"COMPLETE AWARENESS FOR COMPLETE COMMITMENT"

VOLUME LIV NUMBER 11 NORTH CAROLINA AGRICULTURAL & TECHNICAL STATE UNIVERSITY, GREENSBORO, NC Friday October 22, 1982

A&T student Zeke Simmons and Michael Weaver, political science instructor Claude Barnes and poli sci club president Tony Reese (far right) with former U.S. Attorney "Mickey" Michaux (Photo by Michael Whitaker)

A&T receives Title III grant

A&T has received a record \$650,000 Title III grant from the U.S. Department of Education to be used to strengthen a number of the university's academic and administrative programs.

Receipt of the grant, the largest award received by A&T for a single year, was announced Wednesday by Chancellor Edward B. Fort at the Board of Trustees meeting.

Fort said the new grant will be administered by Dr. Willie T. Ellis, assistant vice chancellor for academic affairs. He will be assisted Sandra Broadnax, assistant Title III coordinator.

Fort said priorities under the grant include the strengthening of the university's fiscal affairs office and

A&T's management system, a number of curriculum development projects, including the establishment of an evening of the counseling program in the Student Affairs Division.

Funded in the first year of the four-year funding cycle are the following:

- "Development of an Evening and Weekend College", managed by Dr. Ronald Smith, assistant vice chancellor for academic affairs and director of summer school.

- "Faculty Development in Computer and Information Science," managed by Dr. Wendell P. Jones, chairperson of the department of mathematics and computer science.

- "Curriculum and Program Development in Agribusiness," managed by Dr. Richard Robbins, acting chairperson of the Department of agricultural economics and rural sociology.

- "Curriculum Development in Industrial Engineering," managed by Dr. Albert Wortham, chairperson of the department of industrial engineering.

- "Strengthening the Curriculum in Landscape Architecture," will be managed by Dr. Charles Fountain, professor of plant science and landscape architecture.

- "Development of a Professional Writing Program Track," managed by Dr. Jimmy Williams, chairperson of

(See Grant Page 8)

Auditable financial records topic of discussion at trustee board meeting

By DEBORAH SANDERS
Business/Ad Manager

We've done what some thought was the impossible.

Fort

"We have done what some thought was the impossible," Chancellor Edward B. Fort told the trustee board at Wednesday's first meeting of the year.

A&T has produced auditable financial records, according to the chancellor, for the first time since 1979.

Its success was "not a one-man job" however.

Three men were hired to help revitalize the university's fiscal affairs operation.

John Steele, an A&T graduate, was appointed director of the contracts and grants office; Phillip A. Mansfield, as a systems accountant and Romeo Brion, who will arrive Nov. 1 as assistant vice chancellor for fiscal affairs, whose job will require that he oversee the complete computerization of the accounting system.

From the latter part of July until the beginning of September, Fort said, Steele's job required that he work seven days a week to prepare the books for finalization of the audit report.

The audit did, however, find several federal grant accounts that remain unsettled.

To help straighten out the school finances, Fort told the trustees that "we have a plan

in place that works."

By collecting IOUs from unclaimed federal grant accounts, the university will cancel out deficits in the cash balances of some federal grants, he said.

Fort described the \$650,000 Title III grant that the university received this week, as the largest single-grant for a one-year period, received during the history of the school.

To continue the revitalization in the fiscal affairs division, the university will spend \$216,000 of the grant.

Another near \$50,000 is planned for use in developing an evening college.

"We think it is important to increase the number of students who have available to themselves classes that occur after 4 o'clock in the evening," Fort said.

Board member Betty Cone reported that nursing students who will take the state licensing exam in 1983 will get extra help via small group sessions which are scheduled to begin on campus Monday.

Cone, who is chairman of the nursing school committee, said concentrated reviews to prepare students for the July exam are scheduled to begin in early May.

The Nursing School has been under the threat of closing by if graduates didn't increase their passing rates to a combined 70 percent on the four tests given in February and July of 1982 and 1983.

Graduates showed a 50- and 67-percent passing rate, respectively, in the winter and summer 1982 testings.

In other action, the board:

- heard a request from board member Jesse Jackson to establish a "human rights institute or department" to the school's curriculum "as a monument to the (1960s sit-in) movement beginning here in North Carolina."

- Awarded a \$250,000 contract to John D. Townsend and Associates, a landscape architectural firm, to improve buildings and grounds.

- Swore in new board members Elizabeth Randolph of Charlotte; Dr. James Johnson, A&T associate professor of sociology and faculty representative; and SGA president Bobby Hopkins, student representative.

University Council accepts policy

By DORIS PERSON
Staff Writer

Chancellor Edward B. Fort announced at the recent University Council Meeting that the revised co-ed policy will not have to be voted on by the Board of Trustees.

"We are not changing the policy, only the said times in the policy," he told members of the council who voted to accept the new policy.

However, the revised policy will have to go before an implementing committee. This committee is composed of three students and five faculty

members, with one faculty member acting as chairman. It will review the policy to iron out all the rough spots.

Bobby Hopkins, SGA president, said students must attend convocation during Homecoming week to find out whether the policy is accepted by the implementing committee. Therefore, the revised policy may be active as early as Nov. 1.

"I know this is not exactly what the students want," Hopkins said. "Therefore, I leave the charge to the one who succeeds me to try for a

better co-ed visitation policy. We have to take this issue in segments. There is no way possible we can drop the bomb of 24-hour visitation and expect to achieve anything right away," he said.

"Students should ask of their next president how does he plan to pursue the efforts to change the co-ed policy. It is a shame students have to put up with 1891 laws. They are mature enough to deal with co-ed. Sure, there will always be a bad apple in the bunch, but it should not make it tough for everyone else," he said.

"I am aware that anything the SGA does will not please everybody. Everyone on campus may not want co-ed. Because this may be true, it is stated in the policy that each dorm can vote on whether or not to have co-ed visitation. Every dorm does not have to accept co-ed," he said.

In the revised policy, all regulations remain the same as the old policy. Co-ed visitation has been extended to seven days a week and visiting hours begin earlier. Penalties for those who violate the rules will remain the same.

Events highlight Homecoming

A series of student pageants and coronations, a donkey basketball game, the coronation of "Miss A&T", the annual fall convocation and the appearance of nationally known recording artists, Evelyn King, D. Train, One Way and Grandmaster Flash and the Furious Five will highlight A&T's annual Homecoming observance Oct. 24-30.

Those are the student-sponsored activities.

The list of alumni activities begins with the alumni's convening at the Holiday Inn-Four Seasons Oct. 29.

Activities will include a meeting of champion athletes, an invitational breakfast hosted by the Chancellor Edward B. Fort, an Aggie buffet dinner, the annual alumni Homecoming ball, and the worship service 11 a.m. Oct. 31, in Harrison Auditorium.

The Homecoming highlight will be the football game between A&T and Morgan State 1:30 p.m. Oct. 30, in Aggie Stadium.

The activities will get under-

way Oct. 24, with a gospel concert, featuring the A&T gospel choir, 7:30 p.m. in Harrison Auditorium.

The "Mr. Aggie" pageant will be 7:30 p.m. Monday in Harrison.

The Men's Council talent show will be 7:30 p.m. Tuesday in Harrison and the "Miss Student Union Advisory Board" pageant will be 8 p.m. that night in the Memorial Student Union Ballroom.

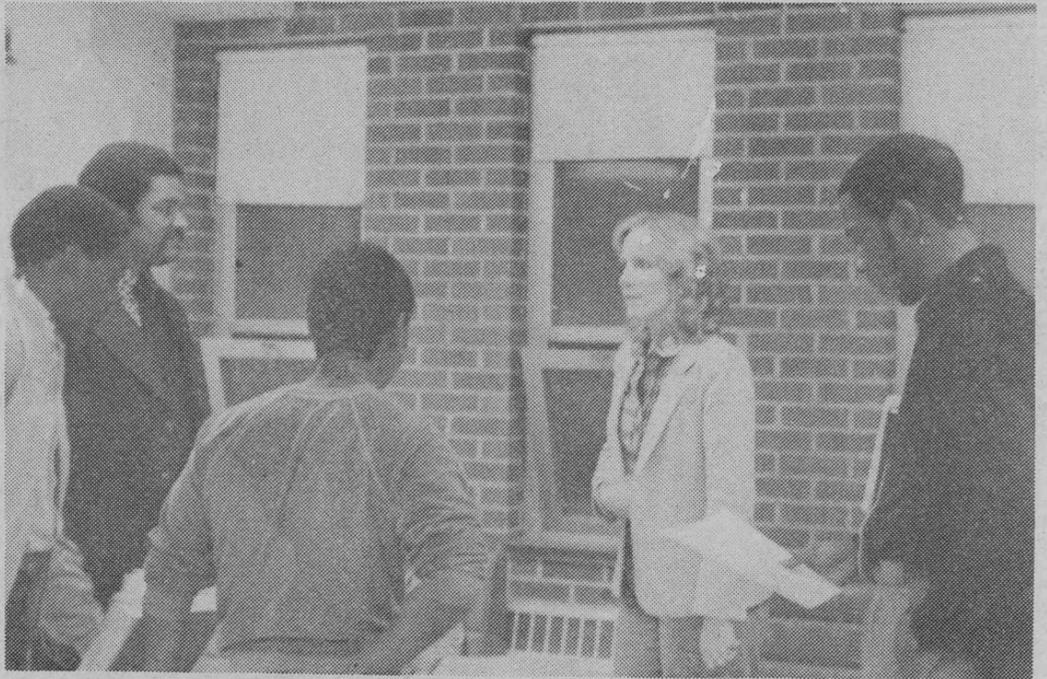

Wednesday's activities will include the concert by the A&T chamber chorus at 8 p.m. in Harrison and the International Coronation in student union ballroom at 8 p.m.

Fort will address the annual convocation 10 a.m. Thursday, in Harrison.

The coronation of "Miss A&T", Robin Davis, will be 8 p.m. Oct. 29, in Corbett Sports Center.

A pre-dawn dance begins at midnight Oct. 29, followed by the Homecoming parade on 10 a.m. Oct. 30.

The SGA-sponsored Homecoming concert begins at 8 p.m. in the Greensboro Coliseum Oct. 30.

Ellen Hair from the First Offenders Program recently spoke to a group of Scott Residents (Photo by William Peoples).

'Mickey' Michaux

'If you don't vote, don't complain'

By JAYE GEORGE
Staff Writer

H.M. "Mickey" Michaux, former U.S. Attorney for the middle district and defeated primary congressional candidate recently spoke to a group of A&T students on the issue of Black politics in the 80s.

Quoting from Dante's "Inferno" the hottest places in hell are reserved for those who take a position of neutrality, a position he said he feels Blacks today are faced with in the political arena.

He added that Blacks confront the political spectrum with damaged egos which can only hurt, not help.

Michaux, who lost the Democratic primary runoff for the 4th congressional district to Tim Valentine, said that politically, Blacks could make a difference.

He cited the 1976 presidential election of Jimmy Carter who carried in Pennsylvania alone 29 electoral votes with 10 percent coming from the Black vote.

Certainly there were moments of disenchantment, but the battle was won, Michaux said.

On a personal note, Michaux cited his own campaign, which was the highest turnout of Black voters in the history of the 4th district.

He said that Blacks need to be totally involved in every aspect of the political arena, adding that "we may not always have the numbers, but we can make the difference."

"Reagonomics," Michaux said is a new meanness which is color-blind. Not only are Blacks caught in the new meanness, but the whites are facing the miseries which have long been friends with Blacks."

He listed several ways to beat this new meanness including

- a coalition for decency and fairness;
- Black people becoming partners. Not to be partisan but to be ideologically sound; and
- preserving the American dream. The American dream, he said "a little white house with a little white pickett fence, a bank account, a job and a debt-free estate".

Michaux discussed the importance of using the right to vote.

"No Emancipation Proclamation or civil rights legislation," he said, "can set us free. But the right to vote can certainly secure us."

He added that, "If you do not vote, don't come complaining when monies for continuing education are cut and food stamps are cut further. It won't help because too many of us are caught up in jealousy and too often we get all we can get, and then sit on all we can."

In order to eradicate the vestiges of racism and this new radicalism, Michaux said that Blacks must produce a climate of social pressure and a program of action.

"We will win in his political system and our numbers will show it," he said.

CAMPUS HAPS

The Alpha Mu Chapter of Delta Sigma Theta Sorority Inc. is celebrating its 50th Anniversary Reunion. There will be a dance in honor of this event Oct. 29, 10 p.m.-2 a.m. at the Holiday Inn-Four Seasons Mall Convention Center. Entertainment will be provided by Ooh-Blah-Di and admission price is \$5 per person. Semi-formal attire is required. The A&T chapter of the NAACP will present a discussion on Voter Awareness and the Importance of Voting today, at 8 p.m. in Memorial Student Union, Room 213, 214 and 215. Guest speaker for the event will be State Senator Henry Frye.

Delta Sigma Theta Sorority Inc. presents the 1982-83 Coronation of Miss Delta Sigma Theta. Saturday, at 7 p.m. in Memorial Student Union Ballroom. The public is invited.

The Ladies of Delta Sigma Theta Sorority, Inc. will hold their 1982-83 "Meet-n-Greet" on Sunday, at 5 p.m. in the Quiet Games Room. All interested ladies are asked to attend. Please dress appropriately and please be prompt.

The Alpha Mu Chapter (A&T) of Delta Sigma Theta Sorority, Inc. will celebrate its 50th Anniversary during Homecoming, the weekend of October 29-31. There will be various activities during the weekend (open to the public) and a closed luncheon on Sunday. National President, Soror Mona H. Bailey will speak. This will be held in F.A. Williams Cafeteria.

The Coronation of Miss Alpha Phi Alpha Fraternity Inc. will be 7:30 p.m., today, in Memorial Student Union Ballroom.

The Student Cluster Activities Council will meet Monday, at 5 p.m. in Memorial Student Union. Please dress to impress. Yearbook pictures will be taken.

The 3rd Annual Space Shuttle Model Flying contest will be held at Martena Hall Saturday. Display judging will be at 9 a.m. Flight judging will be at 11 a.m.

ONE MONTH FREE RENT

Two-bedroom townhouse, washer/dryer connections, fully-carpeted, pool, playground, near bus route.
Call Creekbend Apartments at 272-7270. Open weekdays 10 a.m.-6 p.m., Saturdays 1-5 p.m.

Oct. 22	10 a.m.-9:30 p.m.	Other College Students	\$8
Oct. 23	1 p.m.-2:30 p.m.	General Admission	\$9
Oct. 25	11 a.m.-2 p.m., 6 p.m.-9:30 p.m.	Tickets the day of the show	\$10
Oct. 26	11 a.m.-5 p.m., 6 p.m.-9:30 p.m.		
Oct. 27	11 a.m.-3 p.m., 6 p.m.-9:30 p.m.		
Oct. 28	9 a.m.-9 a.m.-9:30.		
Oct. 29	9 a.m.-5 p.m.		

Only A&T students' tickets on sale at A&T. Tickestes are limited and sold on a first-come-first-serve basis.

Tickets may be purchased in Memorial Student Union, second floor, Room 213.

Make sure you have correct change and a valid identification card with activities sticker.

Only two A&T tickets to A&T student.

TECHNOLOGY THAT'S AHEAD OF TIME.

At Link, We Make the Possible Happen ...Before it Happens.

Ed Link had the right idea at the right time.

Way back in 1929 when Ed Link built his first trainer to teach people how to fly, he helped make it possible for a fledgling aircraft industry to keep growing. And, more importantly, he created a new technology—SIMULATION. During World War II, Ed Link's famous "Blue Box" trained thousands of allied pilots.

Today, Simulation is the key to defense...to the development of safe and efficient energy systems...to pioneering new frontiers.

Think about it!

Colonels Jack R. Lousma and C. Gordon Fullerton, the Commander and pilot of the shuttle Columbia's third flight, as did the astronauts before them, credit their spacecraft's successful flight to the many hundreds of hours spent training in a Link simulator.

And so it goes. Link continues to develop and introduce sophisticated simulation techniques that find application to an ever widening range of fields. Link simulation systems are used to teach navigation, and for tactical and anti-submarine training. A Link device trains commercial pilots to guide ships through busy harbors anytime, and in any weather. In industry you'll find

Link simulators are critical to the safe, cost-efficient operation of nuclear and fossil-fueled power generating facilities.

No matter what the area of application, Link state-of-the-art simulation systems demand the creativity of highly skilled and motivated professionals. Ours is a demanding business...success depends on our ability to meet new technical challenges.

Link's environment is progressive and geared to growth. There are opportunities for Electronic and Electrical Engineers; for Mechanical and Chemical Engineers; and for Physics, Mathematics and Computer Science graduates as well as those with business degrees. Really, openings at all levels of experience in most degrees.

Link provides new employees with a PROFESSIONALLY PREPARED ORIENTATION PROGRAM to help ease their transition from the academic world to the practical business world.

THINK LINK. There's no better place to begin a rewarding and meaningful career than with the leader.

For more information, contact your college placement office, or write directly to Link Simulation Systems, Professional Recruiting (College Division), 11800 Tech Road, Silver Spring, Maryland 20904.

LINK SIMULATION SYSTEMS

Link Simulation Systems is an equal opportunity/affirmative action employer actively seeking talent without regard to race, sex, age, religion, national origin, or physical handicaps.

Homecoming Schedule

Saturday

Delta Sigma, Theta Inc. Coronation 7-10 p.m. in Harrison Auditorium.

Sunday

Gospel Concert 7:30-10 p.m. in Harrison Auditorium

Monday

Mr. "Aggie" Pageant Sponsored by the Student Union Advisory Board 7:30-10 p.m. in Harrison Auditorium

Exhibits 10 a.m.-7 p.m. at the African Heritage Center

Tuesday

Men's Council Talent Show 7:30-10:30 p.m. in Harrison Auditorium

Miss "SUAB" Pageant Guest Band Cavacus 8-11 p.m. in Memorial Student Union Ballroom

Wednesday

Donkey Basketball 7:30 p.m. in Moore Gymnasium

Study Session for interested students 6-10 p.m. in Memorial Union, Room 100

Political Science Society Guest Speaker Robin Britt 6-9 p.m. in Gibbs Hall Auditorium

Mid-Week Bible Study sponsored by United Christian Fellowship. Guest will be the Rev. Paul Sanders 6-7 p.m. in Harrison Auditorium.

Concert Music Department, Chamber Chorus 8-10 p.m. in Harrison Auditorium

Miss "International Coronation" sponsored by SUAB 8-10 p.m. in Memorial Student Union Ballroom

October 28

Organizational Color Day. Assemble in Parking Lot 7-7:15 p.m. in Moore Gymnasium

Fall Convocation 10-noon in Harrison Auditorium

Miss "A&T" Spirit Festivities 10 p.m. in Moore Gymnasium
Oct. 29, classes dismissed at 3 p.m.

Campus Clean-Up 3 p.m.-until on the campus at large

Kappa Alpha Psi Fraternity Banquet 5-8 p.m. in Williams Cafeteria

Miss "A&T" Coronation" Rare Essence in Aggieland" 8-11 p.m. in Corbett Gymnasium

(See Homecoming Page 6)

That time of year

It's that time of year when the editors of the Register feel forced to set one record or another of some kind straight.

The Register is first and foremost the campus student newspaper. Its duties include (to the best of the staff's ability with the resources at its disposal) informing its readers which are composed largely of students. It has the responsibility of supplying its readers with campus-related information of interest and import.

Register pages do not solely carry campus information. Community, state and even national occurrences are just as important to Register readers and could have just as effective an impact.

Information for publication is gathered largely by the staff of student reporters. Some campus organizations elect or appoint their own public relations persons to get club information in the paper.

Register editors welcome that because (unfortunately) the staff cannot physically address the needs of every element of the campus.

The editors also welcome and encourage submissions from faculty, staff, administrators and alumni. The editors will even consider submissions from persons who have no university connection but wish to disseminate information of interest or importance to Register readers--the students.

So, to the faculty member who recently remarked to a Register editor that she could not submit anything to the Register for publication because such an act would represent some sort infringement on the student newspaper, the editors of the Register say *Bullhockey!*

The Register is the official student newspaper of A&T. It is a student-operated publication. Its pages carry information of interest or import to its readership which is composed largely of students.

The source of the information, while at all times as much as possible is reliable, varies.

The lead column on the opinion page is written by the editor in chief of The A&T Register. It does not carry a byline nor necessarily reflect the opinion of the staff.

The A&T Register

Published semi-weekly during the school year by North Carolina A&T State University students.

To receive The A&T Register, please send \$9.50 for one year or \$17 for two years to The A&T Register, Box E-25, North Carolina A&T State University, Greensboro, N.C., 27411 to cover mailing and handling costs.

In need of a nourishing meal

By Audrey L. Williams

Upon entering the doors of higher education, many students would prefer to bow out gracefully after being subjected to institutionalized food!

For those brave souls who decide to stay, grit and bear it, not only do they sometimes have to share their institutionalized meals with monstrous little creatures that seem to move just when it reaches the mouth, but they also have to try to eat comfortably surrounded by mounds of trays.

As soon as Mom sends her love and your allowance, off you go to the nearest fast-grease joint, knocking the doors down in need of some "real food".

Of course your tummy and taste buds are relieved but does your body benefit?

After you've binged on burgers, shakes and large orders of fries have you ever wondered why you feel tired,

or hyper?

Your brain cells have come to a screeching halt by way of the cholesterol, your fatty tissues that you constantly load down with sugar causes you to keel over in class or make you too hyper to even go, and you desperately need to see a dentist because the junk you've put inside your mouth has made the cavities too painful to bear.

It may all sound a little ridiculous and farfetched; but, because the college student seems to mechanically learn to hate the sight of a cafeteria meal, the average student is so undernourished that he can hardly think straight at times.

The college student: he's either a hyperactive skeletal intellectual or a big glob of fatty tissue bearing books and calculator in desperate need of a nourishing meal.

Food for thought

By Nannetta Durnell

One of the biggest complaints often heard on campus from the student body pertains to the meals served in F.A. Williams Cafeteria. Stated simply, students are upset about the lack of variety in the menu and the blase taste of the meal.

En route to breakfast each and every morning, one knows that processed scrambled eggs, hardboiled eggs and everyday-hash await him. The lunch menu, 95 percent of the time, includes fish, barbecued something and semi-warmed hot dogs. When dinner time rolls around, it's a sure bet that staring one in the face will be fish and soybean steak. (Why do they call it Salisbury steak?)

What makes life worse, is that one cannot look forward to dessert. The variety of cake shares the same flavor, the jello tastes rough going down and the pudding sometimes sweats.

Why must students be surprised when something tastes fresh or hot? Instead, they should be surprised when something tastes cold or stale.

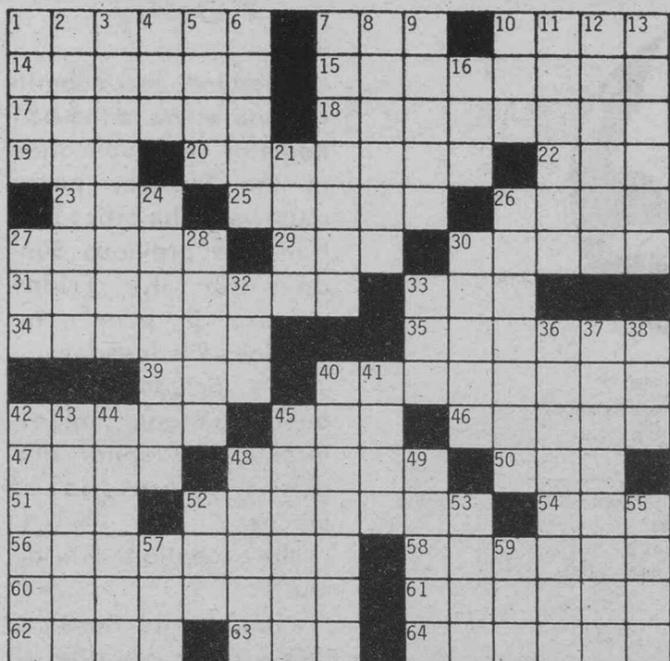

But one bright note: students can look forward to that one day out of the week when the "real meal" is served, such as a double hamburger on a bun, chicken and do not forget the ice cream.

Why cannot every day be like the "real-meal" day? Why must students venture to the student union to get a satisfying meal? Or scrape together pennies to eat at Burger King? Or spend money at Food World when they have paid money to eat in the cafeteria?

Is it possible that the meals could be a major factor in the football team's losing streak?

Do you ever notice how depressed some students appear when entering the cafeteria while others appear even more depressed when leaving?

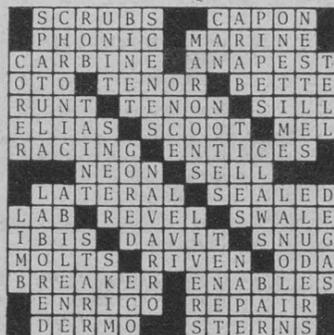

During the fall break a seminar was held on campus and the participants ate in the cafeteria. One woman serving herself at the salad bar commented, "Oh, I must have missed the good food." Little did she know that the door to the cafeteria had just opened.

Where you can put your talents to work on the future.

The discoveries continue . . .

Hughes Story

In 1947 a man flew the Flying Boat, "Hercules" — the largest airplane in the world.

The man was Howard Robard Hughes. His ingenious ideas and explorations brought new discoveries in aerodynamics, communications, avionics, electronics.

And the early years of Hughes Aircraft Company.

Today, Hughes no longer builds airplanes but the discoveries and exploration of ideas continue.

The company's long history of technological firsts, including the first working laser, first 3-D radar, and first synchronous-orbit spacecraft, position Hughes as a world leader in today's electronics industry. If your degree is in:

- Electrical, Mechanical, Manufacturing or Industrial Engineering • Materials
- Computer Science • Physics
- Industrial/Electronic Technology

Policy

Deadline for submitting materials to the A&T Register for publication in the Tuesday paper must be in the office by 5 p.m. the previous Sunday; for the Friday paper, 5 p.m. the previous Wednesday.

This includes stories, announcements and letters to the editor and other opinionated pieces.

No exceptions will be made.

All material must be typewritten or printed legibly, double-spaced and submitted on 8 1/2 x 11 inch paper.

Special guidelines govern the submission of letters. The Register reserves the right:

- to reject letters that border on being libelous, obscene or in extreme poor taste;
- to correct spelling, punctuation and grammar and to edit the letter according to news style, but will not alter its meaning;
- to reject letters written in a bizarre style or in a foreign language;
- to reject all unsigned letters. A TYPEWRITTEN NAME IS NOT A SIGNATURE. Names may be withheld, however, upon request of the writer.

Corbett

Echols

After the first official basketball practice, Oct. 15, Coach Don Corbett wasted no time getting his players on the hardwood. Corbett opened practice at 12:01 a.m. getting started as soon as possible.

The Aggies have a tough schedule this season as they open up against the N.C. State Wolfpack. But Corbett isn't overly concerned about Jim Valvano's team.

"Our season will not be determined by one game. State has a fine team but they are only one of many good teams that we'll face," Corbett said.

In addition to State, A&T plays Virginia Tech, Jackson State, Winston-Salem State University, along with its Mid-Eastern Athletic Conference slate.

A&T will have a formidable frontline this year, as much pressure will not be placed on player-of-the-year Joe Binion thanks largely to the presence of Juan Lanauze, 6 feet 9 inches, of Ponce, Puerto Rico.

Experience and depth of this year's team should help Corbett rest easy. He has the luxury of returning 11 lettermen from last year's 19-8 squad. Four starters return, and the lone absentee, James Anderson, will be missed, but it will not be known how much until the season gets underway.

Curtis Echols, a 5-foot-10-inch guard from Rochester, N.Y., could make Anderson's memories short-lived.

Echols will probably see plenty of action in his freshman year.

Aaah! Then there's Kenny Boddie ^{said} no's a coach's dream. A coach on the floor he's known as. And with James Horace sidelined indefinitely, this could very well be the senior's year to shine.

Boddie started games his freshman and sophomore seasons but appeared in only eight contests last season as Corbett optioned to go most of the way with eight players.

"If I'm called on, I'll be ready," said the 6-foot-4-inch Atlanta, Ga., native.

Each year Corbett finds himself knee-deep with backcourt players. This year is no different.

Veteran Brian Booker, along with newcomers Jim Brown and Duane Williams, is also there to formulate a capable backcourt.

Who'll get the starting nod? Guess we'll just have to wait and see. But I'll place my bets on the 5-foot-11-inch kid from Rochester. See you on Dec. 3.

Team travels to Howard

By RICHARD WILLIAMS
Sports Editor

According to Head Football Coach Mo Forte, his team had its "poorest performance" of the season last Saturday in a 20-3 loss to Delaware State.

"We simply had too many mental errors," Forte said. "We didn't show any improvement in the game. We had poor execution all day."

The Aggies have a small team in size and number this season and Forte believes that those are factors to his team's inadequate showing against a mediocre Delaware State team.

"Normally fatigue becomes

a factor around the eighth or ninth game," Forte told the media at his weekly press conference. "But because of our lack of number," it (fatigue) could be settling in on us a little early.

Forte hopes for his first win as a head coach Saturday when A&T travels to Washington, D.C., to play the Howard Bison at 1:30 p.m.

Howard head coach Floyd Keith and his Bison are coming off a 13-9 win against Virginia State. Howard University is 1-3 in the conference and 3-4 overall.

They will try to avoid the cellar by calling on the league leading pass combination of

quarterback Sandy Nichols and wide receiver Tracy Singleton.

"Howard has a good football team," Forte said. "They have a high powered offense led by All-MEAC Singleton."

Forte believes, in order to snap the string of losses, execution will be the key.

"We'll just have to execute better than we did last Saturday. We will not do anything different--just stick to basics," he explained.

Other games this week: Florida A&M at S.C. State (regionally televised); Virginia State at Delaware State.; and Bethume-Cookman at Tennessee State.

Volleyball team not the same

By TERRA SINGLETON
Staff Writer

A&T's volleyball team just isn't the same anymore.

The winning streaks which were commonplace last season have been replaced by lapses of ineffective performances brought on by a number of inexperienced players and various external factors.

This year's team has a record of three wins in 21 outings. Last season the

Aggies finished with a 29-7 mark.

The team's latest setbacks were at the East Carolina Invitational Tournament in Greenville. It competed against Duke University, the University of North Carolina at Charlotte, William and Mary and East Carolina University.

The Aggies, weary after traveling to Greenville, were defeated in their opener against Duke, 15-1, 15-4.

Beginning the second match after about a halfhour break without time to eat or rest, the Aggies had to play ECU.

The Lady Pirates won 15-5, 15-2. Before the weekend was complete, the Aggies would make a clean sweep, losing twice to William and Mary.

"From my point of view, the Aggies executed their game plan effectively," said Head Coach Alice Lyons. "But being worn out was a great means of our losses."

On Nov.
18th
quitting
is a
snap.

the department of English.

• "Curriculum Development in Business and Economics," managed by Dr. Quiester Craig, dean of the School of Business and Economics.

• "Administration and Staff Development and Strengthening the Fiscal Operation," managed by Dr. Nathan Sims, and Charles McIntyre, vice chancellor for academic affairs and fiscal affairs.

• "Development of Counseling and Student Services," managed by Dr. Robert Wilson, director of the university counseling center.

• "Management of Data on Students," managed by Clenton Blount, director of admissions.

Horace injured; out four weeks

By RICHARD WILLIAMS
Sports Editor

James Horace, an A&T basketball player, was injured on the first day of practice and underwent surgery on his right ankle at L. Richardson Memorial Hospital according to athletic trainer Tom Bynum.

Bynum said James Horace, a 6-foot-6-inch senior forward, received torn ligaments and will not be able to practice for four weeks--with a possibility of missing the entire season.

Head Coach Don Corbett, preparing his team for its season opener at N.C. State, is not too optimistic of Horace's return.

"Everytime we've had a player in a cast," Corbett said, "traditionally that player has not come back to help us. If we see where he's coming along slower than anticipated, then we'll look at a red-shirt possibility."

Horace started every game for A&T last season. His high was a 23-point effort against Winston-Salem State University in the opener. The Fort Mitchell, Ala., native averaged 6.3 points per game and four rebounds.

Horace's absence has already had an effect on team members.

"We can see a difference already and we're just in practice," said Eric Boyd, a sophomore guard. "When the season begins we'll definitely miss his scoring, rebounding and mostly his leadership."

The injury occurred on somewhat of a freak play. "I went up for a rebound and came down on Mark's (Gaither) foot. It was just something that happened. Believe me, if I could have avoided it, I would've."

CAMPUS

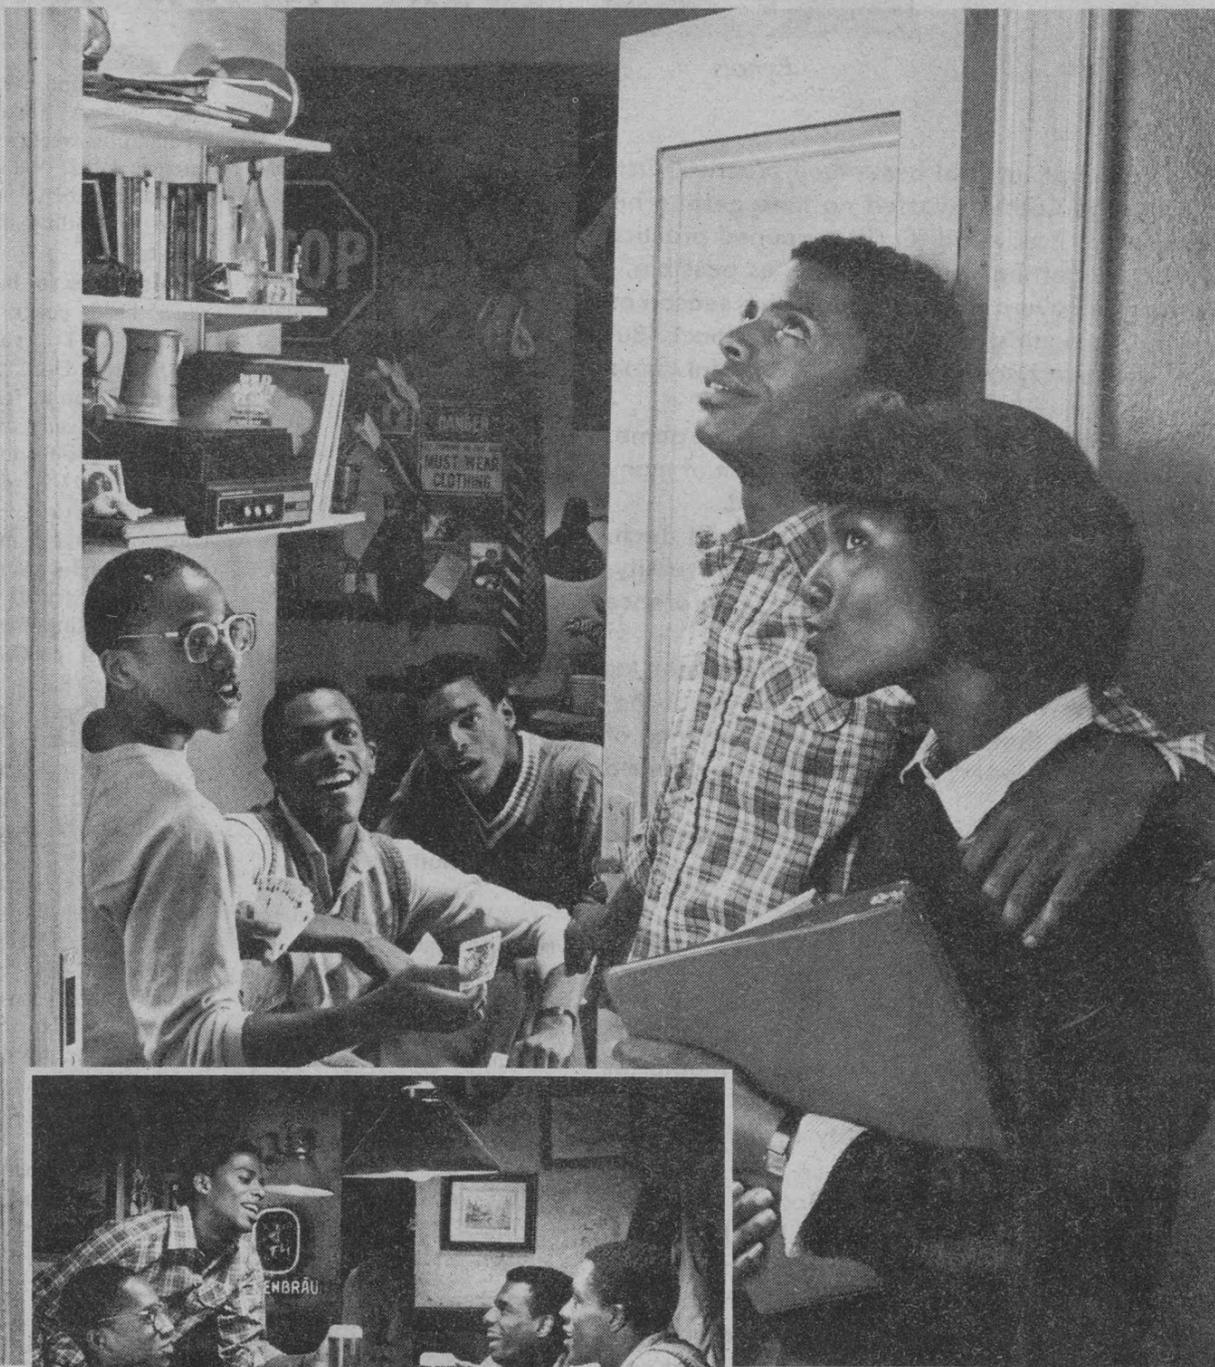

HAPS

Tutoring sessions for the National Teacher Exam (NTE) and the Graduate Record Exam (GRE) will be 5-6 p.m. Mondays and 4:30-5:30 p.m. Wednesdays in Crosby Hall, Room 201. The Monday session will be conducted by Dr. Robert Levine, and the Wednesday session by Dr. SallyAnn Ferguson.

The A&T Karate Dojo will have Goju-Ryu classes 7-9 p.m. Mondays and Wednesdays, and 10 a.m.-12 noon at Hayes-Taylor YMCA. For more information contact Dr. Gilbert Casterlow at the YMCA.

Nomination forms for *Who's Who in American Colleges and Universities* are available in Room 102, Murphy Hall. Deadline for submitting nomination forms is October 29, 1982. Only seniors who have completed at least 96 semester hours may be nominated. Seniors may nominate themselves or be nominated by others.

You told her you have your own place. Now you have to tell your roommates.

You've been trying to get to know her better since the beginning of the term. And when she mentioned how hard it is to study in the dorm, you said, "My place is nice and quiet. Come on over and study with me."

Your roommates weren't very happy about it. But after a little persuading they decided the double feature at the Bijou might be worth seeing.

They're pretty special friends. And they deserve a special "Thanks." So, tonight, let it be Löwenbräu.

Löwenbräu. Here's to good friends.
