THE A&T REGISTER

"COMPLETE AWARENESS FOR COMPLETE COMMITMENT"

VOLUME XLIX NUMBER 27 NORTH CAROLINA AGRICULTURAL AND TECHNICAL STATE UNIVERSITY, GREENSBORO, N. C. TUESDAY, DECEMBER 6, 1977

Fund To Be Established In Honor Of Dr. Jackson

A scholarship fund in honor of the late Dr. Arthur F. Jackson, former dean of the School of Arts and Sciences, has been established by the Department of Sociology and Social Services.

In addition to honoring Jackson, the fund will award a yearly prize to students for outstanding papers written in the area of social science research.

The initial coordinator of the Arthur F. Jackson Fund is Dr. David Johnson, who teaches sociology and social services.

"The late Dr. Arthur F. Jackson, who died unexpectedly last summer, cared a great deal about A&T students," said Johnson. A fund in his honor has now been set up to continue the encouragement of academic excellence by the A&T students.

He said donations are be-

ing sought for the fund, and that checks should be made payable to the A&T University Foundation for the Arthur F. Jackson Fund.

Johnson said that all A&T students will be eligible for the yearly prizes. The competing students will be asked to submit a paper for judging. The emphasis will be on papers using statistics and policy implications of the analysis.

Johnson said three winners will be chosen, with the first-place student receiving a cash award scholarship and the runner-up receiving certificates. The winners of the contest will be announced during the university's spring convocation.

Persons wishing to donate to the fund and students desiring information about the annual competition, are asked to call Johnson at 379-7894 in 207 Carver Hall.

"Aggies and Their Art," an exhibit sponsored by the executive officers of the Student Union Advisory Board, is being held in the Student Union Ballroom. For more details see page 3.

In Atlanta, Ga.

Companies To Recruit Seniors

For two days, Tuesday and Wednesday, December 13-14,

corporate recruiters from over 100 corporations will interview in Atlanta, Ga. graduating seniors and graduate students with graduation dates from August 1977 through June 1978. The positions that will be represented at the College Career Conference will include Marketing, Manufacturing, Accounting, Data Processing, Engineering, Management Training and Finance.

Many of the companies that will recruit at this Conference will not be recruiting

on campus. The cost of this two-day program is absorbed by the recruiting companies.

The only expense to the attending student is any personal travel or lodging incurred.

The College Career Conference is being organized and conducted by Lendman Associates in conjunction with American Industry. In order to participate, send a copy of your resume or request a brochure by writing: Lendman Associates, 1945 the Exchange, Suite 275, Atlanta, Ga., 30039.

Supreme Court Accepts Ruling

Washington (AP) - The Supreme Court today let stand a lower court's ruling that makes it easier for individuals to sue government agencies over alleged civil rights violations.

The justices refused to hear an appeal by the Tennessee Valley Authority contending that the 5th U.S. Circuit Court of Appeals went too far last May in a ruling involving alleged racial bias in TVA operations at Muscle Shoals, Ala.

A suit against the TVA and two of its officers was filed by Frank L. Eastland in 1973 after he was turned down for a job as a helicopter pilot for the wholly owned government corporation.

Eastland, who is Black, at first sued for himself only. Later, however, he amended the suit to include 10 Black TVA workers and a former employee. The amended suit also sought to represent all past, present and future employees or applicants for

employment.

It charged the TVA with racial discrimination in recruiting, hiring, assignment, training and promotion in the Muscle Shoals area. It sought money damages and an injunction barring such practices.

Litigation over the suit still is pending before U.S. District Judge F. Foy Guin Jr. of Birmingham. The case before the Supreme Court grew out of the suit.

Guin dismissed the suit as applied to 10 of the 12 individuals, and ruled that it could not proceed as a "class action" - one representing more than just the persons directly involved.

On appeal, a 5th Circuit panel ruled that the individuals who unlike Eastland had not exhausted the administrative remedies available to them before turning to the courts still could join in the suit as members of a "class" pending a ruling by the trial judge over whether class certification is proper.

The appeals court also overturned Guin's ruling that issues raised in the suit could not expand beyond matters raised in Eastland's administrative complaint, made before he was represented by a lawyer.

"A decision by this court is needed to define the judicial parameters of the complementary administrative and judicial enforcement mechanisms of the Civil Rights Act of 1964," the TVA appeal to the Supreme Court said.

In urging the court to turn down the TVA, attorneys for Eastland argued that Congress did not intend in a series of civil rights laws to throw up barriers to court access.

"Congress was aware of the subtle and complex nature of many discrimination claims when it passed the Equal Employment Opportunity Act of 1972 but took no action to restrict access to the courts along the (See Justice, Page 6)

Forum Presents Program Concerning Bakke Case

The Black Ideas Forum of Guilford College presents a program on the issues surrounding The Case of Allen Bakke vs The University of California-Davis. The issues concerning the Bakke case and their implications for affirmative action programs will be discussed by Dr. Albert Spruill, dean of the Graduate School, A&T State University, and Attorney

James Ferguson from Charlotte.

The program is scheduled for Wednesday, Dec. 7, at 8 p.m. in the Boren Lounge of Founders Hall. The public is invited to come and participate.

Further inquiries should be directed to Frederick L. Hunt, Guilford College in Minority Student Relations, 292-5511, Extension 143.

Class Officers Under Fire During Semester

By Anthony Boyd

This semester there have been many gripes and groans concerning the lack of activities on campus. When tracing what many consider the source of the problem, class officers almost always appear at the top of the list. "We can't do anything; there's no participation," was the reply given by Andrea Wiley, vice president of the senior class. Out of approximately 500 seniors, Miss Wiley contends there are only 25 people who actively participate.

Participation seems to be the major problem faced by all class officers. This is most evident in the fact, that Dennis Ward won the post of freshman class president with 78 votes. This is out of approximately 2,000 freshmen.

Plans made by most pre-

sidents failed to turn out as expected. Lack of funds proved to be a major concern; bills from previous semesters had to be paid, and much of the money allotted by the SGA had to be used for homecoming floats and queens.

Lila Washington, president of the junior class, said that many of the things she had planned could not be done due to the lack of funds. To compensate,

many presidents had planned fund-raising projects, but there was no participation.

Steve Lipscomb, president of the sophomore class, stated that although their fund-raisers didn't go well, "all the participants received a sense of accomplishment."

Lila Washington said she would like to see her class do more than live shows. She has planned to sponsor a health clinic once a month. She added, "I'm like

everyone else on campus, I'd like to have a famous person on campus also."

Dennis Ward, however, said, "Nothing is all work," and he has planned a Christmas disco, and a dance. The freshman class will also sell seat cushions, pom-poms, and megaphones for basketball games.

The freshman class had a better turn-out than most classes, averaging close

to 100 people per meeting.

Many presidents have been accused of neglecting their duties. Steve Lipscomb, for four weeks, was pledging. He contends, however, that, "his executive staff did a commendable job during his absence."

Lila Washington seemed to sum up the feelings of all class officers when she said, "I'm not a Jimmy Carter, and for that reason, I'm open to all responses."

UYA Holds Orientation Meeting

By Rocky Evans

Mrs. Fanny Andrews, project supervisor for University Year for Action (UYA), held orientations for interested students at the Center for Continuing Education Wednesday at 3:30 p.m. and 6:30 p.m.. Students that are interested in UYA will participate as full-time workers, and will not be able to work part-time jobs, or take other courses because the students will be on call at all times. There is really no required GPA but one must be in good academic standing with the university said Mrs. Andrews.

The program is in tutoring under achieving school children in the areas of math, English and reading, and will also counsel the parents of the tutored children.

Sampson Buie, community relations specialist, said that the program will be a parent-student relationship. He also stated that "the students' interest is high and that he is amazed at the part that their interest plays in helping the underachieved students.

The 24-hour academic credits which students receive will not be chosen by the students but will be assisted by their advisor.

Long lasting protection...

throughout the whole day.

No matter what happens during your day, you're fresh and confident with Dial Anti-Perspirant.

Dial Roll-On gives you long lasting protection when you need it. Starting off your day—those long morning lectures—last minute preparation for that mid-term—or meeting that special friend at the end of your day.

You're at ease with Dial Roll-On because it gives you the long lasting protection you're looking for.

BRICKHOUSE

Union Site Of Art Exhibit

By Anthony Boyd

"Aggies and Their Art," is the title of a student art exhibition. The art show captures all the exciting and varied art forms. It is being held in the Student Union Ballroom, from December 5-6. The art show is under the direction of Greigg E. Johnson and executive officers of the Student Union Advisory Board.

The exhibit features the work of art majors, A&T alumni, and those aesthetically inclined. The exhibition features paintings done in water colors, oils and acrylics. Needle work such as crewel, cross-stitch and crochet are displayed along with photography and drawings.

In the area of photography, there is a whole section devoted to the works of Don Farrell. This exhibit includes the picture of an old woman holding, what appears to be her only friend, a cat. In capturing the solemn mood of pensiveness, Ferrell shows a child peering through a window, his thoughts submerged in the darkness, of the photo.

Along "With a little help from his friends," Farrell has epitomized all human emotions in still life.

An exhibit done by Charles Gorham, recreates an ancient shield. The shield, done in macrame, is woven about copper rings and ornamented by pathers.

In pencil sketches, the exhibition features work of James Bell and Michael Kirksey. Bell has enshrined the wonder of George Benson on paper. Michael Kirksey, in an untitled work, presents the serenity of old age, with a sketch of an old woman sniffing a flower.

Ms. Marion Whiteside, a 1962 graduate, brought realism to the area of fabric design. Her crewel entitled, "A Country Roadside," done in blues, greens, and

Teloca

Holds

Workshop

The Teloca Student Nurses' Association held a workshop entitled "Opportunities in Nursing" in Noble Hall Saturday morning.

The purpose of the workshop was to enlighten the nursing majors to the varied opportunities in the nursing field, to assist the students in deciding the area of nursing they would like to

(See Two, Page 5)

browns, show a corner of a fence, overgrown with blue flowers and weeds.

A silk screen, done by Leander Canady depicts a striking pose of a man portraying every bit of the "macho" male. It is entitled, "I Am Ready".

In Crewel, Patricia Eason shows the peacefulness of flowers. Done in purple and green, the design shows green and purple tulips.

Memories also play an important part of the exhibit. Aaron Garrett, a 1972 A&T graduate, returned to his old home, and what he saw is in

his photograph entitled, "My Last Home." It shows an old house overgrown with weeds.

James Ferrell explores his and everyone's mind with his pen and ink compositions. In one drawing entitled, "Inner Compositions of a Woman," a series of lines are woven in the pattern of a woman's profile. Brought out in the design are the things which build a strong woman: a heart, a rose, and a star. The exhibit also features many abstract paintings done in brilliant acrylics and oils.

A&T's Music Department Presents Christmas Show

By Albert Leach

A&T's Department of Music presented the University Choir's annual Christmas concert Sunday evening in Harrison Auditorium. A&T's Brass Ensemble also participated in the concert.

The choir performed selections from Clarence Dickinson, Harry Simeone, F. Mendelssohn, G. F. Handel and others.

Solos were performed by Denise Murchison, Edna Branch, Samuel Foy, and Ronnie Quick.

The audience which consisted of parents and students seemed to have en-

joyed the concert.

Some of the songs performed by the choir and the ensemble were A. Vivaldi's "Gloria," and "Laudamus Te," Camille-Saint Saens' "Christmas Oratorio (Cantique de Noel)," F. Mendelssohn's, "Hark, the Herald Angels Sing," and G.F. Handel's, "Hallelujah" chorus from Messiah.

The concert seemed to be a success although the weather may have kept a larger crowd from coming.

The university choir was directed by Leroy Alfred Roberson, with Janet E. Jones, accompanist.

Entertainment

The Leach Line

By Albert J. Leach

Donna Summer's newest release "Once Upon A Time," is her first two-record set, and her fifth gold album.

Summer has just returned from an acclaimed European concert tour, and has commenced a series of performances on the east coast of the U.S.

One of her first stops was her hometown, Boston, where she was presented the Paul Revere Award, the highest honor presented by that city. That day was declared "Donna Summer Day."

Since the release of her two-record album on Casablanca Record and Filmworks, Ms. Summer has reached a peak of musical excellences higher than ever before.

After growing up in Boston, where she developed her voice singing at church services, Summer summoned up her spirit of adventure and took the bold step of moving to Germany to star in the production "Hair".

Summer's first release "Love to Love You Baby," was an enormous hit, and its nearly 17 minute length broke all the rules of radio programming.

Summer's style of music has kept maturing since "Love To Love You Baby," through "Love Trilogy," and "Four Seasons of Love."

Summer's "I Remember Yesterday," album released in the spring of '77 launched the number one single, "I Feel Love," which is still rising high on the charts.

Her heart-felt songs ranging from catchy, upbeat rockers to exquisitely poignant ballads, prove that Summer has accomplished what she set out to do.

Sunday night while visiting another institution's library in the Greensboro area, this reporter asked the student librarian if A&T students are allowed to check books out of that library. The student replied, "No, we only allow UNC-G students to check books out of our library."

The remark the student made was not offensive because it was the truth, but his tonation was very offensive. What is more, when the student learned that we were A&T students, he did not want to allow us to use the xerox machine to copy the pages we needed from the books he had already told us that we could not check out.

Last year, according to an A&T library worker who wishes to remain anonymous, A&T students were allowed to check books out of UNC-G's library. This library worker said that the system was curtailed because the A&T students were slow about returning the books. This university had to pay the fines and then they were added to the students' bill. This became a hassle and eventually that system was terminated. Now only graduate students with a co-op card are allowed to check out books from the other institutions the UNC system.

Presently if A&T students have research to do at the other institutions in Greensboro, like their peers at these institutions, they can either xerox the material or spend the time rewriting what they need.

If, for whatever reasons, UNC-G and the other institutions which we rely on for our research sources, openly displayed the type attitude the student librarian displayed on a wider basis, we would be in a ruthless situation because we would have no crutch at all to lean on because our library does not contain many of the resources.

FINAL EXAMINATION SCHEDULE, FALL SEMESTER 1977

Course Sequence	Time of Examination
8:00 a.m. - MWF	Monday, December 12, 8:00 - 10:00 a.m.
9:00 a.m. - MWF	Friday, December 16, 10:30 - 12:30 p.m.

Will New Gym Be Ready?

By Catherine Speller

As the football season draws to a close, many of the Aggies are looking forward to a really great basketball season. a winning season even if they don't get to play in the new gym until much later than planned.

Even though last year's season didn't end with another championship, it can be remembered for the sense of pride that it instilled in its fans and followers.

Three main attractions of this year's season are the return of James "The Bird" Sparrow to the courts, the opening of the new gym in late spring for home games, and the new coaching staff.

This columnist is sure that the staff and the players are looking forward to

Work on the gym has been going on for quite sometime, but it doesn't seem near completion judging from the outside and the nearby grounds.

If the gym isn't completed for this season, many of the fans may be disappointed and will be forced to commute to the Greensboro Coliseum as in past years.

Let's hope for a winning season for the team, senior players, and new coaches and maybe one game this basketball season in the gym.

No Washers Or Dryers Yet!

Editor of the Register:

I am writing concerning the new washers and dryers which were supposed to be installed in Cooper Hall at the beginning of the semester.

The administration constantly makes promises when they know that what they say will only be more untruths, commonly referred to as LIES.

There is no excuse, and I do mean "no excuse" for us

not having any facilities with which to wash and dry our clothes. The administration knew when we got out in May that we would be back; therefore, I feel that it should (See Students, Page 5)

Babson College Sponsors

\$3,000 Award For Program

Babson College is sponsoring an Edward L. Bernays Foundation Award For A Practical Program To Achieve Economic Justice For Homemakers. This program is designated to enlist the participation of Americans nationwide to help solve a problem of ine-

quities in law and economics affecting millions of American homemakers and to focus public attention.

The award of \$3,000 will be given for the best 5,000 words or less, practical program to achieve equitable treatment for homemakers.

The competition is open to anyone not associated with the donors, the Babson College faculty, staff and employees and the Jury of Award. The competition closes on October 16, 1978. Professor Frank C. Genovese, Administrator of the Competition for Babson College, said, "We hope to get solid, practical ideas on what needs to be done to eliminate these inequities."

For more information, write to Professor Frank C. Genovese, Administrator, Babson-Bernays Competition, Babson College, Babson Park, MA 02157.

Students Visit Other Dorms In Order To Wash Clothes

(Cont. From Page 4) have been making preparations so that the washers and dryers would have been available at the beginning of the semester.

It is pathetic that everytime we have to wash our "dirty" clothes we have to "run" from dorm to dorm trying to get a washer. The washers should be in "our" dorm at "our" disposal.

Hopefully, this letter will receive some immediate action. Maybe the administration will make two New Year's Resolutions; one, to

Two Speak

At Workshop

(Cont. From Page 3) pursue and to give them tips concerning the steps they should take to reach their goals.

Ms. Marion Whiteside, an A&T graduate who is presently a UNC-G faculty member, and Ms. Joyce Semradik, a research nurse from the UNC-Ch were guest speakers at the workshop.

Ms. Whiteside earned her Masters Degree in the field of Science and Public Health Nursing. Ms. Semradik earned her Ph D. in Sociology.

The workshop lasted from 10 a.m. to 12 noon.

Hanging by his feet 40 feet above the ground, Harry Houdini was able to free himself from a straitjacket!

The fastest animal is the cheetah, which sometimes runs as fast as 65 miles an hour.

stop telling untruths and, two, to get us some new washers and dryers installed.

Learn what it takes to lead.

To Prepare For Finals Reading Day Helps Students

By Richard B. Steele
Reading day is a day designated for the sole purpose of catching up on final examination studies. During the past two years, reading day has been on a Saturday. Many question the reason why Saturday has been chosen instead of a week day. Students feel that the weekend belongs to them for purposes of their own; relaxation, shopping, washing, the movies, and numerous other personal duties.

Each year a calendar is proposed among administrative officials. This is introduced to the students in the form of the spring and fall class schedules bulletin.

It has been said that Saturdays are official school days.

With this in mind, state law requires all schools to be in session 180 days.

All activities are scheduled according to seasonal changes and order of importance. For example the day to remove incompletes and drop-add days are under the Registration and Records.

Dr. Rudolph Artis, director of Registration and Records, said that schools have a set number of teaching days per semester. With the scheduling of items on the calendar, students nor teachers are crowded during examination time.

This is but a part of the networks that follow the university guidelines.

It has also been speculated

that next year Monday will be the designated reading day. The last reading day held on a Monday was during 1975.

Justice Dept. Refuses To Represent TVA

(Cont. From Page 1)
lines suggested by the TVA," they said.

"Its concern was to effectuate, not limit, the promise of non discrimination in employment."

The Justice Department refused to represent the TVA in its appeal.

In a memorandum issued last August, Attorney General Griffin Bell told all government lawyers: "As a matter of policy, the federal government should be willing to assume for its own agencies no lesser obligations with respect to equal employment opportunities than those it seeks to impose upon private and state and local government employers."

Campus Haps

There will be a joint Men's and Women's Council meeting at 7 p.m. Wednesday, Dec. 7, in Scott A 2nd. floor Study Lounge. The purpose of the meeting will be to discuss revisions to the co-ed visitation policy and the co-ed visitation survey.

Social Service Club will take pictures Wednesday, Dec. 7, at 3 p.m. at Carver Hall.

Business Administration Club will meet Wednesday, Dec. 7, at 4 p.m. in Merrick Auditorium. Important business will be discussed.

The TELOCA Student Nurses' Association will hold a meeting on Thursday, Dec. 8, in Noble Hall Reading Room, at 6 p.m. All members, please be present and on time. Come with some ideas in mind for a Christmas project. All nursing students are invited to attend.

Who's Who pictures will be taken from 2-4 p.m., Dec. 8, in Room 210 in the Student Union.

Reward: For the return of Charles O. Simmons' wallet, including all identification. Contact the School of Business and Economics if you have any information relative to the above.

There will be a meeting of all staff members of The Register Wednesday, December 7, at 7:30. All members are asked to be present.

CIVIL ENGINEERING AT MASSACHUSETTS INSTITUTE OF TECHNOLOGY

We welcome inquiries about the opportunities for graduate studies in Civil Engineering at the Massachusetts Institute of Technology. Teaching focuses on Constructed Facilities (project management, structures, and Water Resources and Environmental Engineering.

A large variety of sponsored research projects relating to the planning, evaluation, design, and construction of civil engineering facilities and systems are in progress and provided material for graduate research and these development. Interdepartmental programs are available at both the Master's and Doctoral levels. Part-time assistantships are available in teaching and research.

For full information and application contact:

Group To Aid Cyclone Victims

The local Indian Committee in cooperation with their American friends and wellwishers, have set up an "Indian Cyclone Relief Fund" for the Piedmont Research Triangle Area, and various humanitarian activities are planned for the coming months to help alleviate sufferings of the helpless cyclone victims.

This committee was started because of the worst natural disaster to hit Southern India in the past 100 years. A cyclone took thousands of lives and made

millions of people homeless and destroyed crops worth millions of dollars.

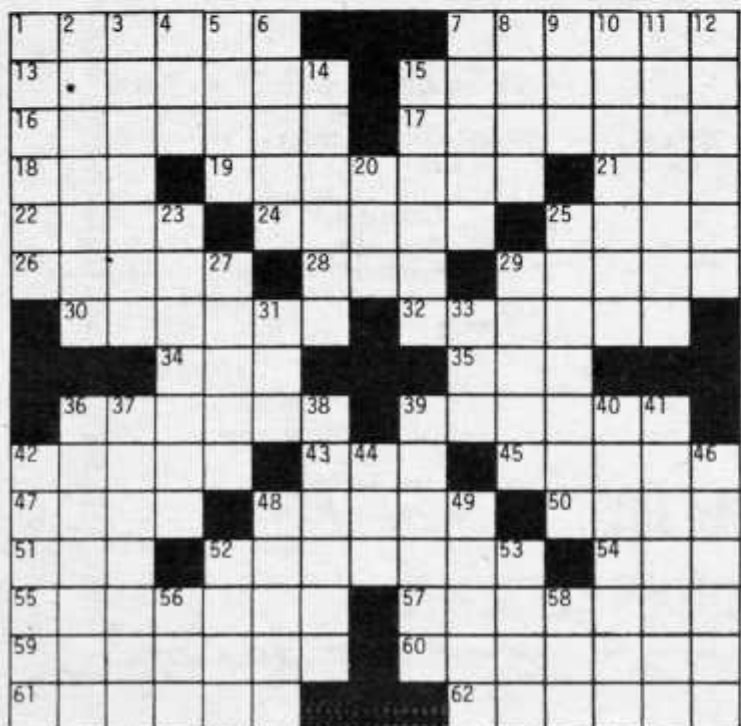

The public is urged to send cash donations (any amount will do) to "India Cyclone Relief Fund", Box 570, Chapel Hill, N.C. 27514. Your contribution is tax exempt.

If you have clothes that you could donate to this cause (except woolen materials), please contact: J. Ramasamu, 274 8915 here in Greensboro.

There will also be an "India Bazaar" in the Triangle

Area where items made in India will be sold at competition prices, the proceeds of which will be sent to India. Items available at the India Bazaar include handicrafts, ivory, brass, handloom garments, curios and other scores of items. The bazaar will be from December 9-11 at South Square Mall in Durham, N.C.

Answers To Last Puzzle

Sports

Notebook

By Archie Bass

Even though "almost" only counts in the game of horseshoes, but for the Aggie basketball team and first-year Gene Littles, it means basketball is back for A&T.

Why is it back?

Despite the two losses this past weekend, the determination the Aggies played with, especially playing away from home, should be indicative enough to say - "Basketball is back."

The local papers in Cincinnati read that they never heard of A&T. While the Bearcats were up by as many as 20-points in the first-half, the fans undoubtedly laughed about the supposedly "unheralded" Aggies.

But, before it was over, the players, coaches, and fans barely escaped with a 58-57 squeaker.

"We played extremely well against Cincinnati," said Gene Littles.

The Aggies didn't pull out the victory, but the people in Cincinnati can truly say that they now know of A&T.

The Gold Bowl Saturday turned out to be the opposite of what most sports fans anticipated.

The game matched explosive Winston-Salem State and defensive oriented S.C. State.

Many expected a high scoring "barn burner", but the game resulted in a defensive struggle with S.C. State the winner, 10-7.

We can rest assured next year, according to Jim McKinley, that these two teams won't be in the Gold Bowl. Maybe one, but the Aggies will be there.

The ceremony awards will be held Thursday night for the Heisman Trophy, the 1977 top collegiate football player.

It was interesting to find out that one of CBS sportscasters is on the committee that selects the Heisman Trophy recipient.

Sunday, on national television, he all but said that he was voting for Earl Campbell of Texas.

The sports world is dominated by Black athletes - boxing, basketball, football and baseball.

Once upon a time, sports were the only events that didn't involve politics. But now, to win an award, one must be gifted in politics.

Doug Williams of Grambling should be ranked No. 1 for the prestigious Hesiman Trophy.

It's strange, however, that Blacks give this nation fame athletically; but, Blacks are being constantly robbed of top awards in sports.

Performance Upsets Littles

By Craig R. Turner

"I wasn't pleased with our play against Cleveland. We weren't patient in our offense and didn't play as aggressively as we did against Cincinnati. Besides all that, we had 40 turnovers; and you generally lose by twenty or more. I really don't understand how that happened."

Gene Littles was encouraged over his team's road trip last week which saw the Aggies lose two games by one-point margins. A&T folded to the eighth-ranked earcats 58-57 and Cleveland State 61-60.

And, while the Aggies lost to Cincy, three men figured prominently in that loss. James Sparrow (6-6), Marvin Brown (6-7), and L.J. Pipkin (6-9) all scored in double figures. But against Cleveland the Aggies had to rely on freshman Harold Royster who was 10 of 11 from the field and finished with a game high 23 points. The 6-8 forward is from Yonkers, N.Y.

"Harold did a fine job showed a lot of poise and quickness." Littles stated that the starting lineup would be changed against Western Carolina Tuesday night.

"We'll change the lineup this week; that should make us more consistent on both ends of the floor. Western will be extremely aggressive and they like to press a lot."

Friday the Aggies travel to Winston-Salem State to face the defending CIAA champs.

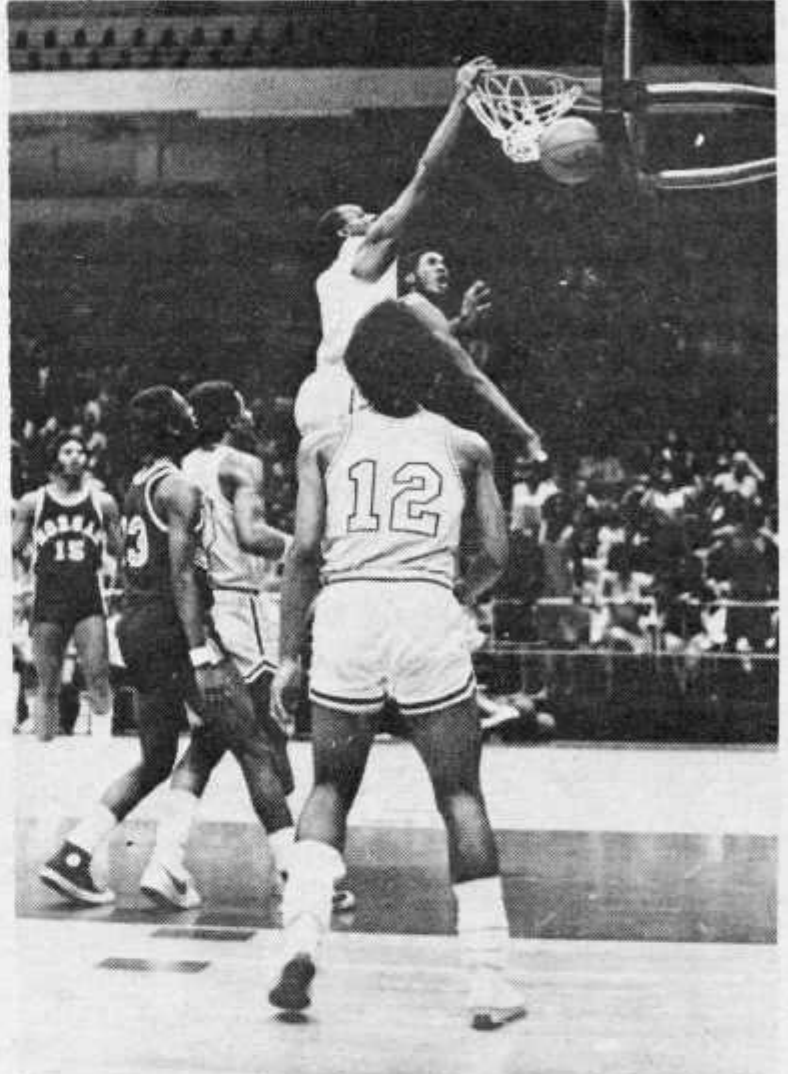

"Winston has a very fine team and Clarence "Big House" Gaines always has them ready for A&T," said Littles.

Littles will probably go with a three forward offense with Pipkin, Brown, and Royster to help bolster the running game against Western and Winston-Salem.

Also there may be a change in the point guard situation about the lack of point production from that position. Freshman Joe Brawner is expected to see considerably more time.

Gametime for the Western Carolina is 8 p.m. tonight in the Greensboro Coliseum. The tipoff for the WSSU tilt

is also 8 p.m. at the Winston-Salem Coliseum Friday evening.

After two close games with Cincinnati and Cleveland, the A&T Aggies will play Western Carolina tonight, at 8 p.m. in the Greensboro Coliseum. file photo

S.C. State Bulldogs Forge Defensive Game

By Archie Bass

The S.C. State Bulldogs have been a defensive oriented team all year and have only produced on offense as a result of their stubbornness defensively.

"I anticipated a tough defensive battle," said Willie Jeffries, after his team defeated Winston-Salem St. Saturday in the second annual Gold Bowl, 10-7.

Malcolm Montgomery made only one of four field goal attempts, but that was enough to lift the No. 1 MEAC team past undefeated Winston-Salem St.

Montgomery's successful field goal came with 3:15 left in the third period that enabled S.C. State to win their second straight bowl duel before a crowd of 14,000

Winston-Salem, which suffered its first defeat in 12 outings, managed a 7-0 lead when the Rams drove 49-yards in eight plays on their first possession. Arrington Jones scored on a 1-yard run.

The Bulldogs, who finished 9-1-1, quickly got even on their next possession when Nate Rivers, named the

games's most valuable player, broke around right end and raced 64-yards for the knotting touchdown.

Montgomery, who had missed from 48 and 44 yards, then connected from 24 in the third period, and the Bulldogs' defense made it stand up.

The Rams posed a late threat when a bad snap and a blocked punt gave them the ball at the Bulldogs' 27 with 45 seconds left. But four plays later, Derek Brewington was well short on a 47-yard field goal try with five seconds left.

Besides Rivers, who carried 16 times for 134-yards, the Bulldogs got 89-yards on 18 carries from Rickey Anderson and 86-yards on 16 carries from Charles Burgess as they rolled up 286-yards on the ground to 174 for the Rams.

Each team completed just two passes in the ground-oriented battle.

Weekend Action No Surprise

The second full weekend of college basketball got off the ground without any surprises. Most of the action was centered once again in the CIAA and the MEAC.

Delaware State grabbed its first win and looked rather impressive in doing it with an 87-72 thumping of

Southeastern College. Elizabeth City used pressure defense and three guard offense to put away North Carolina Central 89-83 in Durham.

Cleveland State handed A&T its second straight one-point loss 61-60 in what Coach Littles called a very

poorly played ball game. The Aggies committed 40 turnovers in the losing cause.

In the CIAA, Northern Division favorite Virginia Union remained unbeaten with a 73-65 win over Lincoln, Pa., and top contender Virginia Christian 95-80.

Now comes Miller time.
