Each one, reach one: the spirit of excellence

By Craig Williams, Editor

As problems in our community seem to increase, solutions are rarely available. The Greensboro office of the National Black Child Development Institute has an idea on how to start solving them.

The Black Child Development Institute (BCDI) has 43 affiliates, but in 1989 the Greensboro office was one of two chosen to pilot the "Each One, Reach One: The Spirit of Excellence" project. The goal of "Each One, Reach One" is to match trained, adult volunteers with academically at risk students in one-on-one sessions, to improve academic performance, bolster self-esteem and revitalize the spirit of volunteerism in the community."

Bookstores compete for business

By Mike McCoy

Students at North Carolina A&T believe that the books at the UNC Greensboro bookstores are 20 percent cheaper than the books at A&T's bookstore and that both bookstores are owned by the same company. The bookstores are not owned by the same company. Both bookstores are owned by their respective universities. UNCG's bookstore is licensed by the Barnes & Noble Co. A&T's bookstore is leased by Follett College Stores. The differences between owning and leasing, said Tony Mercil, manager at UNCG's bookstore, is that A&T's bookstore has to pay to lease the building in the future. The leasing company also owns the merchandise in the building. The leasing company also owns the university.

A&T contractual agreement is made that the building is leased out between the university and the leasing company, Mercil said.

The prices of the merchandise in the stores are agreed upon by the university and the leasing company, said Aundreana Avery, manager of A&T's bookstore. The university also has the authority in their contractual agreement to say how the store should be operated, and Avery.

A&T's bookstore, which is located on UNCG's campus is owned by Follett, the same company that leases the UNCG's bookstore.

Dave Hicks, manager of Addams Bookstore, said that prices in A&T's bookstore are cheaper than UNCG's.

Frye speaks at military ball

By Alix Dillard

Associate Justice Henry J. Frye, one of the first black members of the North Carolina Supreme Court and House of Representatives, delivered the keynote address at North Carolina A&T State University's Army and Air Force ROTC Military Ball at the Embassy Suites Hotel, Frye, an alumnus of A&T's Air Force ROTC detachment, shared his personal experiences as a Lt. in the U.S. Air Force Reserve.

He said, after being stationed in Japan and Korea during the Korean War, he returned to the United States. He provided the audience with a story of his financial struggle in putting himself through college. He said it is easy to adapt when things are going well, but it takes a true top-notch person to deal with hardship, disappointment and misfortune when they come their way.

The military ball is a tradition that has been with the Air Force and Army ROTC detachment for more than 30 years. It is an event that gives cadets and future officers an opportunity to experience a professional social setting and to share in camaraderie with people of the same profession, said Col. Walter Wason Jr., professor of aerospace studies.

"One should never miss an opportunity to learn something," he said. "Everything is not learned in the classroom."

Wason says the military ball is an opportunity to learn things from other people that can help a military career.

From Tinseltown to Walkertown

By Donna Price

It's as breath taking as a summer breeze on a moonlit night. It's hard to define and just as hard to capture. It is star ability and price has it.

Price, 34, a native of Walkertown, has many related talents. She is an accomplished singer, dancer and actress with an impressive list of credentials in each field. She's been professionally working in Washington D.C. and Los Angeles with Ray Charles and Natalie Cole. Her theater experience includes portray of Josephine Baker at the Kennedy Center in Washington.

Her sound track and appeared in the movie "Street War," which includes credits in "Head of the Class" and "Thirtysometh-'

Oh, a what root? or year!!!

By Greg Williams
Edit-in-Chief

What a year. For A&T and the black race it's been a bitter-sweet one. There has been a series of ups and downs and our lives have been changed by all of them.

Most recently, the riots in L.A. have set loose rage and hostility in blacks that has been bottled up for an indefinite period. The riots also created a new feeling of tension as whites fear for their lives every time they see a black person. If nothing else, the riots created dialogue and people are actually admitting that there is an air of racial terror and tension. The violence and looting was inexcusable but the feelings of theSpringfield are very understandable. Maybe now people see that our race not only carried this country on our backs but also on our hearts.

One thing that I saw that I felt was positive was some of the gangs and that they had joined forces to agree to become unified in order to combat their true enemy: injustice and racism. Maybe with new police chief that L.A. will receive in June, the relaxed gang violence, and repression anger released, may be as understanding and tolerance for another another will be the result and peaceful coexistence will be the way of life.

A little closer to home, A&T has had its share of bitterness and also had a few sweats. A&T dedicated in new library in the fall semester and began work on remodeling the student union. This year an Aggie great, W. T. Gibbs hit the big 100!!!

A&T also has a great year in sports. The football team were the MEAC champs and attended the first Heritage Bowl the black college championship. Also four football players were drafted to the professionals. Congrat feliahs, be smart. The basketball team also had a stellar year as they were the MEAC co-champions. The sport that does not get much ink, baseball, had a good year while defective Duke along the way.

For the down side, Mandatory black studies were rejected. I wonder how the faculty that voted against the studies sleep at night. Another downer was the craziness that followed the Spring Fling concert. A&T once again takes the rap for the immaturity of outsiders. Another problem that bothered me was the lack of alumni support this year and in the past. Sources say that out of the total cost to run A&T, alumni contributed less than 5 percent. It's no wonder that the state can control A&T like a puppet if they wanted to.

I'm not going to stay on the down side because A&T as a whole had a record year. Over 7000 students were enrolled for the first time in history which can be related to the largest freshmen class in history. A&T is really living large. Over 1000 seniors will graduate and enter the working class as proud Aggie Alumni. A&T has received numerous grants and scholarships on its need to being the complete university through diversity in studies, teachings and people. So I guess if you put the good next to the bad it can't be measured, but one thing is certain, "the sun will come out tomorrow" and you can either chill under a tree or you can work while the opportunity is available. Either way life goes on and you are accountable for your actions. Have a safe summer, peace.
A year ago, 27-year-old Ernest Riddick was concentrating solely in his graduate studies in psychology at North Carolina A&T State University. Today he is one of the four partners at TEL-AD, a new advertising company opening soon in Greensboro.

Riddick said he became interested in advertising while working with Big Brothers & Big Sisters, a non-profit organization.

He was almost finished his graduate studies when he felt he was destined for more. It was advertising that tickled his fancy.

"Many businesses hire people with degrees in psychology to work as human resource counselors, which involves research and helping employees deal with consumers," said Riddick. "I figure advertising is not much different, at least not what I am doing."

Riddick said that at this time his company is basically soliciting businesses to let them do their advertising.

The four partners, Riddick, Eric Page, Ken Conlin and Phil White, are former football players at A&T and have been acquainted with each other for eight years.

They left A&T to pursue careers in their respective fields but fate would have it that they would all return to Greensboro.

Once again they have formed a team but this time in the form of an advertising company.

"None of us have a degree in advertising but we all have worked in sales or areas similar to advertising," said Riddick.

"Being that we all have the experiences we are able to bring different techniques to our company."

"If there is something we don't understand we are able to call on each other for help."

He was introduced into advertising while at Big Brothers & Big Sisters. There he was instrumental in helping to inform the organization's TV show, "Who's Who in the Piedmont," as well as helping to sell the project to investors.

Today the group's focus is on TEL-AD but Riddick said enthusiastically that they will market Black Art Gear (BAG) which is what he and Eric will eventually take over.

He also said that they will work with Progurd Athletic Wear, which will be sold in athletic stores.

TEL-AD booths will be installed in at least 25 businesses in the area. These booths will display different businesses' logos and anyone interested in a particular company's products can simply press a numerical code to receive information on that company's products.

TEL-AD plans to install booths at the Chamber of Commerce in Greensboro and the Airport Marriott, in addition to one in the A&T Student Union, all in June 1992.

Riddick has had to make many sacrifices in order to devote the adequate time to his business.

"I had to have to resign from my position at both Big Brothers & Big Sisters and A&T but sometimes one has to make sacrifices to get what one wants."

Riddick may have resigned but his presence is still felt by the strong impact he has left on his co-workers.

Keith Grundberry, public relations person for Big Brothers & Big Sisters said Ernest is a very determined person.

"He will be missed but we understand. We have all learned a great deal from him. We would also like to wish him luck."

The definition of spacious living can be found at LeMans...a delightful place to live! The hospitality of our management and maintenance staff, along with beautifully manicured landscaping and sunlit courtyards, makes LeMans the obvious choice for you...a cut above the ordinary. Conveniently located near major employers, fine shopping malls, restaurants and a highly acclaimed school district: Irving Park, Aycock and Page.

During the Mid-Eastern Athletic Conference (MEAC) 1992 Spring Championships held April 16-18 in Tallahassee, host Florida A&M University successfully defended its baseball and men's tennis titles.

Howard University won the women's tennis crown, the University of Maryland Eastern Shore secured the women's outdoor track championship, and Delaware State Catholic took the outdoor track title in the men's division.

FAMU had won all five championships a year ago. UMES was first MEAC championship of any sport since 1983 when the women tied for the cross country title.

In baseball, FAMU trailed the latest bracket to win three games on Saturday, April 18 remain in the championship.

The Rattlers came from behind to down North Carolina A&T 8-6, then hold on to defeat Howard 4-2 before closing out the double-elimination tournament with their 12-6 win over Howard in the title clash.

The Most Outstanding Tournament Performer was FAMU's infield-pitcher Car- linn George. FAMU's Joseph Duran was named the Tournament's Outstanding Coach.

Joining George on the All-Tournament team were infielders Chris Riddleberger of UMES, Lee Jones of Howard, and Adrian West of FAMU, outfielders Joe Hill of NCA&T, Tim Bond of Cup- pia State and Willie Brown of FAMU, coach Mike Wonnick of Howard, and pitcher David Persson of FAMU.

In men's track Delaware State accumulated the most points to grab the championship and its men's Joe Burden was named Most Outstanding Coach.

NCA&T's Maurice Moore, who won the 100 meter dash and was second in the 200, was named the top performer. The Aggies placed fourth overall with 74 points. Individual winners for A&T included: Russell McClain's 124 feet-9 and one-half inch leap in the Long Jump; Rodney Edmond's throw of 48 feet six inches and one-half inch in the Shot Put; the 4X100 Meter Relay team consisting of Moore, Wayne Flansketl, Achebe Hope, and Adrian Glover ran it out to an impressive 44.99 win.

In the 200 meters Moore finished second while Glover and Plunkett finished fourth and fifth respectively. Glover also finished second in the 100 meters and won the 4X100 meters.

A&T's women's track team placed sixth overall with (30) points. Terrell Sanders finished first in the Shot Put with a throw of 42 feet-4 inches.

Libby Eimann placed fourth in the Discus with a throw of 114 feet-2 and one-half feet.

Joanna Battle also placed fourth in the 100 meters with a dash of 12.43 seconds and third in the 200 meters at 24.99 seconds. In the Triple Jump Renita Boyd finished third with a vault of 37 feet and 1/2 feet.

during April 4, the North Carolina A&T Aggies will hold their annual Alumni foot- ball game featuring the upcoming stars against the Aggies of old.

The game is played at the end of spring training for upcom- ing sophomore, junior and sen- ior players.

"This game makes the alumni feel they are still a part of the Aggie football team," Defens- e Coordinator-.linebacker Ferguson said. "It also gives the new recruits and their families a chance to come out and see what Aggie Football is all about."

Though the Aggies will be losing six of their top starters, two of which were All-Americ- an and All-MEAC perform- ers: Craig Thompson, Reggie White, Kevin Thompson and Kevin Little, the recruiting class, along with the players that are returning, will hope- fully provide a spark that will help lead the team to a championship season more.

Coach Ferguson says he is impressed with recruiting this year because they have picked up players with size, speed and intelligence. "With hand and dedication these players could play a big role in the Aggie Football program," Ferguson said.

Aggies Selected In Draft
When the National Football League (NFL) held its annual draft on April 26 the Aggie football players were anxiously await- ing the moment when their name would be called. Craig Thompson was selected by the Dallas Cowboys and Regier White was selected by the San Diego Chargers.

All three players have received many honors along with the draft. Thompson was selected All-American, Division I AA All-American, Maryland, and was picked by the Dallas Cowboys. White was selected All-American and All-MEAC. Little was selected first team All-MEAC while Little was selected all conference first team All-MEAC.

Aggie Pride in Full Effect!!!!

North Carolina A&T State University softball player Connelly Maynor, and women's basketball player Eileen Pater- son were selected on the second round. The female "Athlete of the Year" at the Aggie All-Sports Banquet held at the Holiday Inn-Four Seasons Convention Center. Maynor, who played three years for the Aggies after trans- ferring from Winston-Salem State was the top vote getter for two other special awards. He got the nod in the re- cipient of the National Aggie Club Award and the Hall of Famers Award.

The other top award went to Dana Elliott, a member of the Aggie Basketball team who received the "Senior Athlete of the Year" award.

Athletes of the Year selected

Jennifer Fusion, a member of the volleyball team, got the top academic award. The sen- ior physical education major has been the recipient of this important award for the past three years.

Following is a complete list of awards winners:

Cheerleaders: MVP- Ryan Robinson; Softball: MVP- Cynthia Richardson; Men's Track: MVP-Maurice Moore; Women's Track: MVP-Joseph Battle; Men's Basketball: MVP-Dana Elliott; Women's Basket- ball: MVP- Eileen Patterson; Volleyball: MVP- Carolyn McCullough; Men's Tennis: MVP- Verdell Michaud; Women's tennis MVP- Trisse Morrisette. Baseball: MVP- Timothy Bat- ter; Pitching Award- Waliente Jordan; Football Award- Kevin Handcock; Top Hitter- Michael Artille; Coaches Award- Marcus Neal; Most Improved- Joe Hill. Football: MVP- Cornell Maynor, Outstanding Defend- ing Back- Alonza Barnett; Outstanding Offensive Back- Barry Turner; Outstanding Defen- sive Lineman- Kevin Thompson; Outstanding Offen- sive Line- Craig Tho- mpson; Travis Kelly Leader- ship Award.

How To Cram For Summer

It's amazing how much stuff you can cram into one. Public Storage rental space for the summer. It's even more amazing how little you'll pay. We have lots of private spaces in many convenient sizes at affordable monthly rates. Show your student ID and get 50% off your first month's rate.*
North Carolina A&T has changed dramatically, says Nagatha Tonkins, a 1979 graduate who now teaches in the communications department.

"Back then we only got degrees in speech, communication and theater arts with a concentration in mass communication," said Tonkins.

"But it's not like that now. Students can choose the classes they want to take under the communication field like print media and broadcast production.

Tonkins says that even the courses themselves were very different. "Our courses were theory and we had very few practical (hands-on) courses.

The courses also weren't as rigorous as they are now," says Tonkins.

As a teacher at A&T, she says she can help make sure the students are prepared for what they will meet in the professional world, but the finds studies aren't as serious about work as when she was in school. "Students now aren't as goal oriented and it's difficult to get a point across to them."

"I don't think there's as much differen-
tient,

Tonkins says. Students don't have as much self-respect and don't care about each other like they did then.

"There is no comparison between communication majors today and then. And we didn't have to worry about people singing, we just had fun!"

The Homecoming football game and all the other games were played in the War Memorial Stadium while the bas-
ketball games were played in Moore Gym and the Greens-
boro Coliseum.

However because of the violence today, Tonkins says she doesn't attend sports events.

"We should find better ways of getting our students to attend events and keep our kids out," Tonkins says.

"A&T students wear the logo, "AGGIES!!" Short, Chrisla major, and leading another junior student, says.

"It's been a good year so far and we're looking forward to next year."

FOR NEWS, PARAPHENALIA CONTRACT

By Vince Williams

The Alpha Mu Chapter of Delta Sigma Theta Sorority, Inc., "Bill the Hat" Club of North Carolina Agriculture and Technical State University, came together on Tuesday, April 14, to discuss major issues that effect African-Americans.

The theme of the forum was "Why Are We So Disunited?"

Delartia Smith, a junior majoring in social work says the roots of disunity began years ago. During slavery a master could not teach or nurture her students, she says.

Migration was a problem because slaves could not escape as a family. "Even today there is disunity between the North and the South," says Smith.

The Northerners tend to think the Southerners are slow-

and backwards and the South-

erners tend to think the north-

erners are radical and like to fight says Smith.

Angelica Simmons, a sen-

ior majoring in political sci-

ence says that African-Ame-

ricans are disunited because they hold everything that Europe-

ans do in high esteem.

"African-Americans need to operate within their own family and then move outward into the community," says Sim-

mons.

African-Americans need family spirituality and culture awareness," says Simmons.

"The lack of education and spirituality is another reason why African-Americans are so disunited," says Eric Short, President of the History Club.

According to Short, blacks need to have a one-on-one relation-

ship with their creator and God.

The panel concluded on a keynotes by agreeing that so-

meties, fractions, clubs and African-Americans should come to-gether and hold each other ac-

countable for what they do.
Charter membership inducted

By Stephanie M. Morgan

The charter members of North Carolina A&T's chapter of the Golden Key National Honor Society, a community organization or college honor society, were inducted in a ceremony held April 22, in the Memorial Student Union Ballroom.

Gold Key presented two scholarships totaling $30,000 to students in scholarships nationwide.

Scholarship recipients Reggini Skelton and Dusty Edward both spoke of the significance of being named scholar.

"It's an honor," said Skelton. "I got selected, which makes it easier to study, and I have a lot of time for other business."

"It means a lot to me," said Edward. "I've been working in the volunteer community for as long as I can remember. I'm glad to be selected."

Business education major Kimberly Ray also received a scholarship from Golden Key and A&T at the reception.

"I've been a member ever since I joined college," said Ray. "I'm happy to be here with all of you for this special occasion."
Students participate in 92 projects at the 1992 convention.

More than 300 college and university students from across the country will be representing 24 states and the District of Columbia at the 1992 convention through The Washington Center's Campaign '92 program. The convention is a one-week political conventions this summer.

The Student Association has the option to participate in a two-week academic seminar located at the University of North Carolina at Chapel Hill. The Republican National Convention will take place in Houston, Texas, from August 17 to 22. Each program will consist of guest speakers, debates, discussions, tours, and workshops related to the president campaign and the party.

Internships sought

By Brian Riley

Students participating in communications at North Carolina A&T face a difficult but interesting challenge when looking for internships, according to the career center's assistant director, Nagatha Tonkins.

Tonkins says students won't have much luck finding an internship because companies like Cablevision, WFMX, Channel 11, and WBOC/WTGN Video and other companies are offering internships.

"The question becomes, whether or not students qualify for an internship," says Tonkins. "I would required to have a GPA of 2.5 or better," she said.

Tonkins also said that a student must submit a portfolio in a company and just like a job, that's how they find their own inte-

However, Tonkins says, "few companies pay their in-

For many students, the reason most interest students for internships, Tonkins said. "I was interested in having a company would have greater chances for permanent employment." She added, "If the company does not know that the correct way to pay a student," says Tonkins. "The more pre-

New printer

By Robin Whitfield

The department of technology will add a new press in the fall to provide printing on large sheets, such as those used by newspapers.

According to Dr. Robert Pyle, chairman of technology education, the new press will be a four-color color press capable of printing A-T's student newsletter, although there is no information about the job, currently, the Registrar is printed by Hin- ton Press Co.

Pyle said he department has the equipment, the profes-
sional students that do the job, which would reduce printing costs by 50 percent.

When on-campus printing materials, it will be done in the graphics communication technology lab.

Cafe has veggie plate

By Darion Gourley

William’s Cafeteria now offers vegetarian plates and dishes. The new menu is geared toward students who are either vegetar-

In the event, the cafeteria is introduced as the vegetarian or interested in losing weight.

Robert L. Peters the Food Service Director of Shaw Food Service has put this meatless meal on the menu for A-T's students. The weight loss vegetable menu consists of about $5 per plate but the main line course at the spe-

Students who are on the A-T's weight loss program have told the staff that the meals are excellent. In fact, the vegetarian finds that the main line meals are thrown together and the staff does not care about the students, Peters, 52, it also on the vegetarian meal program.

Where does the money go?

By Rakesh Triig

What exactly happens to the tuition students pay and whether the schools and the students do with the money?

According to the NC A&T's Budge Director, Josiah Smith all monies are divided into two areas—tuition and student fees.

"The tuition goes to the state directly and the student does not receive any money at all," said Angela Fulton, junior speech language.

Desiree Morrow, a senior, says that contributes from UNC and A&T to said, "I'm really looking to see if I can start college, how do I have a plan and stop and read the flyers on the walls."

Computing students don't have time for the social inter-

Jessica Brown, a senior, says that she has come to see and heard.

"I have to say to my friends, I play sports, I'm on the tennis team," says William Frye, a freshman software major. "But I get the response, the what?" says William Frye, a senior who plays tennis as a hobby, as admits what he knows about the tennis team which made him a little upset when they didn't recognize the bowling team.

"Bowing isn't considered a sport," he says. "People go out to compete and represent there dreams. We work hard and we'll get our team.

I'm sure you were at that point as well.

"Some people, head football coach, says the non-revenue sports usually will not get the same publicity or attention as those in favor of support for these sports," says Hayes. "I'm sure some kids would eat at least something for their programs.

The Greek organizations arrange all of the people and the Panhellenic Council receives nothing.

The unknown spots

By Tammy Shuler

Did you know that North Carolina A&T has softball, a women's basketball and all the clubs you would expect.

Students involved in ap-

The style, number and size of earrings worn by black males on A-T's campus varies. Some black males wear one or two earrings. The more common types are the "loop" and the diamond stud gunning. Earrings of black males are smaller in size and shape to the small and barely noticeable.

The style of earrings is an important factor to the most of what the students are wearing and what they consider an accessory, but as an accessory, I got student to wear without rebel against my parents.

A totally different answer was given when asked,

"The history of black men, kings, and ancient Africans in-

To buy Aggie merchandise, go to the Aggie Plaza, near the student center. Aggie merchandise is available in the student center, the cafeteria, and in the bookstore.

After a heated press conference, the Greek organiza-

The Greek Panhellenic Council or N.C. A&T State University agreed that it is not receiving unfair treatment in its efforts to support Spring Festival.

"The S.G.A. just overstated the plans we had for the festival," said Jimmie Hayes of Omega Psi Phi Fraternity. "They said they have no influence.

"We are tired of panicking and working hard to prepare for the show step and other activities. We are doing things for our efforts," said Brian Cheek of Kappa Alpha Psi Fraternity.

The Greek organizations arrange all of the people and the Panhellenic Council receives nothing.
