."

Why Bother?

Early this week HEW rejected The University of North Carolina's desegregation plan. HEW requested "the five predominantly Black institutions to be funded by 1976 in a way to make up for the deficiencies which make them unequal to the 11 predominantly white campuses."

Granted, HEW's sudden recognition of the monetary gap between Black and white institutions can be highly appreciated; however, its reasons raise suspicions. What specific potentials do these Black institutions have which HEW wants badly enough to come to our part of the town?

If Black institutions and students are supposedly so valuable why would HEW even bother with us? Is it out of goodness or guilt that HEW has now begun to request financial back-payments for us? We should know better because in a capitalistic society, which measures good everything in monetary values, "goodness" and "guilt" cannot produce profits.

What gold mine lies behind the flooded sidewalks, the sub-standard 'dormitories, and the incompletely new cafeteria of A&T?

What economic and political strengths are disguised within the mud puddles of Holland Bowl? How can we fully utilize and selfishly protect our Black institutions from a sudden but inevitable disappearance?

Grade Appeals: Did You Know?

By Rosie A. Stevens

The grade appeals board presents a very interesting situation. We do not know how long the board has been in existence. We only know that it began with some new members in the fall of the year. We also know that it has not functioned for the duration of the year, because no cases were brought before the board.

Mrs. Kelley stated that she did not know if the student body was informed of the existence of the board, but that it should be in the student handbook.

We are wondering if the board is not like many other bodies of governance listed or unlisted in the handbook. Possibly the student courts, the university senate, and other such bodies might be included.

But at second glance, we have to see that this comparison is invalid also. The senate and the courts meet. The grade appeals board has not met, even. Those who don't know about the board get left out.

We wonder why students do not know about the board. We wonder also if it is just one more obsolete body on campus that has no function. That no cases were presented to the body is accepted as very valid.

That the student body does not know of the existence of the board is valid also, because the students concerned did not take the case to the board, a means of appeal.

But then it may also be considered that the student body knew of the existence of the board and doubted that it could really be effective in resolving a case.

A case of student apathy on the one hand, and faculty bias on the other, depending on one's perspective, seems to exist. The resolution of problems does sound good enough.

But we must question, nonetheless, whether students who did not get what they considered fair treatment just gave up in despair anyway.

Alternatively, we must ask if those who had grievances and who desired to pursue them further received information on the board, and whom to address inquiries to.

This does not reflect badly on the board so much as the general process of address of student grievances. There are students who are appointed to the board.

Put bluntly, it does reflect on a reality that all students must face. This reality is first that the people who are tenured run the university. Second, the processes of evaluating tenured faculty for hiring and firing are often at variance with student perceptions of performance. Third, in this process, students get left out.

This is why there are no cases before the grade appeals board.
**Words Can Be ‘Misleading And Confusing’**

By Ted L. Mangum

Words are often misleading and confusing, particularly when the words we are coming from someone who does not have your interest at heart. And a people (Black) seek to influence you by interpretation of words by another people, words become everything. There are some examples after 450-plus years we still have a tendency to accept words that sound good, only to have the interpretation twisted by the one interpreting of words move against us.

We have facts, but equal is unconstitutional, sounds good. But 20 years later we are living with those words and they were not interpreted in our interest.

**Anti-Capital Punishment**

**Paper Misrepresents Utopian Rally**

Editor of The Register:

Though there was a fun day, and fraternities were having an appreciation day, the A&T, Bennett, and Guilford students marched downtown to the Anti-Capital Punishment Rally that was held April 20, in front of the Municipal Building.

It was a very significant experience for all of us involved in the coordination and participation in the rally and the coalition.

We are more convinced now that our efforts are not in vain. There was an overwhelming joy in the air.

Samuel Poole, the brother who was released from death row several weeks ago because of lack of evidence in his particular case, stood before us with his family.

This crystallized in many of our minds, it was through the consciousness of many concerned people that the brother was released. But his words to the students and to our ears when he said he was thankful that he was out and that he was hoping that the other people who are interested in coming, would continue to struggle.

It is even clearer that we must continue to struggle around this question and others based on Elbert A. Foy's letter to the Greensboro Daily News. There were several corrections to be made and all are contained in the Greensboro Daily News.

**Too Few Blacks In Disciplinary Area**

(Continued From Page 1)

Dreadmard publication, the student will be prepared much better to continue on to the Ph.D. in sociology.

The six Black universities have undergraduate sociology programs.

The consortium will consider for admission Black students from predominantly Black institutions who are interested in applying. Faculty without doctoral degrees will also be given consortium support.

The program will seek to deal with the problem of too few Black Ph.D. sociologists, since sociology has historically dealt with predominantly Black institutions that are not in the consortium.

It is clear that there are too few Blacks in the social and economic conditions around this number should increase. Activities of this nature are very important in the struggle for social change.

Activities of the coalition will continue over the summer and students, faculty, administration, and other university employees are encouraged to become a part of this coalition.

An action and a statement have been issued by the College of Arts and Sciences, the Office of the Vice-President for Student Affairs, and the Guilford County Coalition. This action will be done by the Greensboro Daily News.

Thus, at the graduate level, the student will be prepared much better to continue on to the Ph.D. in sociology. The six Black universities, along with Howard University, house the graduate programs in sociology.

Seniors To Use New Dining Hall

No definite date has been set for the opening of the new cafeteria. J. M. Marteena, dean of administration, said that, after the last inspection, the roof of the cafeteria did not pass. The inspection was done on April 4.

In commenting on the gap of time between the inspection and the time the roofers were scheduled to begin work, Marteena stated that "I can't say whether it is too long or not. I think we are holding the money until it gets done."

Marteena declined to say when the cafeteria would be open, but he did say "It ought to ready by summer school."

He did say that the seniors will be having a catered meal in the cafeteria. But no equipment in the cafeteria is being used, he said.

A Baby Is Born

A newspaper attracts all kinds of people to its doors—critics, agitators and admirers. For the past three years, one young man has been poppin' in and out, criticizing, agitating and drinking coffee.

And when he comes, the office becomes more hectic than usual—because of note, mostly. But, the other day, he came in a little louder than usual and he, along with his Raleigh "homie", made us promise to tell "y'all" why.

Congratulations Mr. & Mrs. David Malorie, III upon the birth of your son, David David.

By an official act of the father, Little David's "godfather" is Ted Mangum, to Ted says. Both the pop and the "godfather" visited came into the nursery holding his fist in the Black power sign.

Yearbook Arrives In July

Seniors Must Leave Addresses

The 1974 AYANTEE will be arriving here on July 6, 1974. They will be issued to the students who are attending summer school from July 8, 1974, until July 19, 1974.

Graduating seniors are requested to supply the yearbook staff with the address of their summer residence. It is DIFFERENT FROM THEIR HOME ADDRESS in order that their yearbooks may be mailed to them. This address may be left at the yearbook office.

Students who will be returning in the fall may pick up their yearbooks from August 26, 1974, until September 30, 1974. In order to receive a yearbook each student must present his or her ID CARD FOR THE 1973-1974 SCHOOL YEAR. The 1974-1975 ID'S WILL BE INVALIDD. ONLY ONE YEARBOOK WILL BE ISSUED PER STUDENT.

SPORTS
NOTEBOOK
By Blannie E. Bowen

Now that the school year is coming to a rapid close, a
careful review of the actions is in order. First of all, the
football team provided one of the most un-inspired and
poorly played seasons ever witnessed by Aggie fans.

There were flares of greatness and other times of pure
un-co-ordination as the team went to a 4-6-1 on the year.
Coach Hornsby Howell has promised some changes and
made a few promises. One most notable change has
already taken place because there is now a white coach on
the staff.

If all goes well, there will be some white athletes on the
gridiron next season and many will not be too happy
about it all, but really there is nothing that can be done
about it all, either.

The Aggie basketball squad did not fare too well either
as the Shawiff shot from too far and too far too often. Not
only did his sights need adjusting on many of his shots, but
his teammates needed some help also. No MEAC crown
was won, but barely does a one-man show win any titles
anyway.

Coach Mel Pinckney and his wrestling squad did not
have the banner year in the conference, but it is not how
fast you start the race. His club ended the year on fire as it
won the NAL District 26 title and placed third in the
regional. Pinckney was named district coach of the year
for his performance.

The swim team took to the pool with six swimmers, and
16 are needed for a complete team. No big waves were
made, but those guys surely tried hard even though they
had lost before they hit the water.

Al Holland was Al Holland, but Artis Stanfield was Artis
Stanfield and Aaron Ball was on the ball as the baseball
team had a good campaign. This team will either be
coop-champs, tri-champs, or champs of the MEAC.

Track is a sport that Black seems to dominate, but A&T
seemed to be the one always getting dominated. Coach
Murray Neely has changed that image by producing a
winner this year.

Golf and rifle are coming and still have a long way to
grow. Bowling was big this year and so was the entire
intramural program.

Tennis—well, Coach Matt Brown said that he was tired
of third places and his team was 10-1 going into the MEAC.
He said, "You must select the major that has only five or six
students because that is where the jobs are." Stanfort's
reference to the physical education majors brought a
certain amount of protestations because many of the persons present were
that number.

Immediately after Stanfort's speech, the awards were
presented to the various players by the coaches. Football and
wrestling star Danny Coleman received the top award as the
outstanding athlete here at A&T.

Coach Hornsby Howell presented the football awards to
the following players: most valuable, Al Holland; highest
average, Dan Coleman; leadership, Dwight Melson; most
improved, Charles Bell, hustle, Stanley Christian; and the golden
helmet award to John Hampton.

The basketball awards were
presented by Coach Warren
Reynolds to the following:
students: MVP, James Outlaw,
highest average, Bobby Goodwin;
leadership, Willie Daniels; most
improved, Sinclair Colbert; and
hustle, Stanley Farham.

Ricky Najette won the MVP
and leadership awards that were
presented by Coach Murray
Neely. Lamont Taylor, Glen
Turner and Christian won the
academic, team improved and
hustle awards, respectively, for
track.

Coach Matt Brown issued the
team awards to the following:
MVP, Chris Allen; academic,
Odgen Harper; leadership, Ron
Hust; most improved, Waymond
Blackmon; and hustle, Willie
Earnest.

Holland won his second MVP,
this time for baseball, while Artis
Stanfield collected the academic
and leadership awards. The most
improved and hustle awards went
to Keitz Summers and Ernest
Gaskins.

Wrestling awards went to
Charles Simmons, MVP;
academic, Bernard Laska;
leadership, Coleman and Mel
Pair; most improved, Robert
Brown, and hustle, Donald
Glover and Donald Jenkins.

Nelson Williams collected the
most improved swimmer award
from the swim team. Boosterette
awards went to the students with
the highest averages and the last
included the above along with
riflery, Owen Black, and
cheerleader, Phyllis Ametee.

Special awards were presented
to WRIG's Jim Pritchett; WEAL's
Spencer Gwynn; Bill Harris and
Mel Swann; Channel 2's Woody
Durham; and Smith Barrier of
the Greensboro Daily News.

The Phi Beta Sigma Fraternity
presented awards to James
Cunningham as the top football
player and other awards were
given to baseballers Aaron Ball,
Holland and Stanfield.

We Need Black Super Stars

By Blannie E. Bowen

The Burlington native plays
football as well. Ball is from
Washington, D.C., and he has
all the tools that are needed to
make it as a pro catcher. This
is the word from one of the scouts
who came down to watch Al
Holland pitch on several
occasions.

The scouts have looked to
many of the Aggie games because
of the raves given to Holland, but
they are impressed with the play of
Ball and Stanfield as well.

In their next to last game
against High Point on Monday,
the duo blasted back-to-back
home runs from their second and
third places in the batting order.
A&T will surely miss these two.

Two Some Play Their Last Game In FSU

By Blannie E. Bowen

Artis Stanfield and Aaron Ball
played their last baseball game
for the Aggies on Tuesday
afternoon. The twosome was
instrumental in the 13-6 rout of
the Fayetteville State University
nine.

Both batters collected two hits
each and now they are listed as
two of the best in the country.
Ball is the catcher and he does
not run the bases. Rap Brown
can run for him, and he collected
four stolen bases while running for
Ball.

Ball is batting above .400,
while Stanfield is hitting above
.300 clip. Both have been
launched as outstanding defensive
players and now they must wait
and see how they make out if a
professional offer happens to
come along.

Stanfield stole five bases in his
final game, including home once,
and he is averaging close to two
homeruns from their second and
third places in the batting order.

The Burlington native

"When they open the fields to
us, we take them over. We just
need more Black superstars in
the business field," remarked
Matt Snorton while speaking at
the A&T athletic banquet on
Tuesday.

The 6'5 former Michigan State
all-American and Denver Broncos
are not worth in the business
field," remarked
Matts Snorton while speaking at
the A&T athletic banquet on
Tuesday.

the A&T athletic banquet on
Tuesday.
Many students are under the impression that there are a certain number of housing spaces set aside for incoming freshmen. According to William Goode, dean of men, this is not true. Goode said spaces are set aside and the number of incoming freshmen usually balances with the number of incoming freshmen.

Goode pointed out that incoming vets, support by the organizations and activities, and some of the issues that these veterans had brought up to the club, made it one of the most important meetings of the year.

The task may seem difficult, but at least 12 members volunteered to remain in the Greensboro area this summer to deal with some positive solutions. Those volunteering to work throughout the summer were Lewis Jones, James Kessler, Tommy Council, Harry A. Smith, Blackmon, Deforrest Pratt, Thomas Council, Harry A. Smith Jr., and Ted Mangum.

A&T Veteran Association Discusses
Upcoming Year's Preparations

The Veteran Association held its weekly meeting Tuesday, but the purpose of this meeting made it one of the most important meetings of the year. It had been previously decided that the Vet Club needed a head-start on next year's objectives and activities, and a concrete agenda for the next school year.

The officers elected for the upcoming, 74-75, school year were president, Ted L. Mangum; vice-president, Mary Hammett; secretary, Sue Ashe; assistant secretary, Warren Wise; treasurer, Jimmy Woods; and parliamentarian, Ronald Jenkins.

Due to the increased number of applicants, the housing problem except for incoming vets, support by the Vet Club for other campus organizations and activities, and a concrete agenda for the next school year.

The officers elected for the upcoming, 74-75, school year were president, Ted L. Mangum; vice-president, Mary Hammett; secretary, Sue Ashe; assistant secretary, Warren Wise; treasurer, Jimmy Woods; and parliamentarian, Ronald Jenkins.
