Gibbs Hall Presents 'Reflections Of You'

By Richard B. Steele

The ladies of Gibbs Hall presented "Reflections Of You" a talent-fashion show in the student union ballroom this past Sunday night. The evening was divided into two parts: entertainment, provided by Angela Duckett, Gwen Franks, Audrey Statham, Ron Knight; and four scenes of fashion: casual, evening, wedding and disco.

The background music picks up by the audio department thanks to Winston Barnes, and Yeti Harper; the commentator enters stage right. The lights are low and the spot diminishes the aisle decorated with planters, the spot diminishes. trenchers, and sweaters. A striking combination of grey two-piece, tight waist, with co-ordinating burgundy sweater and matching pants. A shimmering black flowing dress split up to the thighs is definitely a show stopper with black sandals, a red, white, gray, black topped off with nicely-worn gray hat.

For those chilly days, step out in your favorite Levis, hat. with leather jacket, vest, boots and shoulder bag. Accessories may include silver or gold jewelry, scarves, wraps, and briefcases for the business minded.

The evening wear is a dazzling variety of splits, ruffles, pleats, and pieces. A shimmering black flowing dress split up to the thighs is definitely a show stopper with black sandals, a red, white, gray, black topped off with nicely-worn gray hat.

Here comes the bride as the audio department thanks to Winston Barnes, and Yeti Harper; the commentator enters stage right. The lights are low and the spot diminishes.

writing, advanced newswriting and such complementary courses as media law, history, and broadcast studies.

The A&T program is being supported by a special grant from the W.K. Kellogg Foundation in Battle Creek, Mich., and a smaller federal grant the AIDP project.

A major component of the program is the internship course, which requires that each student spend most of a semester receiving on-the-job training at a newspaper, radio, or television station or a public relations organization.

Protestant Denominations Discuss Unification

INDIANAPOLIS - Executive bodies of two major Protestant denominations-the United Church of Christ and the Christian Church Disciples of Christ - met Oct. 28 to explore unification, but the session ran into trouble over race relations organization.

The Elements of the Universe have brought joy and happiness into the lives of many. Earth, Wind, and Fire through the years have enjoyed success and platinum albums one after another. In recent years, the mighty elements have had a message in their music describing our daily lives in songs like "On Your Face", "Saturday Night", and "The Way Of The World."

Other songs expressed emotions and moods of love, such as "Can't Hide Love", "Love's Holiday", "I'll Write A Song For You", and "Be Ever Wonderful".

Still, another type of song from this versatile group is the kind when all else fails and problems mount. One has to "Getaway", or maybe "Sing A Song" to make it better. Even jamming to the catchy tune of 'ba-yahs' from "Brazilian Love Theme."

One has to "Getaway", or maybe "Sing A Song" to make it better. Even jamming to the catchy tune of 'ba-yahs' from "Brazilian Love Theme."

Now the masters of music present to you, "The Best Of EWF" with a single cut from the LP entitled "September" that's already grabbing people by the ear, soon to be released in local record stores.

The Student Union Advisory Board presents "An Evening Of Entertainment" in the ballroom, this Thursday from 8-10 p.m. It's absolutely free with student ID. The evening includes a jazz band, backgammon, pokeno, checkers, bingo, prizes, and trophies; sponsored by Cultural Affairs-Games and Tournaments.

7. Dynasty, by Robert S. Elegant. (Fawcett/Crest, $2.75) Saga of dynamic Eurasian family: fiction.

This list was compiled October 15, 1978 by The Chronicle of Higher Education from information supplied by college stores throughout the country.

---

Joe Dudley, A Greensboro and Chicago businessman, and graduate of A&T State University, has already established himself as one of the nation's top door-to-door salesman. Now Dudley is using his talent to sell Black citizens on the idea that they can help themselves. If they really want to. That includes building churches.

The most critically acclaimed television show of the current season is 20th Century Fox TV's "The Paper Chase," airing Tuesdays over CBS. And probably the most in demand interviewer is the star of that series, 76-year young John Houseman, reenacting his Oscar-winning role as the dominating law school professor. Houseman, a towering figure in American theatre for more than 50 years, co-founded with Orson Welles, the Mercury Theatre; movie producer whose pictures include "Julius Caesar" and "Lust For Life;" producer of TV's "Playhouse 90;" and Professor Emeritus at the USC Department of Drama, among other positions.

The dream of every actor is to create a role with such dynamism and force that forever after the two are remembered simultaneously. Clark Gable as Rhett Butler; Marlon Brando, the Godfather; Judy Garland as Dorothy; Mickey Rooney as Andy Hardy; and Lucille Ball as Lucy are prime examples. Add John Houseman to that distinguished list as the creator of the memorable character, "Professor Kingsfield," in "The Paper Chase": "He and I were, in a sense, on the same wavelength."

Add John Houseman to that distinguished list as the creator of the memorable character, "Professor Kingsfield." Now Houseman recreates the same role in the 20th Century Fox Television series premiering over CBS-TV during the 1978-79 season.

The television acting credits include "Fear on Trial," "Six Characters in Search of an Author," and "The Displaced Person."

When the collection was culled, the church had raised more than $1,100. They had already had two regular offerings that same day.

Dudley launched his highly successful career in Greensboro, where he still operates several branches of the Dudley Beauty and Barber Supply, Inc.

"If you are rich in the spirit, you have to be rich in the pocketbook," Dudley says. "My Bible says, 'Ask and it shall be given unto you. Seek and ye shall find.' It didn't say 'might' or 'maybe.' We have got to stop playing our pocketbook, 'I don't want anybody to leave. We must support our churches. We must build our churches. The biggest thing that Black people have is the church," he said.
Curiosity Hums

Curiosity, they say is what released all the evils into the world, and recently a lot of curious things have been humming through the campus pipelines about things happening around the yard.

It seems like some improvements that were attempted aren’t panning out for the betterment of the university at this time.

Often we are all quite busy with the chores of a day-to-day job, and at times we take the liberty to shirk a few hours when the opportunity is made available.

It seems that this shirking attitude has been, and still is, an ailment of many people here at A&T. It’s not just the students who skip classes when it’s too cold or when the warm weather sets in, it’s members of every area of campus personnel.

If one’s job is to answer the legitimate questions of the students, then those questions should be answered in a way that those it concerns can understand without delay.

This writer can’t possibly understand why simple things that would take only a matter of minutes somewhere else, take days and weeks to get done at A&T.

What’s even worse than that is when the outdated procedures are questioned, they act like you have committed a crime and then things take twice as long to get done.

Many things that go undone or are improperly done at this university could be corrected much quicker if all of us tightened up and did the jobs that we were hired to do.

The First Amendment

Freedom of the press reigns on our campus through The Register, official organ. Since its inception thirty years ago, the staff through proper guidance has maintained a liberal editorial policy. "Print all the news our students want."

Ayanatee yearbook edition, voicing what the A&T Register stands for. To this day, the feeling still remains among the staff members.

Our purpose is to work as a unified body, to bring to the students, and the faculty the events which occur on or off the campus.

Often we are criticized because we don’t cover every event, but this is your paper just as much as it is ours, and seldom do we receive any response from the students.

Complaints are heard by this reporter many times, but the threats or accusations are never acted upon. Keeping the problem to yourself will never be solved unless you speak up.

This is why the first amendment of the constitution was written for and about you, a citizen of the U.S. which includes freedom of the press and the freedom of speech.

Nothing will happen until you make it happen, for every student must work together as a bonafide unit in order to bring about a change.

The fourth estate, the campus newspaper, is the watchdog of the government, the SGA, and the administration.

Don’t Over Do It

Stress is something that all of us experience at one time or another. It could be emotional or physical. According to Alvin Toffler's Future Shock, everyone has an "adaptive range". That is each of us has a maximum amount of stress we can bear.

Some students may feel comfortable with 20 hours and work study, while for another student, 16 hours is more than enough. However, often times for the sake of pleasing others or even trying to outdo someone, we overload ourselves. At that point we sometimes tend to blame others or even God for our poor performances. Therefore it is important for us to know the capacity of stress that we can withstand. Don’t overload yourself, for this can lead to ulcers, nervous breakdowns, and even suicidal attempts. Life is too precious and good health a blessing.
Attention! The Home Economics Club will meet Wed., Nov. 8, at 7 p.m., in Room 209, Benbow Hall.

The Graduate Record Examination (GRE) will be given on Dec. 9, from 8:30 a.m. until 5:15 p.m. in Barnes Hall Auditorium. Applications for the GRE may be picked up in Murphy Hall, Room 103. The regular registration deadline is Nov. 8. Late registrants can register from Nov. 9-15, however they must pay a $4 late registration fee. Fee waivers may be obtained from Counseling Services, if you are receiving financial aid. There will be some "walk-in" registration permitted, if there is space and text materials available.

Attention! Students, if you want your baby or childhood picture in the yearbook, please bring it to the yearbook office before Dec. 1.

The second annual Ellen Swallow Richards Nutrition Lecture entitled "Nutrition Evaluation: Promises and Dangers," will be held Monday, November 13, at 8 p.m. in Cone Ballroom, Interlakes University Center at UNC-G.

Deadlines for all stories and campus haps are Sundays and Wednesdays by 4 p.m.

All interested Association Childhood Education International (ACEI) members and nonmembers, the deadline for dues is Nov. 9. We will meet at 6:30 p.m. that night in Room 203, Hodgkin Hall. Please pay your dues to Dr. Blue or Jackie Nicholson.

All girls interested in the Top Ten Glamour College Women contest, applications are available from Monday Cook in Gibbs Hall.

Animal Science meeting will be held Thurs. Nov. 9, at 6 p.m. in Room 168, Carver Hall.

Cultural Affairs and games and Tournaments of the Student Union Advisory Board sponsors: "Evening of Entertainment" on Nov. 9, from 7:30 to 10:30 p.m. in the Student Union Ballroom. There will be a Jazz Group & games will be played with I.D. Prizes and Trophies will be given. Admission is Free.

The Sports Editor would like to see all active sports writers, Wednesday, Nov. 8, at 7:30 p.m. in the A&T Register's office.

Spanish Club members, there will be a very important meeting, Wed., Nov. 8, in Room 328, Crosby Hall at 3 p.m. Please be present.

WASHINGTON, D.C.- The National Endowment for the Humanities announced that it is expanding its program of research and study fellowships to put new emphasis on helping undergraduate teachers further their own scholarship and strengthen their teaching abilities in college humanities courses.

The Endowment will continue to offer fellowships enabling scholars, teachers and others to undertake full-time independent study and research in their fields and to offer them the opportunity to produce works in the various areas of the humanities.

The National Endowment, established by Congress in 1965, is the government's principle agency supporting scholarship in a wide array of academic pursuits and aiding projects designed to foster broad public participation in cultural and educational programs.

A new division of the fellowship programs (known as category "B") is aimed at scholars primarily engaged in undergraduate teaching, in the early stages of their careers. The fellowships, offered for periods of six or twelve months, are designed to free these scholars to pursue studies that will broaden their abilities in teaching humanities courses and to enable them to make their own contributions to scholarship in the humanities.

The stipends for this category range up to $10,000 for the six-month fellowship and a maximum of $20,000 for the twelve-month study period. The application deadline for the 135 fellowships expected to be available in 1980-81, is June 1, 1979. The Humanities Endowment is also continuing its Category "A" fellowships which are designed to provide study and research time for scholars, teachers and non-academics whose work "likely to lead to significant contributions to humanistic thought and knowledge." These fellowships are also for six- and twelve-month periods with maximum stipends of $10,000 and $20,000, respectively. It is hoped that 135 fellowships in this category will be available in 1980-81.

The deadline for applying is June 1, 1979. Forms should be available in early 1979.

A third category of continuing Endowment fellowships, Category "C," provides opportunities for undergraduate teachers to participate in seminars with distinguished scholars and undertake further work on their own beyond the seminars. Preference is given to applicants who have been teaching at the college level for three years. This is a year-long fellowship with a maximum stipend of $20,000. Approximately 650 such fellowships will be available in 1979-1980 with an application deadline of November 13, 1978. The deadline date for applying for 1980-81 awards is November 12, 1979.

Further information and application forms are available from the: Division of Fellowships, Stop 101, National Endowment for the Humanities, 806 15th Street, NW, Washington, D.C.

NEH Expands Research Program

WASHINGTON, D.C.- The National Endowment for the Humanities announced that it is expanding its program of research and study fellowships to put new emphasis on helping undergraduate teachers further their own scholarship and strengthen their teaching abilities in college humanities courses.

After a week off, the A&T football team will get back to the basic plays in preparing for Saturday's game against Delaware State. The Hornets, with a 2-6 record, have won two of their last three games.

The Hornets have one of the best receivers in the nation in La Costa Brown. Brown is ranked number three in the country in yards per catch. Another Brown, Andre, quarterbacks the Hornets. He led the team and the MEAC in passing last year.

(See Notebook, Page 7)

Dudley Prime Benefactor Is Motivating Blacks

(Continued From Page 3)

across the nation to sell Dudley and Fuller products.

As a prime benefactor of his motivation of Black people, Dudley points with pride to Ms. Claudia Nettles of Greensboro. According to Dudley, Ms. Nettles, a former maid, now makes at least $600 per week selling Dudley and Fuller products.

"You have to do what you can to help yourself," said Dudley. "You have to do what you can first. You have to help yourself.""}

Sues Haley

NEW YORK (AP) Author Alex Haley is defending himself in another lawsuit which claims he "largely copied" from another author to complete his historical novel, "Roots".

The story is about the Haley family's African origin and their generations of American slavery.

The new trial for alleged copyright infringement resulted from a suit by Harold Courlander of Bethesda, Md., a novelist and folklorist, and began Monday in U.S. District Court in Manhattan.

Courlander was among the early witnesses at the non-jury trial before Judge Robert Ward, who listened to numerous segments of Roots as the trial opened.

Courlander testified he wrote "The African" after years of studying African ritual, dance, song and culture in the United States, Haiti, the Dominican Republic and on the African continent. He submitted into evidence a long list of his works.

Metal Division In Reidsville

The GTE Metal Laminates Division has been established by the National Student Education Fund in Reidsville, to supply thermostatic and clad metal strip and devices to a variety of industries, according to an announcement by GTE Precision Materials Group, a part of General Telephone & Electronics Corporation.

John W. Anderson, president of the group, said the new operation is located in a modern 240,000-square-foot steel and concrete building in (1704 Barnes St.) Reidsville. The structure, which is almost twice as large as the former Chace facility in Detroit, will permit the division to utilize fully its continuous bonding and electron beam welding capabilities. This will enable it to better satisfy increasing customer requirements for these products in automotive, electrical, appliance, heating, air conditioning, television, and battery applications.

The GTE executive also announced the appointment of J.W. Sullivan as Vice President and General Manager of the new division.

Sales of the Metal Laminates Division's products will continue to be the responsibility of the combined field marketing staffs of the former W.M. Chase Co. and the Sylvania, Gibson Electric subsidiary, a manufacturer of electronic contacts.

Sullivan, who formerly had overall responsibility for the Chase operation, joined that company in 1975 as vice president marketing. Earlier, he was products manager, thermostatic and specialty metals for the Metallurgical Division of Texas Instruments, Attleboro, Mass.

Sullivan received a degree in mechanical engineering from the University of Massachusetts in 1960. He will relocate to the Reidsville area in the near future.

SOPHOMORES! IS THERE LIFE AFTER COLLEGE?

You're aiming for a college degree. And with that in hand you'll be looking for a job offer. You may find it won't be automatic. For that reason it's important for you, as a sophmore, to make the most of your last two years in college. Whatever your career choice, you'll want to become competitive and marketable. It won't be easy but you'll find yourself better prepared if you look ahead Now.

Army ROTC has prepared a packet to help you do just that. Get the facts on management training. Learn what increases your leadership potential in the job market. Sophomore, you can do something about your life after college.

Stop by the Army ROTC Department for this informative packet.

ARMY ROTC. THE TWO-YEAR PROGRAM.

THAT'S YOUR DECISION.

The Aggies will have all of their injuries healed by Saturday. The team practiced four days to keep from getting lazy. Most of the early season injuries have healed and the team will be close to 100 percent sharp by this weekend.

The defense worked on a lot of Delaware’s plays and how to defend against them. There was a lot of hard hitting, but not so to bring about anymore injuries. The defense should be even better this weekend.

One defensive player who has been in the shadow of Dwaine Board, Lucien Nibbs, and George Small is lineman Glenn Inman. Inman leads the team in tackles and is only a junior. When there were a lot of injuries on the defense, he still made up for all the others. So, when you go out Saturday, look at that player in the shadow, no. 33, Glenn Inman.

The game between UMES and South Carolina State was more of a rout than a good matchup. The game was played in South Carolina State’s backyard and everyone knows how that turned out. Once again, Coach Willie Jeffries let his Bulldogs run like wild dogs.

The Bulldogs won the game by a 54-0 count. Quarterback Nate Rivers came off the bench to lead and everyone knows how that turned out. Once again, Coach Willie Jeffries let his Bulldogs run like wild dogs.

The basketball season officially begins next Friday in the New Gymnasium. The Annual Blue-Gold Game promises to send ten of the team’s top players into the lineup. I’ll have more information on who will be starting for both teams.

The MEAC has a bad taste when it comes to non-conference foes. The MEAC teams have lost 19 of the 26 games to outside opponents. That makes everything look a little bazaar or the conference. If the conference expects to exist, it will have to fare better against teams outside the conference.

GREENSBORO—When the dust clears from the football game between the Aggies and their Mid-Eastern Athletic Conference rival Delaware State College, it will mark the end of playing careers for eight A&T athletes.

Thomas Warren, Calvin Hawkins, South Davie, Bruce Black, Jeff Jackson, George Small, Lucien Nibbs, Wheeler Brown, Dwaine Board and Nolan Jones, mainstays through the years, will see the exciting displays of talent at their respective positions, are expected to graduate in May.

Each had some memorable experiences wearing the Blue and Gold which could probably be summed up best by Board’s recent analysis of his A&T career. “I don’t think I could have played against any better competition at another school than I faced here at A&T,” he said.

“It’s been four great years for me and I’m sure the other seniors feel the same way. Football on the college level is very serious but have been able to make it enjoyable and interesting.”

“Winning the MEAC championship was a great feeling but it would really be difficult to pick a single event or happening as the one thing that made the most to me during my career,” continued Board.

Annual Blue-Gold Game To Tip-Off In New Gym

The anticipation of the 1978-79 North Carolina A&T basketball season expected to reach a peak on Friday, November 17, when the Aggies tip-off the season in their new 7,500 seat Health, Physical Education and Recreation Building on the university’s campus with the annual Blue-Gold game.

Second-year head coach Gene Littles returns a nucleus from last season’s 20-8 squad which won the Mid-Eastern Athletic Conference regular season and tournament championships.

Patron tickets for the contest are on sale at $1 for adults and fifty cents for students. A&T students with an identification card will be admitted free.

“We have been practicing in the new facility since the latter part of October and we are really just acquainting ourselves with the floor,” Littles said.

“We have the talent to be an outstanding team, however, we have a demanding schedule and we are going to have to come to play every night. No one is going to take us lightly.”

James “The Bird” Sparrow, a 6-foot guard from Brooklyn, N.Y., enters the season just 138 points away from becoming the all-time leading scorer in A&T basketball history.

“We have been practicing in the new facility since the latter part of October and we are really just acquainting ourselves with the floor,” Littles said.

“We have the talent to be an outstanding team, however, we have a demanding schedule and we are going to have to come to play every night. No one is going to take us lightly.”

James “The Bird” Sparrow, a 6-foot guard from Brooklyn, N.Y., enters the season just 138 points away from becoming the all-time leading scorer in A&T basketball history.
S.C. State Wins Fifth Straight MEAC Title

The Bulldogs of South Carolina State clinched their fifth straight Mid-Eastern Athletic Conference championship this past weekend with a convincing 54-0 win over the University of Maryland Eastern Shore. The victory now clears the way for the Bulldogs to accept a bid to the NCAA IAA playoff bowl, allowing A&T to represent the MEAC in the coveted Gold Bowl game, scheduled for December 2 in Richmond, Va., should the Aggies win their two remaining conference games.

The Aggies are currently in second place in the conference with a 3-1 record, with two remaining games left in the season against Delaware State (2-3), this Saturday in Greensboro, and November 18 against North Carolina Central (2-2) in Durham.

"We don't want to look too far ahead because we still must win our remaining games to be considered for the Gold Bowl," A&T Coach McKinley said, "We have been playing well both offensively and defensively the past few games, and some of our key players who were playing with injuries early in the year are beginning to perform at the top of their game."

The Aggies were idle last week while Delaware State dropped a 17-7 decision to Bethune-Cookman College in Daytona Beach, Fla. The Hornets are led offensively by quarterback Andre Brown and running back Anthony Beamon.

The Hornets have been strong against conference teams on the rush lead by the charge of defensive tackle Gregory Wright and linebacker David Crockett.

Fashion Show Is A Success

(Continued From Page 1) The wedding scene proceeds with the groom and best man toggled down in white tuxedos and shoes. The best man is fitted in navy blue tuxedo and the groom in a navy blue tuxedo with black shoes step into the beat, funk on, over the University of Carolina State, as the bride strolls down the aisle in traditional bridal gown of virgin white, the collarless neck glistens with pearls and the long chiffon train also dazzled with pearls flows behind.

Enter the disco, freaking to "One Nation..." flowing gowns that cling in black and white tuxedos and shoes. The best man is fitted in blue dress, criss cross thin straps in the back, glides across the stage followed by the ever popular white shirt with black pants, skinny tie, and baggy pants, co-ordinated to A&T teams of the future.

The victory now clears the way for the Bulldogs to accept the donation. Co-ordinators of the show were Cherly Branch and Ms. Brenda Isaac. Models were Steve Cassell, Carolyn Gains, Lamar Herndon, Michelle Huntley, Kevin Jenkins, April Jeter, Brenda McNeil, Joe Murphy, Yolanda Murray, James Pitt, Jackie Robertson, Audrey Statham and Lynn Woods.

Sponsors included Brooks, Casual Corner, J. Riggins, Gingiss, T. Edwards, Bernard Shepard, Inc., Iris' Bridal Boutique, and Jarman Shoe Store.
